I. INTRODUCTION

A. RISK FACTORS

STANDARD RISK FACTORS

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down.
- Mutual fund investments are subject to market risks, read all scheme related documents carefully.
- Mutual Funds and securities investments are subject to market risks and there can be no assurance and no guarantee that the Scheme(s) will achieve its objective.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme(s).
- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
- Tata Gilt Securities Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Schemes, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer carefully and consult their tax and Investment Advisor before they invest in the Scheme.
- Tata Gilt Securities Fund is not guaranteed or assured return scheme.

SCHEME SPECIFIC RISK FACTORS

Liquidity and Settlement Risks

Low trading volumes, settlement periods and transfer procedures may restrict the liquidity of the scheme's investments. Transacting may become difficult due to extreme volatility in the market resulting in constriction in volumes. Additionally, changes in the SEBI/ RBI regulations/Guidelines may have an adverse impact on the liquidity of the scheme. Different segments of the Indian financial markets have different settlement periods, and such period may be extended significantly by unforeseen circumstances. The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

Investment Risks

The value of, and income from, an investment in the Scheme can decrease as well as increase, depending on a variety of factors which may affect the values and income generated by the Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Scheme's investment objective will be attained or that the Scheme be in a position to maintain the model percentage of investment pattern particularly under exceptional circumstances.

The type of securities in which the scheme would invest in carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern.

The scheme may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk of such fluctuations. However these techniques and instruments if imperfectly used have the risk of the scheme incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / Scheme's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Scheme's assets segregated to cover its obligations.

Securities Lending by the Mutual Fund

The Scheme may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds) Regulations ,1996, SEBI circular no MFD/CIR/01/047/99 dated February 10, 1999,framework for short selling and borrowing and lending of securities notified by SEBI circular no MRD/DoP/SE/Cir-14/2007 dated 20, 2007 and SEBI circular no SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009. The scheme shall also follow other relevant regulations /guidelines issued by stock exchange(s) from time to time. The scheme shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Securities lending means the lending of securities to SEBI approved intermediaries for a fixed period of time at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 25% of the net assets of the scheme can generally be deployed in stock lending and not more than 5% of the scheme can be deployed in Stock lending to any single counterparty. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A fund has a Central Government Security (G- Sec) which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager's plan. In that case the investors shall be benefited only to the extent of the rise in the value of the G-Sec, from time to time if any, on the exchange. If the fund lends the said security to a borrower who wants to take an advantage of the market fluctuations in its price. The borrower would return the security to the lender (scheme) at a stipulated time or on demand for a negotiated compensation. The fund's unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the fund would participate in stock lending would be:

1. There is a holding of security e.g. 500 units of G-sec in the fund which the fund manager wants to be the core holding of the scheme for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs G-sec to settle it) who is willing to put up a proper collateral for the same. (In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the fund and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

- a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
- b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
- c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there is also temporary illiquidity of the securities that are lent out and the scheme will not be able to sell such lent out securities until they are returned.

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lenders of securities i.e. the scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Interest Rate Risk

This risk results from changes in demand and supply for money and other macroeconomic factors and creates price changes in the value of debt instruments. Consequently, the Net Asset Value of the scheme may be subject to fluctuation. Changes in the interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby possible movements in the NAV. This may expose the scheme to possible capital erosion.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Due to Credit risk, money market instruments are sold at a higher yield compared to Government Securities of similar tenure which are sovereign and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the ‘Income Tax Act 1961’ or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments”.

Credit Evaluation Process for the investments in Debt Securities:

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.

Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- External Ratings threshold: Investment is made only if the issuer credit rating is at least ‘investment grade’ (BBB- or above) for Long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is made in top notch (A1+ or equivalent) rated debt instruments. However this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.
- Each company is internally appraised based on various parameters including, but not restricted to:
 - Business Fundamentals: Product/Service offerings, Market Position, Competitive Landscape, and Product cycle etc.
 - Regulatory environment: Support/intervention, developmental stage of industry, level of regulation
 - Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend
 - Management Track Record: Management track record, performance of company through economic cycle, promoters’ background, other group companies.
 - Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macroeconomic environment and the performance of corporate sector, the debt market and other considerations.

Risk mitigation measure for debt & related investments:

Type of Risk	Measures
Liquidity Risk	<ul style="list-style-type: none"> • Focus on good quality paper at the time of portfolio construction • Portfolio exposure spread over various maturity buckets to in line with expected outflow • Use of exit load to restrict redemption in short period • Maintenance of certain amount of liquidity to meet unexpected redemption. • Borrowing arrangement with Banks to meet unexpected high redemption.

Credit Risk	<ul style="list-style-type: none"> Government dated securities with near zero default risk
Interest Rate Risk	<ul style="list-style-type: none"> Close watch on the market events Active duration management Cap on Average Portfolio maturity depending upon the scheme objective and strategy Portfolio exposure spread over various maturities
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System Also as a backup, manual control are also implemented.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. However, in case the Scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Investors are urged to study the terms of the SID carefully before investing in this Scheme, and to retain this SID for future reference. The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIU_IND and / or to freeze the folios of the investor(s), reject any application(s) /allotment of units.

Tax Consequences

Redemption by the unitholders due to change in the fundamental attribute (if any, in future) of the scheme or due to any other reason may entail tax consequences for which the Trustees, AMC, Fund their Directors / employees shall not be liable.

C. ASSET ALLOCATION AND RISK PROFILE

Under normal circumstances, funds of the Scheme, shall (after providing for all ongoing expenses) invests / the indicative asset allocation shall be as follows considering the objective of the Scheme:

Instruments	Indicative Allocation (% of net assets)		Risk Profile
	Minimum	Maximum	High /Medium /Low
Government Securities	80%	100%	Low
Money Market Instruments	0%	20%	Low to Medium

The scheme will have a maximum derivative net position of 50% of the net asset of the scheme.

The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. SEBI Circular no. SEBI/MFD/CIR No. 03/ 158 /03 dated June 10, 2003, no. DNPD/Cir-29/2005 dated September 14, 2005, no. SEBI/IMD/CIR No. 9/108562/07 dated November 16,2007, no. Cir/IMD/ DF/ 11/ 2010 dated August 18, 2010 & SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27,2017. The cumulative gross exposure through debt securities and debt derivative positions should not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Not more than 25% of the net assets of the scheme shall be deployed in securities lending.

The Scheme would limit its exposure, with regards to securities lending, for a single intermediary, to the extent of 5% of the total net assets of the scheme at the time of lending.

The AMC may from time to time pending investment in government securities for a short term period on defensive consideration invest upto 100% of the funds available in overnight repos, the primary motive being to protect the Net Asset Value of the Scheme and protect unitholders interest so also to earn reasonable returns on liquid funds maintained for redemption/repurchase of units.

Change in Investment Pattern

Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders' interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of three months. In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Overview of Debt Market:

The major players in the Indian Debt Markets are today are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators in this direction over a period of time. SEBI's directive of a compulsory rating by a rating agency for any [public issuance over 18 months

is a case in point. In times to come, dematerialization, entry of private insurance companies and growth of fixed income mutual funds are expected to enhance liquidity in corporate debt market.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Scheme Information Document and can at best be considered indicative:

Expected Yields on Debt Securities (as on 10.05.2018)

Issuer	Instruments	Maturity	Yields (%)
GOI	T-Bill	91 days	6.25-6.30
GOI	T-Bill	364 days	6.60-6.65
GOI	Short dated	1-3 yrs	7.35-7.40
GOI	Long dated	3-5 yrs	7.75-7.80
Corporate	AAA	1-3 yrs	8.30-8.35

D. WHERE WILL THE SCHEME INVEST

The scheme will invest in following instruments:

- Sovereign securities issued by the Central Government and/ or state Government and/or any security guaranteed by the Government of India.
- Money Market Instruments like Commercial Paper, Certificate of Deposit, Treasury Bills, Collateralised Borrowing and Lending Obligation (CBLO), Reverse Repo in Government Securities. and short term debt instruments etc. issued by various Corporates, Government - State or Central, Public Sector Undertakings,
- Derivative instruments like interest rate swaps, forward rate agreement, interest rate futures and such other derivative instruments as permitted by the SEBI / RBI from time to time.

The scheme is permitted to invest in securities mentioned above and such other securities which is permitted by SEBI/RBI from time to time which could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. For providing ongoing liquidity & preservation of capital, some amount of the scheme's investment may be in Money Market Instruments, CBLO. Even though the Government Securities market is liquid compared to other debt instruments, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through. For the possible impact on liquidity of the Scheme, which might be experienced due to market risks. Please refer to the Clause "on "Liquidity & Settlement Risks" under specific Risk Factors to understand the liquidity risk associated with debt securities. The money collected under this Scheme shall be invested predominantly in Government securities and money market instruments.

The scheme will have a maximum derivative net position of 50% of the net asset of the scheme. The cumulative gross exposure through debt securities and debt derivative positions shall not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Investment in Derivatives shall be in compliance with guidelines of SEBI including SEBI circular no. Cir/IMD/DF/11/2010 dated August 18, 2010 & SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27,2017.

Apart from Central Government Securities, the scheme may invest in securities of those emerging growth States believed by the Asset Management Company to offer appreciation potential greater than the growth of other relevant States. The Scheme may purchase securities in the public offerings, as well as those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme may also participate in auction of government securities.

Trading in Derivatives

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. The Scheme shall enter into derivative transactions for the purpose of hedging and portfolio balancing. In accordance with the guidelines issued by the SEBI. Exposure to derivative instruments will be restricted to the limit as specified along with the asset allocation pattern of the respective scheme.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The scheme may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements/ Interest Rate Futures, Interest Rate Options or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations.

Additional exposure limits related to Investments in Derivatives (to be applicable for all the schemes), as per SEBI circular no Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010 is given below:

1. The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents* with residual maturity of less than 91 days shall be treated as not creating any exposure.
5. Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:
 - a) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d) The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

*Cash & Cash equivalent includes CBLO, Repo, Short Term Deposits with Schedule Commercial Banks and other money market instruments upto 91 days residual maturity.

Interest Rate Swaps: An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

Example: Use of IRS

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

Example A: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2, 00, 00,000 x 0.35% x91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example B: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR

3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2, 00, 00,000 x 0.35% x91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Forward Rate Agreements (FRA):

This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. .In short , in a FRA , interest rate is fixed now for a future period.

The interest rate benchmarks that are commonly used for floating rate in interest rate swaps are those on various Money Market Instruments. In Indian markets, the benchmark most commonly used is MIBOR.

This is illustrated below:

Assume that on January 1, 2018, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on January 30, 2018. If the interest rates are likely to remain stable or decline after January 30, 2018, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on January 30, 2018:

He can receive 1 X 2 FRA on January 30, 2018 at 7.75% (FRA rate for 1 months lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. January 30, 2018 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on January 30, 2018 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

Interest Rate Future (IRF)

An interest rate future is a financial derivative (a futures contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used to hedge against the risk of that interest rates will move in an adverse direction, causing a cost to the company. For example, borrowers face the risk of interest rates rising. Futures use the inverse relationship between interest rates and bond prices to hedge against the risk of rising interest rates. A borrower will enter to sell a future today. Then if interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future).

Interest Rate Option (IRO)

Call Options

When someone buys an interest rate call option, they are buying the right to buy the option at a set price. Therefore, if someone buys a call option, he will profit if interest rates rise.

Call Example

Assume that interest rates are at 5 percent. An investor thinks they will rise in the next 12 months, so he buys a Rs.100 call option for Rs.5. A year goes by, and interest rates have risen to 10 percent. He can now buy the asset--now worth Rs.110--for Rs.100.

Put Options

Put options are the opposite of call options. These options allow an investor to sell the option at a set price at a set time. This means the investor will profit from falling interest rates.

Put Example

Assume that interest rates are now at 10 percent. The investor in the above example believes these rates are unsustainably high, so he buys a Rs.110 put option on his original Rs.100 option. The following year, interest rates fall back to 5 percent, so the Rs.100 only earned Rs.5 in interest. However, the investor can sell for Rs.110, thus making Rs.5 off an interest rate decline.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price*Lot Size*Number of Contracts
Short Future	Futures Price*Lot Size* Number of Contracts
Option Bought	Option Premium Paid*Lot Size* Number of Contracts.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents viz. MOA/ AOA of the TAML/Trustee Company, IMA and the Trust Deed. Moneys collected under the Scheme shall be invested only in transferable securities.

E. THE INVESTMENT STRATEGIES

The scheme shall invest predominantly in Government securities and Money Market instruments. Even though the Government Securities market is more liquid compared to other debt instruments. On occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when unusually large transaction has to be put through. The possible impact on liquidity of the scheme which might be experienced due to market risk

The Scheme will study the macro economic conditions, including the political, economic environment and factors affecting Liquidity and interest rates. The Scheme would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same. The Scheme will purchase securities in the public offerings, as well as those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme may also participate in auction of Government Securities. The Scheme would invest in Money Market instruments based on various criteria like sound professional management, track record, industry scenario, growth prospectus, liquidity of the securities, etc. and rated by a recognized authority like CRISIL, ICRA Limited, CARE etc. In case of investments in debt instruments that are not rated, specific approval of the Board of AMC and Trustee Company ("Board") will be taken except in case of Government Securities being sovereign bonds. However, in case of investment in unrated securities prior Board approval is not necessary if investment in within the parameters as stipulated by the Board.

Portfolio Turnover

Portfolio Turnover" is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Scheme's portfolio during the year. The funds available will be invested predominantly in government securities. The Scheme being an open-ended scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Besides, the active duration management and asset allocation would also impact portfolio turnover consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

Portfolio turnover Ratio: 79.98 Times as on 10.05.2018(data for last 13 months)

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (Mutual Funds) Regulations, 1996:

(i) Type of a scheme

An open-ended debt scheme investing predominantly in government securities across maturity.

(ii) Investment Objective

G. SCHEME BENCHMARK**Crisil Gilt Index**

CRISIL Dynamic Gilt Index tracks the performance of a portfolio comprising government securities, across maturities. It's a Total Return Index seeking to capture coupon and price returns of the underlying portfolio.

The composition of the aforesaid benchmarks is such that, this is the most suited for comparing performance of the scheme. Total Return variant of the index(TRI) will be used for performance comparison. The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the scheme is available.

- A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:
Provided that such limit shall not be applicable for investments in government securities, treasury bills and collateralized borrowing and lending obligations:
Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board:
1A. The scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be prior approval of the Trustees and the Board of asset Management Company.
- Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-
 - such transfers are done at the prevailing market price for quoted instruments on spot basis.
Explanation- "spot basis" shall have same meaning as specified by stock exchange for spot transactions.
 - the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

3. A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
4. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board."
5. Every mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.
6. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to SEBI circular no. SEBI/IMD/CIR No.1/91181/07 dated April 16, 2007.
7. No mutual fund scheme shall make any investment in;
 - a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the sponsor; or
 - c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets of the schemes.
8. No scheme of a mutual fund shall make any investment in any fund of fund scheme.
9. The total exposure of the Scheme in a particular sector (excluding investments in Bank CDs, CBLO, G-Secs, T-Bills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions & Public Sector Banks) shall not exceed 25% of the net assets of the scheme.
Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 15% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs) ;
Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 25% of the net assets of the scheme.
10. Total Exposure of debt schemes of the fund in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Trustees.(group means a group as defined under regulation 2(mm) of SEBI(Mutual Funds) Regulations,1996 and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.
11. The Scheme shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or dividend to the unitholders. The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by the Asset Management Company

As per regulation, the sponsors or asset management company (TAML) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

TAML (the AMC) may invest in the scheme(s)/plan(s)/fund(s), either in the initial issue or on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s)/plan(s)/fund(S). Investments by the AMC will be in accordance with the SEBI (MF) Regulations, 1996.

The following suspended plans (Bonus, High Investment Plan-Dividend& High Investment Plan-Growth) has been merged with Direct /Regular Plan-Growth, Direct/Regular Plan-Dividend, Direct /Regular Plan-Growth of the scheme w.e.f October 27 2017.

Transactions through online facilities / electronic modes:

The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund.

While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.

The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme(s).

A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories within ten days from the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place. 2. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month. 3. In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send presently within ten days from the end of the month in which financial transaction takes place. 4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system. 5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996. 6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme. 7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, on or before the tenth day of succeeding month, unless a specific request is made to receive the same in physical form. 8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. Further, CAS issued for the half-year(September/March) shall also provide: <ol style="list-style-type: none"> a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each mutual fund scheme. The term "commission" here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be

	<p>made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as applicable tax (wherever applicable, as per existing rates), operating expenses, etc.</p> <p>b. The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan, where the concerned investor has actually invested.</p>
Dividend	The dividend warrants/intimation shall be dispatched to the Unitholders within 30 days of the date of declaration of the dividend. In the event of failure of dispatch of dividend within the stipulated 30 days period, the AMC shall be liable of pay interest at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum) to the Unitholders.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of acceptance of redemption or repurchase request. The redemption cheque will be issued in the name of the first unitholder.
Delay in payment of redemption / repurchase proceeds	The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Restrictions, if any, on the right to freely retain or dispose of units being offered.	<p>Any addition/ deletion of name from the folio of the unitholder are deemed as transfer of units. But the Units of the Scheme are not transferable. In view of the same, additions/ deletion of names will not be allowed under any folio of the Scheme.</p> <p>The above provisions in respect of deletion of names will not be applicable in case of death of unitholder (in respect of joint holdings) as this is treated as transmission of units and not transfer.</p> <p>However, it may be noted that the restriction on transfer of units as mentioned above shall not be applicable to units held in dematerialized mode and thus such units are transferable, as clarified by SEBI vide its circular no. CIR / IMD / DF / 10/ 2010 dated August 18, 2010. Please refer SAI for the procedure of transmission & pledging. Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -

- US taxpayers about certain foreign financial accounts and offshore assets.
- Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company Limited (TAML) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to provide information required by the regulatory authority and may undergo changes on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters'. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holders 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.

In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

Applicants who cannot Invest.

- A person who falls within the definition of the term "U.S" Person" under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S.

- A person who is resident of Canada.
- OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1061 and under Foreign Exchange Management Act, 1999.

The Fund reserves the right to include / exclude new / existing categories of investors to invest in the scheme from time to time, subject to SEBI Regulations and other than prevailing statutory regulations, if any.

If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/ she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.

This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from /of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc.). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantages which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.

Dividend Policy

Growth Option :

The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving medium to long term and also short term capital growth as reflected in the NAV.

Dividend Option:

The profits received / earned and so retained and reinvested may be distributed as dividend to unitholders who hold the units on the record date of declaration of the dividend at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals (currently quarterly for TGSFR and TGSMF) as mentioned in this Scheme Information Document or as may be decided by the AMC and/or Trustee Company. The Trustee Company reserves the right to change the frequency for dividend distribution at its discretion. The dividend will be distributed to the unitholders who hold the units on the record date of declaration of the dividend. The Dividend Distribution warrants shall be dispatched within 30 days of the declaration of the dividend.

Growth / Dividend Options Available in both the plans (i.e. Regular Plan & Direct Plan) is as under:

Scheme	Dividend Options Available
TGSFR	<ul style="list-style-type: none"> • Growth • Dividend (Pay out, Reinvestment)

Important

Dividend distribution will be subject to availability of distributable surplus and at the discretion of the trustees from time to time.

The Trustee has the discretion to change the periodicity of declaration of dividend /introduce new dividend options from time to time.

The investors of dividend options may opt for dividend payout, dividend reinvestment or dividend sweep facilities. In case dividend payout option is not mentioned than dividend shall be compulsorily reinvested in the same scheme/option at applicable ex-dividend NAV.

Dividend Reinvestment Option :

Unitholders under this Option have the facility of reinvestment of the dividend so declared, if so desired. Dividend Distribution Warrants will not be dispatched to such Unitholders. The dividend declared would be reinvested in the Scheme on the immediately following ex-dividend date.

Dividend Sweep Facility

Under this facility investor can opt for reinvestment of dividend into any other scheme of Tata Mutual Fund. This facility is available only for those investors who have opted for dividend reinvestment facility. This facility is not available to those investors who have opted for dividend payout facility. Under this facility, the net dividend amount

Unit holder(s) hereby confirms, acknowledges and undertakes to make payments for subscription of units from their respective bank account(s) in compliance with applicable provisions relating to third party payments detailed in the SID / SAI and that the payment will be through legitimate sources only.
10. The responsibility of the bank account information provided in the Debit Mandate or any other application form for this Facility solely rests with the Unit holder(s) and the AMC / Fund / RTA will not be responsible or liable for any loss, claims, liability that may arise on account of any incorrect and / or erroneous data / information supplied by the Unit holder(s).
11. It will be the sole responsibility of the unit holder(s) bank and its branch to ensure proper registration of the Debit Mandate and confirm registration. If no confirmation of registration or rejection is received from the banker, the AMC/RTA/it's agents will deem the same to be registered and confirm the registration to Unit holder(s) entirely at the risk of Unit holder(s).

12. The Unit holder(s) shall ensure availability of clear funds in their respective bank account, as specified in the Debit Mandate, at the time of requesting a Transaction using the Facility and at the time of bank account being debited
13. The bank account of the customer may be debited towards purchases either on the same day of transaction or within one to seven business days depending on ECS cycle. The AMC / RTA shall attempt to settle the transaction and debit the bank account by requesting the registered bank for release of funds as per direct debit arrangement or standing instruction or RBI ECS (Debit) facility generally within a period of one to seven working days for bank. However, in case of non- receipt of the funds, for whatsoever reasons, the transaction shall stand cancelled/ null and void and the units allotted, if any would be reversed and stands cancelled.
14. The request for transaction is to be considered as accepted, subject to realization of funds towards purchases, and only on receipt of the confirmation from RTA on the registered mobile number or email id of the Unit holder(s) of the Fund.
15. The applicable NAV for the transaction will be dependent upon the time of receipt of the SMS into Computer Age Management Service Pvt. Ltd, Registrar & Transfer Agent of the Fund, ('RTA') server, electronically time-stamped and other factors like scheme, type of transaction, amount, date of realization of funds under SEBI regulations and will be treated on par with similar transactions received through other modes. For the purpose of this Facility, such RTA office centre would be considered as an Official Point of Acceptance of the transaction.
16. Any transaction request on a Non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the Scheme Information Document ('SID') of the respective scheme.
17. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to any reason whatsoever, the Unit holder(s) will not hold the Fund, AMC and the RTA responsible for the same.
18. In case of non-receipt of confirmation from RTA within a reasonable time (around one hour), Unit holder(s) are advised to immediately call up the call centre on toll free no. 1800-209-0101 to confirm the status of the transaction request. In case of receipt of multiple confirmations from the RTA against a single transaction request, the same needs to be brought to the immediate attention of RTA and the AMC by calling up the call centre on toll free no. 1800-209-0101.
19. The Unit holder(s) availing the Facility shall check his / her bank account records carefully and promptly. If the Unit holder(s) believes that there has been an error in any transaction using the Facility, or that an unauthorized transaction has been effected, the Unit holder(s) shall notify the AMC or the RTA immediately by calling up the call centre on toll free no. 1800-209-0101. For faster dissemination of information, Unitholders are requested to provide their E-mail IDs. Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. Annual report, Account statements & other communication will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided & investor can download, save & print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, & the Fund would arrange to send the same to the investor. It is deemed that the Unitholder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. Mutual Fund / registrar shall not be responsible for e-mail not reaching to the investors and for all consequences thereof.
20. Unitholder(s) of the Fund agrees and acknowledges that any transaction, undertaken using the registered mobile number shall be deemed to be that of the Unitholder(s).
21. Unit holder(s) will also need to inform the AMC/RTA about any change in their bank account number, mobile number or email id through a duly signed written request in the specified format and supporting documents.
22. The Unit holder(s) agree that the Fund/AMC / RTA and their agents shall not be held liable for any unsuccessful registration and or transaction due to any action or inaction of the Unit holder(s) bank including but not limited to reasons mentioned below and agree to indemnify the Fund/AMC/RTA for all liabilities, losses, damages and expenses which they may consequent sustain or incur either directly or indirectly:
 - a) Loss of the Debit Mandate in transit from point of acceptance of the form to RTA head office and further to the Unit holder(s)' bank branch;

	<p>b) Non acceptance or rejection of Debit Mandate for whatsoever reason by the Unit holder(s)' bank branch, with or without any reason assigned by the Unit holder(s) bank;</p> <p>c) Non registration of the Debit Mandate by the Unit holder(s)' bank and branch;</p> <p>d) Deemed registration due to non-confirmation of registration or subsequent rejection by the bank and any subsequent rejection of debit of bank account for funds;</p> <p>e) Non availability of funds in the bank account of the Unit holder(s) at the time of debit Rejection of registration or transaction debit for any reason or without assigning any reason whatsoever.</p> <p>23. Employee Unique Identification Number (EUIN): Further, SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. EUIN would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled up in the Registration Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. Provided that the limit shall be applicable per investor for investments done in a financial year across all scheme of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However any form of repayment either by way of redemption, dividend, etc. with respect to such cash investment shall be paid only through banking channel.</p> <p>Tata Asset Management Limited is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.</p>

Facility under Gilt Retirement Planning Series:

a) Auto Appreciation Encashment facility

For the benefit of the unitholders Auto Appreciation Encashment facility is provided to the unitholders at half yearly or annual intervals. Under facility, the Fund will automatically encash the appreciation available on the unitholder's investment at the NAV prevailing on last business day of the calendar half year or last business day of the calendar year. No exit load will be levied on appreciation encashment.

b) Auto Rollover Facility (ARO)

Pursuant to the SEBI Circular CIR/IMD/DF/21/2012 dated September 13, 2012 and the notice advertisement published in newspaper on 30 September, 2012. Further ongoing subscription/switch-in Tata Gilt Securities Retirement Planning - 28/2/2025 Maturity – Dividend, Tata Gilt Securities Retirement Planning - 28/2/2025 Maturity – Growth is suspended and ARO is not available.

c) Special Put Option Period (SPOP) under 28/2/2025 Maturity Fixed Period Option:

Retirement Fund Asset Liability Management Plan (i.e. 2025 Fixed Period Option) will have two Special Put Option Periods (SPOP) each year i.e. 1st March to 15th March and 15th April to 30th April. Under normal circumstances redemption proceeds in respect of units redeemed by way of exercising put during such periods will be paid within one business day from the date of redemption since the fund (option) will have adequate notice for availing its cash outflows. Such Put Option will be actioned only after the receipt of written confirmation mentioning the exact date of put (i.e. redemption) (which should fall within the SPOP) to the AMC latest by 10th February for 1st March to 15th March SPOP and 1st April for 15th April to 30th April SPOP. The Trustee Company / AMC reserve the right to change the SPOP from time to time.

ARO and SPOP are additional facilities offered to the investors. Unitholders however will have the freedom of redeeming the units on any business during continuity of respective fixed option period.

d) Loyalty Incentives to Unitholders under 28/2/2025 Fixed Period Option:-

Unitholders under 2025 Fixed Period Option will be rewarded with the loyalty incentives. Loyalty incentive will be paid by the AMC at the rate specified by it from time to time and will be in the form of allotment of units equivalent to the amount of loyalty incentive. Units will be allotted at the NAV based price prevailing on 1st business day next after the end of the minimum investment period specified by AMC from time to time. Units allotted as Loyalty incentive will also be eligible for loyalty incentives.

Pursuant to the SEBI Circular CIR/IMD/DF/21/2012 dated September 13, 2012 and the notice advertisement published in newspaper on 30 September, 2012, additional purchase on units under Gilt Securities Retirement Planning - 28/2/2025 Maturity – Dividend, Tata Gilt Securities Retirement Planning - 28/2/2025 Maturity – Growth are suspended. Therefore, the unitholders under 2025 – Dividend option will be allotted loyalty incentive in form of units of Tata Gilt Securities Fund Regular Plan - Dividend option and unitholders under 2025– Growth option will be allotted loyalty incentive in form of units of Tata Gilt Securities Fund Regular Plan - Growth Option.

At present AMC proposes to pay loyalty incentives at the end of 5 years, 10 years, 15 years and 20 years as under:-

Amount Invested (Rs.)	Minimum Investment Period	Rate of Loyalty Incentive	Loyalty Incentive Payable (Rs.)	Mode of payment of Loyalty Incentive *
1,00,000	5 years from the date of allotment	0.50% of the amount invested at the beginning of 5 years period	500	Unitholders will be allotted additional units at the NAV prevailing as on 1 st Business Day of the 6 th year
1,00,000	10 years from the date of allotment	0.50% of the amount invested at the beginning of 10 years period	Additional 500	Unitholders will be allotted additional units at the NAV prevailing as on 1 st Business Day of the 11 th year
1,00,000	15 years from the date of allotment	0.50% of the amount invested at the beginning of 15 years period	Additional 500	Unitholders will be allotted additional units at the NAV prevailing as on 1 st Business Day of the 16 th year
1,00,000	20 years from the date of allotment	0.50% of the amount invested at the beginning of 20 years period	Additional 500	Unitholders will be allotted additional units at the NAV prevailing as on 1 st Business Day of the 21 st year
TOTAL			2000	

* Amount equivalent to the loyalty incentives will be paid by the AMC to the scheme at the end of minimum investment period. Hence there will be no impact on NAV on allotment of additional units.

In case of partial redemption before the expiry of minimum investment period, loyalty incentive will be paid only on the investment amount which remains invested for minimum holding period. For e.g. If an investor is investing Rs. 1,00,000/- and redeems Rs.50,000/- out of it before completing 5 years, he will be entitle for cumulative loyalty incentive only on Rs.50,000/- which remains invested for minimum holding period of five years. The maximum amount of loyalty payable under this option will not exceed 2% of the amount, which remains invested for minimum holding period as mentioned above.
