<p>The scheme net assets will have a maximum derivative net position of 50% of the net assets of the scheme. The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. SEBI Circular no. SEBI/MFD/CIR No. 03/158 /03 dated June 10, 2003, no. DNP/Cir-29/2005 dated September 14, 2005, no. SEBI/IMD/CIR No. 9/108562/07 dated November 16,2007, no. Cir/IMD/ DF/ 11/ 2010 dated August 18, 2010 & SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27,2017. Investment in derivatives/futures/options may be done for trading, hedging and portfolio balancing. The cumulative gross exposure through equities, repo transactions in corporate debt securities along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme.</p>			
Not more than 25% of the net assets of the scheme shall be deployed in securities lending.			
The Scheme may participate in repo in corporate debt securities.			
The Scheme does not seek to participate in credit default swaps.			
# No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and			
A mutual fund scheme shall not invest -			
a) more than 10% of its NAV in the units of REIT and InvIT; and			
b) more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer			
Change in Investment Pattern			
<p>Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders' interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of three months. In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.</p>			
Risk Profile of the Scheme			
Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:			
Investment Risks			
<p>The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result into profit.</p>			
<p>The fund may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However these techniques and instruments if imperfectly used have the risk of the fund incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments</p>			

are different from those needed to select the Fund's / plan's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Fund's assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme(s) are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio.

Regulatory Risk

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation and other developments in the laws and regulations.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Risks associated with Debt / Money Markets

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the price of the debt instrument(s) and ultimately Scheme's net asset value. Generally, the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Counterparty Risk

This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Derivatives carry the risk of adverse changes in the market price. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Although for exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement however in OTC trades the possibility of settlement is limited.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due

to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Risk Associated with Securitized Debt

Risk due to prepayment: In case of securitized debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitized papers.

In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitized debt instruments, the secondary market for securitized debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there is also be temporary illiquidity of the securities that are lent out and the scheme will not be able to sell such lent out securities until they are returned.

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments”.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavorable) market price.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- Where derivatives are used for hedging, such use may involve a basis risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related alsoe.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risks Associated with Investments in REITs and InvITs:

- **Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager’s will do the necessary due diligence, but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc. may differ from existing capital market asset classes under Indian Law.

Risk of Writing of Call Option Under a Covered Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Corporate Bond Repo will be subject to counter party risk.
- The Scheme will be exposed to credit risk on the underlying collateral– downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.
- **Liquidity of collateral:** In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

Risks associated with Segregated Portfolio

Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.

Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with Imperfect Hedging using Interest Rate Futures (IRF)

Liquidity/execution risk – IRF are relatively new instruments traded on the exchanges and don't have as much liquidity as the OTC market in the underlying bond. This could expose the hedge to liquidity (execution and wider bid-offer spread) risk and associated impact cost.

Spread risk – The IRF is based on government securities and treasury bills. Imperfect hedging can be applied on portfolios comprised of corporate bonds as well. Corporate bond yield theoretically comprises of the risk free rate and a credit spread. IRF would hedge out only the risk free rate. Any compression/expansion of credit spread of the underlying portfolio would not be hedged by the IRF.

Yield curve slope risk – The IRF hedge is done on a modified duration basis. This means that the maturity of the underlying instrument and the maturity of the IRF could be different. The hedge ratio is arrived at using the prescribed formula. This hedges the risk arising from a parallel shift in the yield curve. Any change in the slope of the yield curve (flattening/steepening) remains unhedged as residual risk.

Unwinding risk - An unexpected change in market conditions may require unwinding the derivative positions at disadvantageous prices during periods of heightened volatility e.g. if the yields slide lower due to a surprise RBI rate cut, participants with short Interest Rate Futures positions would seek to cut their losses and exit, leading to an increase in the price of the IRF, and negative price impact on the hedged portfolio there from.

Correlation risk – As per the extant regulation, the IRF has to have a 0.90 correlation coefficient with the underlying bond/portfolio, for the past 90 days, to be considered for imperfect hedging. If the correlation deteriorates going forward, the hedge may have to be rebalanced with attendant impact costs.

Risk Associated with investment in Instruments having Special Features:

Credit Risk/Principal at risk: The issuer has the option to write off the principal in times of severe financial stress. Since these bonds are unsecured investor will have any recourse to recover money in case issuer write off the principal. Such bonds may get converted into equity on happening of certain pre-defined event.

Central Bank may instruct issuer of the bonds to write down the entire value of its outstanding AT1 bonds, if it thinks the bank has passed the Point of Non Viability (PONV), or requires a capital infusion to remain a going concern.

Also, issuer may not pay interest under certain circumstances. Such interest can not be recovered in future also.

Interest Rate Risk: where there is no defined maturity, it may yield lower interest especially when the interest rates are rising.

Liquidity Risk: There is no surety that bond holder will get your principal back on the call date as the issuer may choose to extend the tenure of bonds at a future date. Bond holder has the option of selling these bonds in the secondary market but bond holder may have to exit at a loss as the bond's price may differ from the cost price. Also, some of these are bonds are thinly traded, which means there are limited buyers.

The above risk factors may result in losses to the scheme.

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated generally. Following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

Nature of Risk	Mitigation Measures
Regulatory Risk	<ul style="list-style-type: none"> Online monitoring of various exposure limits by the Front Office System. Also, as a backup, manual controls are also implemented.
Poor Portfolio Quality	<ul style="list-style-type: none"> Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of investment committee.
Performance Risk	<ul style="list-style-type: none"> Periodical review of stock wise profit & loss. Review of scheme performance vis. a vis. Benchmark index as well as peer group.
Liquidity Risk	<ul style="list-style-type: none"> Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)

Concentration Risk	<ul style="list-style-type: none"> • Cap on maximum single sector exposure. Cap on maximum single stock exposure
--------------------	---

Risk Mitigation measures for Debt and related Investments:

Nature of Risk	Mitigation Measures
Liquidity Risk	Focus on good quality paper at the time of portfolio construction Portfolio exposure spread over various maturity buckets to in line with maturity of a scheme.
Credit Risk	In house dedicated team for credit appraisal Issuer wise exposure limit Rating grade wise exposure limit Independent rating of scheme portfolio by recognized rating agency. Periodical portfolio review by the Board of AMC
Interest Rate Risk	Close watch on the market events Active duration management Portfolio exposure spread over various maturities.
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System also as a backup, manual control are implemented.

Further, the Investment Manager endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on their own research as well as third party research. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.

Where the scheme will invest

The scheme will be investing in equity and equity related instruments as well as in debt and money market instruments under normal circumstances. Equity and equity related instruments would be between 65% - 80% while debt and money market instruments 20% - 35%.

The moneys collected under this Scheme shall be invested in securities in the money market or in the capital market. As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/group companies of the Sponsors.

The scheme may invest in the units of REITs and InvITs.

“REIT” or “Real Estate Investment Trust” shall have the meaning assigned in clause (zm) of sub-regulation 1 of regulation 2 of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014. REITs are companies that own and lease out commercial or residential real estate. The rental incomes from the properties are shared among REIT investors, who are allotted units. These units are tradeable on exchanges.

“InvIT” or “Infrastructure Investment Trust” shall have the meaning assigned in clause (za) of sub-regulation (1) of regulation 2 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014. InvITs are similar to REITs, except these own infrastructure assets not real estate.

However, the above weightages may be changed in exceptional circumstances, depending on market conditions, by taking approval of the Trustee Company. The main aim of such steps will be to protect the interests of the unitholders.

Repo in Corporate Debt Securities

The scheme may participate in repo in corporate debt securities subject to guidelines specified by RBI and SEBI which includes the following:

- Gross exposure to corporate bond repo transaction should be not more than 10% of the net asset of the scheme.
- The cumulative gross exposure through equities, repo transactions in corporate debt securities along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme.
- The Scheme will participate in repo transactions only in AA and above rated corporate debt securities.

- The Scheme may borrow through repo transactions (for redemption/dividend payout) only if the tenor of the transaction does not exceed a period of six months and aggregate borrowing is not more than 20% of net assets of the Scheme.
- Credit exposure will be on the counterparty and not on the collateral securities in case of corporate bond repo. Issuer and counterparty limits will be based on approved credit universe.

The scheme will ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities.

As mandated by SEBI vide circular CIR / IMD / DF / 19 / 2011 dated November 11, 2011, AMC and Trustee company of Tata Mutual Fund have specified norms for Category of counterparty, credit rating of counterparty, tenor of collateral and applicable haircuts for participation in repo in corporate bonds.

Investment Strategies

While investing in equities, the Fund will emphasise on investment in well managed, high quality companies with above average growth prospects

that can be purchased at a reasonable price. Typically these companies will be highly competitive, with a large and growing market share. In selecting specific stocks, the Asset Management Company will consider and evaluate amongst various criteria network, consistent growth, strong cash flows, high return on capital etc. Investment in fixed income securities (wherever possible) will be mainly in investment grade listed / to be listed securities. In case of investment in debt instruments that are not rated, specific approval of the Board of AMC and Trustee Company will be taken.

The Scheme would invest in companies based on various criteria including sound professional management, track record, industry scenario, growth prospects, liquidity of the securities, etc. The Scheme will emphasise on well managed, good quality companies with above average growth prospectus whose securities can be purchased at a good yield and whose debt securities are concerned investments (wherever possible) will be mainly in securities listed as investments grade by a recognised authority like The Credit Rating and Information Services of India Limited (CRISIL), ICRA Limited (formerly, Investment Information and Credit Rating Agency of India Limited), Credit Analysis and Research Limited (CARE) etc. In case of investments in debt instruments that are not rated, specific approval of the Board will be taken except in case of Government Securities being sovereign bonds. However, in case of investment in unrated securities prior board approval is not necessary if investment is within the parameters as stipulated by the board.

Restrictions on Investments (as per seventh schedule of SEBI {Mutual Fund} Regulations 1996)

1. The scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
Provided that the limit of 10 per cent shall not be applicable for this sector scheme .
2. All investments by the scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
3. The Mutual Fund under all its scheme(s) shall not own more than ten percent of any company's paid up capital carrying voting rights.
4. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:
Provided that such limit shall not be applicable for investments in government securities, treasury bills and Tri Party Repo on government securities or treasury bills.
Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board.
- 4A A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the SEBI from time to time:
Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI:
Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the SEBI from time to time.
Note:
a) SEBI vide circular dt. 1st October 2019 & 28th April 2020 has issued following guidelines wrt investment in unlisted debt & money market instruments.
b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

c) SEBI vide Circular dt. 28th April 2020 has allowed the existing unlisted NCDs to be grandfathered till maturity, such NCDs are herein referred to as "identified NCDs.

Accordingly, mutual funds schemes can transact in such identified NCDs and the criteria specified in point (b) above shall not be applicable for such identified NCDs, Subject to compliance with investment due diligence and all other applicable.

investment restrictions as given below:-

A mutual fund scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of asset Management Company.

d) Maximum investment in unlisted NCDs will be 10 % of the debt portfolio of the scheme

SEBI vide Circular SEBI/HO/ IMD/ DF2 / CIR/P / 2019/104 dated October 01, 2019 has allowed the existing unlisted NCDs to be grandfathered till maturity, however SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2020/75 dated 28th April 2020 clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed with effect from one month from the date of operationalization of framework for listing of CPs or January 01, 2020, whichever is later.

 - more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.
- The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) Regulations, 1996, and other prudential limits with respect to the debt instruments.
- The investments of mutual fund schemes in such instruments in excess of the limits specified above as on 10th March '2021 may be grandfathered and such mutual fund schemes shall not make any fresh investment in such instruments until the investment comes below the specified limits.
- Notes
- If security/issuer is rated by two or more credit rating agencies, the investment Committee will decide the credit rating agency who's rating to be considered for monitoring the sector exposure limit.
 - In case of investment in short term securities like money market instruments or debentures/bonds upto 1 year maturity, long term rating of the issuer will be considered for monitoring the sector exposure limit.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by Asset Management Company

Apart from the above, TAML (the AMC) may invest in the scheme on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme. Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

As per regulation, the sponsors or asset management company (TAML) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

Transaction Charges:

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, transaction charge per subscription of Rs.10, 000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following: **1.** There shall be no transaction charges on direct investments.**2.** For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.**3.** For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.**4.**The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.**5.** The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.**6.** There shall be no transaction charge on subscription below Rs. 10,000/- **7.** In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/-

and above. In such cases the transaction charge shall be recovered in 3 installments.8. There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

SEBI vide Circular dated Sept 13, 2012 has directed mutual funds to capture the unique identity number (EUIIN) of the employee/sales person of the distributor interacting with the investor for the sale of mutual funds products in addition to the valid AMFI registration number (ARN) code of the distributor, ARN code of the sub broker . In the interest of the investors it is urged to ensure that the box/space provided for EUIIN number, ARN code for distributor and ARN code of the sub broker in the application form to be properly filled up. It is out-most important to provide the EUIIN number particularly in advisory transactions, which will assist in tackling the problem of mis-selling even if the employee/relationship manager/sales person on whose advice the transaction was executed leaves the employment of the distributor or his/her sub broker.

The Fund is responsible for collecting the STT from every person who sells the Unit to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly the number of units allotted on purchases, switch-ins, SIP/STP installments and including dividend reinvestment to the unitholders would be reduced to that extent.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

If any tax liability arising post redemption on account of change in tax treatment with respect to Withholding Tax/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

Publication of Daily Net Asset Value (NAV):

The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m on every Business Day.

Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit

Entry Load: NIL

Exit Load 1%

Sale Price = NAV + (Entry Load (%) * NAV)

Sale Price = 11 + (0% * 11)

Sale Price = 11 + 0

Sale Price = Rs. 11/-

Repurchase Price

Repurchase Price = NAV – (exit load (%) * NAV)

Repurchase Price = 11 – (1%*11)

Repurchase Price = 11 – 0.11

Repurchase Price = Rs.10.89

In the event NAV cannot be calculated and / or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and / or a breakdown in communications, the Trustees may temporarily suspend determination and / or publication of the NAV of the Units.

While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.

Unitholders' Information

Account Statement: On acceptance of application for financial transaction, a confirmation specifying the number of Units allotted/redeemed will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five business days from the date of transaction.

Tata Mutual Fund shall send first account statement for a new folio separately with all details registered in the folio by way of an e-mail/and/or SMS to the investor's registered address/email address/registered mobile number not later than five business days from the date of subscription or by way of physical statement not later than five business days from the date of receipt of request from the unitholder.

Consolidated Account Statement

1. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories as per the specified timeline specified by board at the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place.
2. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month on or within fifteenth day of the succeeding month.
3. In other cases, i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send on or within fifteenth day of the succeeding month in which financial transaction takes place.

4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However, the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system.
5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996.
6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.
7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, as per the specified timeline specified by board of succeeding month, unless a specific request is made to receive the same in physical form.
8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period on or within twenty first day of the succeeding month. Further, CAS issued for the half-year (September/March) shall also provide:
 - a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each mutual fund scheme. The term "commission" here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
 - b. The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Official Points of Acceptance of Transaction through MF utility: Tata Mutual Fund has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a "Category II -Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various asset management companies, which acts as a transaction aggregator for transacting in multiple schemes of various mutual funds with a single form and a single payment instrument. Accordingly, all the authorized Point of Sales (POS) and website/mobile application of MFUI (available currently and also updated from time to time) shall be eligible to be considered as 'official points of acceptance' for all financial and non-financial transactions in the schemes of Tata Mutual Fund either physically or electronically. The list of POS of MFUI is published on the website of MFUI at www.mfuindia.com.

Applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Tata Mutual Fund (and NOT the time of realization of funds in the Bank account of MFUI) within the applicable cut-off timing. The Uniform Cut-off time as prescribed by SEBI and mentioned in the SID / KIM shall be applicable for applications received through such facilities.

Investors are requested to note that MFUI will allot a Common Account Number ("CAN") i.e. a single reference number for all investments in the mutual fund industry for transacting in multiple schemes of various mutual funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and necessary documents at the POS. The AMC and/or its Registrar and Transfer Agent shall provide necessary details to MFUI as may be needed for providing the required services to investors/distributors through MFU. Investors are requested to visit the website of MFUI i.e. www.mfuindia.com to download the relevant forms.

For any queries or clarifications related to MFU, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and public holidays) or send an email to clientservices@mfuindia.com.

Pursuant to Association of Mutual Funds in India (AMFI) Best Practices Guidelines Circular No. 48/2014-15 dated June 24, 2014 on the process for dealing with applications where the scheme name in the Application Form / Transaction Slip & payment instrument differs has been standardized.

In case of fresh/additional purchases, if the name of a particular Scheme on the application form/transaction slip differs from the name of the scheme on the Payment instrument, the application will be processed & units allotted at applicable NAV of the scheme mentioned in the application form / transaction slip duly signed by investor(s).

Tata Asset Management Ltd. (AMC) reserves the right to call for other additional documents as may be required, for processing such transactions. The AMC also reserves the right to reject such transactions.

The AMC thereafter shall not be responsible for any loss suffered by the investor due to the discrepancy in the scheme name mentioned in the application form/transaction slip and payment instrument.

1. There shall be no transaction charges on direct investments.
2. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.
3. For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.
4. The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.
5. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.
6. There shall be no transaction charge on subscription below Rs. 10,000/-.
7. In case of Systematic Investment Plan(s), the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in first 3/4 successful installments.
8. There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered. It may further be noted that distributors shall also have the option to either opt in or opt out of levying transaction charge based on type of the product.

Goods and Service tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of tax, if any, shall be credited to the scheme.

SEBI Circular dated Sept 13, 2012 has directed mutual funds to capture the unique identity number (EUIIN) of the employee/sales person of the distributor interacting with the investor for the sale of mutual funds products in addition to the valid AMFI registration number (ARN) code of the distributor, ARN code of the sub broker. In the interest of the investors it is urged to ensure that the box/space provided for EUIIN number, ARN code for distributor and ARN code of the sub broker in the application form to be properly filled up. It is out-most important to provide the EUIIN number particularly in advisory transactions, which will assist in tackling the problem of mis-selling even if the employee/relationship manager/ sales person on whose advice the transaction was executed leaves the employment of the distributor or his/her sub broker.

The Fund will disclose details of the investor's account and all his transactions to the intermediaries whose stamp appears on the application form. In addition, the fund will disclose details as necessary, to the Fund's and investor's bankers, for the purpose of effecting payments to the investor. Further, investors' may also be disclosed to Government Authorities such as income tax authorities, SEBI, etc.

The unitholder may request for a physical account statement by writing/ calling the AMC/ISC/R&T.

Segregated Portfolio: In case of credit event at issuer level and to deal with liquidity risk, the scheme may create segregated portfolio of debt and money market instruments in compliance with the SEBI circular SEBI/HO/IMD/DF2/CIR /P/2018/160 dated December 28,2018.

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a) Downgrade of a debt or money market instrument to 'below investment grade', or
- b) Subsequent downgrades of the said instruments from 'below investment grade', or
- c) Similar such downgrades of a loan rating

2) Creation of segregated portfolio is optional and is at the discretion of the AMC.

3) In case of unrated debt and money market instruments by the scheme of an issuer that does not have any outstanding rated debt or money market instruments, segregated portfolio may be created only in case of actual default of either the interest or principal amount. In case of default of unrated debt or money market instruments of an issuer, TAML(AMC) will inform AMFI immediately about the actual default by the issuer. Pursuant to dissemination of information by AMFI about actual default, AMC may segregate the portfolio of debt and money market instruments.

4) In case, debt schemes which have investment in debt investments having special features is to be written off or converted to equity pursuant to any approval, the date of said proposal may be treated as trigger date. However, in case the instruments are written off or converted to equity without proposal, the date of write off or conversion of debt instrument to equity may be treated as trigger date.

Creation of segregated portfolio is optional and is at the discretion of the Tata Asset Management Ltd (AMC).

Process for Creation of Segregated Portfolio

- 1) On the date of credit event, AMC should decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it should:
 - a) seek approval of trustees prior to creation of the segregated portfolio.
 - b) immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. Tata Mutual Fund will also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC.
 - c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme will be suspended for processing with respect to creation of units and payment on redemptions.
- 2) Once Trustee approval is received by the AMC:
 - a) Segregated portfolio will be effective from the day of credit event
 - b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
 - c) An e-mail or SMS will be sent to all unit holders of the concerned scheme.
 - d) The NAV of both segregated and main portfolios will be disclosed from the day of the credit event.
 - e) All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
 - g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
 - h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
- 3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.
- 4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Processing of Subscription and Redemption Proceeds

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as under:

i. Upon trustees' approval to create a segregated portfolio -

- Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
- Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.

ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Disclosure

AMC shall make necessary disclosures as mandated by SEBI, in statement of account, monthly / half yearly portfolio statements, Key Information Memorandum (KIM), SID, Scheme Advertisements, Scheme Performance data, AMC Website and at other places as may be specified.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.

Monitoring by Trustees

Trustees will monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports filed with SEBI.

In order to avoid mis-use of segregated portfolio, Trustees will put in place a mechanism to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs) etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of Tata Asset Management Ltd., including claw back of such amount to the segregated portfolio of the scheme.

TER for the Segregated Portfolio

- 1) AMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- 2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. In addition to the TER mentioned

above, the legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio as mentioned below.

- 3) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- 4) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Explanations:

- 1) The term 'segregated portfolio' means a portfolio, comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme.
- 2) The term 'main portfolio' means the scheme portfolio excluding the segregated portfolio.
- 3) The term 'total portfolio' means the scheme portfolio including the securities affected by the credit event.

- A person who is resident of Canada.
- OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999.

Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -

- US taxpayers about certain foreign financial accounts and offshore assets.
- Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/ MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Limited (TAML) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to provide information required by the regulatory authority and may undergo changes on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters'. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3, 2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holders 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.

In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

How to apply:

Investors opting for allotment of units in demat form shall mention demat account details in the application form.

For restriction on acceptance of third-party payments for subscription of units of schemes, kindly refer application / instruction form.

Subscription by NRIs

In terms of Schedule 5 of Notification no. FEMA 20/2000 dated May 3, 2000, RBI has granted general permission to NRIs to purchase, on a repatriation basis unit of domestic mutual funds. Further, the general permission is also granted to NRIs to sell the units to the mutual funds for repurchase or for the payment of maturity proceeds, provided that the units have been purchased in accordance with the conditions set out in the aforesaid notification. For the purpose of this section, the term "mutual funds" is as referred to in Clause (23D) of Section 10 of Income-Tax Act 1961. However, NRI investors, if so desired, also have the option to make their investment on a non-repatriable basis.

Subscription by FPI

Foreign portfolio investor (FPI) means a person who satisfies the eligibility criteria prescribed under regulation 4 and has been registered under Chapter II of SEBI (Foreign Portfolio Investors) Regulations, 2014, provided that any foreign institutional investor or qualified foreign investor who holds a valid certificate of registration shall be deemed to be a foreign portfolio investor till the expiry of the block of three years for which fees have been paid.

No person shall buy, sell or otherwise deal in securities as a foreign portfolio investor unless it has obtained a certificate granted by the designated depository participant on behalf of SEBI.

Under SEBI (Foreign Portfolio Investors) Regulations, 2014 FPI (FII/Sub Account of FII) are allowed to invest in Units of schemes floated by domestic mutual funds, whether listed on a recognized stock exchange or not; subject to compliance of the investment limits and terms and conditions as may be specified by SEBI/RBI.

Mode of Payment on Repatriation basis**NRIs**

In case of NRIs and persons of Indian origin residing abroad, payment may be made by way of Indian Rupee drafts purchased abroad and payable at Mumbai or by way of cheques drawn on Non-Resident (External) (NRE) Accounts payable at par at Mumbai. Payments can also be made by means of rupee drafts payable at Mumbai and purchased out of funds held in NRE / FCNR Accounts.

In case Indian rupee drafts are purchased abroad or from Foreign Currency Accounts or Non-resident Rupee Accounts an account debit certificate from the Bank issuing the draft confirming the debit shall also be enclosed.

FIIs (which are deemed FPI)

FIIs may pay their subscription amounts either by way of inward remittance through normal banking channels or out of funds held in Foreign Currency Account or Non-resident Rupee Account maintained by the FII with a designated branch of an authorized dealer with the approval of the RBI subject to the terms and conditions set out in the aforesaid notification.

Mode of payment on Non-Repatriation basis

In case of NRIs/Persons of Indian origin seeking to apply for Units on a non-repatriation basis, payments may be made by cheques/demand drafts drawn out of Non-Resident Ordinary (NRO) accounts/ Non-Resident Special Rupee (NRSR) accounts and Non Resident Non-Repatriable (NRNR) accounts payable at the city where the Application Form is accepted.

Refunds, interest and other distribution (if any) and maturity proceeds/repurchase price and /or income earned (if any) will be payable in Indian Rupees only. The maturity proceeds/repurchase value of units issued on repatriation basis, income earned thereon, net of taxes may be credited to NRE/FCNR account (details of which should be furnished in the space provided for this purpose in the Application Form) of the non-resident investor or remitted to the non-resident investor. Such payments in Indian Rupees will be converted into US dollars or into any other currency, as may be permitted by the RBI, at the rate of exchange prevailing at the time of remittance and will be dispatched through Registered Post at the unitholders risk. The Fund will not be liable for any loss on account of exchange fluctuations, while converting the rupee amount in US dollar or any other currency. Credit of such proceeds to NRE/FCNR account or remittance thereof may be permitted by authorized dealer only on production of a certificate from the Fund that the investment was made out of inward remittance or from the Funds held in NRE/FCNR account of the investor maintained with an authorized dealer in India. However, there is no objection to credit of such proceeds to NRO/NRSR account of the investor if he so desires.

Subscription by Multilateral Funding Agencies, on full repatriation basis, is subject to approval by the Foreign Investment Promotion Board.

Transactions through online facilities / electronic modes: The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India (RBI) vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund. While the movement of Funds out of the investors' Bank account may have happened on T-day, however post reconciliation and as per statutory norms the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will be processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth & efficient functioning of the Scheme(s).

TRANSACTION THROUGH STOCK EXCHANGE PLATFORM

Tata Mutual Fund has signed an agreement with BSE & NSE for allowing transactions in the Scheme through stock exchange platform.

The schemes covered in this KIM are admitted on the order routing platform of Bombay Stock Exchange Limited ("BSE") and National Stock Exchange of India Limited ("NSE"). Under this facility investors can submit the application for subscription and redemption of units of the scheme through the Stock Exchange platform. The introduction of this facility is pursuant to guidelines issued by SEBI vide circular SEBI/IMD/CIR No.11/183204/2209 dated November 13, 2009 and the Stock Exchanges viz. BSE & NSE.

The following are the salient features of the new facility introduced for the benefit of investors:

1) This facility i.e., purchases (Lumpsum & SIP)/redemption of units will be available to both existing & new investors. Switching of units will not be permitted through stock exchange platform. 2) The investors will be eligible to purchase /redeem units of the aforesaid schemes. The list of eligible schemes is subject to change from time to time. 3) All trading members of BSE & NSE who are registered with AMFI as Mutual Fund Advisors & who have signed up with Tata Asset Management Ltd & also registered with BSE & NSE as Participants ("AMFI certified stock exchange brokers") will be eligible to offer this facility to investors. In order to facilitate transactions in mutual fund units through the stock exchange infrastructure, BSE has introduced BSE StAR MF Platform & NSE has introduced Mutual Fund Service System (MFSS). 4) The units of eligible Schemes are not listed on BSE & NSE & the same cannot be traded on the Stock Exchange like shares. The window for submission of application for purchase/redemption of units on BSE & NSE will be available between 9 a.m. & 3 p.m. or such other timings as may be decided by the Stock Exchanges. 5) The eligible AMFI certified stock exchange brokers will be considered as Official Points of Acceptance (OPA) of Tata Mutual Fund as per SEBI circular No. SEBI/IMD/CIR No/11/78450/06 dated October 11, 2006. 6) Investors have an option to subscribe/redeem units in physical or dematerialized form on BSE StAR & NSE MFSS MF system. In case of redemption request received through MFSS/BSE StAR/DP residual units will continue to remain in the Registrar & Transfer Agents records & the residual units will be redeemed only after investor request to redeem. 7) The facility to purchase through SIP is available in demat form on both BSE StAR & NSE MFSS platform. 8) As clarified by SEBI vide its circular no. CIR/IMD/DF/10/2010 dated August 18, 2010, restriction on transfer of units shall not be applicable to units held in dematerialized mode & thus the units are freely transferable. However, the restrictions on transfer of units of ELSS schemes during the lock in period shall continue to be applicable as per the ELSS guidelines. 9) Investors will be able to purchase/redeem units in eligible schemes in the following manner:

(i.) Purchase of Units:**a. Physical Form (Available on NSE MFSS & BSE StAR MF)**

• The investor who chooses the physical mode is required to submit all requisite documents along with the purchase application (subject to applicable limits prescribed by BSE / NSE) to the AMFI certified stock exchange brokers. • The AMFI certified stock exchange broker shall verify

the application for mandatory details & KYC compliance. • After completion of the verification, the purchase order will be entered in the Stock Exchange system & an order confirmation slip will be issued to investor. • The investor will transfer the funds to the AMFI certified stock exchange brokers. • Allotment details will be provided by the AMFI certified stock exchange brokers to the investor.

b. Dematerialized Form (Available on NSE MFSS & BSE StAR MF)

• The investors who intend to deal in depository mode are required to have a demat account with Central Depository Services (India) Ltd ("CDSL") / National Securities Depository Ltd. ("NSDL"). • The investor who chooses the depository mode is required to place an order for purchase of units (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers. • The investor should provide their depository account details to the AMFI certified stock exchange brokers. • The purchase order will be entered in the Stock Exchange system & an order confirmation slip will be issued to investor. • The investor will transfer the funds to the AMFI certified stock exchange brokers.

(ii.) Redemption of Units:

a. Physical Form (Available on BSE StAR & NSE MFSS Platform)

• The investor who chooses the physical mode is required to submit all requisite documents along with the redemption application (subject to applicable limits prescribed by BSE / NSE, if any) to the AMFI certified stock exchange brokers. There is no maximum cap on redemption request. • The redemption order will be entered in the Stock Exchange system & an order confirmation slip will be issued to investor. • In case of redemption request received through MFSS/BSE StAR/DP residual units will continue to remain in the Registrar & Transfer Agents records & the residual units will be redeemed only after investor request to redeem. • The redemption proceeds will be credited to the bank account of the investor, as per the bank account mandate recorded with Tata Mutual Fund & within the timelines as per SEBI regulations as applicable from time to time or it will be sent to the investor in the mode selected by the investor. • Redemption request may also be submitted to any of the Investor service centers. • In case investors desire to convert the physical units into dematerialized form, the dematerialized request will have to be submitted with the Registrar.

b. Dematerialized Form (Available on NSE MFSS & BSE StAR MF)

• The investors who intend to deal in depository mode are required to have a demat account with CDSL/ NSDL & units converted from physical mode to demat mode prior to placing of redemption order. • The investor who chooses the depository mode is required to place an order for redemption (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers. The investors should provide their Depository Participant with Depository Instruction Slip with relevant units to be credited to Clearing Corporation pool account. • The redemption order will be entered in the system & an order confirmation slip will be issued to investor. • Presently no limit is applicable for the redemption of units. • In respect of investors having demat account & purchasing & redeeming units through stock brokers & clearing members, investors shall receive redemption amount (If units are redeemed) & units (if units are purchased) through broker/clearing member's pool account. The Asset Management Company/ Mutual Fund will pay proceeds to the broker/clearing member (in case of redemption) & broker/clearing member in turn to the respective investor & similarly units shall be credited by MF/AMC into broker/clearing members' pool account (in case of purchase) & broker/clearing member in turn to the respective investor. It is to be noted that payment of redemption proceeds to the broker/clearing members by MF/AMC shall discharge MF/AMC of its obligation of payment to individual investor & in case of purchase of units, crediting units into broker/clearing member pool account shall discharge MF/AMC of its obligation to allot units to individual investor. Stock Exchanges & Depositories shall provide investor grievance handling mechanism to the extent they relate to disputes between their respective regulated entity & their client.

1) Applications for purchase/redemption of units which are incomplete /invalid are liable to be rejected. 2) In case of non-financial requests/ applications such as change of address, change of bank details, etc. investors should approach Investor Service Centres (ISCs) of Tata Mutual Fund if units are held in physical mode & the respective Depository Participant(s) if units are held in demat mode. 3) An account statement will be issued by Tata Mutual Fund to investors who purchase/ redeem their units under this facility in physical mode. In case of investors who intend to deal in units in depository mode, a demat statement will be sent by Depository Participant showing the credit/debit of units to their account. 4) The applicability of NAV will be subject to guidelines issued by SEBI from time to time on Uniform cut-off timings for applicability of NAV of Mutual Fund Scheme(s)/Plan(s). 5) Investors will have to comply with Know Your Customer (KYC) norms as prescribed by BSE/NSE/CDSL/ NSDL & Tata Mutual Fund to participate in this facility. 6) Investors should get in touch with Investor Service Centres (ISCs) of Tata Mutual Fund for further details. The Trustee reserves the right to change/modify the features of this facility at a later date.
