I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down
- Mutual Funds and securities investments are subject to market risks and there can be no assurance and no guarantee that the Scheme will achieve its objective.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme.
- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
- Tata Index Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer carefully and consult their tax and Investment Advisor before they invest in the Scheme.

- The present scheme is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors:

- The deviation of the NAV of the respective plan from the SENSEX or Nifty is expected to be in the range of 2-3% per annum. However it may so be that the actual tracking error can be higher or lower than the range given.
- In case of investments in derivative instruments like index futures, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is an untested market.
- Tracking errors are inherent in any indexed fund and such errors may cause the Scheme to generate returns which are not in line with the performance of the Nifty/SENSEX or one or more securities covered by / included in the Nifty/SENSEX. To the extent that some assets/ funds may be deployed in Stock Lending / Money Market Operations, the Scheme will be subject to risks relating to such deployment / operations and may also contribute to tracking errors.
- No person has been authorized to give any information or to make any representations not confirmed in this Offer Document in connection with this Offer or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund, the Investment Manager. Neither the delivery of this Offer Document nor any sale made hereunder shall, under any circumstances, create any implication that the information contained herein is correct as of any time subsequent to the close of the New Fund Offer Period.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by TAML. While at all times the Asset Management Company will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme is avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio. Furthermore, from time to time, the Asset Management Company, the Custodian, the Registrar, any Associate, any Distributor, Dealer, any Company, Corporate Bodies, Trusts, any Retirement and Employee Benefit Funds or any Associate or otherwise, any scheme / mutual fund managed by the Asset Management Company or by any other Asset Management Company may invest in the Scheme. While at all times the Trustee Company and the Asset Management Company will endeavour that excessive holding of Units in the Scheme among a few Unitholders is avoided, however, the funds invested by these aforesaid persons may acquire a substantial portion of the Scheme's outstanding Units and collectively may constitute a majority unitholder in the Scheme. Redemption of Units held by such persons may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemptions and this may impact the ability of other Unitholders to redeem their respective Units.

Investment Risks

The value of, and income from, an investment in the Scheme can decrease as well as increase, depending on a variety of factors which may affect the values and income generated by the Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Scheme's investment objective will be attained or that the Scheme be in a position to maintain the model percentage of investment pattern particularly under exceptional circumstances.

The scheme may use techniques and instruments (as disclosed in the clause "portfolio turnover") for efficient portfolio management and to attempt to hedge or reduce the risk of such fluctuations. However these techniques and instruments if imperfectly used have the risk of the scheme incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / Scheme's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Scheme's assets segregated to cover its obligations.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there is also temporary illiquidity of the securities that are lent out and the scheme will not be able to sell such lent out securities until they are returned.

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the schemes are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments".

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme/Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. However, in case the Scheme / Plan(s) does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Investors are urged to study the terms of the SID carefully before investing in this Scheme, and to retain this SID for future reference.

Tax Consequences

Redemption by the unitholders due to change in the fundamental attribute (if any, in future) of the scheme or due to any other reason may entail tax consequences for which the Trustees, AMC, Fund their Directors / employees shall not be liable.

Disclosure / Disclaimer

To the best of the knowledge and belief of the Directors of the Trustee Company, information contained in this SID is in accordance with the SEBI Regulations and facts and does not omit anything likely to have a material impact on the importance of such information.

Neither this SID nor the Units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions. No persons receiving a copy of this SID or any accompanying application form in any such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly, this SID does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for Units pursuant to this SID to inform themselves of, and to observe, all applicable laws and Regulations of such relevant jurisdiction.

Prospective investors should review / study this SID carefully and in its entirety and should not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial / investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalisation, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (sale, transfer, switch, redemption or conversion into money) of Units within their jurisdiction of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to purchase/gift Units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding Units before making an application for Units.

No person has been authorised to give any information or to make any representations not confirmed in this SID in connection with the New fund offer / Subsequent Offer of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company or the Trustee Company. Statements made in this SID are based on the law and practice currently in force in India and are subject to change therein. Neither the delivery of this SID nor any sale made hereunder shall, under any circumstances, create any impression that the information herein continues to remain true and is correct as of any time subsequent to the date hereof.

Notwithstanding anything contained in the SID the provisions of SEBI(Mutual Funds) Regulations 1996 and guidelines thereunder shall be applicable. The Trustee Company would be required to adopt / follow any regulatory changes by SEBI / RBI etc and /or all circulars / guidelines received from AMFI from time to time if and from the date as applicable. The Trustee Company in such a case would be obliged to modify / alter any provisions / terms of the SID during / after the launch of the scheme by following the prescribed procedures in this regard.

Performance of the BSE SENSEX /S&P CNX Nifty Index will have a direct bearing on the respective Plans. In the event the BSE SENSEX / S&P Nifty , as the case may be, is dissolved or is withdrawn by The Stock Exchange , Mumbai (BSE) / India Index Services & Products Ltd. (IISL) respectively or is not published due to any reason whatsoever, the Trustee reserves the rights to modify the respective Plans so as track a different and suitable index or to suspend tracking the BSE SENSEX / Nifty till such time till it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unitholders of the respective Plans. In such a case, investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the respective Plans will be subject to tracking errors during the intervening period.

TATA INDEX FUND

The indices reflect the prices of securities at a point in time, which is the price at close of business day on the Stock Exchange, Mumbai, (BSE) / National Stock Exchange of India Limited (NSE). The respective Plans, however, may trade these securities at different points in time during the trading session and therefore the prices at which the respective Plans trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the respective Plans may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.

IISL undertakes periodic reviews of the fifty securities that are represented in the Nifty and from time to time may exclude existing securities or include new ones. In such an event, the respective Plans will endeavour to reallocate its portfolio to mirror the changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the BSE SENSEX / Nifty during this period.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

An open ended index linked equity fund.

B. INVESTMENT OBJECTIVE OF THE SCHEME

The investment objective of the Scheme is to reflect/mirror the market returns with a minimum tracking error.

C. ASSET ALLOCATION AND RISK PROFILE

Under normal circumstances, funds of the Scheme, shall (after providing for all ongoing expenses) generally be invested / the indicative asset allocation shall be as follows considering the objective of the Scheme:

Nifty Plan

Instruments	Indicative allocations (% of total assets)	Risk Profile
	% of Corpus	High/Medium/Low
Securities Covered by the S&P CNX NIFTY	95-100	High
Money Market Instruments	0-5	Low to Medium

SENSEX Plan

Instruments	Indicative allocations (% of total assets)	Risk Profile
	% of Corpus	High/Medium/Low
Securities Covered by the SENSEX	95-100	High
Money Market Instruments	0-5	Low to Medium

The scheme may invest in derivative instruments like index futures, stock futures, options contracts, warrants, convertible securities, swap agreements or other derivative products, as and when introduced but always subject to regulatory requirement.

Not more than 25% of the net assets of the scheme shall be deployed in securities lending. The Scheme would limit its exposure, with regards to securities lending, for a single intermediary, to the extent of 5% of the total net assets of the scheme at the time of lending.

The AMC may from time to time for a short term period on defensive consideration invest upto 100% of the funds available in Money Market Instruments, the primary motive being to protect the Net Asset Value of the Scheme and protect unitholders interests so also to earn reasonable returns on liquid funds maintained for redemption/repurchase of units.

The Trustee Company may from time to time for a short term period under exceptional circumstances on defensive consideration modify / alter the investment pattern / asset allocation the intent being to protect the Net Asset Value of the Scheme & Unitholders interest without seeking consent of the unitholders.

The Investment Pattern as outlined above is indicative. The Trustee Company may from time to time modify the investment strategy and pattern provided such modification is in accordance with the Scheme objective and Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds, the intent being to protect the Net Asset Value of the Scheme and Unitholders' interests.

Change in Investment Pattern

As an Index Scheme, the policy is passive management. However, as elsewhere stated in this SID, the investment pattern is indicative and may change for short duration. In the event the S&P CNX Nifty Index/SENSEX is dissolved or is withdrawn by IISL or is not published due to any reason whatsoever, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index or to suspend tracking the Nifty/SENSEX till such time it is dissolved/withdrawn or not published and appropriate intimation will be sent to the unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked.

The Trustee Company may from time to time modify the investment strategy and pattern provided such modification is in accordance with the Scheme objective and SEBI (Mutual Funds) Regulations, 1996, and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds, the intent being to protect the Net Asset Value of the Scheme and Unitholders' interest.

D. WHERE WILL THE SCHEME INVEST

Tata Index Fund is a passively managed scheme investing mainly in equity shares of only those companies comprised in the S&P CNX Nifty Index/SENSEX as may be defined from time to time. The Scheme is not an active Index fund and hence will be investing/holding securities in the same proportion as that of S&P CNX Nifty/SENSEX regardless of their investment merit. A passively managed scheme like an index fund holds securities in the same proportion as that of a market index in an attempt to closely match the returns generated by the index, subject to tracking errors.

The index fund has the following advantages:

- a) Diversification: An index would generally represent all the components/sectors of a given market and hence provide for a very broad level of diversification.
- b) Low operating expenses: The costs incurred in terms of advisory services, research, distribution expenses are extremely low compared to actively managed funds. Hence most of the funds have a minimal annual expense ratio.
- c) Low transaction costs: Losses due to trading are minimized as there is no active attempt to beat the market returns, the objective is to replicate the returns of the market by ensuring that the fund is fully invested at any given point in time.

The disadvantages of an Index Fund are:

- a) There is no attempt to outperform the market.
- b) Tracking error: There can be some amount of tracking error as it is not possible to replicate the index completely.

The fund seeks to invest in the universe of stocks comprised in S&P CNX Nifty/SENSEX and therefore, the proposed investment would be in larger capitalized, actively traded companies across the different industries in the Indian economy. It is expected that 95% of funds raised under this Scheme will be invested in equity and equity related instruments comprising the S&P CNX Nifty Index/SENSEX (as may be defined from time to time) and around 5% in money market instruments like Call Deposit, Commercial paper certificate of Deposit, short term deposit, Treasury Bills and short term debt instruments etc. issued by various Corporates, Government - State or Central, Public Sector Undertakings. Such Government Securities may include securities, which are:

- Supported by the ability to borrow from the Treasury;
- Supported only by Sovereign guarantee or of the State Government; or
- Supported by Government of India / State Government in some other way.

This is for providing ongoing liquidity for meeting redemption requirements.

As part of the investment strategy, the Scheme may trade in derivative instruments such as index futures, stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objectives of the Scheme. The risk/reward in index futures would be similar to that in a portfolio of shares representing an Index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares. This settlement risk is likely to be minimized if the Exchange acts as the Clearing Corporation and the counter party. Besides, there is a risk attached to the liquidity and the depth of the index futures market. The Fund may not suffer any material investment loss on trading in the index futures as compared to holding a portfolio of shares representing an index. The Fund will not maintain any leveraged or trading positions.

However, the above weightages may be changed in exceptional circumstances, depending on market conditions, by taking approval of the Trustee Company. The main aim of such steps will be to protect the interests of the unitholders. The above investment policies are in conformity with the provisions of various constitutional documents viz. MOA/ AOA of the AMC/ Trustee Company, IMA and the Trust Deed. The moneys collected under this Scheme shall be invested only in transferable securities in the money market or in the capital market.

As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/group companies of the Sponsors. The Fund will also not make investment in privately placed securities issued by associate/group companies of the Sponsors.

E. THE INVESTMENT STRATEGIES

INVESTMENT IN DERIVATIVE INSTRUMENTS

As part of the Fund Management process, the Trustee Company may permit the use of derivative instruments such as index futures, stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objectives of the scheme.

Index futures are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. Index futures can be an efficient way of achieving the Scheme’s investment objective. Notwithstanding the pricing, they can help in reducing the Tracking Error in the Scheme. Index futures may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the scrips. Index futures can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares of Nifty index and will be easy to settle compared to physical portfolio of shares representing an index. Based on the future regulations, the Trustee Company may allow the Scheme to put 100% of the Scheme’s assets in the index futures keeping in mind the liquidity risk and the settlement risk.

In case of investments in index futures, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. There is a risk attached to the liquidity and the depth of the index futures market. The fund may not suffer any material investment loss on trading in the index futures as compared to holding a portfolio of shares representing an index. The Fund will not maintain any leveraged or trading positions.

The cost differential between purchasing Index Future and 50/30 stocks is a function of the carrying cost, the interest earned available to fund managers and the brokerage cost applicable in both cases. However, as mentioned earlier, as the Indian equity markets continues to have limitations in execution of trades due to the lack of adequate liquidity and the concept of circuit breakers, index future can allow a fund to buy all the stocks comprising the index at a nominal additional cost. Further this will allow the fund managers to minimise the tracking error in case of an index fund, that would have ordinarily grown on account of inadequate and incomplete execution of trades.

In case the execution and brokerage costs on purchase of Index Futures are high and the returns on surplus funds are less, buying of index future may not be beneficial as compared to buying 50 stocks. The actual return may vary based on actual and depends on final guidelines/procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorised.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialised instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments”.

Portfolio Turnover

Portfolio turnover will depend upon the inflows/outflows and changes in S&P CNX Nifty/SENSEX. It is therefore difficult to estimate the likely turnover.

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of a scheme

An open ended index linked equity scheme.

(ii) Investment Objective

The investment objective of the Scheme is to reflect/mirror the market returns with a minimum tracking error.

Investment Pattern and Risk Profile:

Under normal circumstances, funds of the Scheme, shall (after providing for all ongoing expenses) generally be invested / the indicative asset allocation shall be as follows considering the objective of the Scheme:

Nifty Plan

Instruments	Indicative allocations (% of total assets)	Risk Profile
	% of Corpus	High/Medium/Low
Securities Covered by the S&P CNX NIFTY	95-100	High
Money Market Instruments	0-5	Low to Medium

SENSEX Plan

Instruments	Indicative allocations (% of total assets)	Risk Profile
	% of Corpus	High/Medium/Low
Securities Covered by the SENSEX	95-100	High
Money Market Instruments	0-5	Low to Medium

The Trustee Company may from time to time, for a short term period on defensive consideration, modify / alter the investment pattern / asset allocation, the intent being to protect the Net Asset Value of the Scheme and Unitholders interests, without seeking consent of the unitholders.

(iii) Terms of Issue

Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, the repurchase price shall not be lower than 93% of the NAV, the sale price will not be higher than 107% of the NAV and further that the difference between the sale and repurchase price shall not exceed 7% calculated on the sale price.

Listing is not envisaged as the Scheme is an open-ended Scheme, with the Fund providing for sales and repurchase on a continuous basis.

Maximum recurring expenses: 1.50% of average weekly net assets (also refer to para on annual recurring expenses in this SID).

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. SCHEME BENCHMARK

BSE SENSEX for SENSEX Plan

S&P CNX NIFTY for NIFTY Plan

The composition of the aforesaid benchmarks is such that, they are most suited for comparing performance of the respective plans. The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the scheme is available.

I. Restrictions on Investments (as per seventh schedule of SEBI {Mutual Funds} Regulations 1996)

1. No Mutual Fund under all its Schemes should own more than 10% of the Companies paid-up capital carrying voting rights.
2. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-
 - (a) such transfers are done at the prevailing market price for quoted instruments on spot basis.
Explanation- “spot basis” shall have same meaning as specified by stock exchange for spot transactions.
 - (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
3. A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
Provided that this clause shall not apply to any fund of funds scheme.
4. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI."

5. Every mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.
6. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to such Guidelines as may be specified by the SEBI."
7. No mutual fund scheme shall make any investment in;
 - a) any unlisted security of an associate or group company of the sponsor; or
 - b) any security issued by way of private placement by an associate or group company of the sponsor; or
 - c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets of the schemes.
- 7A) No scheme of a mutual fund shall make any investment in any fund of fund scheme.
8. No Mutual Fund Schemes shall invest more than 10% of its NAV in the equity shares or equity related instruments of any Company including units/securities of Venture Capital Funds.

Provided that, the limit of 10 per cent shall not be applicable for investments in case of index fund or sector or industry specific scheme.

9. A Mutual Fund shall not invest more than 5% of its NAV in unlisted equity shares or equity related instruments including units/securities of Venture Capital Funds in case of open ended schemes and 10% of its NAV in case of close ended scheme.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by the Fund and the Asset Management Company

According to the Clause 4 of Schedule 7 read with Regulation 44(1), of the SEBI (MF) Regulations, 1996, the scheme may invest in another scheme/plan/fund under the management of TAML or any other mutual fund without charging any fees. The aggregate inter-scheme investments made by all schemes/plans/funds under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund. The objective of the Scheme in investing in Schemes of TMF or any other Mutual Fund will be primarily to gain better yields in the short term as compared to other short term instruments in the money market.

TAML (the AMC) may invest in the scheme(s)/plan(s)/fund(s), either in the initial issue or on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s)/plan(s)/fund(S). Investments by the AMC will be in accordance with Regulation 24(3) of the SEBI (MF) Regulations, 1996.

Securities Lending by the Mutual Fund

Subject to the SEBI Regulations as applicable from time to time the Fund may, if the Trustee permits, engage in Stock Lending. Stock Lending means the lending of securities to another person or entity for a fixed period of time at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Stock Lending.

Not more than 25% of the net assets of the scheme can generally be deployed in stock lending and not more than 5% of the scheme can be deployed in Stock lending to any single counterparty. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A fund has an equity share of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager's plan. In that case the investors would be benefited only to the extent of the rise in the value of the share, from time to time if any, on the exchange. If the fund is enabled to lend the said security to a borrower who would be wanting to take advantage of the market fluctuations in its price, the borrower would return the security to the lender (scheme) at a stipulated time or on demand for a negotiated compensation. The fund's unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the fund would participate in stock lending would be :

1. There is a holding of security eg 1 lakh shares of XYZ Ltd in the fund which the fund manager wants to be the core holding of the scheme for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs XYZ Ltd shares to settle it) who is willing to put up a proper collateral for the same.(In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the fund and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

- a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
- b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
- c) If considering the above, and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there is also be temporary illiquidity of the securities that are lent out and the scheme will not be able to sell such lent out securities until they are returned.

Overseas Corporate Bodies (OCBs) shall not be allowed to invest in the scheme. These would be firms & societies which are held directly or indirectly but ultimately to the extent of atleast 60% by NRIs & trusts in which atleast 60% of the beneficial interest is similarly held irrevocably by such persons (OCBs). Non-Resident Indians residing in the United States of America and Canada. <p>The Fund reserves the right to include / exclude new / existing categories of investors to invest in the scheme from time to time, subject to SEBI Regulations and other than prevailing statutory regulations, if any.</p>

	<p>If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/ she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.</p> <p>This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from /of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantages which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.</p>
<p>Refund</p>	<p>Refund of subscription money to applicants whose applications are invalid for any reason whatsoever, will be without incurring any liability whatsoever for interest or other sum.</p> <p>The entire amount shall be refunded within a period of 6 weeks. If, the Fund refunds the amount after 6 weeks, interest @15% per annum for delayed period shall be paid by the AMC. Refund orders will be marked "A/c. Payee Only" and drawn in the name of the first applicant.</p>
<p>Dividend Policy</p>	<p>The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving medium to long term and also short term capital growth as reflected in the NAV. In the alternative and as may be decided by the Trustee Company along with the Asset Management Company, the profits received / earned and so retained and reinvested may be distributed as Income/Bonus at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided and will be distributed to the unitholders who hold the units on the record date of declaration of the Income/Bonus. The Income/Bonus Distribution Warrants/Certificate shall be despatched within 30 days of the declaration of the Income/Bonus. Guided by the philosophy of value-oriented returns, the Trustee Company may periodically (currently quarterly) capitalise net earnings of the Scheme (including interest income and realised gains on the Securities) by way of allotment/credit of bonus Units to the Unitholders Accounts, the intent being to protect the Net Asset Value of the Scheme and Unitholders' interests.</p> <p>Dividend Reinvestment Option :</p> <p>In order to reduce the expenses of the scheme and also for the convenience of the investors it is proposed to reinvest dividend within the scheme at the applicable ex-dividend NAV if dividend amount is less than Rs. 250/- (or any other amount as may be specified by the AMC from time to time).</p> <p>Unitholders under this Option also have the facility of reinvestment of the income so declared, if so desired. Income Distribution Warrants will not be despatched to such Unitholders. The income declared would be reinvested in the Scheme on the immediately following ex-dividend date.</p> <p>Dividend Sweep Facility</p> <p>Under this facility investor can opt for reinvestment of dividend into any other scheme of Tata Mutual Fund. This facility is available only for those investors who have opted for dividend reinvestment facility. This facility is not available to those investors who have opted for dividend payout facility. Under this facility, the net dividend amount (i.e net of statutory levy / taxes if any) will be automatically invested on the ex dividend date into other scheme of TATA Mutual Fund specified by the investor at the applicable NAV of that scheme & accordingly equivalent units will be allotted in lieu of dividend, subject to the terms of the schemes. The minimum and maximum amount is not applicable for this facility. No entry load or exit load will be levied on the units issued in lieu of dividend. AMC reserves the right to modify or withdraw this facility without prior notice.</p> <p>Dividend Sweep facility is not available in those plans where dividend distribution/declaration frequency is daily.</p> <p>Default Plan / Option:</p> <p>Investor should appropriately tick the 'Plan' of his choice (i.e. Nifty Plan or SENSEX Plan) and 'option' (i.e. Option A or Option B) in the application form while investing in the schemes. If the plan is not indicated by the investor, then by default it will be treated as 'Nifty Plan'. Further, if option is not indicated by the investor then by default it will be treated as option A (if investment amount is less than Rs. 10 Lac) or option B (if investment amount is Rs. 10 lac and above).</p>

C. COMPUTATION OF NAV

Net Asset Value (“NAV”) of the Units shall be determined daily as of the close of each Business Day on which the Bombay Stock Exchange is Open for trading.

NAV shall be calculated in accordance with the following formula:

$$\frac{\text{Market Value of Scheme's Investments + Accrued Income + Receivables + Other Assets - Accrued Expenses - Payables - Other Liabilities}}{\text{Number of Units Outstanding}}$$

NAV= _____

The computation of Net Asset Value, valuation of Assets*, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off upto four decimals.

* Please refer Para V. of SAI on 'Investment valuation norms for securities & other assets' for details.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MF) Regulations.

The above list of expenses is illustrative only and may include such other expenses as may be permitted by SEBI from time to time.

Investment Management fees charged by TAML shall not exceed 0.75% of the weekly average net assets of the scheme. This fee shall be conformity with SEBI Regulations & shall be payable at a frequency as agreed between the AMC and Trustees from time to time. TAML shall not charge any fees on its investment in Units of the Funds/Schemes/Plans in TMF or any other Mutual Fund.

The recurring expenses of the Schemes, and the additional management fee shall be as per the limits prescribed under Sub-Regulations (6) of Regulations 52 of the Regulations and shall not exceed the limits prescribed thereunder.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall be subject to 1.50 percentage limit of weekly net assets.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.tatamutualfund.com) or may call at (1800-209-0101) or your distributor.

Type of Load (Non SIP transactions) Option A and B	Load chargeable (as %age of NAV)
Entry	Nil
Exit	4% if redeemed on or before expiry of 90 days from the date of allotment.

Type of Load (SIP transactions) Option A	Load chargeable (as %age of NAV)
Entry	Nil
Exit	4% if redeemed on or before expiry of 90 days from the date of allotment.

* The above load structure would be applicable for SIP amount upto Rs 50 Lakhs per installment. For SIP installment above Rs 50 Lakhs the prevailing load structure for investment other than SIP will be applicable.

Bonus units and units issued on reinvestment of dividends shall not be subject to entry and exit load.

All loads including Contingent Deferred Sales Charge (CDSC) for the Scheme shall be maintained in a separate account and may be utilised towards meeting the selling and distribution expenses. Any surplus in this account may be credited to the scheme, whenever felt appropriate by the AMC.

As per SEBI circular No. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 the exit load or Corporate Deferred Sales Charge (CDSC) charged to the investor, a maximum of 1% of the redemption proceeds shall be maintained in a separate account which shall be used by the AMC to pay commissions to the distributor and take care of other marketing and selling expenses Any balance shall be credited to the scheme immediately. This circular will be applicable wef August 01, 2009.

Trail Fees: The scheme is open for investments by other funds. In case of direct investments made by the other funds into the underlying funds, the distributors of the other funds who mobilize the funds are entitled to the brokerage / trail commission. Accordingly, the brokerage trail commission would be paid from the underlying fund within the overall expenses that are permitted by the regulation. The underlying fund may pay the brokerage / trail commission to the distributor.

The AMC reserves the right to change/modify exit / switchover load (including zero load), depending upon the circumstances prevailing at any given time. However any change in the load structure will be applicable on prospective investment only. The AMC may charge an exit load for switch of units from one plan/option to another plan/option within the Scheme and/or any other scheme of TMF depending upon the circumstances prevailing at any given time. The switchover load may be different for different plans/options and the switchover load may be different from the entry and /or exit load charged for sale and/or repurchase units. The load charged could also be different for different options in the plans of the Scheme at the same time and different as regards the amount/tenor of investment, etc.

As per SEBI circular dt. May 23, 2008, the mutual fund at the time of changing the load structure, the mutual funds may consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads:

- The introduction of the exit load/ CDSC along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
- The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that same can be attached to all Scheme Information Documents and Key information memoranda already in stock.
- The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure arrangement may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributor/ brokers' office.
- A public notice shall be given in respect of such changed in one English daily newspaper having nationwide circulation as well as in a newspaper publishes in the language of region where the Head office of Mutual Fund is situated.
