## 5. PORTFOLIO VALUATION FOR NAV CALCULATION

### i. **Traded Securities :**

Traded Securities are valued at year-end closing market rates on the principal stock exchange on which the security is traded (excluding accrued interest, if any, which is accounted separately).

In the absence of a quoted price on the valuation date for debt securities (other than Government Securities), the last available quoted price within a period of fifteen days prior to the valuation date is used for valuation purposes.

In the absence of a quoted price on the valuation date for equity instruments, the last available quoted price within a period of thirty days prior to the valuation date is used for valuation purposes.

### ii. **Thinly Traded Securities :**

Thinly traded equity / equity related securities are those securities whose trade in a month, are both less than Rs.5 lacs and the total volume is less than 50,000 shares. These have been valued on the basis of valuation principles laid down by SEBI for the same.

Debt securities (other than Government Securities) are considered as thinly traded if on the valuation date, there are no individual trades in those securities in marketable lots (presently Rs.5 crores) on the principal stock exchange or any other stock exchange. These have been valued on the basis of valuation principles laid down by SEBI for the same.

### iii. **Non-Traded Securities :**

Non – traded debt securities of over 182 days to maturity are valued in good faith on a yield to maturity basis by Tata TD Asset Management Private Limited (TTDAMPL).

The non – traded debt securities have been classified by TTDAMPL as “investment grade” and “below investment grade” as on 31 March 2003. The values applied by TTDAMPL for “investment grade” debt securities are on the basis of valuation yields determined by CRISIL (Credit Rating Information Services Of India Limited). In the opinion of TTDAMPL, these yields determine fair and reasonable values and such basis of valuation is approved by the Tata TD Trustee Company Private Limited. The aggregate fair value of “investment grade” debt securities as on 31 March 2003 is TBF-Rs.1277.16lacs, TYCF-Rs.1807.66Lacs, TIF-Rs.8,913.66Lacs, TLF-Rs.11040.66Lacs, TLS-Rs.11.41L:acs, TSTBF-Rs. 4,859.94lacs, TIPF-Rs.9108.16Lacs, TMIF-Rs.514.56Lacs, TLHIF-Rs.7906.12Lacs,(previous year TBF-2120.87Lacs, TYCF-Rs.3107.39Lacs, TIF-Rs. 26166.40 lacs, TLF- Rs. Nil, TMIF-Rs.54.25Lacs, TLHIF- Rs. Nil (previous year TBF-Rs.79.40Lacs, TYCF- Rs. 17.69 Lacs, TIF-Rs. 759.97 lacs, TLF-Rs.Nil, TLS-Rs.Nil,).

Nil, TMIF-Rs.Nil, TLHIF- Rs. Nil (previous year TBF-Rs. Nil, TYCF-Rs. Nil, TIF-Rs. 925.65 lacs, TLF-Rs.Nil, TLS-Rs.Nil,).

These securities have been valued on the basis of valuation principles laid down by SEBI for the same.

Non – traded debt securities with residual maturity of upto 182 days are valued on the basis of amortization (cost plus accrued interest till the beginning of the day plus the difference between the redemption value ( inclusive of interest) and the cost spread uniformly over the remaining maturity period of the instruments).

This basis of valuation is in accordance with SEBI guidelines.

iv. **Money Market Securities :**

Money market securities are valued on the basis of amortisation (cost plus accrued interest).

v. **Pass- Through Certificates :**

Pass-Through Certificates are valued at discounted value of future cash inflows and classified as Investments (Others).

vi. **Government Securities :**

Government securities are valued at the last quoted closing price on the principal stock exchange on which the security is traded. Government securities which are not traded on a recognised stock exchange are valued at the prices given by CRISIL, which is an approved agency as suggested by Association of Mutual Funds in India (AMFI).

vii. **Unrealised Gain / Loss in value of Investments :**

Following the issue of the Guidance Note on Accounting for Investments in the Financial Statements of Mutual Funds by the Institute of Chartered Accountants of India (pursuant to the Eleventh Schedule of the SEBI Regulations) net unrealised gain or loss in the value of investments is determined separately for each category of investments. Further the change in net unrealised gain / (loss), if any, between two balance sheet dates is recognised in the revenue account. However, unrealised appreciation is reduced from the distributable income at the time of income distribution.

**6. NON PERFORMING ASSETS**

Non Performing Assets are provided as per SEBI Guidelines.
