REPORT OF THE TRUSTEE TO THE UNITHOLDERS FOR THE YEAR ENDED 31ST MARCH, 2015

Dear Unitholder,

It gives us great pleasure to communicate with you and present to you the schemewise audited financials as on 31st March, 2015. This Report is in continuation of the 'Portfolio Statement of the Schemes' as on 31st March, 2015 published by the investment manager earlier.

1. Scheme Performance, Future Outlook and Operations of the Schemes

The year that was:

Equity:

The first half of Financial Year 2014-2015 (April'14 to September'14) saw the BSE Sensex gaining 18.8% and closing the period at near all-time highs. The broader market did even better with CNX Mid cap and BSE Small cap indices gaining 32.6% and 51 % respectively. Indian markets outperformed most emerging markets during this period.

The second half of Financial Year 2015 (October '14 to March '15) saw the Indian equity markets continue their bull run and the BSE Sensex gained 5% while the Nifty gained 6.6% during the period. The mid cap stocks continued their out performance with CNX Mid cap index gaining 13.9% during this period.

Debt:

The year started on a bearish note as the first bimonthly policy left the key rates unchanged in line with market expectation. Amid fresh sovereign supplies, markets traded at 10 year Government security yield in the month of April going past 9% nearly to trade 125-140 bps over the repo rate of 8%. End of the maiden month of Financial Year 2014-2015 also marked the end of bearish trend for the bond markets in Financial Year 2014-2015.

Future Outlook as per the Investment Manager, Tata Asset Management Limited

Equity

The Investment Manager continues to retain a generally positive outlook on the Indian equity markets over the medium term. After a strong run up in 2014, markets have seen some correction in recent months. India's macro economic situation remains healthy with lower inflation, lower current account deficit and good improvement in fiscal deficit. With expected GDP growth rate of about 7% in Financial Year' 2016, Indian growth compares favourably with many other large economies in the world.

Debt

In medium term the Investment Manager expects the Consumer Price Inflation to continue with its downward trajectory and hence create space in Monetary Policy for easing. Growth is also expected to remain sluggish for some time. Hence interest rates are expected to come down gradually. In the interim, might see some volatility on account of global factors like crude oil prices, capital flows, government bond yields across west and currency volatility. There might be pressure on yields in near term and the investment manager expects interest rates to go up for a short period before starting a downward trajectory.

FUNDS UNDER MANAGEMENT – OPERATIONS

Tata Mutual Fund as on 31st March'2015, has thirty three open ended schemes of which ten are equity schemes, two are balanced schemes, twenty are debt schemes, one is Equity Linked Saving Scheme (ELSS) and forty nine close ended schemes of which forty seven are debt schemes and two are Equity Linked Saving Scheme (ELSS). The Average Assets Under Management for the year 2014-2015 was Rs. 24696.32 crores. (up by Rs.4564.98 crore compared to the year 2013-14)

I. Investment objective, policy and performance of the schemes of Tata Mutual Fund:

Please refer **Annexure I** for a detailed write up in this regard as provided by the Investment Manager (TAML).

2. Brief Background of Sponsors, Trust, Trustee Company and Asset Management Company (AMC).

a) Tata Mutual Fund

Tata Mutual Fund (TMF) was set up as a Trust by the Sponsors and the Settlers, Tata Sons Limited (TSL) and Tata Investment Corporation Limited (TICL) on 9th May, 1995 with Tata Trustee Company Limited as a Trustee in accordance with the provisions of the Indian Trusts Act, 1882 and is duly registered under the Indian Registration Act, 1908. The Trustee has entered into an Investment Management Agreement dated 9th May, 1995 with Tata Asset Management Limited to function as the Investment Manager for all the Schemes of Tata Mutual Fund (TMF). TMF was registered with SEBI on 30th June, 1995.

The Trustee is the exclusive holder of the Trust Funds and holds the same in trust for the benefit of the unitholders who are the ultimate owners/beneficiaries of the funds. The Trustee has been discharging its duties and carrying out the responsibilities as provided in the Regulations and the Trust Deed. The Trustee seeks to ensure that the Fund and the Schemes floated there under are managed by the AMC in accordance with the Trust Deed, the Regulations, directions and guidelines issued by the SEBI, the Stock Exchanges, the Association of Mutual Funds in India and other regulatory agencies.

Tata Asset Management Limited (TAML) is a company incorporated under the Companies Act, 1956 on 15th March, 1994. TAML has been appointed as the Asset Management Company for Tata Mutual Fund by the Trustee vide Investment Management Agreement (IMA) dated 9th May, 1995, executed between TTCL and TAML.

The Trustee Company has appointed TAML as the Investment Manager for TMF.

3. Significant Accounting Policies:

Accounting policies are in accordance with the requirements of the Securities Exchange Board of India (Mutual Fund) Regulations 1996.

4. General Policies and Procedures for exercising the voting rights

In view of SEBI guidelines related to "Role of Mutual Funds in Corporate Governance of Public Listed Companies", Tata Asset Management Ltd. has formulated its "Policy for Proxy Voting in Public Listed Companies". The said policy and summary as well as details of actual exercise of proxy votes during the Financial Year 2014 – 2015 are enclosed as **Annexure II & Annexure III** to this report and is also available on the website www.tatamutualfund.com.

5. Unclaimed Dividend & Redemption:

Details of unclaimed dividend and redemption amount are given in **Annexure IV**.

6. Redressal of Complaints received against TMF during 2014-2015:

Details of complaints received and redressed during financial year 2014-15 are given in **Annexure V**.

7. Statutory Information:

- a. The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes of the Fund beyond their initial contribution (to the extent contributed) of Rs. 1 lakh for setting up the Fund and extant SEBI (Mutual Funds) Regulation, 1996.
- b. The price and redemption value of the units, and income from them, can go up as well as down with fluctuations in the market value of its underlying investments.
- c. Full Annual Report is disclosed on the website (www.tatamutualfund.com) and is available for inspection at the Head Office of the mutual fund. Present and prospective unit holder can obtain copy of the trust deed, the full Annual Report of the Fund / AMC at a charge.

Investment Objective, policy and performance of the schemes:

Tata Retirement Savings Fund:

An Open ended fund comprising three plans: i) Progressive (an open ended equity scheme) ii) Moderate (an open ended equity scheme) iii) Conservative (an open ended debt scheme). The objective of the fund is to provide a financial planning tool for long term financial security for investors based on their retirement planning goals. Depending upon the risk appetite and the age group of the investors, the fund offers three plans with different asset allocation under each plan.

Progressive Plan: The fund outperformed its benchmark across time periods, largely through bottom up stock selection. The main contributors to the outperformance were from sectors such as auto and auto ancillary, industrials and cement.

Performance at a glance (% as on 31st March, 2015)

	Last 1 year	Last 3 years	Since Inception
Tata Retirement Savings Fund-Progressive-Plan A-Growth	50.46	21.23	21.12 (01/11/2011)
S&P BSE Sensex	24.89	17.10	14.75
Tata Retirement Savings Fund-Progressive-Direct Plan-Growth	52.81	NA	24.52 (01/01/2013)
S&P BSE Sensex	24.89	NA	17.15

Moderate Plan: The equity portion of the fund did well throughout Financial Year 2014-2015 with the help of bottom-up stock selection approach from across the sectors. The main contributors to the performance were from auto / auto ancillaries, private banks / NBFCs, cement, engineering and construction, pharmaceuticals. The fund also benefitted from underweight position on some of the large index stocks which underperformed significantly during Financial Year 2014-2015. The fund has consistently outperformed benchmark in all time periods under consideration. Both equity and debt allocations have made gains on allocations and were managed to capture opportunities provided by the market.

Performance at a glance (% as on 31st March, 2015)

	Last 1 year	Last 3 years	Since Inception
Tata Retirement Savings Fund-Moderate-Plan A-Growth	58.07	24.09	23.39 (01/11/2011)
Crisil Balanced Fund Index	22.53	14.55	13.36
Tata Retirement Savings Fund-Moderate-Direct-Growth	60.21	NA	28.61 (01/01/2013)
Crisil Balanced Fund Index	22.53	NA	14.53

Conservative Plan: The equity portion of the fund did well throughout Financial Year 2014-2015 with the help of bottom-up stock selection approach from across the sectors. The main contributors to the performance were from auto / auto ancillaries, private banks / NBFCs, cement, engineering and construction, pharmaceuticals. The fund also benefitted from underweight position on some of the large index stocks which underperformed significantly during Financial Year 2014-2015. The fund has consistently outperformed benchmark in all time periods under consideration. Both equity and debt allocations have made gains on allocations and were managed to capture opportunities provided by the market.

Performance at a glance (% as on 31st March, 2015)

	Last 1 year	Last 3 years	Since Inception
Tata Retirement Savings Fund – Conservative-Plan A-Growth	21.95	12.17	12.01 (01/11/2011)
MIP Blended Index	16.45	10.59	10.42
Tata Retirement Savings Fund – Conservative-Direct-Growth	23.48	NA	14.62(07/07/2013)
MIP Blended Index	16.45	NA	10.36

Past Performance may or may not sustain in future. Return for period more than one year is compounded annualised. Returns given are for Plan A (Growth option) & Direct Plan (Growth option). Direct Plan option was also introduced from 1st January'2013 in all open ended schemes of Tata Mutual Fund.

Annexure-II

VOTING POLICY

Tata Asset Management Limited (The AMC) is the Asset Management Company for Tata Mutual Fund (Fund). The AMC has set out this Voting policy. The Policy contains the principles that form the basis of all votes. The AMC believes that these principles are essential to ensure the long-term performance of assets managed by the AMC. The AMC will endeavor to manage voting rights with the same level of care and skill as it manages the funds. As a broad principle, the AMC does not have intention to participate directly or indirectly in the management of the companies but it will use its influence as the representative of the shareholder amongst others by exercising its voting rights in accordance with the best interests of its funds unit holders as and when required. The AMC will follow a common voting policy for all its holdings including group companies and companies which have subscribed to the units of the schemes of the AMC without any bias towards any company. The interests of its unitholders being of prime importance.

The Schemes are entitled to exercise the voting rights attached to the shares. The shareholders do not necessarily need to be physically present at the site of the company's annual meeting / extra-ordinary general meeting in order to exercise their right to vote. It is common for shareholders to voice their vote by proxy.

The AMC will exercise adequate safeguards to address any conflicts of interest with regard to any individual investments. This may imply that the AMC through its representatives may decide to refrain from exercising its voting rights if considered appropriate. AMC will only be voting in the exclusive interest of the unitholders, without taking into consideration the interest of any particular lobby/business group / promoter etc of such company.

Annexure-III

The Summary & Details of Vote Cast by Tata Mutual Fund for the Financial Year 2014-2015:

INDEPENDENT AUDITORS' REPORT

**TO THE BOARD OF DIRECTORS OF
TATA TRUSTEE COMPANY LIMITED**

TATA MUTUAL FUND – TATA RETIREMENT SAVINGS FUND – PROGRESSIVE PLAN

We have audited the accompanying financial statements of **TATA MUTUAL FUND – TATA RETIREMENT SAVINGS FUND – PROGRESSIVE PLAN** (the "Scheme") which comprise the Balance Sheet as at March 31, 2015 and the Revenue Account for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Managements of Tata Trustee Company Limited (the "Trustee Company") and Tata Asset Management Limited (the "Investment Manager") are responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Scheme in accordance with accounting policies and standards as specified in the Ninth Schedule of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 and subsequent amendments (the "Regulations") and the accounting principles contained in the Regulations. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Scheme's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, read with our comments in the Emphasis of Matter paragraph, the aforesaid financial statements give the information required by the Regulations and give a true and fair view in conformity with the accounting principles contained in the Regulations:

- (a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2015; and
- (b) in the case of the Revenue Account, of the surplus of the Scheme for the year then ended.

Emphasis of Matter

We draw attention to Note No. B 1.2 in Schedule VII of the financial statements wherein the Managements of the Trustee Company and the Investment Manager have explained their view regarding the applicability of the Accounting Standards issued by the Institute of Chartered Accountants of India to mutual funds. The Managements of the Trustee Company and the Investment Manager are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the Regulations, based on which the financial statements have been prepared. Our opinion is not qualified in respect of this matter.

Report on Regulatory Requirements

1. As required by Regulation 55, and Clause 5 of the Eleventh Schedule to the Regulations, we report that:
 - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) the Balance Sheet and the Revenue Account dealt with by this report are in agreement with the books of account of the Scheme; and
 - (c) the Balance Sheet and the Revenue Account dealt with by this report have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the Regulations.
2. As required by Clause 2 (ii) of Eighth Schedule of the Regulations, we report that, non-traded securities as at March 31, 2015 have been valued following the "Principles of Fair Valuation" approved by the Board of Directors of the Trustee Company and Investment Manager. In our opinion, these valuations are fair and reasonable.

INDEPENDENT AUDITORS' REPORT

**TO THE BOARD OF DIRECTORS OF
TATA TRUSTEE COMPANY LIMITED
TATA MUTUAL FUND –TATA RETIREMENT SAVINGS FUND – MODERATE PLAN**

Report on the Financial Statements

We have audited the accompanying financial statements of **TATA MUTUAL FUND – TATA RETIREMENT SAVINGS FUND – MODERATE PLAN** (the "Scheme") which comprise the Balance Sheet as at March 31, 2015 and the Revenue Account for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Managements of Tata Trustee Company Limited (the "Trustee Company") and Tata Asset Management Limited (the "Investment Manager") are responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Scheme in accordance with accounting policies and standards as specified in the Ninth Schedule of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 and subsequent amendments (the "Regulations") and the accounting principles contained in the Regulations. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Scheme's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, read with our comments in the Emphasis of Matter paragraph, the aforesaid financial statements give the information required by the Regulations and give a true and fair view in conformity with the accounting principles contained in the Regulations:

- (a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2015; and
- (b) in the case of the Revenue Account, of the surplus of the Scheme for the year then ended.

Emphasis of Matter

We draw attention to Note No. B 1.2 in Schedule VII of the financial statements wherein the Managements of the Trustee Company and the Investment Manager have explained their view regarding the applicability of the Accounting Standards issued by the Institute of Chartered Accountants of India to mutual funds. The Managements of the Trustee Company and the Investment Manager are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the Regulations, based on which the financial statements have been prepared. Our opinion is not qualified in respect of this matter.

Report on Regulatory Requirements

1. As required by Regulation 55, and Clause 5 of the Eleventh Schedule to the Regulations, we report that:
 - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) the Balance Sheet and the Revenue Account dealt with by this report are in agreement with the books of account of the Scheme; and
 - (c) the Balance Sheet and the Revenue Account dealt with by this report have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the Regulations.
2. As required by Clause 2 (ii) of Eighth Schedule of the Regulations, we report that, non-traded securities as at March 31, 2015 have been valued following the "Principles of Fair Valuation" approved by the Board of Directors of the Trustee Company and Investment Manager. In our opinion, these valuations are fair and reasonable.

INDEPENDENT AUDITORS' REPORT

**TO THE BOARD OF DIRECTORS OF
TATA TRUSTEE COMPANY LIMITED**

TATA MUTUAL FUND –TATA RETIREMENT SAVINGS FUND – CONSERVATIVE PLAN

We have audited the accompanying financial statements of **TATA MUTUAL FUND – TATA RETIREMENT SAVINGS FUND – CONSERVATIVE PLAN** (the "Scheme") which comprise the Balance Sheet as at March 31, 2015 and the Revenue Account for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Managements of Tata Trustee Company Limited (the "Trustee Company") and Tata Asset Management Limited (the "Investment Manager") are responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Scheme in accordance with accounting policies and standards as specified in the Ninth Schedule of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 and subsequent amendments (the "Regulations") and the accounting principles contained in the Regulations. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Scheme's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, read with our comments in the Emphasis of Matter paragraph, the aforesaid financial statements give the information required by the Regulations and give a true and fair view in conformity with the accounting principles contained in the Regulations:

- (a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2015; and
- (b) in the case of the Revenue Account, of the surplus of the Scheme for the year then ended.

Emphasis of Matter

We draw attention to Note No. B 1.2 in Schedule VII of the financial statements wherein the Managements of the Trustee Company and the Investment Manager have explained their view regarding the applicability of the Accounting Standards issued by the Institute of Chartered Accountants of India to mutual funds. The Managements of the Trustee Company and the Investment Manager are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the Regulations, based on which the financial statements have been prepared. Our opinion is not qualified in respect of this matter.

Report on Regulatory Requirements

1. As required by Regulation 55, and Clause 5 of the Eleventh Schedule to the Regulations, we report that:
 - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) the Balance Sheet and the Revenue Account dealt with by this report are in agreement with the books of account of the Scheme; and
 - (c) the Balance Sheet and the Revenue Account dealt with by this report have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the Regulations.
2. As required by Clause 2 (ii) of Eighth Schedule of the Regulations, we report that, non-traded securities as at March 31, 2015 have been valued following the "Principles of Fair Valuation" approved by the Board of Directors of the Trustee Company and Investment Manager. In our opinion, these valuations are fair and reasonable.

Schedules forming part of the Accounts

Schedule VII Statement of significant accounting policies and notes forming part of the financial statements of Tata Retirement Savings Fund-Progressive Plan as at and for the year ended 31st March, 2015.

A BACKGROUND

TATA RETIREMENT SAVINGS FUND -PROGRESSIVE PLAN (the "Scheme") is an open ended scheme of Tata Mutual Fund (the "Fund"). The Fund is registered with the Securities and Exchange Board of India ("SEBI"). The Scheme is managed by Tata Asset Management Limited ("TAML" / the "Investment Manager"), an investment management company registered with SEBI. The objective of the Fund is to provide a financial planning tool for long term financial security for investors based on their retirement planning goals. The Scheme is sponsored by Tata Sons Limited ("TSL") and Tata Investment Corporation Limited ("TICL"). Tata Trustee Company Limited ("TTCL" / the "Trustee Company") is the trustee company of the Scheme.

B SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Accounting

The principle accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to both the periods presented, unless otherwise stated.

1.2 Preparation of Financial Statements of the Scheme

The financial statements of the Scheme have been prepared in accordance with the requirements of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (the "SEBI Regulations"), the Ninth and Eleventh Schedules of which lay down the accounting policies and standards to be adopted and the disclosures to be made.

The Expert Advisory Committee (the "EAC") of the Institute of the Chartered Accountants of India ("ICAI") have opined that the Accounting Standards on Cash Flow Statement ("AS-3"), Segment Reporting ("AS-17") and Related Party Disclosures ("AS-18") issued by the ICAI are applicable to the financial statements of schemes of mutual funds. The managements of the Investment Manager and the Trustee Company are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the SEBI Regulations, based on which the financial statements have been prepared.

The preparation of financial statements in conformity with the SEBI Regulations requires the use of certain critical accounting estimates. It also requires the Board of Directors of the Investment Manager to exercise its judgement in the process of applying the Fund's accounting policies.

The areas involving high degree of judgement or complexity or critical estimates are fair values of unlisted equity securities.

1.3 Portfolio Valuation

a Recognition, de-recognition and measurement

Regular purchases and sales of investments are recognised on the trade date - i.e. the date on which the Scheme's order of purchase or sale of investment is executed. Investments include contracts for purchase of securities and exclude contracts for sale of securities, for which deliveries are not received/collected.

Investments purchased are initially recognised at cost of acquisition. Cost of acquisition includes transaction costs such as brokerage, stamp charges and other charges customarily included in the brokers note, but excludes pre-acquisition accrued interest which is classified as part of "Other Current Assets".

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Scheme has transferred substantially all the risks and rewards of ownership.

Bonus shares and rights entitlement are recognised as on the respective ex-dates on the principal stock exchange where the shares are traded.

Subsequent to initial recognition, all investments are measured at fair values reflective of the realisable value of the securities / assets. Gains or losses on sale of investments are determined using the "average cost method" and are recognised in the Revenue Account in the period in which they arise either within "Income" if it is a gain or within "Expenses and Losses" if it is a loss. Changes in the unrealised diminution in the value of investments, if any, between two balance sheet dates is recognised in the Revenue Account as "Provision/(Reversal) for diminution in value of investments". Changes in the unrealised appreciation in the value of investments, if any, between two balance sheet dates is disclosed under appropriation account as "Increase / (Decrease) in unrealised appreciation in the value of investments". Unrealised gain in the value of investment is reduced from distributable income at the time of income distribution.

b Fair value estimation

Equity Securities

The Scheme classifies its investments in equity securities as Non-Traded, Thinly Traded and Traded Securities.

Non-Traded equity securities are those equity and equity related securities (such as convertible debentures, equity warrants, etc.) that have not been traded on any Stock Exchange for a period of thirty days prior to the valuation date.

When trading in an equity and equity related security in a month is less than Rs. 500,000 and the total volume (in all recognised Stock Exchanges) is less than 50,000 shares, the security is classified as Thinly Traded.

Equity securities that do not fall within the Non-Traded Securities or Thinly Traded Securities are classified as Traded Securities.

Traded securities are valued at the last quoted closing price on the principal stock exchange (Bombay Stock Exchange Limited - "BSE") on which the security is traded on valuation date. When on a particular valuation day, a security has not been traded on the BSE; the last quoted closing price at which it is traded on National Stock Exchange ("NSE") is used.

When an equity security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the principal stock exchange or any other stock exchange, as the case may be, on the earliest previous day is used provided such date is not more than 30 days prior to the valuation date.

Where a traded equity or equity related security is demerged into two or more entities and one of those entities continues to be listed, the value of the unlisted entity is determined to be the difference between the closing price of the listed entity on the ex-date (after demerger) and the previous trading date (before demerger) until listing of the other entity.

The fair values of Non-Traded and Thinly Traded equity and equity related securities are determined in each case by appropriately discounting (by 15%) the average of the net worth per share based on its latest audited annual financial statements and the capitalised earning values of those shares (i.e. the product of the earnings per share of the entity based on its latest audited annual financial statements and 25% of the average PE multiple for the industry). Where audited annual financial statements of the entity are not available within 9 months from the year end, unless the accounting year has changed, the equity securities are valued at zero.

The Scheme does not have any Non-Traded or Thinly Traded equity or equity related securities accounting for more than 5% of its total assets.

Debt securities (including asset backed securities and money market instruments but excluding Government Securities and Treasury Bills) ("Debt Securities"):

i) Upto 27th November, 2013 :

Debt Securities having balance maturities of upto one year are classified as Traded if on the valuation date, there were at least three trades with aggregate volume greater than Rs. 100 crores reported on a public platform and those having a balance maturity beyond one year were classified as Traded if on the valuation date there were at least two trades with an aggregate volume greater than Rs. 25 crores reported on a public platform. Other Debt Securities are classified as Non-Traded.

Traded Debt Securities were valued at the weighted average price at which they were traded on the particular valuation day on the principal stock exchange on which the security is traded. The weighted average price was determined based on trades reported on the Fixed Income Money Market and Derivatives Association ("FIMMDA") platform. If there were no trades reported on the FIMMDA platform, the weighted average price was determined based on transactions on NSE's Wholesale Debt Market ("WDM"), in the absence of which the transactions on the BSE were used. In the absence of all of the above, the weighted average price was determined based on the Fund's own trades.

The fair values of Non-Traded debt securities have been determined as under:

Non-Traded Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were categorised by the Investment Manager as "Investment Grade" and "Below Investment Grade". The values of Investment Grade Debt Securities were based on yields arrived at by using a matrix of spread over the risk free benchmark yield. The risk free benchmark yield and matrix of spread were obtained from CRISIL Ltd. ("CRISIL") and ICRA Ltd. ("ICRA") (both agencies being entrusted for the purpose by the Association of Mutual Funds in India ("AMFI")), which were aggregated to arrive at the average yield for valuation. The Scheme does not have investments in Below Investment Grade securities.

Non-Traded Debt Securities with residual maturity of upto 60 days were valued on an amortisation basis. The amortisation based value was determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

ii) From 28th November, 2013:

Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were valued at average of the prices received from CRISIL and ICRA.

Debt Securities with residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value/trade value (as explained below) exceed 10 basis points of the amortised value, the amortised value/trade value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield. Upto 25th June, 2014, when there are trades in a day aggregating value of Rs. 100 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation. With effect from 26th June, 2014, when there are trades in a day aggregating value of Rs. 25 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

Government Securities and Treasury Bills:

Upto 27th November, 2013, Government Securities (not being Treasury Bills) were valued at the average of the prices released by CRISIL and ICRA, which are the agencies approved by AMFI for the purpose. Treasury Bills were valued at the weighted average price at which they are traded on the particular valuation day on the principal stock exchange (NSE). In the absence of such trade, Treasury Bills having a residual maturity greater than 60 days were valued at the average of the prices released by CRISIL and ICRA and Treasury Bills having a residual maturity not exceeding 60 days, were valued on an amortisation basis i.e. at cost / last valuation price (as applicable) plus the difference between the redemption value and cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument.

With effect from 28th November, 2013, Government Securities and Treasury Bills having maturity greater than 60 days are valued at the average of the prices released by CRISIL and ICRA, the approved agencies for this purpose. For Government Securities and Treasury Bills having residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value (as explained below) exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

Reverse repo and Collateralised Borrowing and Lending Obligation (CBLO) :

Reverse repo and CBLO are valued at cost plus accrued interest.

.4 A) Income Recognition:

Income is recognised on an accrual basis when the right of receipt is established and there is a reasonable certainty of collection. The recognition criteria for material classes of income are stated below :

- a) Dividend income is recognised on ex-dividend dates.
- b) Profit or loss on sale of investments is recognised on trade dates. The cost of investments sold is determined on “weighted average cost basis”.
- c) Interest on investments, term deposits and reverse repos is recognised on a time-proportionate basis using the coupon rate.
- d) Discounts and premium on Debt Securities, CBLO and Treasury Bills are amortised on a straight-line basis over the period upto redemption.

1.4 B) Expenses:

Expenses are accrued as under:

Upto 31st March, 2014:

Subsequent to the amendments carried out to the SEBI Regulations by the SEBI (Mutual Funds) (Second Amendment) Regulation 2012, the ceiling on expenses charged to the Scheme, encompassed all elements i.e. the charge for management fees as well as other expenses (called the Total Expense Ratio -"TER") and no portion was identified to any of the elements.

The Investment Manager has opted to maintain the fund for investor education and awareness initiative in its own books and has represented that 2 basis points of the net assets claimed towards this fund is being used towards the investor education and awareness initiative.

With effect from 1st April, 2014:

- a) Management fees charged by the Investment Manager and Trusteeship fees charged by the Trustee company, are based on a pre-determined proportion of the daily net assets.
- b) Selling Commission directly attributable and identifiable to the Scheme, are being charged to the respective Schemes.
- c) The Scheme / Investment Manager (on behalf of the scheme) contributed 2 basis points on daily net assets towards Investor Education and Awareness Initiative (IEAI) as per SEBI Regulations.

Above expenses are capped at the lower of the limits laid down in the SEBI Regulations and the Scheme Information Document ("SID").

The Scheme is charged with additional expense not exceeding 30 basis points of its daily net assets, if the net inflows from beyond the notified top 15 cities are not less than higher of (a) 30% of the gross inflows into the Scheme or (b) 15% of the average assets under management (on a year - to -date basis) of the Scheme.

If the net inflows are lower than the threshold determined as above, the additional expense that could be charged to the Scheme is determined as under:

$(\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 15 cities}) / (365 \times \text{Higher of (a) or (b) above})$.

These expenses are classified as Commission to Agents in Revenue Account as the Investment Manager has represented that the additional charge has been utilised / is earmarked for utilisation towards distribution expenses for bringing inflows from such cities.

1.5 Unit Premium Reserve (“UPR”) and Income Equalisation

On issue / repurchase of units, the portion of the premium which is attributable to realised gains is credited / debited to the Revenue Account for the period as Income Equalisation. It is reflected in the Revenue Account after the net surplus / deficit of the scheme is determined. The balance portion of the premium that is not attributable to realised gains is credited / debited to the UPR.

If units are sold at a price lower than the face value the difference is debited to the Revenue Account as Income Equalisation.

The distributable amount is determined by deducting from the balance in the Revenue Reserve as at the end of the period, the net unrealised appreciation in the value of investments as at the end of the period. Credit balance in the UPR is considered to be at par with unit capital and is not taken into account in the determination of the distributable surplus. Dividend is declared only when the Revenue Reserve is positive.

1.6 Load Charges:

Load represents amounts charged to investors at the time of exit from the Scheme. The difference between the NAV and the repurchase price is disclosed as “Accumulated Load” which is not considered for computation of the NAV of the Scheme.

With effect from 1st August, 2009, the Scheme has not charged any entry load on investments made into it (including additional purchases and switches into the Scheme from other schemes) otherwise than through Systematic Investment Plans ("SIPs") registered prior to 31st July, 2009 and exit load charged in excess of 1% of redemption value is credited to the Scheme.

In the books of account of the Scheme, the load balances are identified in two parts viz. balance that existed as at 31st July, 2009 and accretions that were made post that date. The utilisation of portion that existed on 31st July, 2009 is restricted for use in marketing and selling expenses including distributor's / agent's commissions subject to a limit of one-third each in that and subsequent financial years. The unused balance of such load subjected to restricted usage as at 31st March, 2015 is Rs.Nil (previous year Rs.Nil). The accretions after 31st July, 2009, can be utilised without any restrictions.

In compliance with SEBI (Mutual Funds) (Second Amendment) Regulations, 2012, with effect from 1st October 2012, exit load collected, net of service tax, is credited to the Scheme.

C. Notes attached to and forming part of the financial statements for the year ended 31st March, 2015

1. The aggregate value of purchases and sales (including redemptions) of investments for the year ended 31st March, 2015 expressed as a percentage of average daily net assets is as under :

Particulars	Year Ended		Year Ended	
	31-Mar-15		31-Mar-14	
	Value Rs.	%	Value Rs.	%
Aggregate value of Purchases	4492,16,766	65.33	2337,64,522	64.90
Aggregate value of Sales (including redemptions)	2914,57,802	42.39	1079,63,029	29.97

2. Investments made by the schemes of Tata Mutual Fund in companies or their subsidiaries (to the extent of information available) that have invested more than 5% of the net assets of any scheme of the fund, in terms of Regulation 25 (11) of the SEBI Regulations (Refer Annexure 1).
3. Statement of Portfolio with industry wise classification as at 31st March, 2015 (Refer Annexure 2).
4. In accordance with the terms of arrangement with Investment Manager and Trustee Company, and as per SEBI Regulations, the Scheme has provided for management fees and trusteeship fees and the annualised rate as a % of the average daily net assets value attributable to the unitholders works out as under :

Management Fees		Trusteeship Fees (inclusive of service tax)	
PLAN A			
Current Year	Previous Year	Current Year	Previous Year
1.6485	2.5063	0.0329	0.0562

DIRECT			
Current Year	Previous Year	Current Year	Previous Year
1.2791	1.6500	0.0304	0.0562

5. Contingent liabilities as at 31st March, 2015 are Rs.Nil (previous year Rs. Nil).
6. Transactions with Trustees, Investment Manager, their associates and with entities controlled by co-sponsors (in relation to services received by the Scheme).

As explained above, TSL and TICL are the co-sponsors of the Mutual Fund. The nature of transactions with the Trustees, the Investment Manager, their associates and entities controlled by co-sponsors has been provided hereinafter. For the purpose of making these disclosures, the meanings ascribed to the terms “associates” and “control” by Regulation 2(c) and 2(g) of the SEBI Regulations have been used which have been summarised below:

- i. Associates are entities/person that exercise control over or are controlled by the Trustee Company and the Investment Manager or whose director, officer or employee is a director, officer or employee of the Investment Manager;
- ii. Control means the ability to exercise not less than 10% of the voting power of an entity or the ability of the board of directors of an entity to exercise control over the Investment Manager.

Investment Manager

The Board of Directors of the Trustee Company has appointed Tata Asset Management Limited as the Investment Manager for the Mutual Fund pursuant to an agreement dated 9th May 1995.

The Investment Manager also provides certain secretarial and administrative services to the Mutual Fund. Under the terms of the arrangement, the Scheme pays the Investment Manager a fee not greater than the quantum as defined in the SID as a % of the daily net assets value attributable to the unit holders.

The Investment Manager is a subsidiary of TSL.

Broker

The Investment Manager has appointed various brokers for carrying out investment trades on behalf of the Scheme for a brokerage. Entities that have been paid such brokerage include Tata Securities Limited (“TSec”), over which TSL exercises control.

Transactions during the year in relation to services received by the Scheme from the co-sponsors or from entities over which they exercise control and other disclosures required under Regulation 25(8) of the SEBI Regulations are contained in Annexure 3.

7. Disclosure under Regulation 25(8) of the SEBI Regulations have been made in the table below in respect of other payments made to parties associated with sponsors in which the Investment Manager or its major shareholders have a substantial interest.

Name of the Company	Nature of Payment	Year Ended	Year Ended	% equity capital held by the sponsors
---------------------	-------------------	------------	------------	---------------------------------------

		31-Mar-15 Rs.	31-Mar-14 Rs.	and its subsidiary / associates as at 31st March, 2015.
Tata Asset Management Limited	Management Fees	112,91,363	89,98,900	100%*
Tata Trustee Company Limited	Trusteeship Fees (inclusive of service tax)	2,26,221	2,02,369	100%**

* Tata Sons Limited – 67.90% and Tata Investment Corporation Limited – 32.10%

** Tata Sons Limited – 50.00% and Tata Investment Corporation Limited – 50.00%

8. Net Asset Value Per Unit (Rs.) :

Particulars		As at 31-Mar-15	As at 31-Mar-14
Face Value Rs.			10
Net Asset Value Rs.	PLAN A - Growth	19.2318	12.7835
	Direct - Growth	19.9885	13.0805

9. Investments made in group companies (Refer Annexure 4).

10. Unprovided diminution and unrealised appreciation in the value of investments.

Particulars	As at 31-Mar-15 Rs.	As at 31-Mar-14 Rs.
Unrealised appreciation	2825,28,681	725,71,117
Unprovided diminution	Nil	Nil

11. There are no unit holder holding above 25% of the Net Asset Value of the Scheme as at 31st March, 2015 (previous year no unit holder holding above 25% of the Net Asset Value).
12. Unclaimed redemption / dividend amount, since the inception of the Scheme has been invested separately, only in money market instruments and the investors who have claimed their redemption / dividend amounts have been paid alongwith the appreciation earned on these amounts as per SEBI circular MFD / CIR / 9 / 120 / 2000 dated 24 November, 2000. As at 31st March, 2015 the unclaimed redemption amount is Rs.141,063/- for 34 investors (previous year Rs.81,759/- for 29 investors) and the unclaimed dividend amount is Rs.Nil for Nil investors (previous year Rs.Nil for Nil investors).
13. In accordance with clause 7 of the Seventh schedule referred to in Regulation 44 (1) of the SEBI Regulations, securities purchased should be held in the name of the Scheme. Investments in Government Securities and Treasury Bills are held in the name of "Tata Mutual Fund".
14. No provision for income tax has been made since the income of the schemes is exempt u/s 10(23D) of the Income Tax Act 1961.
15. Liability towards Investor Education and Awareness Initiative (IEAI) :

Movement of IEAI balances for Tata Mutual Fund during the financial year ended March 31, 2015 is as follows:

Particulars	Amount (Rs.)
Opening balance transferred*	324,16,885
Additions during the current year	490,26,312
Less: Utilisation during the current year	319,50,650
Closing balance (as on March 31, 2015)	494,92,547

* As received from Investment Manager on April 9, 2014. This has been explained in note no.1.4 (B) in Part B above.

Based on the Best practice guidelines circular issued by AMFI, the closing balances of IEAI has been transferred to IEAI Pool Account at Fund level.

16. During the current year, there has been a change in the accounting policy relating to the valuation of debt securities, pursuant to an amendment of valuation norms. This has been explained in note no.1.3 (b) in Part B above. The impact of the change in accounting policy on the Revenue Account and the carrying value of investments is not readily ascertainable.
17. On account of the change in the basis of charging expenses to the Scheme explained in note 1.4 (B) in Part B above, at a line item level the expenses of the current year charged to the Scheme, may not be comparable with those charged in the previous year. The impact of the change in accounting policy on the Revenue Account is not readily ascertainable.

18. The figures for the previous year have been regrouped and reclassified wherever necessary to conform with the current year's classification.

Schedules forming part of the Accounts

Schedule VII Statement of significant accounting policies and notes forming part of the financial statements of Tata Retirement Savings Fund-Moderate Plan as at and for the year ended 31st March, 2015.

A BACKGROUND

TATA RETIREMENT SAVINGS FUND -MODERATE PLAN (the "Scheme") is an open ended equity scheme of Tata Mutual Fund (the "Fund"). The Fund is registered with the Securities and Exchange Board of India ("SEBI"). The Scheme is managed by Tata Asset Management Limited ("TAML" / the "Investment Manager"), an investment management company registered with SEBI. The objective of the Fund is to provide a financial planning tool for long term financial security for investors based on their retirement planning goals. However, there can be no assurance that the investment objective of the fund will be realized, as actual market movements may be at variance with anticipated trends. The Scheme is sponsored by Tata Sons Limited ("TSL") and Tata Investment Corporation Limited ("TICL"). Tata Trustee Company Limited ("TTCL" / the "Trustee Company") is the trustee company of the Scheme.

B SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Accounting

The principle accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to both the periods presented, unless otherwise stated.

1.2 Preparation of Financial Statements of the Scheme

The financial statements of the Scheme have been prepared in accordance with the requirements of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (the "SEBI Regulations"), the Ninth and Eleventh Schedules of which lay down the accounting policies and standards to be adopted and the disclosures to be made.

The Expert Advisory Committee (the "EAC") of the Institute of the Chartered Accountants of India ("ICAI") have opined that the Accounting Standards on Cash Flow Statement ("AS-3"), Segment Reporting ("AS-17") and Related Party Disclosures ("AS-18") issued by the ICAI are applicable to the financial statements of schemes of mutual funds. The managements of the Investment Manager and the Trustee Company are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the SEBI Regulations, based on which the financial statements have been prepared.

The preparation of financial statements in conformity with the SEBI Regulations requires the use of certain critical accounting estimates. It also requires the Board of Directors of the Investment Manager to exercise its judgement in the process of applying the Fund's accounting policies.

The areas involving high degree of judgement or complexity or critical estimates are fair values of unlisted equity securities.

1.3 Portfolio Valuation

a Recognition, de-recognition and measurement

Regular purchases and sales of investments are recognised on the trade date - i.e. the date on which the Scheme's order of purchase or sale of investment is executed. Investments include contracts for purchase of securities and exclude contracts for sale of securities, for which deliveries are not received/collected.

Investments purchased are initially recognised at cost of acquisition. Cost of acquisition includes transaction costs such as brokerage, stamp charges and other charges customarily included in the brokers note, but excludes pre-acquisition accrued interest which is classified as part of "Other Current Assets".

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Scheme has transferred substantially all the risks and rewards of ownership.

Bonus shares and rights entitlement are recognised as on the respective ex-dates on the principal stock exchange where the shares are traded.

Subsequent to initial recognition, all investments are measured at fair values reflective of the realisable value of the securities / assets. Gains or losses on sale of investments are determined using the "average cost method" and are recognised in the Revenue Account in the period in which they arise either within "Income" if it is a gain or within "Expenses and Losses" if it is a loss. Changes in the unrealised diminution in the value of investments, if any, between two balance sheet dates is recognised in the Revenue Account as "Provision/(Reversal) for diminution in value of investments". Changes in the unrealised appreciation in the value of investments, if any, between two balance sheet dates is disclosed under appropriation account as "Increase / (Decrease) in unrealised appreciation in the value of investments". Unrealised gain in the value of investment is reduced from distributable income at the time of income distribution.

b Fair value estimation

Equity Securities

The Scheme classifies its investments in equity securities as Non-Traded, Thinly Traded and Traded Securities.

Non-Traded equity securities are those equity and equity related securities (such as convertible debentures, equity warrants, etc.) that have not been traded on any Stock Exchange for a period of thirty days prior to the valuation date.

When trading in an equity and equity related security in a month is less than Rs. 500,000 and the total volume (in all recognised Stock Exchanges) is less than 50,000 shares, the security is classified as Thinly Traded.

Equity securities that do not fall within the Non-Traded Securities or Thinly Traded Securities are classified as Traded Securities.

Traded securities are valued at the last quoted closing price on the principal stock exchange (Bombay Stock Exchange Limited - "BSE") on which the security is traded on valuation date. When on a particular valuation day, a security has not been traded on the BSE; the last quoted closing price at which it is traded on National Stock Exchange ("NSE") is used.

When an equity security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the principal stock exchange or any other stock exchange, as the case may be, on the earliest previous day is used provided such date is not more than 30 days prior to the valuation date.

Where a traded equity or equity related security is demerged into two or more entities and one of those entities continues to be listed, the value of the unlisted entity is determined to be the difference between the closing price of the listed entity on the ex-date (after demerger) and the previous trading date (before demerger) until listing of the other entity.

The fair values of Non-Traded and Thinly Traded equity and equity related securities are determined in each case by appropriately discounting (by 15%) the average of the net worth per share based on its latest audited annual financial statements and the capitalised earning values of those shares (i.e. the product of the earnings per share of the entity based on its latest audited annual financial statements and 25% of the average PE multiple for the industry). Where audited annual financial statements of the entity are not available within 9 months from the year end, unless the accounting year has changed, the equity securities are valued at zero.

The Scheme does not have any Non-Traded or Thinly Traded equity or equity related securities accounting for more than 5% of its total assets.

Debt securities (including asset backed securities and money market instruments but excluding Government Securities and Treasury Bills) ("Debt Securities"):

i) Upto 27th November, 2013 :

Debt Securities having balance maturities of upto one year are classified as Traded if on the valuation date, there were at least three trades with aggregate volume greater than Rs. 100 crores reported on a public platform and those having a balance maturity beyond one year were classified as Traded if on the valuation date there were at least two trades with an aggregate volume greater than Rs. 25 crores reported on a public platform. Other Debt Securities are classified as Non-Traded.

Traded Debt Securities were valued at the weighted average price at which they were traded on the particular valuation day on the principal stock exchange on which the security is traded. The weighted average price was determined based on trades reported on the Fixed Income Money Market and Derivatives Association ("FIMMDA") platform. If there were no trades reported on the FIMMDA platform, the weighted average price was determined based on transactions on NSE's Wholesale Debt Market ("WDM"), in the absence of which the transactions on the BSE were used. In the absence of all of the above, the weighted average price was determined based on the Fund's own trades.

The fair values of Non-Traded debt securities have been determined as under:

Non-Traded Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were categorised by the Investment Manager as "Investment Grade" and "Below Investment Grade". The values of Investment Grade Debt Securities were based on yields arrived at by using a matrix of spread over the risk free benchmark yield. The risk free benchmark yield and matrix of spread were obtained from CRISIL Ltd. ("CRISIL") and ICRA Ltd. ("ICRA") (both agencies being entrusted for the purpose by the Association of Mutual Funds in India ("AMFI")), which were aggregated to arrive at the average yield for valuation. The Scheme does not have investments in Below Investment Grade securities.

Non-Traded Debt Securities with residual maturity of upto 60 days were valued on an amortisation basis. The amortisation based value was determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

ii) From 28th November, 2013:

Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were valued at average of the prices received from CRISIL and ICRA.

Debt Securities with residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value/trade value (as explained below) exceed 10 basis points of the amortised value, the amortised value/trade value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield. Upto 25th June, 2014, when there are trades in a day aggregating value of Rs. 100 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation. With effect from 26th June, 2014, when there are trades in a day aggregating value of Rs. 25 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

Government Securities and Treasury Bills:

Upto 27th November, 2013, Government Securities (not being Treasury Bills) were valued at the average of the prices released by CRISIL and ICRA, which are the agencies approved by AMFI for the purpose. Treasury Bills were valued at the weighted average price at which they are traded on the particular valuation day on the principal stock exchange (NSE). In the absence of such trade, Treasury Bills having a residual maturity greater than 60 days were valued at the average of the prices released by CRISIL and ICRA and Treasury Bills having a residual maturity not exceeding 60 days, were valued on an amortisation basis i.e. at cost / last valuation price (as applicable) plus the difference between the redemption value and cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument.

With effect from 28th November, 2013, Government Securities and Treasury Bills having maturity greater than 60 days are valued at the average of the prices released by CRISIL and ICRA, the approved agencies for this purpose. For Government Securities and Treasury Bills having residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value (as explained below) exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

Reverse repo and Collateralised Borrowing and Lending Obligation (CBLO) :

Reverse repo and CBLO are valued at cost plus accrued interest.

1.4 A) Income Recognition:

Income is recognised on an accrual basis when the right of receipt is established and there is a reasonable certainty of collection. The recognition criteria for material classes of income are stated below :

- a) Dividend income is recognised on ex-dividend dates.
- b) Profit or loss on sale of investments is recognised on trade dates. The cost of investments sold is determined on "weighted average cost basis".
- c) Interest on investments, term deposits and reverse repos is recognised on a time-proportionate basis using the coupon rate.
- d) Discounts and premium on Debt Securities, CBLO and Treasury Bills are amortised on a straight-line basis over the period upto redemption.

1.4 B) Expenses:

Expenses are accrued as under:

Upto 31st March, 2014:

Subsequent to the amendments carried out to the SEBI Regulations by the SEBI (Mutual Funds) (Second Amendment) Regulation 2012, the ceiling on expenses charged to the Scheme, encompassed all elements i.e. the charge for management fees as well as other expenses (called the Total Expense Ratio - "TER") and no portion was identified to any of the elements.

The Investment Manager has opted to maintain the fund for investor education and awareness initiative in its own books and has represented that 2 basis points of the net assets claimed towards this fund is being used towards the investor education and awareness initiative.

With effect from 1st April, 2014:

a) Management fees charged by the Investment Manager and Trusteeship fees charged by the Trustee company, are based on a pre-determined proportion of the daily net assets.

b) Selling Commission directly attributable and identifiable to the Scheme, are being charged to the respective Schemes.

c) The Scheme / Investment Manager (on behalf of the scheme) contributed 2 basis points on daily net assets towards Investor Education and Awareness Initiative (IEAI) as per SEBI Regulations.

Above expenses were capped at the lower of the limits laid down in the SEBI Regulations and the Scheme Information Document ("SID").

The Scheme is charged with additional expense not exceeding 30 basis points of its daily net assets, if the net inflows from beyond the notified top 15 cities are not less than higher of (a) 30% of the gross inflows into the Scheme or (b) 15% of the average assets under management (on a year - to -date basis) of the Scheme.

If the net inflows are lower than the threshold determined as above, the additional expense that could be charged to the Scheme is determined as under:

$(\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 15 cities}) / (365 \times \text{Higher of (a) or (b) above})$.

These expenses are classified as Commission to Agents in Revenue Account as the Investment Manager has represented that the additional charge has been utilised / is earmarked for utilisation towards distribution expenses for bringing inflows from such cities.

1.5 Unit Premium Reserve ("UPR") and Income Equalisation

On issue / repurchase of units, the portion of the premium which is attributable to realised gains is credited / debited to the Revenue Account for the period as Income Equalisation. It is reflected in the Revenue Account after the net surplus / deficit of the scheme is determined. The balance portion of the premium that is not attributable to realised gains is credited / debited to the UPR.

If units are sold at a price lower than the face value the difference is debited to the Revenue Account as Income Equalisation.

The distributable amount is determined by deducting from the balance in the Revenue Reserve as at the end of the period, the net unrealised appreciation in the value of investments as at the end of the period. Credit balance in the UPR is considered to be at par with unit capital and is not taken into account in the determination of the distributable surplus. Dividend is declared only when the Revenue Reserve is positive.

1.6 Load Charges:

Load represents amounts charged to investors at the time of exit from the Scheme. The difference between the NAV and the repurchase price is disclosed as "Accumulated Load" which is not considered for computation of the NAV of the Scheme.

With effect from 1st August, 2009, the Scheme has not charged any entry load on investments made into it (including additional purchases and switches into the Scheme from other schemes) otherwise than through Systematic Investment Plans ("SIPs") registered prior to 31st July, 2009 and exit load charged in excess of 1% of redemption value is credited to the Scheme.

In the books of account of the Scheme, the load balances are identified in two parts viz. balance that existed as at 31st July, 2009 and accretions that were made post that date. The utilisation of portion that existed on 31st July, 2009 is restricted for use in marketing and selling expenses including distributor's / agent's commissions subject to a limit of one-third each in that and subsequent financial years. The unused balance of such load subjected to restricted usage as at 31st March, 2015 is Rs.1,144,510/- (previous year Rs.1,144,510/-). The accretions after 31st July, 2009, can be utilised without any restrictions.

In compliance with SEBI (Mutual Funds) (Second Amendment) Regulations, 2012, with effect from 1st October 2012, exit load collected, net of service tax, is credited to the Scheme.

C. Notes attached to and forming part of the financial statements for the year ended 31st March, 2015

1. The aggregate value of purchases and sales (including redemptions) of investments for the year ended 31st March, 2015 expressed as a percentage of average daily net assets is as under :

Particulars	Year Ended		Year Ended	
	31-Mar-15		31-Mar-14	
	Value Rs.	%	Value Rs.	%
Aggregate value of Purchases	1041,13,617	59.30	848,12,842	86.72
Aggregate value of Sales (including redemptions)	797,41,721	45.42	709,64,321	72.56

2. Investments made by the schemes of Tata Mutual Fund in companies or their subsidiaries (to the extent of information available) that have invested more than 5% of the net assets of any scheme of the fund, in terms of Regulation 25 (11) of the SEBI Regulations (Refer Annexure 1).
3. Statement of Portfolio with industry wise classification as at 31st March, 2015 (Refer Annexure 2).
4. In accordance with the terms of arrangement with Investment Manager and Trustee Company, and as per SEBI Regulations, the Scheme has provided for management fees and trusteeship fees and the annualised rate as a % of the average daily net assets value attributable to the unitholders works out as under :

Management Fees		Trusteeship Fees (inclusive of service tax)	
PLAN A			
Current Year	Previous Year	Current Year	Previous Year
1.6892	2.5063	0.0327	0.0562
DIRECT			
Current Year	Previous Year	Current Year	Previous Year
1.3289	1.6500	0.0302	0.0562

5. Contingent liabilities as at 31st March, 2015 are Rs.Nil (previous year Rs. Nil).
6. Transactions with Trustees, Investment Manager, their associates and with entities controlled by co-sponsors (in relation to services received by the Scheme).

As explained above, TSL and TICL are the co-sponsors of the Mutual Fund. The nature of transactions with the Trustees, the Investment Manager, their associates and entities controlled by co-sponsors has been provided hereinafter. For the purpose of making these disclosures, the meanings ascribed to the terms “associates” and “control” by Regulation 2(c) and 2(g) of the SEBI Regulations have been used which have been summarised below:

- i. Associates are entities/person that exercise control over or are controlled by the Trustee Company and the Investment Manager or whose director, officer or employee is a director, officer or employee of the Investment Manager;
- ii. Control means the ability to exercise not less than 10% of the voting power of an entity or the ability of the board of directors of an entity to exercise control over the Investment Manager.

Investment Manager

The Board of Directors of the Trustee Company has appointed Tata Asset Management Limited as the Investment Manager for the Mutual Fund pursuant to an agreement dated 9th May 1995.

The Investment Manager also provides certain secretarial and administrative services to the Mutual Fund. Under the terms of the arrangement, the Scheme pays the Investment Manager a fee not greater than the quantum as defined in the SID as a % of the daily net assets value attributable to the unit holders.

The Investment Manager is a subsidiary of TSL.

Broker

The Investment Manager has appointed various brokers for carrying out investment trades on behalf of the Scheme for a brokerage. Entities that have been paid such brokerage include Tata Securities Limited (“TSec”), over which TSL exercises control.

Transactions during the year in relation to services received by the Scheme from the co-sponsors or from entities over which they exercise control and other disclosures required under Regulation 25(8) of the SEBI Regulations are contained in Annexure 3.

7. Disclosure under Regulation 25(8) of the SEBI Regulations have been made in the table below in respect of other payments made to parties associated with sponsors in which the Investment Manager or its major shareholders have a substantial interest.

Name of the Company	Nature of Payment	Year Ended	Year Ended	% equity capital held by the sponsors and its subsidiary / associates as at 31st March, 2015.
		31-Mar-15 Rs.	31-Mar-14 Rs.	
Tata Asset Management Limited	Management Fees	29,52,925	24,43,468	100%*
Tata Trustee Company Limited	Trusteeship Fees (inclusive of service tax)	57,259	54,949	100%**

* Tata Sons Limited – 67.90% and Tata Investment Corporation Limited – 32.10%

** Tata Sons Limited – 50.00% and Tata Investment Corporation Limited – 50.00%

8. Net Asset Value Per Unit (Rs.):

Particulars		As at 31-Mar-15	As at 31-Mar-14
Face Value Rs.			10
Net Asset Value Rs.	PLAN A - Growth	20.4912	12.9622
	Direct - Growth	21.1842	13.2220

9. Investments made in group companies (Refer Annexure 4).

10. Aggregate Fair Value of Non-Traded Debt Securities (which exclude Government Securities & Treasury Bills, included under Investments in Schedule IV) :

Particulars	As at 31-Mar-15	As at 31-Mar-14
	Rs.	Rs.
Debt securities	Nil	Nil

11. Unprovided diminution and unrealised appreciation in the value of investments.

Particulars	As at 31-Mar-15 Rs.	As at 31-Mar-14 Rs.
Unrealised appreciation	703,37,643	162,94,122
Unprovided diminution	Nil	Nil

12. There are no unit holder holding above 25% of the Net Asset Value of the Scheme as at 31st March, 2015 (previous year no unit holder holding above 25% of the Net Asset Value).

13. Unclaimed redemption / dividend amount, since the inception of the Scheme has been invested separately, only in money market instruments and the investors who have claimed their redemption / dividend amounts have been paid alongwith the appreciation earned on these amounts as per SEBI circular MFD / CIR / 9 / 120 / 2000 dated 24 November, 2000. As at 31st March, 2015 the unclaimed redemption amount is Rs.10,048/- for 3 investors (previous year Rs.9,309/- for 3 investors) and the unclaimed dividend amount is Rs.Nil for Nil investors (previous year Rs.Nil for Nil investors).

14. In accordance with clause 7 of the Seventh schedule referred to in Regulation 44 (1) of the SEBI Regulations, securities purchased should be held in the name of the Scheme. Investments in Government Securities and Treasury Bills are held in the name of "Tata Mutual Fund".

15. No provision for income tax has been made since the income of the schemes is exempt u/s 10(23D) of the Income Tax Act 1961.

16. Liability towards Investor Education and Awareness Initiative (IEAI) :

Movement of IEAI balances for Tata Mutual Fund during the financial year ended March 31, 2015 is as follows:

Particulars	Amount (Rs.)
Opening balance transferred*	324,16,885
Additions during the current year	490,26,312
Less: Utilisation during the current year	319,50,650

Closing balance (as on March 31, 2015)	494,92,547
---	-------------------

* As received from Investment Manager on April 9, 2014. This has been explained in note no.1.4 (B) in Part B above.

Based on the Best practice guidelines circular issued by AMFI, the closing balances of IEAI has been transferred to IEAI Pool Account at Fund level.

17. During the current year, there has been a change in the accounting policy relating to the valuation of debt securities pursuant to an amendment of valuation norms. This has been explained in note no.1.3 (b) in Part B above. The impact of the change in accounting policy on the Revenue Account and the carrying value of investments is not readily ascertainable.
18. On account of the change in the basis of charging expenses to the Scheme explained in note 1.4 (B) in Part B above, at a line item level the expenses of the current year charged to the Scheme, may not be comparable with those charged in the previous year. The impact of the change in accounting policy on the Revenue Account is not readily ascertainable.
19. The figures for the previous year have been regrouped and reclassified wherever necessary to conform with the current year's classification.

Schedules forming part of the Accounts

Schedule VII Statement of significant accounting policies and notes forming part of the financial statements of Tata Retirement Savings Fund-Conservative Plan as at and for the year ended 31st March, 2015.

A BACKGROUND

TATA RETIREMENT SAVINGS FUND -CONSERVATIVE PLAN (the "Scheme") is an open ended scheme of Tata Mutual Fund (the "Fund"). The Fund is registered with the Securities and Exchange Board of India ("SEBI"). The Scheme is managed by Tata Asset Management Limited ("TAML" / the "Investment Manager"), an investment management company registered with SEBI. The objective of the Fund is to provide a financial planning tool for long term financial security for investors based on their retirement planning goals. The Scheme is sponsored by Tata Sons Limited ("TSL") and Tata Investment Corporation Limited ("TICL"). Tata Trustee Company Limited ("TTCL" / the "Trustee Company") is the trustee company of the Scheme.

B SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Accounting

The principle accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to both the periods presented, unless otherwise stated.

1.2 Preparation of Financial Statements of the Scheme

The financial statements of the Scheme have been prepared in accordance with the requirements of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (the "SEBI Regulations"), the Ninth and Eleventh Schedules of which lay down the accounting policies and standards to be adopted and the disclosures to be made.

The Expert Advisory Committee (the "EAC") of the Institute of the Chartered Accountants of India ("ICAI") have opined that the Accounting Standards on Cash Flow Statement ("AS-3"), Segment Reporting ("AS-17") and Related Party Disclosures ("AS-18") issued by the ICAI are applicable to the financial statements of schemes of mutual funds. The managements of the Investment Manager and the Trustee Company are of the opinion that mutual funds are governed by a self-contained regulatory framework, i.e. the SEBI Regulations, based on which the financial statements have been prepared.

The preparation of financial statements in conformity with the SEBI Regulations requires the use of certain critical accounting estimates. It also requires the Board of Directors of the Investment Manager to exercise its judgement in the process of applying the Fund's accounting policies.

The areas involving high degree of judgement or complexity or critical estimates are fair values of unlisted equity securities.

1.3 Portfolio Valuation

a Recognition, de-recognition and measurement

Regular purchases and sales of investments are recognised on the trade date - i.e. the date on which the Scheme's order of purchase or sale of investment is executed. Investments include contracts for purchase of securities and exclude contracts for sale of securities, for which deliveries are not received/collected.

Investments purchased are initially recognised at cost of acquisition. Cost of acquisition includes transaction costs such as brokerage, stamp charges and other charges customarily included in the brokers note, but excludes pre-acquisition accrued interest which is classified as part of "Other Current Assets".

Investments are derecognised when the rights to receive cash flows from the investments have expired or the Scheme has transferred substantially all the risks and rewards of ownership.

Bonus shares and rights entitlement are recognised as on the respective ex-dates on the principal stock exchange where the shares are traded.

Subsequent to initial recognition, all investments are measured at fair values reflective of the realisable value of the securities / assets. Gains or losses on sale of investments are determined using the "average cost method" and are recognised in the Revenue Account in the period in which they arise either within "Income" if it is a gain or within "Expenses and Losses" if it is a loss. Changes in the unrealised diminution in the value of investments, if any, between two balance sheet dates is recognised in the Revenue Account as "Provision/(Reversal) for diminution in value of investments". Changes in the unrealised appreciation in the value of investments, if any, between two balance sheet dates is disclosed under appropriation account as "Increase / (Decrease) in unrealised appreciation in the value of investments". Unrealised gain in the value of investment is reduced from distributable income at the time of income distribution.

b Fair value estimation

Equity Securities

The Scheme classifies its investments in equity securities as Non-Traded, Thinly Traded and Traded Securities.

Non-Traded equity securities are those equity and equity related securities (such as convertible debentures, equity warrants, etc.) that have not been traded on any Stock Exchange for a period of thirty days prior to the valuation date.

When trading in an equity and equity related security in a month is less than Rs. 500,000 and the total volume (in all recognised Stock Exchanges) is less than 50,000 shares, the security is classified as Thinly Traded.

Equity securities that do not fall within the Non-Traded Securities or Thinly Traded Securities are classified as Traded Securities.

Traded securities are valued at the last quoted closing price on the principal stock exchange (Bombay Stock Exchange Limited - "BSE") on which the security is traded on valuation date. When on a particular valuation day, a security has not been traded on the BSE; the last quoted closing price at which it is traded on National Stock Exchange ("NSE") is used.

When an equity security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the principal stock exchange or any other stock exchange, as the case may be, on the earliest previous day is used provided such date is not more than 30 days prior to the valuation date.

Where a traded equity or equity related security is demerged into two or more entities and one of those entities continues to be listed, the value of the unlisted entity is determined to be the difference between the closing price of the listed entity on the ex-date (after demerger) and the previous trading date (before demerger) until listing of the other entity.

The fair values of Non-Traded and Thinly Traded equity and equity related securities are determined in each case by appropriately discounting (by 15%) the average of the net worth per share based on its latest audited annual financial statements and the capitalised earning values of those shares (i.e. the product of the earnings per share of the entity based on its latest audited annual financial statements and 25% of the average PE multiple for the industry). Where audited annual financial statements of the entity are not available within 9 months from the year end, unless the accounting year has changed, the equity securities are valued at zero.

The Scheme does not have any Non-Traded or Thinly Traded equity or equity related securities accounting for more than 5% of its total assets.

Debt securities (including asset backed securities and money market instruments but excluding Government Securities and Treasury Bills) ("Debt Securities"):

i) Upto 27th November, 2013 :

Debt Securities having balance maturities of upto one year are classified as Traded if on the valuation date, there were at least three trades with aggregate volume greater than Rs. 100 crores reported on a public platform and those having a balance maturity beyond one year were classified as Traded if on the valuation date there were at least two trades with an aggregate volume greater than Rs. 25 crores reported on a public platform. Other Debt Securities are classified as Non-Traded.

Traded Debt Securities were valued at the weighted average price at which they were traded on the particular valuation day on the principal stock exchange on which the security is traded. The weighted average price was determined based on trades reported on the Fixed Income Money Market and Derivatives Association ("FIMMDA") platform. If there were no trades reported on the FIMMDA platform, the weighted average price was determined based on transactions on NSE's Wholesale Debt Market ("WDM"), in the absence of which the transactions on the BSE were used. In the absence of all of the above, the weighted average price was determined based on the Fund's own trades.

The fair values of Non-Traded debt securities have been determined as under:

Non-Traded Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were categorised by the Investment Manager as "Investment Grade" and "Below Investment Grade". The values of Investment Grade Debt Securities were based on yields arrived at by using a matrix of spread over the risk free benchmark yield. The risk free benchmark yield and matrix of spread were obtained from CRISIL Ltd. ("CRISIL") and ICRA Ltd. ("ICRA") (both agencies being entrusted for the purpose by the Association of Mutual Funds in India ("AMFI")), which were aggregated to arrive at the average yield for valuation. The Scheme does not have investments in Below Investment Grade securities.

Non-Traded Debt Securities with residual maturity of upto 60 days were valued on an amortisation basis. The amortisation based value was determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

ii) From 28th November, 2013:

Debt Securities (including floating rate securities and money market instruments) with balance maturity of over 60 days were valued at average of the prices received from CRISIL and ICRA.

Debt Securities with residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value/trade value (as explained below) exceed 10 basis points of the amortised value, the amortised value/trade value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield. Upto 25th June, 2014, when there are trades in a day aggregating value of Rs. 100 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation. With effect from 26th June, 2014, when there are trades in a day aggregating value of Rs. 25 crores or more by the Fund, highest yield in those trades would be considered for determining the trade value to be considered for valuation.

In the case of floating rate securities with floor and caps on coupon rate and residual maturity of upto 60 days, the valuation on an amortisation basis is determined taking the interest rate as the coupon rate.

Government Securities and Treasury Bills:

Upto 27th November, 2013, Government Securities (not being Treasury Bills) were valued at the average of the prices released by CRISIL and ICRA, which are the agencies approved by AMFI for the purpose. Treasury Bills were valued at the weighted average price at which they are traded on the particular valuation day on the principal stock exchange (NSE). In the absence of such trade, Treasury Bills having a residual maturity greater than 60 days were valued at the average of the prices released by CRISIL and ICRA and Treasury Bills having a residual maturity not exceeding 60 days, were valued on an amortisation basis i.e. at cost / last valuation price (as applicable) plus the difference between the redemption value and cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument.

With effect from 28th November, 2013, Government Securities and Treasury Bills having maturity greater than 60 days are valued at the average of the prices released by CRISIL and ICRA, the approved agencies for this purpose. For Government Securities and Treasury Bills having residual maturity of upto 60 days are valued on an amortisation basis. The amortisation based value is determined by adding to the cost or, as the case may be, last valuation price, the difference between the redemption value and the cost / last valuation price (as applicable) spread uniformly over the remaining maturity period of the instrument. Should the difference between the price derived from average yield and amortised value (as explained below) exceed 10 basis points of the amortised value, the amortised value is adjusted to bring it within the band of +/- 10 basis points from the price as derived from average yield.

Reverse repo and Collateralised Borrowing and Lending Obligation (CBLO) :

Reverse repo and CBLO are valued at cost plus accrued interest.

1.4 A) Income Recognition:

Income is recognised on an accrual basis when the right of receipt is established and there is a reasonable certainty of collection. The recognition criteria for material classes of income are stated below :

- a) Dividend income is recognised on ex-dividend dates.
- b) Profit or loss on sale of investments is recognised on trade dates. The cost of investments sold is determined on "weighted average cost basis".
- c) Interest on investments, term deposits and reverse repos is recognised on a time-proportionate basis using the coupon rate.
- d) Discounts and premium on Debt Securities, CBLO and Treasury Bills are amortised on a straight-line basis over the period upto redemption.

1.4 B) Expenses:

Expenses are accrued as under:

Upto 31st March, 2014:

Subsequent to the amendments carried out to the SEBI Regulations by the SEBI (Mutual Funds) (Second Amendment) Regulation 2012, the ceiling on expenses charged to the Scheme, encompassed all elements i.e. the charge for management fees as well as other expenses (called the Total Expense Ratio - "TER") and no portion was identified to any of the elements.

The Investment Manager has opted to maintain the fund for investor education and awareness initiative in its own books and has represented that 2 basis points of the net assets claimed towards this fund is being used towards the investor education and awareness initiative.

With effect from 1st April, 2014:

- a) Management fees charged by the Investment Manager and Trusteeship fees charged by the Trustee company, are based on a pre-determined proportion of the daily net assets.
- b) Selling Commission directly attributable and identifiable to the Scheme, are being charged to the respective Schemes.
- c) The Scheme has set apart 2 basis points on daily net assets within the maximum limit of TER as per regulation 52 of the Regulations for investor education and awareness initiatives.

Above expenses were capped at the lower of the limits laid down in the SEBI Regulations and the Scheme Information Document ("SID").

The Scheme is charged with additional expense not exceeding 30 basis points of its daily net assets, if the net inflows from beyond the notified top 15 cities are not less than higher of (a) 30% of the gross inflows into the Scheme or (b) 15% of the average assets under management (on a year - to -date basis) of the Scheme.

If the net inflows are lower than the threshold determined as above, the additional expense that could be charged to the Scheme is determined as under:

$(\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 15 cities}) / (365 \times \text{Higher of (a) or (b) above})$.

These expenses are classified as Commission to Agents in Revenue Account as the Investment Manager has represented that the additional charge has been utilised / is earmarked for utilisation towards distribution expenses for bringing inflows from such cities.

1.5 Unit Premium Reserve ("UPR") and Income Equalisation

On issue / repurchase of units, the portion of the premium which is attributable to realised gains is credited / debited to the Revenue Account for the period as Income Equalisation. It is reflected in the Revenue Account after the net surplus / deficit of the scheme is determined. The balance portion of the premium that is not attributable to realised gains is credited / debited to the UPR.

If units are sold at a price lower than the face value the difference is debited to the Revenue Account as Income Equalisation.

The distributable amount is determined by deducting from the balance in the Revenue Reserve as at the end of the period, the net unrealised appreciation in the value of investments as at the end of the period. Credit balance in the UPR is considered to be at par with unit capital and is not taken into account in the determination of the distributable surplus. Dividend is declared only when the Revenue Reserve is positive.

1.6 Load Charges:

Load represents amounts charged to investors at the time of exit from the Scheme. The difference between the NAV and the repurchase price is disclosed as "Accumulated Load" which is not considered for computation of the NAV of the Scheme.

With effect from 1st August, 2009, the Scheme has not charged any entry load on investments made into it (including additional purchases and switches into the Scheme from other schemes) otherwise than through Systematic Investment Plans ("SIPs") registered prior to 31st July, 2009 and exit load charged in excess of 1% of redemption value is credited to the Scheme.

In the books of account of the Scheme, the load balances are identified in two parts viz. balance that existed as at 31st July, 2009 and accretions that were made post that date. The utilisation of portion that existed on 31st July, 2009 is restricted for use in marketing and selling expenses including distributor's / agent's commissions subject to a limit of one-third each in that and subsequent financial years. The unused balance of such load subjected to restricted usage as at 31st March, 2015 is Rs.Nil (previous year Rs.Nil). The accretions after 31st July, 2009, can be utilised without any restrictions.

In compliance with SEBI (Mutual Funds) (Second Amendment) Regulations, 2012, with effect from 1st October 2012, exit load collected, net of service tax, is credited to the Scheme.

C. Notes attached to and forming part of the financial statements for the year ended 31st March, 2015

1. The aggregate value of purchases and sales (including redemptions) of investments for the year ended 31st March, 2015 expressed as a percentage of average daily net assets is as under :

Particulars	Year Ended		Year Ended	
	31-Mar-15		31-Mar-14	
	Value Rs.	%	Value Rs.	%
Aggregate value of Purchases	32,30,989	14.73	32,04,684	15.80
Aggregate value of Sales (including redemptions)	37,15,145	16.94	70,12,822	34.58

2. Investments made by the schemes of Tata Mutual Fund in companies or their subsidiaries (to the extent of information available) that have invested more than 5% of the net assets of any scheme of the fund, in terms of Regulation 25 (11) of the SEBI Regulations (Refer Annexure 1).
3. Statement of Portfolio with industry wise classification as at 31st March, 2015 (Refer Annexure 2).
4. In accordance with the terms of arrangement with Investment Manager and Trustee Company, and as per SEBI Regulations, the Scheme has provided for management fees and trusteeship fees and the annualised rate as a % of the average daily net assets value attributable to the unitholders works out as under :

Management Fees		Trusteeship Fees (inclusive of service tax)	
PLAN A			
Current Year	Previous Year	Current Year	Previous Year
1.5783	1.9525	0.0212	0.0562
DIRECT			
Current Year	Previous Year	Current Year	Previous Year
0.9241	1.1515	0.0190	0.0561

5. Contingent liabilities as at 31st March, 2015 are Rs.Nil (previous year Rs. Nil).
6. Transactions with Trustees, Investment Manager, their associates and with entities controlled by co-sponsors (in relation to services received by the Scheme).
As explained above, TSL and TICL are the co-sponsors of the Mutual Fund. The nature of transactions with the Trustees, the Investment Manager, their associates and entities controlled by co-sponsors has been provided hereinafter. For the purpose of making these disclosures, the meanings ascribed to the terms “associates” and “control” by Regulation 2(c) and 2(g) of the SEBI Regulations have been used which have been summarised below:
- i. Associates are entities/person that exercise control over or are controlled by the Trustee Company and the Investment Manager or whose director, officer or employee is a director, officer or employee of the Investment Manager;
- ii. Control means the ability to exercise not less than 10% of the voting power of an entity or the ability of the board of directors of an entity to exercise control over the Investment Manager.

Investment Manager

The Board of Directors of the Trustee Company has appointed Tata Asset Management Limited as the Investment Manager for the Mutual Fund pursuant to an agreement dated 9th May 1995.

The Investment Manager also provides certain secretarial and administrative services to the Mutual Fund. Under the terms of the arrangement, the Scheme pays the Investment Manager a fee not greater than the quantum as defined in the SID as a % of the daily net assets value attributable to the unit holders.

The Investment Manager is a subsidiary of TSL.

Broker

The Investment Manager has appointed various brokers for carrying out investment trades on behalf of the Scheme for a brokerage. Entities that have been paid such brokerage include Tata Securities Limited (“TSec”), over which TSL exercises control.

Transactions during the year in relation to services received by the Scheme from the co-sponsors or from entities over which they exercise control and other disclosures required under Regulation 25(8) of the SEBI Regulations are contained in Annexure 3.

7. Disclosure under Regulation 25(8) of the SEBI Regulations have been made in the table below in respect of other payments made to parties associated with sponsors in which the Investment Manager or its major shareholders have a substantial interest.

Name of the Company	Nature of Payment	Year Ended	Year Ended	% equity capital held by the
---------------------	-------------------	------------	------------	------------------------------

		31-Mar-15 Rs.	31-Mar-14 Rs.	sponsors and its subsidiary / associates as at 31st March, 2015.
Tata Asset Management Limited	Management Fees	3,41,829	3,93,207	100%*
Tata Trustee Company Limited	Trusteeship Fees (inclusive of service tax)	4,640	11,395	100%**

* Tata Sons Limited – 67.90% and Tata Investment Corporation Limited – 32.10%

** Tata Sons Limited – 50.00% and Tata Investment Corporation Limited – 50.00%

8. Net Asset Value Per Unit (Rs.) :

Particulars		As at 31-Mar-15	As at 31-Mar-14
Face Value Rs.		10	
Net Asset Value Rs.	PLAN A - Growth	14.7281	12.0772
	Direct - Growth	15.1079	12.2350

9. Investments made in group companies (Refer Annexure 4).

10. Unprovided diminution and unrealised appreciation in the value of investments.

Particulars	As at 31-Mar-15 Rs.	As at 31-Mar-14 Rs.
Unrealised appreciation	32,00,897	7,90,661
Unprovided diminution	Nil	Nil

11. There are no unit holder holding above 25% of the Net Asset Value of the Scheme as at 31st March, 2015 (previous year no unit holder holding above 25% of the Net Asset Value).

12. Unclaimed redemption / dividend amount, since the inception of the Scheme has been invested separately, only in money market instruments and the investors who have claimed their redemption / dividend amounts have been paid alongwith the appreciation earned on these amounts as per SEBI circular MFD / CIR / 9 / 120 / 2000 dated 24 November, 2000. As at 31st March, 2015 the unclaimed redemption amount is Rs.13,715/- for 10 investors (previous year Rs.9,272/- for 6 investors) and the unclaimed dividend amount is Rs.Nil for Nil investors (previous year Rs.Nil for Nil investors).

13. In accordance with clause 7 of the Seventh schedule referred to in Regulation 44 (1) of the SEBI Regulations, securities purchased should be held in the name of the Scheme. Investments in Government Securities and Treasury Bills are held in the name of "Tata Mutual Fund".

14. No provision for income tax has been made since the income of the schemes is exempt u/s 10(23D) of the Income Tax Act 1961.

15. Liability towards Investor Education and Awareness Initiative (IEAI) :

Movement of IEAI balances for Tata Mutual Fund during the financial year ended March 31, 2015 is as follows:

Particulars	Amount (Rs.)
Opening balance transferred*	324,16,885
Additions during the current year	490,26,312
Less: Utilisation during the current year	319,50,650
Closing balance (as on March 31, 2015)	494,92,547

* As received from Investment Manager on April 9, 2014. This has been explained in note no.1.4 (B) in Part B above.

Based on the Best practice guidelines circular issued by AMFI, the closing balances of IEAI has been transferred to IEAI Pool Account at Fund level.

16. During the current year, there has been a change in the accounting policy relating to the valuation of debt securities pursuant to an amendment of valuation norms. This has been explained in note no.1.3 (b) in Part B above. The impact of the change in accounting policy on the Revenue Account and the carrying value of investments is not readily ascertainable.

17. On account of the change in the basis of charging expenses to the Scheme explained in note 1.4 (B) in Part B above, at a line item level the expenses of the current year charged to the Scheme, may not be comparable with those charged in the previous year. The impact of the change in accounting policy on the Revenue Account is not readily ascertainable.
18. The figures for the previous year have been regrouped and reclassified wherever necessary to conform with the current year's classification.

On behalf of the Board of Directors
of **Tata Trustee Company Limited**

Director

Tata Asset Management Limited
