This product is suitable for investors who are seeking:

- Long Term Capital Appreciation.
- Investment in equity/equity related instruments of the companies in the Pharma & Healthcare sector in India.

*Investors should consult their financial advisors if in doubt about whether the product is suitable for them.

The particulars of the Scheme have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations 1996, (hereinafter referred to as SEBI (MF) Regulations) as amended till date, and filed with SEBI, along with a Due Diligence Certificate from the AMC. The units being offered for public subscription have not been approved or recommended by SEBI nor has SEBI certified the accuracy or adequacy of the Scheme Information Document.

The Scheme Information Document sets forth concisely the information about the scheme that a prospective investor ought to know before investing. Before investing, investors should also ascertain about any further changes to this Scheme Information Document after the date of this Document from the Mutual Fund / Investor Service Centres / Website / Distributors or Brokers.

The investors are advised to refer to the Statement of Additional Information (SAI) for details of TATA Mutual Fund, Tax and Legal issues and general information on www.tatamutualfund.com.

SAI is incorporated by reference (is legally a part of the Scheme Information Document (SID)). For a free copy of the current SAI, please contact your nearest Investor Service Centre or log on to our website.

The Scheme Information Document should be read in conjunction with the SAI and not in isolation.

This Scheme Information Document is dated 20 May, 2020

### Name of the Scheme
Tata India Pharma & Healthcare Fund (TIPHF)

### Type of Scheme
An open ended equity scheme investing in Pharma and Healthcare Services Sector.

### Scheme Category
Equity Scheme- Sectoral

### Investment Objective
The investment objective of the scheme is to seek long term capital appreciation by investing atleast 80% of it’s net assets in equity/equity related instruments of the companies in the pharma & healthcare sectors in India. However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The Scheme does not assure or guarantee any returns.

### Liquidity
The scheme is an open ended scheme. This scheme is open for resale and repurchase of units at NAV based price, with applicable loads, if any on every business day on an ongoing basis.

### Benchmark
Nifty Pharma Index TRI

### Transparency of operation / NAV Disclosure
The NAVs will be calculated and disclosed on every Business Day. The AMC shall prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m on every Business Day.

Tata Mutual Fund shall disclose portfolio (along with ISIN) in user friendly and downloadable spreadsheet format, as on the last day of the month/half year for all their schemes on its website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com within 10 days from the close of each month/half year.

In case of unitholders whose email addresses are registered, Tata Mutual Fund shall send via email both the monthly and half yearly statement of scheme portfolio within 10 days from the close of each month /half year respectively.

Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly, due to dividend payout, the NAV of Dividend Option will be different from the NAV of Growth option.

In case of investment in overseas securities by the scheme(s) as mentioned in the asset allocation patter of the respective scheme, the NAV of the fund will be based on the prices of overseas securities converted into Indian rupees.

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of...
the receipt of the application form from the investor/distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

### Investment Options

**Regular Plan (For applications routed through Distributors)**

The scheme has following options:
- Growth Option
- Dividend Option

**Direct Plan (For applications not routed through Distributors)**

The scheme has following options:
- Growth Option
- Dividend Option

Dividend option has sub-options of Dividend Payout, Dividend Reinvestment.

Please note that the Dividend shall be distributed at the discretion of the Trustees subject to availability of distributable surplus.

**Default Option:** Investor should appropriately tick the ‘option’ (dividend or growth) and sub-options (dividend payout, dividend reinvestment) in the application form while investing in the Scheme. If no option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the Direct Plan-Growth Option of the scheme. If no dividend sub-option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the dividend reinvestment sub-option.

### Load

**Entry Load:** N.A.

**Exit Load:** 0.25% of NAV if redeemed on or before expiry of 3 months from the date of allotment.

Service tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.

**Taxes** (such as Capital Gain tax, STT, etc.) would be applicable for switch transaction (switch with/without exit load) as per the prevailing Income Tax Laws. Kindly refer Taxation section for further details.

### Minimum subscription amount under each Scheme

Minimum subscription amount under each option of the scheme: Rs.5000/- and in multiples of Re.1/-thereafter.

**Additional Purchase:** Rs.1000/- & in multiples of Re.1/-thereafter.

**Redemption request** can be made for a minimum of Rs.500 or folio available balance whichever is lower.

In case of account balance of the investor falls below Rs.500, AMC may close the account and refund the money to the investors at applicable NAV without deducting applicable exit load if any.

There is no minimum amount requirement, in case of investors opting to switch “all units” from any existing schemes of Tata Mutual Fund to this Scheme.

### Duration of the scheme

The scheme, being an open ended in nature, have perpetual duration.

- A Mutual Fund - sponsored by Tata Sons Limited (TSL) and Tata Investment Corporation Limited (TICL).
- The Scheme is managed by Tata Asset Management Limited (TAML).
- Earnings of the Scheme are exempt from income tax under Section 10(23D) of the Income Tax Act, 1961.
- **Interpretation**
  - For all purposes of this Scheme Information Document (SID), except as otherwise expressly provided or unless the context otherwise requires:
    - The terms defined in this SID includes the plural as well as the singular.
    - Pronouns having a masculine or feminine gender shall be deemed to include the other.
    - The term “Scheme” refers to the scheme covered under this SID including the options / sub-options thereunder.

### I. INTRODUCTION

#### A. RISK FACTORS

**Standard Risk Factors:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
Scheme Specific Risk Factors:

The scheme will invest in pharma & healthcare sector. Owing to high concentration risk for sectorial scheme, risk of capital loss is highest. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes coupled with structural rigidity of the scheme can lead to permanent loss of capital.

Investment Risks

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager’s investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities of the specified sector and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the scheme investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the future performance of the Scheme(s).

The scheme may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However these techniques and instruments if imperfectly used have the risk of the scheme incurring losses due to mismatches particularly in a volatile market. The scheme ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the scheme’ securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the scheme’ assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme’s investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme’s investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme’s ability to dispose of particular securities, when necessary, to meet the Scheme’s liquidity needs or in response to a specific economic event or during restructuring of the Scheme’s investment portfolio.

Securities Lending by the Mutual Fund

The Scheme(s) may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds ) Regulations ,1996; SEBI circular no MFD/CIR/01/047/99 dated February 10, 1999;framework for short selling and borrowing and lending of securities notified by SEBI circular no MRD/DoP/SE/Cir-14/2007 dated 20, 2007 and SEBI circular no SEBI / IMD / CIR / No 14 / 187175/ 2009 dated December 15, 2009 and SEBI circular no CIR/MRD/DP/122/2017 dated November 17, 2017. The Scheme(s) shall also follow other relevant regulations /guidelines issued by stock exchange(s) from time to time. The Scheme(s) shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Not more than 20% of the net assets of the Scheme can be deployed in stock lending and not more than 5% of the fund can be can be deployed in Stock lending to any single counterparty. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.
Example:
A scheme has a security of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager’s plan. In that case the investors would be benefited only to the extent of the rise in the value of the security, from time to time, if any, on the exchange. If the scheme is enabled to lend the said security to a borrower who would be wanting to take advantage of the market fluctuations in its price, the borrower would return the security to the lender (fund) at a stipulated time or on demand for a negotiated compensation. The scheme’s unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the scheme would participate in stock lending would be:
1. There is a holding of security e.g. of XYZ Ltd in the scheme which the fund manager wants to be the core holding of the fund for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs the said security of XYZ Ltd to settle it) who is willing to put up a proper collateral for the same. (In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the scheme and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the price of the debt instrument(s) and ultimately Scheme’s net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Counterparty Risk

This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Derivatives carry the risk of adverse changes in the market price. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Although for exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement however in OTC trades the possibility of settlement is limited.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the ‘Income Tax Act 1961’ or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.
Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments:*

- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.

- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.

- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.

- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.

- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. The counterparty may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.

- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.

- Where derivatives are used for hedging, such use may involve a basic risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

Risk of Writing of Call Option Under a Cover Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated completely. However following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

<table>
<thead>
<tr>
<th>Nature of Risk</th>
<th>Mitigation Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Regulatory Risk</td>
<td>Online monitoring of various exposure limits by the Front Office System. Also as a backup, manual controls are also implemented.</td>
</tr>
<tr>
<td>Poor Portfolio</td>
<td>Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of</td>
</tr>
</tbody>
</table>
TATA INDIA PHARMA & HEALTHCARE FUND

Quality investment committee.

Performance Risk

Liquidity Risk
Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)

Concentration Risk
Inherent risk in Sector Oriented Scheme and cannot be mitigated in general. However concentrated risk at stock by putting cap on single stock exposure.

Risk Control / Mitigation measures for Debt and related Investments:

<table>
<thead>
<tr>
<th>Nature of Risk</th>
<th>Mitigation Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Liquidity Risk</td>
<td>• Focus on good quality paper at the time of portfolio construction</td>
</tr>
<tr>
<td></td>
<td>• Portfolio exposure spread over various maturity buckets to in line with maturity of a scheme.</td>
</tr>
<tr>
<td>Credit Risk</td>
<td>• In house dedicated team for credit appraisal</td>
</tr>
<tr>
<td></td>
<td>• Issuer wise exposure limit</td>
</tr>
<tr>
<td></td>
<td>• Rating grade wise exposure limit</td>
</tr>
<tr>
<td></td>

</tr>
<tr>
<td></td>
<td>• Portfolio exposure spread over various maturities.</td>
</tr>
<tr>
<td>Regulatory Risk</td>
<td>Online monitoring of various exposure limits by the Front Office System also as a backup, manual control are implemented.</td>
</tr>
</tbody>
</table>

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days’ notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. However, in case the Scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Investors are urged to study the terms of the SID carefully before investing in this Scheme, and to retain this SID for future reference. The Mutual Fund may disclose details of the investor’s account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. Tata Mutual Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIUIND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units.

Tax Consequences

Redemption by the unit holders due to change in the fundamental attribute (if any, in future) of the scheme or due to any other reason may entail tax consequences for which the Trustees, AMC, Mutual Fund their Directors / employees shall not be liable.

Disclosure / Disclaimer

To the best of the knowledge and belief of the Directors of the Trustee Company, information contained in this SID is in accordance with the SEBI Regulations and facts and does not omit anything likely to have a material impact on the importance of such information.

Neither this SID nor the Units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions. No persons receiving a copy of this SID or any accompanying application form in any such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly, this SID does not constitute an offer or solicitation to anyone in any jurisdiction.
jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for Units pursuant to this SID to inform themselves of, and to observe, all applicable laws and Regulations of such relevant jurisdiction.

Prospective investors should review / study this SID carefully and in its entirety and should not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial / investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalisation, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (sale, transfer, switch, redemption or conversion into money) of Units within their jurisdiction of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to purchase/gift Units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding Units before making an application for Units.

No person has been authorized to give any information or to make any representations not confirmed in this SID in connection with the New Fund Offer / Subsequent Offer of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company or the Trustee Company. Statements made in this SID are based on the law and practice currently in force in India and are subject to change therein. Neither the delivery of this SID nor any sale made hereunder shall, under any circumstances, create any impression that the information herein continues to remain true and is correct as of any time subsequent to the date hereof.

Notwithstanding anything contained in the SID the provisions of SEBI (Mutual Funds) Regulations 1996 and guidelines thereunder shall be applicable. The Trustee Company would be required to adopt / follow any regulatory changes by SEBI / RBI etc and /or all circulars / guidelines received from AMFI from time to time if and from the date as applicable. The Trustee Company in such a case would be obliged to modify / alter any provisions / terms of the SID during / after the launch of the scheme by following the prescribed procedures in this regard.

Other Business Activities of AMC:

At present, apart from managing the schemes of Tata Mutual Fund, Tata Asset Management is:

- Providing Portfolio Management Services under SEBI (Portfolio Managers) Regulations, 1993.
- Appointed as Manager of Tata Alternative Investment Fund set up under SEBI (Alternative Investment Funds) Regulations 2012.
- Tata Asset Management (Mauritius) Private Limited, subsidiary of Tata Asset Management Limited, is registered with SEBI as Foreign Institutional Investors (deemed Foreign Portfolio Investor).
- Has received no objection for providing investment advisory services to Offshore Funds/Clients.
- Investment management services to offshore funds/clients (FPI)

The AMC has systems in place to ensure that there is no conflict of interest between the aforesaid activities. This includes:

- Segregation of bank and securities account
- Maintained Capital adequacy for different activities as mandated by SEBI
- Segregation of key investment personnel and order management system wherever mandated under the regulations
- Restriction on transfer of securities in certain circumstances

All other business activities mentioned above will be explicitly forbidden from the acquisition of any asset out of the assets of the mutual fund scheme which involves the assumption of any liability which is unlimited or shall not result in encumbrance of the assets of the mutual fund scheme in any way and also should not affect the net worth requirements of Tata Asset Management Limited for mutual fund operation.

D. DEFINITIONS & ABBREVIATION

| 1. “Business Day” or “Working Day” | A day other than Saturday and Sunday
|  | a day on which the Bombay Stock Exchange Limited and/or National Stock Exchange of India Limited are closed for trading
|  | a day on which sale and repurchase of units is suspended by the AMC
|  | a day on which normal business could not be transacted due to storms, floods, bandhs, strikes etc.
|  | The AMC reserves the right to declare any day as a Business Day or otherwise at any time under the regulations

2. “Business Hours” Business hours are from 10.00 A.M. to 3.00 P.M. on any Business Day.

3. “BSE” /“NSE” Bombay Stock Exchange /National Stock Exchange

7. “Exit Load” Amount that is paid by the investors at the time of exit / redemption from the scheme.

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum
possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

<table>
<thead>
<tr>
<th>Position</th>
<th>Formula</th>
</tr>
</thead>
<tbody>
<tr>
<td>Long Futures</td>
<td>Futures Price * Lot Size * Number of Contracts</td>
</tr>
<tr>
<td>Short Futures</td>
<td>Futures Price * Lot Size * Number of Contracts</td>
</tr>
<tr>
<td>Option Bought</td>
<td>Option Premium Paid * Lot Size * Number of Contracts</td>
</tr>
</tbody>
</table>

9. **“Day”**  
Any day as per English Calendar viz. 365 days in a year.

10. **“Financial Year”**  
A Financial Year shall be 12 full English Calendar months commencing from 1st April and ending on 31st March.

11. **“Group”**  
As defined in sub-clause (ef) of clause 2 of MRTP Act, 1969.

12. **“IMA”**  
Investment Management Agreement dated 9th May, 1995, as amended from time to time, between the TTCL & TAML.

13. **“Investor”**  
An investor means any resident or non-resident person whether individual or not (legal entity), who is eligible to subscribe units under the laws of his/her/their country of incorporation, establishment, citizenship, residence or domicile and under the Income Tax Act, 1961 including amendments thereto from time to time and who has made an application for subscribing units under the Scheme. Under normal circumstances, an Unit holder shall be deemed to be the investor.

14. **“Net Asset Value” or “NAV”**  
(a) In case of winding up of the Scheme:  
In respect of an Unit, the amount that would be payable to the holder of that Unit on any date if the fund were to be wound up and its assets distributed on that date (valuing assets and liabilities in accordance with the normal accounting policies of the Scheme, but ignoring net distributable income of the current financial year and winding up expenses).

(b) Daily for Ongoing Sale/Redemption/ Switch:  
In respect of a Unit, the amount that would be payable by/to the investor / holder of that Unit on any Valuation date by dividing the net assets of the Scheme by the number of outstanding Units on the Valuation date.

15. **“Net Assets”**  
Net Assets of the Scheme at any time shall be the value of the Scheme’ total assets less its liabilities taking into consideration the accruals and the provisions at that time.

16. **“Non-Resident Indian” / NRI**

II. INFORMATION ABOUT THE SCHEME

This Product is suitable for investors who are seeking:
- Long Term Capital Appreciation.
- Investment in equity/equity related instruments of the companies in the Pharma & Healthcare sectors in India.

*Investors should consult their financial advisors if in doubt about whether the product is suitable for them.

A. TYPE OF THE SCHEME

An open ended equity scheme investing in Pharma and Healthcare Services Sector.

B. INVESTMENT OBJECTIVE OF THE SCHEME

Investment objective of the scheme is to provide long term capital appreciation by investing atleast 80% of it’s net assets in equity/equity related instruments of the companies in the Pharma & Healthcare sectors in India.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The Scheme does not assure or guarantee any returns.

How the fund is different from other existing schemes of Tata Mutual Fund:

As per investment pattern the scheme shall invest between 80% to 100% of investable funds in equity / equity related instruments of companies in Pharma & Healthcare Sector in India. At present no open ended scheme of Tata Mutual Fund has mandate to invest predominantly in Pharma & Healthcare Sector.

Below mentioned is the comparison of the scheme being offered under this SID with other open ended equity schemes of Tata Mutual Fund.

Comparison with existing schemes(Equity Category):

</table>
C. ASSET ALLOCATION AND RISK PROFILE

Under normal circumstances, funds of the scheme shall (after providing for all ongoing expenses) be invested as per the indicative asset allocation pattern given below:

<table>
<thead>
<tr>
<th>Instruments</th>
<th>Indicative allocations (% of net assets)</th>
<th>Risk Profile</th>
</tr>
</thead>
<tbody>
<tr>
<td>Equity and equity related instruments of companies in the Pharma &amp; Healthcare sectors</td>
<td>80 - 100</td>
<td>High/Medium/Low</td>
</tr>
<tr>
<td>Debt and Money Market Instruments</td>
<td>0 - 20</td>
<td>Low to Medium</td>
</tr>
</tbody>
</table>

Fund Manager will use AMFI Sector Classification (i.e Pharma & Healthcare services sectors) for deciding the Investment universe for the scheme.

The Scheme does not seek to participate in repo/reverse repo in corporate debt securities.

The Scheme does not seek to invest in foreign securities.

The Scheme does not seek to participate in credit default swaps.

The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Not more than 20% of the net assets of the scheme can be deployed in stock lending. The scheme would limit its exposure, with regards to securities lending, for a single intermediary, to the extent of 5% of the total net assets of the scheme at the time of lending.

Due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only for defensive considerations and such deviation shall be subjected to 30 days rebalancing period.

Change in Investment Pattern

Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders’ interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of 30 days. In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Overview of Debt Market:

The major players in the Indian Debt Markets are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risks and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators to increase the liquidity and transparency such as introduction of repo in corporate bonds, Credit Default Swaps, compulsory reporting of secondary market OTC transactions on exchange platforms to name a few. Moreover, the recent successful introduction of Interest Rate Future in the benchmark 10 year Government Bond will also likely to increase the depth in the debt market.

The market participants in the corporate debt and gilt markets are banks, financial institutions, mutual funds, corporates, insurance companies, FIIs, primary dealers and provident funds. The main debt instruments in the market are those issued by Corporates and State/Central Governments. Corporate papers carry credit risk while government securities are believed to carry no credit risk. The main risks with investments in debt securities are interest rate risk, credit risk and liquidity risk. Interest rate risk associated with debt instruments depend on the macroeconomic environment. It includes both market price changes due to change in yields as well as coupon reinvestment rate risk. Corporate papers carry higher liquidity risk as compared to gilts due to the depth of the gilt market.

Money Market:

Money market encompasses a wide range of instruments with maturities ranging from one day to a year, issued by Government, Banks and corporates etc and traded in markets of varying liquidity. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. However, such risks are lower in case of money market instruments compare to other debt instruments. Further, within the gamut of money
market instruments as available in the market, such risks are very low in case of instruments issued by government. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Offer document and can at best be considered indicative:

### D. WHERE WILL THE SCHEME INVEST

In line with the investment allocation pattern, the scheme will invest in:

i) Equity and equity related instruments (including derivatives) of domestic companies in the Pharma & Healthcare sector

ii) Debt and money market instruments including units of liquid oriented mutual fund schemes

**Investment in Equities by the Scheme:**

Investment in equity and equity related instrument of pharma & healthcare sectors will include securities such as:

- Equity shares of listed and unlisted companies;
- Equity Warrants
- Derivatives (which includes but is not limited to stock and index futures or such other derivatives as are or may be permitted under the Regulations and/or RBI from time to time).
- Preference shares;
- Convertible debentures;
- Preference shares/Convertible Preference Shares.
- Any other like instruments as may be permitted by SEBI/regulatory body from time to time.

**Investment in Debt Securities by the Scheme:**

Investment in Debt and Money Market securities will include securities such as:

- Zero Interest Bonds, Deep Discount Bonds, Floating Rate Bonds.
- Government Securities.
- Domestic Interest Rate Derivatives like interest rate swaps, forward rate agreement, interest rate futures, options and such other derivative instruments as permitted by SEBI / RBI from time to time.
- Any other like instruments as may be permitted by SEBI/RBI from time to time.

The securities mentioned above could be listed, privately placed, secured, unsecured, rated or unrated. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. Please refer to the Clause “Liquidity & Settlement Risks” under Specific Risk Factors to understand the liquidity risk associated with securities. The moneys collected under this Scheme shall be invested only in transferable securities.
Investment in Securities of Group Companies

As per SEBI (Mutual Funds) Regulations 1996, the scheme shall not make any investments in any un-listed securities of associate/ group companies of the Sponsors. The Scheme will also not make investment in privately placed securities issued by associate / group companies of the Sponsors. The Scheme may invest not more than 25% of the net assets in listed securities of Group companies.

Derivatives and Hedging Products:

Investments in Derivatives shall be in compliance with guidelines of SEBI including SEBI Circular No. Cir/IMD/DF/11/2010 dated August 18, 2010. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:

1) Call option: An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfill the obligation upon exercise of the option.

2) Put option: The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

Interest Rate Swap & Forward Rate Agreements

An interest rate swap is a financial contract between two parties exchanging a stream of interest payments for a notional principal amount on multiple occasions during a specified period.

Typically, one party receives a pre-determined fixed rate of interest while the other party, receives a floating rate, which is linked to a mutually agreed benchmark with provision for mutually agreed periodic resets.

As per SEBI (Mutual Fund) Regulations 1996, the Scheme shall not make any investments in any un-listed securities of associate / group companies of the Sponsors. The Scheme will also not make investment in privately placed securities issued by associate / group companies of the Sponsor. The Scheme may invest not more than 25% of the net assets in listed securities of Group companies.

E. THE INVESTMENT STRATEGIES

The scheme seeks to achieve its investment objective by investing at least 80% of its net assets in equity / equity related instruments of companies in Pharma & Healthcare Services sectors.

Fund Manager will follow the AMFI sector classification for deciding the investment universe for the scheme.

The scheme may also invest some portion of the investible funds in debt and money market instruments.

The stocks under the scheme will be selected after rigorous fundamental research which includes parameters like management competitiveness, business competitiveness, corporate governance, growth prospects, past track record etc.

Trading in Derivatives by the Scheme

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme(s) may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. In accordance with the guidelines issued by the SEBI, exposure to derivative instruments will be restricted to the limit as specified along with the asset allocation pattern of the respective scheme(s).

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc. The Scheme may purchase call and put options in securities in which it invests and on securities indices based on securities in which the Scheme invests. Through the purchase and sale of futures contracts and purchase of related options on those contracts, the Scheme would seek to hedge against a decline in securities owned by the Scheme or an increase in the prices of securities which the Scheme plans to purchase. The Scheme would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Scheme’s investment portfolio declines in value and thereby keep the Scheme’s net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Scheme would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase.

14
Writing of call options under covered call strategy

The scheme may write call options under covered call strategy subject to conditions specified by SEBI which includes the following:

1) Call option writing under a cover call strategy is allowed for constituent stocks of NIFTY 50 and BSE SENSEX.

2) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.

3) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrance.

4) In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.

5) The total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.

6) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

Benefit of Writing of Call Option Under a Cover Call Strategy

a. Holders with Long term view on the stock can write options and reduce the portfolio costs.

b. Writing can also act as a good alternative for playing relative outperformance for stocks held in portfolios within same sector.

c. Stocks held in the portfolio can be effectively hedged in extreme volatility in the market.

Example: Please note that below mentioned examples are purely for illustration purpose only and actual exposure may vary to a greater extend in line with the regulatory directives.

The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.

For other option contracts, the total exposure related to option premium paid will not exceed 20% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:

1. Hedging positions are the derivatives positions that reduce possible losses on an existing position in securities and till existing position remains.

2. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall have to be added and treated under the limits mentioned above.

3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Mutual funds are allowed to hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

\[
\frac{\text{Portfolio Modified Duration} \times \text{Market Value of the Portfolio}}{\text{Futures Modified Duration} \times \text{Futures Price/PAR}}
\]

The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

<table>
<thead>
<tr>
<th>Position</th>
<th>Exposure</th>
</tr>
</thead>
<tbody>
<tr>
<td>Long Future</td>
<td>Futures Price(\times)Lot Size(\times)Number of Contracts</td>
</tr>
<tr>
<td>Short Future</td>
<td>Futures Price(\times)Lot Size(\times)Number of Contracts</td>
</tr>
<tr>
<td>Option Bought</td>
<td>Option Premium Paid(\times)Lot Size(\times)Number of Contracts</td>
</tr>
</tbody>
</table>
Position Limits for Mutual Fund and its scheme

Position limit for Index Options and Index Futures contracts

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Index Options Contract*</td>
<td>On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index options contracts, whichever is higher.</td>
</tr>
<tr>
<td>Index Futures Contract**</td>
<td>On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index futures contracts, whichever is higher.</td>
</tr>
</tbody>
</table>

* This limit would be applicable on open positions in all options contracts on a particular underlying index.
** This limit would be applicable on open positions in all futures contracts on a particular underlying index.

Additional position limit for hedging

In addition to the position limits as mentioned above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

- Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund’s holding of stocks.
- Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund’s holding of cash, government securities, T-Bills and similar instruments.

Position limit for Stock Options and Stock Futures contracts

The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

This limit would be applicable on aggregate open positions in all futures and all option contracts on a particular underlying stock.

Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
   - 1% of the free float market capitalization (in terms of number of shares). Or
   - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts)
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Position Limits for Interest Rate Future Contracts:

Scheme Level: The gross open positions across all contracts shall not exceed 3 % of the total open interest or INR 200 crores- whichever is higher.

Mutual Fund: The gross open positions across all contracts shall not exceed 10 % of the total open interest or INR 600 crores- whichever is higher.

Derivative Instruments & Related Examples:

Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract. Currently, futures contracts have a maximum expiration cycle of 3-months. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Example:

<table>
<thead>
<tr>
<th>Index Future</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assume, 1-month Nifty Future price on day 1:</td>
</tr>
<tr>
<td>Scheme Buys</td>
</tr>
<tr>
<td>100 Future Contracts</td>
</tr>
<tr>
<td>(1 lot = Nominal Value equivalent to 75 units of the underlying index)</td>
</tr>
</tbody>
</table>

Scenario 1

| On the date of Settlement, the future price (closing spot price of the index) | 10200 |
| Profit for the scheme (10200-10110) *100*75 | 675000 |

Scenario 2

| On the date of Settlement, the future price (closing spot price of the index) | 10050 |
| Loss for the scheme (10050-10110) *100*75 | -450000 |
Risks associated with Future Contracts: Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks. The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. Additional risks could be on account of illiquidity and potential mispricing of the futures.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Example:

**Call Option**

| Say, Scheme buys 1 lot of Nifty Index | 75 Units |
| Spot price | 10000 |
| Strike price | 10100 |
| Premium | 100 |
| Total amount paid as premium (Rs.) (100X75) | Rs.7500 |

**Scenario 1: The Nifty Index goes up (i.e Nifty Spot)**

| Scheme has reversed the position before expiry of the contract |
| Current Premium at the time of reversal | 200 |
| Net Gain Rs. (200-100) | 100 |
| Total gain on 1 lot of Nifty (75 units) Rs.(75x100) | Rs.7500 |

**Scenario 2: The Nifty index moves to the level below 10100**

| Scheme does not gain anything but the loss to the scheme (limited to the actual premium paid) | Rs. 7500 |

| Put Option |
| Say, Scheme buys 1 lot of Nifty Index | 75 Units |
| Spot Price | 10000 |
| Strike Price | 9450 |
| Premium | 50 |
| Total Amount Paid by the Scheme (75*50) | 3750 |

**Scenario 1: Nifty Index goes down**

| Scheme has reversed the position before expiry of the contract |
| Nifty Spot | 9300 |
| Current Premium at the time of reversal | 80 |
| Premium Paid (Rs.) | 50 |
| Net Gain (Rs.80-50) | 30 |
| Total Gain on 1 lot of Nifty (Rs.) (75x30) | Rs.2250 |

| Scheme has reversed the position at expiry |
| Nifty Spot | 9375 |
| Premium Paid (Rs.) | 50 |
| Exercise Price | 9450 |
| Gain on Exercise | 75 |
TATA INDIA PHARMA & HEALTHCARE FUND

<table>
<thead>
<tr>
<th>Total Gain Rs.(75-50)*75</th>
<th>Rs.1,875</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario 2: If Nifty Index Stays over the Strike price of 9450</td>
<td></td>
</tr>
<tr>
<td>Say Nifty Spot 9500</td>
<td></td>
</tr>
<tr>
<td>Net Loss to the Scheme will be premium paid</td>
<td>Rs.3,750</td>
</tr>
</tbody>

Risks associated with Option Contracts: The option contracts give a person the right but not an obligation to buy or sell. The risk is potential mispricing and exposure to options can limit the profits from a genuine investment transaction.

Various Derivatives Strategies:

1. Index / Stock spot - Index / Stock Futures

The pricing of the futures is derived from underlying Index spot or the underlying stock. It is the cost of carry that binds the value of the futures to the underlying portfolio. When the two go out of sync, there are opportunities.

The cost of carry links the futures price to the price of the underlying asset. The price of the futures at any given instance should typically be more than the level of the spot price at that point. Theoretically, the fair value of the futures is equal to the spot price of the underlying plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk. Cash and carry trades at times provide higher than the prevailing interest rates. There is an opportunity to exploit by selling the overpriced futures and buying the underlying portfolio. It may also happen that the Index / Stock Future may be at a discount. In such cases, the Scheme may buy the future and sell the stock after borrowing the same. The Scheme shall enter into a combination of these transactions simultaneously.

If the Scheme has to unwind the positions prior to the expiry on account of redemptions or any other reason, the returns would depend on the spread between the spot and futures price at which the position is unwound. If the price differential between the spot and futures position of the subsequent month maturity is attractive near the expiry date, then the scheme may rollover the futures position and continue with the position in the spot market. The Scheme shall endeavour to deploy its assets through transactions in the above pattern, which may involve Index Futures with Stock Futures or Futures of the same stock with different expiry months.

2. Cash Futures Arbitrage Strategy

The fund would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The fund would first buy the stocks in cash market and then sell in the futures market to lock the spread.

Buying the stock in cash market and selling the futures results in a hedge where the fund portfolio has locked in a spread and is not affected by the price movements in the spot and futures markets. The arbitrage position can be continued till expiry of the futures contracts. The futures contracts are settled based on the last half an hour’s weighted average trade of the cash market. There is a convergence between the cash market and the futures market on expiry and this convergence results in the portfolio being able to generate the arbitrage return locked in earlier. However, the position may even be closed earlier in the event of the price differential being realized before expiry or better opportunities being available in other stocks / indexes. The strategy is attractive if this price differential (post all costs) is higher than the investor’s cost-of capital.

Illustration of a Cash Futures Arbitrage Strategy: -

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock’s futures of the Company X at Rs 1100.

1. Market goes up and the price on the expiry day is Rs 2000.

At the end of the month (expiry day) the futures expires automatically:

 Settlement price of futures = closing spot price = Rs 2000
 Gain on stock is 100*(2000-1000) = Rs 100,000
 Loss on futures is 100*(1100-2000) = Rs – 90,000
 Net gain is 100,000 – 90,000 = Rs 10,000

2. Market goes down and the price on the expiry day is Rs 500.

At the end of the month (expiry day) the futures expires automatically:

 Settlement price of futures = closing spot price = Rs 500
 Loss on stock is 100*(500-1000) = Rs – 50,000
 Gain on futures is 100*(1100-500) = Rs 60,000
 Net gain is 60,000 – 50,000 = Rs 10,000

Unwinding the position:

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock’s futures of the Company X at Rs 1100.

The market goes up and at some point of time during the month (before expiry) the stock trades at Rs 1200 and the futures trades at Rs 1190 then Fund Manager will unwind the position:

Buy back the futures at Rs 1190: loss incurred is (1100- 1190)*100 = Rs – 9,000
Sell the stock at Rs 1200: gain realized: (1200-1000)*100 = Rs 20,000

18
Net gain is \(20,000 - 9,000 = \text{Rs 11,000}\)

Rolling over the futures:

The Scheme may continue to stay invested in the stock in the Cash market. Close to expiry, if the stock’s price is at Rs 1500 then the stock’s futures is close to Rs 1500 as well. Also if the price of the current month stock futures is below the current price of the next month stock futures, the scheme may roll over the futures position to the next expiry:

The price of the stock futures next month contract is at Rs 1510

The price of the stock futures current month contract is at Rs 1500

Then sell the futures next month contract at Rs 1510 and buy back current month futures contract at Rs 1500 = gain of \(100\times(1510-1500) = \text{Rs 9,000}\) and the arbitrage position is rolled over.

3. Use of derivative for other Arbitrage Opportunities

a. Dividend Arbitrage

At the time of declaration of dividend, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the dividend amount when the stock becomes ex-dividend.

b. Buy-Back / Open Offer Arbitrage

When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price.

c. Weighted average price of futures on expiry.

The fund manager will aim at liquidating the cash market position in the last half an hour on expiry day at a rate that will be closed to weighted price in the spot market. However, the extreme volatility in last half an hour may effect the price and accordingly affect the return. Accordingly, fund will aim at taking exposure to those stocks where the bid and ask spread is minimum.

d. Reverse cash and carry arbitrage

If permitted by SEBI, the scheme may enter into reverse cash and carry arbitrage. This will involve borrowing stock for a defined period from a recognized counter-party and selling it in the market while simultaneously taking a long position in the stock futures. The above trade will be remunerative in scenarios where the stock/ index futures are trading at a discount to the underlying cash market. Once the discount narrows or converts to a premium, the position is unwound by buying back the stock/index and squaring off the futures transaction. The purchased stock/ index is returned to the lender as per the agreed terms.

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations

**Interest Rate Swaps (IRS):** An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

**Example: Use of IRS**

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

**Example A: Use of IRS**

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

**Example B: Use of IRS**

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.
1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x 91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Risks associated with Swaps:
Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.

The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):
This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:
Assume that on March 1, 2019, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on March 30, 2019. If the interest rates are likely to remain stable or decline after March 30, 2019, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on March 30, 2019:
He can receive 1 X 2 FRA on March 30, 2019 at 7.75% (FRA rate for 1-month lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. March 30, 2019 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on March 30, 2019 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (March 30, 2019), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on March 30, 2019.

Risks associated with Forward Rate Contracts:
When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

Interest Rate Future (IRF)
An interest rate future is a contract (future contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used when there is an expectation of interest rate movement in adverse direction.

For example, if fund manager expects rise in interest rate. He may sell interest rate future today. If interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future). However, in case interest rate falls, loss may be incurred on IRF position.

Illustration of Use of IRF (For Hedging)
A – Perfect Hedge
1) Assume a portfolio has 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/.
2) The futures on 7.59% GOI 2026, expiring on 27th October 2016 is trading on exchange at 105.10.
3) Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of 2 lacs, in this example the fund manager sells 100 crs/2 lakhs = 5000 contracts, to hedge long position.
4) At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures
Case 1: At expiry Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged
Closing price of Bonds on day of maturity of futures = 105.05
Settlement price of futures = 105.05
MTM gain on the underlying bond = \((105.05-105.00) \times 100 \text{ crs} / 100 \) (i.e. face value of bond) = Rs. 5,00,000

The profit on the futures leg is = \(5000\times 2 \text{lacs} \times (105.10-105.05)/100\) (i.e. face value of bond) = Rs 5,00,000

Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold

In case, the closing price of bonds on the day of maturity of futures = 105.20,

Settlement price of futures = 105.20

The MTM gain on underlying bond = \((105.20-105.00) \times 100 \text{ crs} /100 \) (i.e. face value of bond) = Rs. 20,00,000

Loss on futures leg is = \(5000\times 2 \text{lacs} \times (105.10-105.20)/100\) (i.e. face value of bond) = - Rs 10,00,000

Total Profit to the fund = Rs 10,00,000

As can be seen above, by selling the future contract instead of the underlying, the fund manager has locked in the Rs. 10,00,000 profit and at the same time cash holding position will be hedged against the adverse market movements.

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations

**Interest Rate Swaps** (IRS):

An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

**Example: Use of IRS**

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

**Example A: Use of IRS**

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

**Example B: Use of IRS**

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Risks associated with Swaps:

Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.
The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):
This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:
Assume that on March 1, 2020, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on March 30, 2020. If the interest rates are likely to remain stable or decline after March 30, 2019, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on March 30, 2020:

He can receive 1 X 2 FRA on March 30, 2020 at 7.75% (FRA rate for 1-month lending in 2 months’ time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. March 30, 2020 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on March 30, 2020 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (March 30, 2020), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on March 30, 2020.

Risks associated with Forward Rate Contracts:
When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

Interest Rate Future (IRF)
An interest rate future is a contract (future contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used when there is an expectation of interest rate movement in adverse direction.

For example, if fund manager expects rise in interest rate. He may sell interest rate future today. If interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future). However, in case interest rate falls, loss may be incurred on IRF position.

Illustration of Use of IRF (For Hedging)

A – Perfect Hedge
5) Assume a portfolio has 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/.
6) The futures on 7.59% GOI 2026, expiring on 27th October 2016 is trading on exchange at 105.10.
7) Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of 2 lacs, in this example the fund manager sells 100 crs/2 lakhs = 5000 contracts, to hedge long position.
8) At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures
Case 1: At expiry Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged
Closing price of Bonds on day of maturity of futures = 105.05
Settlement price of futures = 105.05
MTM gain on the underlying bond = (105.05-105.00)*100 crs / 100 (i.e. face value of bond) = Rs. 5,00,000
The profit on the futures leg is = 5000*2lacs * (105.10-105.05)/100 (i.e. face value of bond) = Rs 5,00,000
Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold
In case, the closing price of bonds on the day of maturity of futures = 105.20,
Settlement price of futures = 105.20
The MTM gain on underlying bond = (105.20-105.00)*100 crs/100 (i.e. face value of bond) = Rs. 20,00,000
Loss on futures leg is = 5000*2 lacs *(105.10-105.20)/100 (i.e. face value of bond) = - Rs 10,00,000
Total Profit to the fund = Rs 10,00,000

As can be seen above, by selling the future contract instead of the underlying, the fund manager has locked in the Rs. 10, 00,000 profit and at the same time cash holding position will be hedged against the adverse market movements.

For detailed risk associated with use of derivatives, please refer paragraph “Scheme Specific risk factors”.

22
F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) **Type of a scheme**

An open ended equity scheme investing in Pharma and Healthcare Services Sector.

(ii) **Investment Objective**

Investment objective of the scheme is to provide long term capital appreciation by investing at least 80% of its net assets in equity/equity related instruments of the companies in the Pharma & Healthcare sectors in India.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The Scheme does not assure or guarantee any returns.

(iii) **Investment Pattern and Risk Profile:**

Refer Section C for detailed Asset Allocation & Risk Profile.

(iv) **Terms of Issue**

- Liquidity: Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase loads as applicable (within limits) as specified under SEBI Regulations 1996, the repurchase price shall not be lower than 93% of the NAV, the sale price will not be higher than 107% of the NAV and further that the difference between the sale and repurchase price shall not exceed 7% calculated on the sale price.
- Aggregate fees and expenses chargeable to the Scheme. (Refer section "IV FEES AND EXPENSES" for further details)
- The scheme does not provide any safety net or guarantee nor does it provide any assurance regarding declaration of dividend. There is no guarantee or assurance that the scheme will achieve its' objective.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

(i) A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and

(ii) The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. SCHEME BENCHMARK

**Nifty Pharma Index TRI**

IISL has developed Nifty Pharma Index to capture the performance of the companies in Pharma and Health Care Sectors. It represents more than 70% of the free float market capitalization of the stocks forming part of the Pharmaceutical sector universe. It comprises of 10 stocks that are listed on National Stock Exchange.

Tata India Pharma & Healthcare Fund is a sectorial scheme, shall invest in pharma & healthcare sectors hence Nifty Pharma index is most suitable for performance comparison. Total Return variant of the index(TRI) of Nifty Pharma index will be used for performance comparison.

The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the scheme is available.

**IISL Disclaimer:** The Product is not sponsored, endorsed, sold or promoted by India Index Services & Products Limited ("IISL"). IISL does not make any representation or warranty, express or implied, to the owners of the Product or any member of the public regarding the advisability of investing in securities generally or in the Product particularly or the ability of the to track general stock market performance in India. The relationship of IISL to the Issuer is only in respect of the licensing of the Indices and certain trademarks and trade names associated with such Indices which is determined, composed and calculated by IISL without regard to the Issuer or the Product. IISL does not have any obligation to take the needs of the Issuer or the owners of the Product into consideration in determining, composing or calculating the Nifty Pharma index. IISL is not responsible for or has participated in the determination of the timing of, prices at, or quantities of the Product to be issued or in the determination or calculation of the equation by which the Product is to be converted into cash. IISL has no obligation or liability in connection with the administration, marketing or trading of the Product.

IISL do not guarantee the accuracy and/or the completeness of the index or any data included therein and IISL shall have not have any responsibility or liability for any errors, omissions, or interruptions therein. IISL does not make any warranty, express or implied, as to results to be obtained by the Issuer, owners of the product, or any other person or entity from the use of the above index or any data included therein. IISL makes no express or implied warranties, and expressly disclaim all warranties of merchantability or fitness for a particular purpose or use with
TATA INDIA PHARMA & HEALTHCARE FUND

With respect to the index or any data included therein. Without limiting any of the foregoing, IISL expressly disclaim any and all liability for any claims, damages or losses arising out of or related to the Products, including any and all direct, special, punitive, indirect, or consequential damages (including lost profits), even if notified of the possibility of such damages.

An investor, by subscribing or purchasing an interest in the Product, will be regarded as having acknowledged, understood and accepted the disclaimer referred to in Clauses above and will be bound by it.

I. Restrictions on Investments (as per seventh schedule of SEBI (Mutual Fund) Regulations 1996)

1. The scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
   Provided that the limit of 10 per cent shall not be applicable for this sector scheme.

2. All investments by the scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

3. The Mutual Fund under all its scheme(s) shall not own more than ten percent of any company’s paid up capital carrying voting rights.

4. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:
   Provided that such limit shall not be applicable for investments in government securities, treasury bills and collateralized borrowing and lending obligations:
   Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board:

24
4A. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by SEBI from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by SEBI:

Provided further that the norms for investments in unrated debt instruments shall be specified by SEBI from time to time.

Note:

a) SEBI vide circular dt. 1st October 2019 has issued following guidelines wt investment in unlisted debt & money market instruments

b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

c) The timelines and investment limits for investment in unlisted NCDs

<table>
<thead>
<tr>
<th>Timeline (As on)</th>
<th>30/09/2020</th>
<th>31/12/2020</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum investment in unlisted NCDs as % of the debt portfolio of the scheme</td>
<td>15% of debt portfolio</td>
<td>10% of debt portfolio</td>
</tr>
</tbody>
</table>

SEBI vide Circular SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 has allowed the existing unlisted NCDs to be grandfathered till maturity, however SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2020/75 dated 28th April 2020 clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs

d) All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed with effect from one month from the date of operationalization of framework for listing of CPs or January 01, 2020, whichever is later

e) investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following

I. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

II. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.

III. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

5. The scheme shall not make any investment in:

a) any unlisted security of an associate or group company of the sponsor; or

b) any security issued by way of private placement by an associate or group company of the sponsor; or

c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.

6. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

(a) such transfers are done at the prevailing market price* for quoted instruments on spot basis.

Explanation- “spot basis” shall have same meaning as specified by stock exchange for spot transactions.

(b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

*Note: SEBI vide circular no SEBI/HO/IMD/DF4/CIR/P/2019/102 dt. September 24, 2019 has prescribed the methodology for determination of price to be considered for inter scheme transfers.

7. The scheme may invest in another asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

8. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI.

9. The mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.

12. The Scheme shall not make any investment in any fund of funds scheme.

13. The scheme will not advance any loan for any purpose.
The Scheme shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or dividend to the unitholders. The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by Asset Management Company

As per regulation, the sponsors or asset management company (TAML) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

Apart from the above, TAML (the AMC) may invest in the scheme(s) on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s). Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

TATA INDIA PHARMA & HEALTHCARE FUND

III. UNITS AND OFFER

This section provides details you need to know for investing in the scheme.

A. ONGOING OFFER DETAILS

| Ongoing Offer Period | Tata India pharma & Healthcare Fund was launched as an open ended pharma & healthcare sector scheme on 4th December, 2015. W.e.f. 29th December, 2015 the scheme is open for ongoing sales and redemption.

Being existing open ended schemes, subscription / redemption facility is provided on all business days. Units of the schemes are now offered at NAV based price.

Ongoing price for subscription (purchase) / switch-in (from other schemes / plans of the mutual fund) by investors.

This is the price you need to pay for purchase/switch-in.

At the applicable NAV.

Ongoing price for redemption (sale) / repurchase /switch outs (to other schemes/plans of the Mutual Fund) by investors.

This is the price you will receive for redemptions/switch outs.

At the applicable NAV subject to prevailing exit load, if any.

The Fund shall ensure that the Redemption Price is not lower than 93% of the NAV and the Purchase Price is not higher than 107% of the NAV, provided that the difference between the Redemption Price and Purchase Price of the Units shall not exceed the permissible limit of 7% of the Purchase Price, as provided for under the Regulations.

The Trustee Company may however, from time to time review and modify the repurchase load for each choice of investment. The Units if partially repurchased would be subtracted from the Unit balance of that Unitholder on “First In First Out” basis i.e. the Units that were offered / allotted first would be the first to be repurchased. In case amount is withdrawn, the same will be converted into Units at the applicable Repurchase price / NAV related price and the number of Units so arrived at will be subtracted from the Unit balance of that Unitholder on “First In First Out” basis. The repurchase would be permitted to the extent of credit balance in the Unitholder’s account.

The repurchase cheque will be issued in the name of the first unitholder. Under normal circumstances, the Fund will ensure that the repurchase cheques are despatched within ten business days from the date of processing the repurchase request on repurchase day. In the event of partial repurchase, the Fund shall despatch the revised Account Statement by suitable mode as decided by AMC from time to time for the balance number of Units still being held by the Unitholder along with the repurchase cheque. Credit balances in the account of a Non-Resident Unitholder on maturity or otherwise, (where RBI final approval and any other approval (if any required) has been obtained) may be repurchased by the Fund by such Unitholder in accordance with the procedure described above and also subject to any procedures laid down by RBI and any other agency. Such repurchase proceeds will be paid by means of a Rupee cheque payable to the NRE/ NRO account of the Unitholder or subject to RBI procedures and approvals, such payment in Indian Rupees will be converted into US Dollars or into any other currency, as may be permitted by RBI, at the rate of exchange prevailing at the time of remittance and will be despatched at the applicants’ risk, or at the request of the applicants’ will be credited to their NRE/ NRO Accounts, details of which are to be furnished in the space provided for this purpose in the Repurchase Form. The Fund will not be liable for any delays or for any loss on account of exchange fluctuations, while converting the rupee amount in US Dollar or any other currency. The Fund (if required) may also make arrangements to obtain RBI approvals on a case-by-case basis on behalf on the Unitholder, subject to the Unitholder providing the Fund with the necessary documents required.

Cut off timing for subscriptions / redemptions and switches

This is the time before which your application (complete in all respects) should reach the official points of acceptance.

<table>
<thead>
<tr>
<th>Application Size</th>
<th>Applicable NAV</th>
</tr>
</thead>
<tbody>
<tr>
<td>For application amount of Rs. 2 Lacs* &amp; above</td>
<td>NAV of the day on which the funds are realized up to 3.00 p.m (Subject to transaction being time-stamped upto 3 p.m. on the date of realization of funds).</td>
</tr>
<tr>
<td>* Multiple applications (purchase including switch in) submitted by investor on same day for the same scheme, shall be aggregated at investor level (i.e. First holder / Sole Holder) for determination of Rs. 2 Lacs.</td>
<td></td>
</tr>
<tr>
<td>For application amount upto Rs. 2 Lacs</td>
<td>If application is time stamped before 3 p.m on any business day - Applicable NAV shall be the closing NAV of the date of receipt of the application. If application is time stamped after 3 p.m on any business day - Applicable NAV shall be the closing NAV of the next business day.</td>
</tr>
</tbody>
</table>

In case of switch transactions, funds will be made available for utilization in the switch-in-scheme based on the redemption payout cycle of the switch out scheme.

Redemption /Switch Out: In respect of application received upto 3 p.m., closing NAV of the day of receipt of application shall be applicable and in respect of application received after 3 p.m. closing NAV of next business day.

Outstation cheques/demand drafts will not be accepted.
Valid application for “switch out” shall be treated as redemption and for “switch in” shall be treated as purchases and the relevant NAV of “Switch in” and “Switch Out” shall be applicable accordingly. Unitholders/Prospective Investors shall note that, after taking into account of the impact of the revised trading hours for various markets as per the RBI Press Release dated April 03, 2020, and subsequently on April 16,2020, on April 30,2020 the cut-off timing for both subscription and redemption in all open ended schemes of mutual fund has been reduced for a temporary period till further notice.

In case of subscription/switch in Transactions: 01:00 p.m.
In case of Redemption/switch out Transactions: 01:00 p.m.
All other provisions of SEBI (Mutual Funds), Regulations 1996 and circulars issued thereunder regarding applicability of NAV in respect of subscription and redemption remain unchanged.

Where can the applications for redemption and switches be submitted?
Application/ Transaction slip completed in all respect along with Cheque / DD or fund transfer instruction in case of purchase, and transaction slip completed in all respect in case of redemption / Switch can be submitted at the official acceptance points. Refer Application form for further details.

Minimum amount for redemption, purchase and switches

<table>
<thead>
<tr>
<th>Minimum Amount for Purchase / switch in:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dividend Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.</td>
</tr>
<tr>
<td>Growth Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.</td>
</tr>
<tr>
<td>For additional investment Rs. 1,000/- and in multiples of Re. 1/-</td>
</tr>
</tbody>
</table>

In case of account balance of the investor falls below Rs. 500, AMC may close the account and refund the money to the investors at applicable NAV without deducting applicable exit load if any.

The repurchase / switches request can be made for a minimum of: Rs. 500/- or folio available balance whichever is lower.

There is no minimum amount requirement, in case of investors opting to switch “all units” from any existing schemes of Tata Mutual Fund to this Scheme.

Regular Plan (For applications routed through Distributors) & Direct Plan (For applications not routed through Distributors):
Minimum Amount for Purchase / switch in:

- Dividend Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.
- Growth Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.
- For additional investment Rs. 1,000/- and in multiples of Re. 1/-

In case of account balance of the investor falls below Rs. 500, AMC may close the account and refund the money to the investors at applicable NAV without deducting applicable exit load if any.

The repurchase / switches request can be made for a minimum of: Rs. 500/- or folio available balance whichever is lower.

There is no minimum amount requirement, in case of investors opting to switch “all units” from any existing schemes of Tata Mutual Fund to this Scheme.

Regular Plan (For applications routed through Distributors)

Direct Plan (For applications not routed through Distributors)

Default Plan: Investors are requested to note the following scenarios for the applicability of “Direct Plan (application not routed through distributor) or Regular Plan (application routed through distributor)” for valid applications received under the plan of the scheme:

In cases of wrong/invalid/incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Treatment of Business Received Through Suspended Distributors:
The financial transactions of an investor where his distributor’s AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI) shall be processed as follows:

1. All purchase and switch transactions including SIP/STP registered prior to the date of suspension and fresh SIP/STP registrations received under the ARN code of a suspended distributor during the period of suspension,
shall be processed under ‘Direct Plan’ and shall be continued under Direct Plan perpetually except in case where TAML receives any written request/ instructions from the unitholder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of suspension of ARN.

2. All Purchase and Switch Transactions including SIP/STP transactions received through the stock exchange platform through a distributor whose ARN is suspended shall be rejected.

Unitholders can opt for only one dividend sub-option under a scheme in a single folio. In case, different dividend sub-options are required, unitholders are required to create a new folio.

Also note that the dividend sub-option selected in the last inflow transaction will be applicable to all the transactions in the respective scheme sub-option in the folio. A simple example will explain the above statement:

<table>
<thead>
<tr>
<th>Date</th>
<th>Request by unitholder</th>
<th>Sub Option</th>
</tr>
</thead>
<tbody>
<tr>
<td>01/01/2019</td>
<td>Purchase in Dividend Option</td>
<td>Payout</td>
</tr>
<tr>
<td>02/03/2019</td>
<td>SIP Registered in Dividend Option</td>
<td>Reinvestment</td>
</tr>
<tr>
<td>03/05/2019</td>
<td>Additional Purchase in Dividend Option</td>
<td>Payout</td>
</tr>
<tr>
<td>02/06/2019</td>
<td>SIP Instalment</td>
<td>Reinvestment</td>
</tr>
</tbody>
</table>

Hence the dividend sub option chosen by unitholders in the last transaction (i.e SIP instalment as on 02/06/2019 sub option reinvestment) will be applicable to all transactions in the related scheme sub option in the folio.

In case of statutory/ legal attachments/ suspensions or litigations/ disputes at the unitholders /investor’s end, the dividends will compulsorily be reinvested, and no payout shall be made during the said period, irrespective of the dividend sub-option selected.

Investor should note that for processing of redemption and related transactions in Non-PAN exempt folios from time to time, it is mandatory to complete the KYC requirements for all applicants/investors (including existing investors and joint holders) and in case of folio of a minor investor, the KYC of the guardian is mandatory irrespective of the amount of investment.

Accordingly, financial transactions (including Fresh Purchases, Additional Purchases, Switch transactions, Redemption and all types of systematic plans) and non-financial requests will not be processed if the applicants (including existing investors and joint holders) and unitholders have not completed KYC requirements.

Unitholders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance. Further, upon updation of PAN/PEKRN details with the KRA (KRA-KYC)/CERSAI (CKYC), the unitholders are requested to intimate TAML/ Registrar and Transfer Agent i.e. Computer Age Management Services Limited (CAMS) their PAN information along with the folio details for updation in our records.

Maximum amount for redemption and switch-outs

There is no upper limit of redemption. However, this is subject to the following:

(a) The repurchase would be permitted to the extent of credit balance in the Unit holder’s account.

(b) There may be exceptional circumstances leading to a systemic crisis or events that severely constraint market liquidity or efficient functioning of the market, where the right to redemption may be restricted by TAML. Investors are requested to refer the clause “Restrictions on Redemption and switch of units” in Statement of Additional Information (SAI) of Tata Mutual Fund.

Minimum balance to be maintained and consequences of non maintenance.

The Fund may mandatorily redeem all the Units of any Unitholder:

In case of account balance of the investor falls below Rs.500 , AMC may close the account and refund the money to the investors at applicable NAV without deducting applicable exit load if any.

The Scheme may mandatorily redeem all the Units of any Unitholder where the Units are held by a Unitholder in breach of any regulations.

Special Products available

a) Systematic Investment Plan (SIP)

The investors can benefit by investing specified Rupees amounts at regular intervals. The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be allotted at the applicable NAV along with applicable load (if any).

SIP with Top-up SIP facility:

SIP with Top-up SIP is a facility whereby an investor has an option to increase the amount of the SIP Installment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP.

The terms and conditions of top-up SIP are as follows:

i. The Top-up option must be specified by the investors while enrolling for the SIP facility.

   ii. The minimum SIP Top-up amount is Rs. 500 and in multiples of Rs. 500.
iii. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.

iv. Under monthly SIP investors can opt for top-up amount at half-yearly and yearly intervals. If the investor does not specify the frequency, the default interval for Top-up will be considered as Yearly.

v. In case of Quarterly SIP, investors can opt for only Yearly interval top-up frequency.

For complete details regarding the SIP with top-up facility, please refer to SIP Auto Debt Form with Top-up facility enrollment form.

b) Systematic Withdrawal Plan (SWP)

This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be subtracted from the unit balance of that unitholder. In case the date falls during a book closure period the immediate next Business day will be considered for this purpose.

The Authorised Investor Service Center may terminate SWP on receipt of a notice from the unitholder. It will terminate automatically if all units are liquidated or withdrawn from the account or upon the receipt of notification of death or incapacity of the unitholder.

“SWP facility is available subject to terms and conditions. Please refer to the SWP Enrolment form for terms and conditions before enrolment.”

c) Systematic Transfer Plan (STP)

A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer on a monthly or a quarterly basis from one TMF Scheme to another TMF Scheme on a date prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. Unitholders may change the amount, not below the specified minimum, by giving two weeks prior written notice to the registrars. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholders by the fund. Rules relating to the plan may be changed from time to time by the Investment Manager.

“STP facility is available subject to terms and conditions. Please refer to the STP Enrolment form for terms and conditions before enrolment.”

Facility for purchasing of the units of the scheme through order routing platform on BSE and NSE

The scheme will be admitted on the order routing platform of Bombay Stock Exchange Limited (“BSE”) and National Stock Exchange of India Limited (“NSE”). Under this facility investors can submit the application for subscription and redemption of units of the scheme through the Stock Exchange platform. The introduction of this facility is pursuant to guidelines issued by SEBI vide circular SEBI/IMD/CIR No.11/183204/2209 dated November 13, 2009 and the Stock Exchanges viz. BSE & NSE.

Please refer SAI for further details.

Account Statement

On acceptance of application for financial transaction, a confirmation specifying the number of Units allotted/redeemed will be sent by way of e-mail and/or SMS to the applicant’s registered e-mail address and/or mobile number within five business days from the date of transaction.

Tata Mutual Fund shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an e-mail to the investor’s registered address/email address not later than five business days from the date of subscription.

In compliance with various circular of SEBI, Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:

1. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories within ten days from the end of the month in which transaction (the word ‘transaction’ shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place.

2. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month.

3. In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send presently within ten days from the end of the month in which financial transaction takes place.

4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system.
5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996.

6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.

7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, on or before the tenth day of succeeding month, unless a specific request is made to receive the same in physical form.

8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. Further, CAS issued for the half-year(September/March) shall also provide:
   a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor’s total investments in each mutual fund scheme. The term “commission” here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as service tax (wherever applicable, as per existing rates), operating expenses, etc.
   b. The scheme’s average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and other expenses for the period for each scheme’s applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Dividend

The dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend. The AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay in case of failure to dispatch dividend proceeds (presently @ 15% per annum).

Redemption

The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of acceptance of redemption or repurchase request. The redemption cheque will be issued in the name of the first unitholder.

Delay in payment of redemption / repurchase proceeds

The redemption or repurchase proceeds of the Scheme will be dispatched to the unit holders within 10 business days from the date of acceptance of redemption or repurchase request. In case of failure to despatch redemption proceeds within 10 business days, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

Restrictions, if any, on the right to freely retain or dispose of units being offered.

1. Unitholders desirous of transferring units shall submit the transfer request in the prescribed form or convert his/her holding in unit certificate or demat mode. Any addition / deletion of name from the folio of the unitholder is deemed as transfer of unit. Transfer of unit(s) shall be subject to payment of applicable stamp duty by the unitholder(s) and applicable laws. The above provisions in respect of deletion of names will not be applicable in case of death of unitholder (in respect of joint holdings) as this is treated as transmission of units and not transfer.

2. The units issued in Demat (electronic) form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time.

3. Transfer would be only in favor of transferees who are capable of holding units. The Fund will not be bound to recognize any other transfer.

4. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be affected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode.

As per SEBI circular no CIR/IMD/DF/102010 dated August 18, 2010. All the units of a mutual fund scheme held in Demat form will be freely transferable.

Please refer SAI for the procedure of transmission & pledging. Investors are requested to visit the funds website for the list of prescribed documents under any of the procedure or call the investors service centers for any clarification on the above.

Bank Account Details

It shall be mandatory for the Unitholders to mention their bank account numbers in their applications/requests for redemptions. Unitholders are requested to give the full particulars of their Bank Account i.e. nature and number of account, name, Account Number, Nine digit MICR code No. (For Electronic Credit Facility), IFSC code for NEFT a 11 digit number, branch address of the bank at the appropriate space in the application form.

1) Restriction on Acceptance of Third Party Payments for Subscription of units of schemes of Tata Mutual Fund: In pursuance to Best Practice Guidelines issued by Association of Mutual Funds in India (AMFI) Vide Circular No.135/BP/16/10 dated August 16th 2010 for acceptance of Third party cheques, Tata Asset Management Ltd has decided not to accept subscriptions with Third-Party cheques, For details kindly refer the Statement of Additional Information (SAI).

2) Uniform Procedure for Change of Bank Details (COB) and Change of Address (COA)

In order to protect the interest of the investors and mitigate the risks arising due to of increasingly fraudulent attempts by external elements by changing the address and/or bank details of the genuine investor, uniform process for carrying out change of bank and change of address is recommended by NISM committee.
Tata Mutual Fund (TMF) has decided to implement the following process for Change of Bank Mandate (COB) and Change of Address (COA) in line with the AMFI circular 135/BP/17/10-11 dated October 22, 2010 and 135/BP/26/11-12 dated March 21, 2012.

1. Documents required for Change of Bank Mandate (COB)

1. Transaction slip/Request letter from investor

2. Proof of New Bank Mandate:
Original of any one of the following documents or originals should be produced for verification or copy should be attested by the Bank:
- Cancelled original cheque of the new bank mandate with first unit holder name and bank account number printed on the face of the cheque.
- Self attested copy of not older than 3 months bank statement containing the first unit holder name and bank account number.
- Bank passbook with current entries not older than 3 months containing the first unit holder name and bank account number.
- Original Bank Letter on the letter head containing the first unit holder name and bank account number duly signed by branch manager/authorized personnel with name, employee code and bank seal.

3. Proof of Existing Bank Mandate:
Original of any one of the following documents or copy should be attested by the Bank or originals should be produced for verification:
- Cancelled original cheque with first unit holder name and bank account number printed on the face of the cheque.
- Original bank account statement / Pass book containing the first unit holder name and bank account number.
- Original letter issued by the bank on the letter head confirming the bank account holder name with the account details, duly signed by the Branch Manager with name, employee code and bank seal.
- In case such bank account is already closed, an original letter on the letter head of such bank duly signed by the Branch Manager with name, employee code and bank seal, confirming the closure of said account.

Important Note:
Unitholders may note that minimum 10 days prior notice is required for change/updation of bank account details. In case prior notice for change of bank account details is not provided atleast 10 days prior to the date of redemption then the payment of redemption proceeds may be paid out to the existing bank account. For unit holder where the units are held in demat, please ensure that the bank account details linked with the demat account is updated. Maturity payment would be made as per the bank account details as provided by the Depository Participant.

2. Documents required for Change of Address (COA)

KYC not complied Folios/Clients:

1. Transaction slip/Request letter from investor

2. Proof of New Address (as per KYC guidelines)

3. Proof of Identity: Only PAN card copy if PAN is updated in the folio, or PAN/ other proof of identity (as per KYC guidelines) if PAN is not updated in the folio.

Unitholders may note that copies of all the documents submitted should be self-attested and accompanied by originals for verification. In case the original of any document is not produced for verification, then the copies should be properly attested / verified by entities authorized for attesting/verification of the documents as per extant KYC guidelines.

Unit holders are advised to provide their contact details like telephone numbers, mobile numbers and email IDs to Tata Mutual Fund in writing.

Who can invest

This is an indicative list and you are requested to consult your financial advisor to ascertain whether the scheme is suitable to your risk profile.

Eligibility for Application

The following persons (subject, wherever relevant to, purchase of Units being permitted under their respective constitutions and relevant State Regulations) are eligible to apply for the purchase of the Units:

- Adult individuals, either singly or more than one (not exceeding three) on first holder basis or jointly on an either or survivor/any one basis.
- Parents or other lawful Guardians on behalf of Minors.
- Companies, corporate bodies, public sector undertakings, trusts, wakf boards or endowments, funds, institutions, associations of persons or bodies of individuals and societies (including Co-operative Societies) registered under the Societies Registration Act, 1860 (so long as the purchase of Units is permitted under their respective constitutions).
• Mutual Funds (including any Scheme managed by AMC or any Scheme of any other Mutual Fund); (in accordance with Regulation 44(1) read with Clause 4 of Schedule VII, of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996).

• Asset Management Company (AMC); (in accordance with Regulation 25(17) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996).

• Partnership firms, in the name of the partners.

• Hindu Undivided families (HUF) in the sole name of the Karta.

• Financial and Investment Institutions/ Banks.

• Army/ Navy / Air Force, para military Units and other eligible institutions.

• Religious and Charitable Trusts provided these are allowed to invest as per statute and their by-laws.

• Non-resident Indians/ persons of Indian origin residing abroad (NRIs) on repatriation or non-repatriation basis.

• Foreign Portfolio Investor (Foreign Portfolio Investor (FPI) as defined under Regulation 2(1) (h) of Security Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014.

• International Multilateral Agencies approved by the Government of India.

Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on:

i. US taxpayers about certain foreign financial accounts and offshore assets.

ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company Limited (TAML) is likely to be classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the “FATCA information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to provide information required by the regulatory authority and may undergo changes on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a ‘Standard for Automatic Exchange of Financial Account Information in Tax matters’. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRs on AEOI requires the financial institutions of the ‘source’ jurisdiction to collect and report information to their tax authorities about account holders ‘resident’ in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the ‘resident’ countries.
In view of India’s commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the “FATCA/CRS information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to any change at FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

Applicants who cannot Invest.

- A person who falls within the definition of the term “U.S” Person” under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S.
- A person who is resident of Canada.
- OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1061 and under Foreign Exchange Management Act,1999.

The Fund reserves the right to include / exclude new / existing categories of investors to invest in the scheme from time to time, subject to SEBI Regulations and other than prevailing statutory regulations, if any.

If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.

This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from/of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantage which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.

### Dividend Policy

<table>
<thead>
<tr>
<th>Option</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Growth Option:</strong></td>
<td>The income / profits received / earned would be accumulated by the scheme as capital accretion, aimed at achieving capital growth and reflected in the NAV.</td>
</tr>
<tr>
<td><strong>Dividend Option:</strong></td>
<td>The profits received / earned and so retained and reinvested may be distributed as Income at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided by the AMC and/or Trustee Company. It will be distributed to the unitholders who hold the units on the record date of declaration of the Income.</td>
</tr>
<tr>
<td></td>
<td>Please note that the dividend distribution and its frequency is subject to availability of distributable surplus and at the discretion of the trustees</td>
</tr>
<tr>
<td></td>
<td>AMC reserves a right to modify the periodicity and manner of payout of such dividend as they deem fit without giving any prior notice to unitholders.</td>
</tr>
<tr>
<td></td>
<td>Mutual Fund does not assure any targeted annual return / income nor any capitalisation ratio. Accumulation of earnings and / or capitalisation of bonus units and the consequent determination of NAV, may be suspended temporarily or indefinitely under any of the circumstances as stated in the clause “Suspension of Ongoing Sale, Repurchase or Switch out of Units”</td>
</tr>
</tbody>
</table>
Dividend Reinvestment: Unitholders under this option also have the facility of reinvestment of the income so declared, if so desired. The income declared would be reinvested in the scheme on the immediately following ex-dividend date.

Transactions through online facilities/electronic modes

Investor can transact through online facilities/electronic modes in Tata Mutual Fund Schemes. The time of transaction done through various online facilities/electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities/electronic modes, the movement of funds from the investors’ bank account to the Scheme’s bank account may happen via the Intermediary/Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors’ bank account into the Scheme’s bank account is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme’s bank account is within the time lines provided by RBI which is T+3 settlement cycle/business days, where T is the date of Transaction/day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary/aggregator or by the Mutual Fund.

While the movement of Funds out of the investors’ Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag/delay in realization of funds and consequent pricing of units.

JUST SMS Facility

JUST SMS Facility enables the unitholders to

- Subscription of units of the scheme for amounts less than Rs 2 lacs.
- Redemption of units in the scheme (any amount/All Units).
- Switch out from the scheme (any amount/All Units).

This facility is currently available for existing investors (resident individuals only including guardian on behalf of minor) however new investor can avail this facility after opening a folio in the scheme/(s).

The said limits can be changed at the sole discretion of Tata Asset Management Ltd.

Process Note:

1. Unitholders are deemed to have read and accepted the terms and conditions as stated in the Scheme Information Documents (SID), Key Information Memorandum (KIM) and the Statement of Additional Information (SAI) including the terms and conditions of the ‘Just SMS’ facility.

2. Subscription transaction request can be accepted in “Amounts” only and Switch and Redemption transaction requests can be accepted in “Amounts/Units”, however the request for Unit based redemption/switches can be given for “ALL” units and not part thereof. The minimum subscriptions/re redemption / Switch amount in the respective scheme/(s) will be applicable for each transaction. The load structure prevailing at the time of the purchase transaction will be applicable.

3. Mobile Number Registration: Unitholder(s) of the Fund will have to register a mobile number in all the folios (if the same is not already available) where the First/Sole unit holder PAN number is same as the First/Sole unit holder PAN in the application, the updation of the mobile number will be only for purpose of database enhancement for all communication purposes. To avail this facility, only one mobile number will be registered with one folio number.

4. Unit holder(s) of the Fund can start transacting, using this Facility only after successful registration of the Debit Mandate with their bankers and receipt of confirmation from the AMC. The process of registering the bank mandate with the bank may take up to 30 days.

5. Unit holder(s) need to provide Original cancelled cheque of the same bank account registered in the registration form with the unit holder’s name printed on the face of the cheque. In case an investor is not able to submit the Original cancelled cheque or do not have the name of the investor on the face of the cheque. Then the investor needs to submit:
   a. Copy of the bank passbook attested by bank / Original bank statement with name address and bank account number of the investor.
   b. A letter from the bank on its letter head certifying that the investor maintains an account with the bank, along with the information like the bank account number, bank branch, account type, the MICR code of the branch and the IFSC code.
c. Get the bankers attestation in the face of the form in the section BANKER’S Attestation (For BANK Use only)

d. If these supporting documents are not provided the registration may not be accepted. The Unit holder(s) cheque/ bank account details are subject to third party verification.

6. Transaction Charge: In accordance with SEBI circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, TAML/TMF will deduct Transaction Charges from the purchase/ subscription amount received from the investors investing through a valid ARN Holder i.e. AMFI registered Distributor (provided the Distributor has opted to receive the Transaction Charges). Transaction Charge of Rs. 100 (for investor other than first time mutual fund investor) per purchase / subscription of Rs. 10,000 and above are deductible from the purchase / subscription amount and payable to the Distributor. The balance amount shall be invested.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered. It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

7. In case the mode of holding of the folio is ‘Joint’ and the Debit Mandate is duly signed by all the joint holder(s), it will be deemed to be an express instruction to the AMC (Tata Asset Management Ltd) / RTA (Computer Age Management Service Pvt. Ltd), to keep the mode of holding to ‘Anyone or Survivor’ for availing this Facility only, so that this facility is available to the first named holder only. In case the unit holder is a “minor”, the legal /natural guardian shall be eligible to avail of this Facility till the minor attains majority. As such legal/natural guardian may make payments from the minor’s respective bank account (or in accordance with the exceptions provided for third party payments) and the same shall be recognized by the AMC as valid payment as per the SEBI Mutual Fund Regulations.

8. The Purchase Facility is currently available to the investors with the bank account with following bank branches:

- All bank branches participating in Reserve Bank of India (RBI) Electronic Clearing System (ECS)/Regional Electronic Clearing System (RECS) facility. 
- Core Banking branches of the following Banks: Allahabad Bank, Axis Bank, Bank Of Baroda, Citibank, Corporation Bank, HDFC Bank, Federal Bank, ICICI Bank, IDBI Bank, Karnataka Bank, Punjab National Bank, State Bank of India, Union Bank of India, United Bank of India. 

Please note that the list of the banks and branches may be modified/updated/ changed/deleted from time to time in future at the sole discretion of the AMC without assigning any reason or prior notice. You may kindly refer the AMC web site www.tatamutualfund.com for the latest list of locations/banks.

9. Some banks and branches may levy charges for mandate registration and / or transactions to their bank account holders, which will be borne by the account holder only and will not be borne /reimbursed by the AMC or the Fund.

10. Unit holder(s) hereby confirms, acknowledges and undertakes to make payments for subscription of units from their respective bank account(s) in compliance with applicable provisions relating to third party payments detailed in the SID / SAI and that the payment will be through legitimate sources only.

11. The responsibility of the bank account information provided in the Debit Mandate or any other application form for this Facility solely rests with the Unit holder(s) and the AMC / Fund / RTA will not be responsible or liable for any loss, claims, liability that may arise on account of any incorrect and / or erroneous data / information supplied by the Unit holder(s).

12. It will be the sole responsibility of the unit holder(s) bank and its branch to ensure proper registration of the Debit Mandate and confirm registration. If no confirmation of registration or rejection is received from the banker, the AMC/RTA/it’s agents will deem the same to be registered and confirm the registration to Unit holder(s) entirely at the risk of Unit holder(s).

13. The Unit holder(s) shall ensure availability of clear funds in their respective bank account, as specified in the Debit Mandate, at the time of requesting a Transaction using the Facility and at the time of bank account being debited.

14. The bank account of the customer may be debited towards purchases either on the same day of transaction or within one to seven business days depending on ECS cycle. The AMC / RTA shall attempt to settle the transaction and debit the bank account by requesting the registered bank for release of funds as per direct debit arrangement or standing instruction or RBI ECS (Debit) facility generally within a period of one to seven working days for bank. However, in case of non- receipt of the funds, for whatsoever reasons, the transaction shall stand cancelled/ null and void and the units allotted, if any would be reversed and stands cancelled.
15. The request for transaction is to be considered as accepted, subject to realization of funds towards purchases, and only on receipt of the confirmation from RTA on the registered mobile number or email id of the Unit holder(s) of the Fund.

16. The applicable NAV for the transaction will be dependent upon the time of receipt of the SMS into Computer Age Management Service Pvt. Ltd, Registrar & Transfer Agent of the Fund, (‘RTA’) server, electronically time-stamped and other factors like scheme, type of transaction, amount, date of realization of funds under SEBI regulations and will be treated on par with similar transactions received through other modes. For the purpose of this Facility, such RTA office centre would be considered as an Official Point of Acceptance of the transaction.

17. Any transaction request on a Non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the Scheme Information Document (‘SID’) of the respective scheme.

18. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to any reason whatsoever, the Unit holder(s) will not hold the Fund, AMC and the RTA responsible for the same.

19. In case of non-receipt of confirmation from RTA within a reasonable time (around one hour), Unit holder(s) are advised to immediately call up the call centre on toll free no. 022-62827777 to confirm the status of the transaction request. In case of receipt of multiple confirmations from the RTA against a single transaction request, the same needs to be brought to the immediate attention of RTA and the AMC by calling up the call centre on toll free no. 022-62827777.

20. The Unit holder(s) availing the Facility shall check his/her bank account records carefully and promptly. If the Unit holder(s) believes that there has been an error in any transaction using the Facility, or that an unauthorized transaction has been effected, the Unit holder(s) shall notify the AMC or the RTA immediately by calling up the call centre on toll free no. 022-62827777. For faster dissemination of information, Unitholders are requested to provide their E-mail IDs. Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. Annual report, Account statements & other communication will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. The Investor shall from time to time intimate the Mutual Fund/its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided & investor can download, save & print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, & the Fund would arrange to send the same to the investor. It is deemed that the Unitholder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. Mutual Fund/registrar shall not be responsible for e-mail not reaching to the investors and for all consequences thereof.

21. Unitholder(s) of the Fund agrees and acknowledges that any transaction, undertaken using the registered mobile number shall be deemed to be that of the Unitholder(s).

22. Unit holder(s) will also need to inform the AMC/RTA about any change in their bank account number, mobile number or email id through a duly signed written request in the specified format and supporting documents.

23. The Unit holder(s) agree that the Fund/AMC/RTA and their agents shall not be held liable for any unsuccessful registration and or transaction due to any action or inaction of the Unit holder(s) bank including but not limited to reasons mentioned below and agree to indemnify the Fund/AMC/RTA for all liabilities, losses, damages and expenses which they may consequent sustain or incur either directly or indirectly:

   a) Loss of the Debit Mandate in transit from point of acceptance of the form to RTA head office and further to the Unit holder(s)’ bank branch;
   b) Non acceptance or rejection of Debit Mandate for whatsoever reason by the Unit holder(s)’ bank branch, with or without any reason assigned by the Unit holder(s) bank;
   c) Non registration of the Debit Mandate by the Unit holder(s)’ bank and branch;
   d) Deemed registration due to non-confirmation of registration or subsequent rejection by the bank and any subsequent rejection of debit of bank account for funds;
   e) Non availability of funds in the bank account of the Unit holder(s) at the time of debit Rejection of registration or transaction debit for any reason or without assigning any reason whatsoever.

24. Employee Unique Identification Number (EUIN): Further, SEBI has made it compulsory for every employee/relationship manager/sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. EUIN would assist in addressing any
instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled up in the Registration Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. In this case you are required to tick (  ) the declaration to this effect.

The AMC reserve the right to reject an application if it deems appropriate.

Tata Asset Management Limited (TAML) / Tata Mutual Fund (TMF) is offering a facility to the unitholder/investors to receive transaction alerts and confirmations for financial and/or non-financial transactions and other services on "WhatsApp" which is enabled on the mobile numbers of unitholders registered in Tata Mutual Fund folios.

To receive such information/messages on WhatsApp, the unitholder / investor needs to provide their consent or "Opt In" and agree to receive various messages or other services. Investors can provide this ‘opt in’ on online mode and through physical modes like application form, through SMS etc.

The Terms and conditions for using the facility:

• The user agrees to subscribe to the WhatsApp service & promotional alerts from TAML/TMF.

• The user can unsubscribe to the channel at any time by sending an email to us at service@tataamc.com.

• This channel cannot be used for grievance redressal or reporting fraud as of now, TAML/TMF will have no liability if any such incidents are reported on this channel.

• It is advisable for customers who have subscribed to this service to delete WhatsApp when changing their device.

• Customers shall not submit or transmit any content through this service which:
  o Is Obscene, Vulgar, Pornographic, Political, Religious, etc.
  o Encourages the commission of a crime or violation of any law Violates any state or Central law in India and/or the jurisdiction in which he resides and/or any applicable law.
  o Infringes the intellectual or copyrights of a third party.

• Under no circumstances shall TAML/TMF, or its agents, affiliated companies, officers, directors, employees, and contractors be liable for any direct, indirect, punitive, incidental, special, or consequential damages that result from the use of, or inability to use, this service or for receipt of any answer provided by the program running at the back-end.

• The customer understands that using WhatsApp application may carry extra risks and may not be secured. Further any message and information exchanged is subject to the risk of being read, interrupted, intercepted, or defrauded by third party or otherwise subject to manipulation by third party or involve delay in transmission.

• TAML/TMF shall not be responsible or liable to the customer or any third party for the consequences arising out of or in connection with using of this service.

• The customer is responsible for keeping security safeguard of his WhatsApp account linked to the registered mobile number.

• TAML/TMF has the right to retrain the service anytime it deems fit.

• The customer agrees that he shall not have any claim against TAML/TMF on account of any suspension, interruption, non-availability or malfunctioning of the service due to any link/mobile/system failure at TAML/TMF’s end for any reason thereof.

• These terms and conditions may be withdrawn/ superseded/ modified at any time whatsoever, by TAML/TMF without any prior notice.

Tata Mutual Fund has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a “Category II - Registrar to an Issue” under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various asset management companies, which acts as a transaction aggregator for transacting in multiple schemes of various mutual funds with a single form and a single payment instrument. Accordingly, all the authorized Point of Sales(POS) and website/mobile application of MFUI (available currently and also updated from time to time) shall be eligible to be considered as ‘official points of acceptance’ for all financial and non-financial transactions in the schemes of Tata Mutual Fund either physically or electronically. The list of POS of MFUI is published on the website of MFUI at www.mfuidia.com.

Applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Tata Mutual Fund (and NOT the time of realization of funds in the Bank account of MFUI) within the applicable cut-off timing. The Uniform Cut –off time as prescribed by SEBI and mentioned in the SID / KIM shall be applicable for applications received through such facilities.
B. PERIODIC DISCLOSURES

Net Asset Value
This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.

NAV Information
The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m on every Business Day.

Illustration of Calculation of Sale & Repurchase Price:
Assumed NAV Rs. 11.00 per unit

Entry Load: NIL

Exit Load 1%

Sale Price = NAV + (Entry Load (%)*NAV)
Sale Price = 11 + (0% * 11)
Sale Price = 11 + 0
Sale Price = Rs. 11/-

Repurchase Price
Repurchase Price = NAV - (exit load (%)*NAV)
Repurchase Price = 11 - (1%*11)
Repurchase Price = 11 - 0.11
Repurchase Price = Rs.10.89

In the event NAV cannot be calculated and/or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and/or a breakdown in communications, the Board of Trustees may temporarily suspend determination and/or publication of the NAV of the Units.

The spread between the sale and repurchase price will be in accordance with Regulation 49(3) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996. Accordingly, the repurchase price shall not be lower than 93% of the NAV and the difference between the sale and repurchase price shall not exceed 7% calculated on the Sale price.

Portfolio Disclosures

Portfolio Disclosure:
Tata Mutual Fund shall disclose portfolio (along with ISIN) in user friendly and downloadable spreadsheet format, as on the last day of the month/half year for all their schemes on its website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com within 10 days from the close of each month/half year.
In case of unitholders whose email addresses are registered, Tata Mutual Fund will send via email both the monthly and half yearly statement of scheme portfolio within 10 days from the close of each month /half year respectively.

Tata Mutual Fund will publish an advertisement every half-year, in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the half yearly statement of the schemes portfolio on the AMC’s website www.tatamutualfund.com and on the website of AMFI (www.amfiindia.com). Tata Mutual Fund will provide physical copy of the statement of scheme portfolio without any cost, on specific request received from a unitholder.

Unaudited Financial Results:

Tata Mutual Fund/ Tata Asset Management Ltd shall within one month from the close of each half year, that is on 31st March & on 30th September, host a soft copy of its unaudited financial results on its website in the format specified in Twelfth Schedule of SEBI (Mutual Funds) Regulations 1996.

Tata Mutual Fund / Tata Asset Management Ltd shall publish an advertisement disclosing the hosting of such financial results on their website, in at least one English daily newspaper having nationwide circulation & in a newspaper having wide circulation published in the language of the region where the Head Office of the fund is situated.

Annual Report

Annual report or Abridged Summary, in the format prescribed by SEBI, will be hosted on AMC’s website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com.

The scheme wise annual report or an abridged summary thereof, in the format prescribed, shall be sent by way of e-mail to the investor’s registered e-mail address not later than four months from the date of closure of the relevant accounts year.

Investors who have not registered their email id, will have an option of receiving a physical copy of the Annual Report or Abridged Summary thereof.

Tata Mutual Fund will provide a physical copy of the abridged summary of the Annual Report, without charging any cost, on specific request received from a unitholder. Physical copies of the report will also be available to the unitholders at the registered offices at all times.

The timelines for filing scheme annual reports for the year 2019-20 is extended by one month i.e. till August 31, 2020.

Tata Mutual Fund will publish an advertisement every year, in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the AMC website (www.tatamutualfund.com) and on the website of AMFI (www.amfiindia.com).

Associate Transactions

Please refer to Statement of Additional Information (SAI).

Investor services

The AMC has designated an Investor Relations Officer to look into investor grievances regarding deficiencies, if any, in the services provided by the Registrars or the Investor Service Centres.

Name of the Investor Relations Officer: Ms. Kashmira Kalwachwala

1903/B,19th Floor, Parinee Crescenzo, G Block, BKC. Opposite MCA Club Bandra East, Mumbai-400051.

Contact No: 022-62827777 (Monday to Saturday- 9.00 am to 5.30 pm)

Email: service@tataamc.com

The AMC will have the discretion to change the Investor Relations’ Officer depending on operational necessities and in the overall interest of the fund.

Taxation

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

As per the Explanation to Section 115T of Income Tax Act 1961, an equity orientated fund is defined as a fund whose investible funds are invested in equity shares of domestic companies to the extent of more than 65% of the total proceeds of such fund. The percentage of equity share holding of the fund shall be computed with reference to the annual average of the monthly average of the opening and closing figures.

Following is the tax treatment for income arising from investment in the scheme:

The Finance Act, 2020 abolished income distribution tax and instead introduced taxing of income from mutual fund units in the hands of the unit holders.

<table>
<thead>
<tr>
<th>Type of Investor</th>
<th>Withholding tax rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Resident</td>
<td>10%*</td>
</tr>
<tr>
<td>NRI</td>
<td>20%**</td>
</tr>
</tbody>
</table>

* Tax not deductible if dividend income in respect of units of a mutual fund is below Rs. 5,000 in a financial year. However, TDS rates has been reduced to 7.5% for the period between May 14, 2020 to March 31, 2020.

** The base tax is to be further increased by surcharge at the rate of:
TATA INDIA PHARMA & HEALTHCARE FUND

- 37% on base tax where total income exceeds Rs. 5 crore;
- 25% where total income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

Further, “Health and Education Cess” is to be levied at 4% on aggregate of base tax and surcharge.

Capital Gains Taxation

<td>15%</td>
</tr>
</tbody>
</table>

*As per Finance Act, 2018, levy of income tax at the rate of 10% (without indexation benefit) on long term capital gains exceeding Rs.1 lakh provided transfer of such units is subject to Securities Transaction Tax (STT).

Surcharge to be levied at:
- 37% on base tax where specified income exceeds Rs. 5 crore;
- 25% where specified income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge at 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10 percent to be levied on base tax for the companies opting for lower rate of tax of 22%/15%. Further, “Health and Education Cess” to be levied at the rate of 4% on aggregate of base tax and surcharge.

In case of NRI investors, short term /long term capital gain tax (along with applicable surcharge and Health and Education Cess will be deducted at the time of redemption of units as per Income Tax Act.

Securities Transaction Tax

Securities Transaction Tax (“STT”) is applicable on transactions of purchase or sale of units of an equity oriented fund entered into on a recognized stock exchange or on sale of units of equity oriented fund to the Fund. The STT rates as applicable are given in the following table:

<table>
<thead>
<tr>
<th>Taxable securities transaction</th>
<th>Payable by</th>
<th>Rate (as a % of value of the transaction)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Purchase/ Sale of an equity share in a company where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such share is settled by the actual delivery or transfer of such share</td>
<td>Purchaser/ Seller</td>
<td>0.1%</td>
</tr>
<tr>
<td>Purchase of a unit of an equity oriented fund, where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such unit is settled by the actual delivery or transfer of such unit</td>
<td>Purchaser</td>
<td>NIL</td>
</tr>
<tr>
<td>Sale of a unit of an equity oriented fund, where a) the transaction of such sale is entered into in a recognized stock exchange; and b) the contract for the sale of such unit is settled by the actual delivery or transfer of such unit</td>
<td>Seller</td>
<td>0.001%</td>
</tr>
<tr>
<td>Sale of an equity share in a company or a unit of an equity oriented funds on non-delivery basis</td>
<td>Seller</td>
<td>0.025%</td>
</tr>
<tr>
<td>Sale of option in securities</td>
<td>Seller</td>
<td>0.05%</td>
</tr>
<tr>
<td>Sale of an option securities, where option is exercised</td>
<td>Purchaser</td>
<td>0.125%</td>
</tr>
<tr>
<td>Sale in a future in securities</td>
<td>Seller</td>
<td>0.01%</td>
</tr>
<tr>
<td>Sale of unit of an equity oriented fund to the Mutual Fund itself</td>
<td>Seller</td>
<td>0.001%</td>
</tr>
</tbody>
</table>

The Fund is responsible for collecting the STT from every person who sells the Unit to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.
TATA INDIA PHARMA & HEALTHCARE FUND

If any tax liability arising post redemption on account of change in tax treatment with respect to Dividend Distribution Tax/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

C. COMPUTATION OF NAV

Net Asset Value ("NAV") of the Units shall be determined as of the close of each Business Day. NAV shall be calculated in accordance with the following formula:

\[
\text{NAV} = \frac{\text{Market Value of Scheme's Investments + Accrued Income + Receivables + Other Assets - Accrued Expenses - Payables - Other Liabilities}}{\text{Number of Units Outstanding}}
\]

The computation of Net Asset Value, valuation of Assets, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off upto four decimals.

The valuation of investments shall be based on the principles of fair valuation specified in the Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued by SEBI /AMFI from time to time. * Please refer Para V. of SAI on ‘Investment valuation norms for securities & other assets’ for details.

Each option of the Regular Plan & Direct Plan will have a separate NAV.

IV. FEES AND EXPENSES

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

Being existing scheme provision of NFO expenses is not applicable for the scheme.

B. ANNUAL SCHEME RECURRING EXPENSES

A. Fees & Expenses:

<td>Upto 0.30%(^*)</td>
</tr>
</tbody>
</table>

* Excluding Goods & Services Tax on investment and advisory fees

# Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

In case of a scheme invests a minimum of sixty-five percent of its net assets in equity and equity related instruments, the scheme will be considered as equity oriented scheme for the purpose of total expense ratio.

The maximum recurring expenses for the scheme shall be subject to following limits**

- a) on the first Rs.500 crores of the daily net assets: 2.25%
- b) on the next Rs.250 crores of the daily net assets: 2.00%
- c) on the next Rs.1250 crores of the daily net assets: 1.75%
- d) on the next Rs.3000 crores of the daily net assets: 1.60%
- e) on the next Rs.5000 crores of the daily net assets: 1.50%
- f) On the next Rs. 40000 crores of the daily net assets: total expense ratio reduction of 0.05% for every increase of Rs.5000 crores of daily net assets or part thereof.
- g) on the balance of the assets: 1.05%

**In addition to the above the scheme may charge additional limit of 0.05% (subject to applicability of exit load) specified in sub regulation (6A)(c) of Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 excluding tax on investment management & advisory fees and expenses not exceeding of 0.30 per cent of daily net assets as stated in regulation 6A(b) of SEBI (Mutual Funds) Regulation, 1996.

\(^\ast\) Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are at least –

- (i) 30 per cent of gross new inflows in the scheme, or;
- (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Additional TER can be charged based on inflows only from retail investors (i.e other than corporates and institutions) from B 30 cities as defined in the SEBI circular SEBI/HO/IMD/DF2/CIR/P/2019/42 March 25, 2019.Inflows of amount upto Rs.200000/- per transaction, by individual investors shall be considered as inflows from “retail investor”.

Notes

1) Brokerage & transaction costs (including service tax) which are incurred for the purpose of execution of trade may be capitalised to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Service tax on brokerage and transaction cost paid for execution of trades shall be within the limit prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

2) AMC shall annually set apart atleast 2 basis point on daily net assets for investor’s education and awareness initiatives.

3) The fund shall update the current expense ratios on the website (www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact web link for TER is https://www.tatamutualfund.com/expense-ratio as well as disclosure to be made on the website of AMFI in downloadable spreadsheet format.
C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. As per SEBI circular SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009 there shall be no entry load for all Mutual Fund schemes. Goods & Services tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.

The Load Structure of the Scheme is given hereunder:

<table>
<thead>
<tr>
<th>Type of Load</th>
<th>Load chargeable (as % of NAV)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Entry Load</td>
<td>N.A</td>
</tr>
<tr>
<td>Exit Load (for Normal &amp; SIP/STP Transactions)</td>
<td>0.25% of NAV if redeemed on or before expiry of 3 months from the date of allotment.</td>
</tr>
</tbody>
</table>

Bonus units and units issued on reinvestment of dividends shall not be subject to exit load. Service Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.

Taxes (such as Capital Gain tax, STT, etc.) would be applicable for switch transaction (switch with/without exit load) as per the prevailing Income Tax Laws. Kindly refer Taxation section for further details.

The AMC reserves the right to change/modify exit load, depending upon the circumstances prevailing at any given time. However any change in the load structure will be applicable on prospective investment only. At the time of changing the load structure, the AMC will adopt the following measures:

- The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that same can be attached to all Scheme Information Documents and Key Information memoranda already in stock.
- The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure arrangement may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributor/ brokers’ office.
- The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changed in one English daily newspaper having nationwide circulation as well as in a newspaper publishes in the language of region where the Head office of Mutual Fund is situated.

D. TRANSACTION CHARGES

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/2011 dated August 22, 2011, transaction charge per subscription of Rs.10,000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following:

1. There shall be no transaction charges on direct investments.
2. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.
3. For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.
4. The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.
5. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.
6. There shall be no transaction charge on subscription below Rs. 10,000/-.
7. In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments.
8. There shall be no transaction charge on transactions other than purchases/subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen ‘Opt Out’ of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

V. RIGHTS OF UNITHOLDERS

Please refer to SAI for details.
VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

This section shall contain the details of penalties, pending litigation, and action taken by SEBI and other regulatory and Govt. Agencies.

1. All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated.
