

KEY INFORMATION MEMORANDUM

TATA

BUSINESS CYCLE FUND

(An open-ended equity scheme following business cycles based investing theme)

This product is suitable for investors who are seeking*:

- Long Term Capital Appreciation.
- An equity scheme that invests predominantly in Indian markets with focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles.

***Investors should consult their financial advisors if in doubt about whether the product is suitable for them**

Scheme Risk O Meter

Investors understand that their principal will be at Very High Risk

Benchmark Risk O Meter

(It may be noted that risk-o-meter specified above is based on the scheme characteristics. The same shall be updated in accordance with provisions of SEBI circular dated October 5, 2020 on Product labelling in mutual fund schemes on ongoing basis.)

Scheme Opened on	16.07.2021
Scheme Closed on	30.07.2021
Scheme Re-opened on	11.08.2021

This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. **For further details of the scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties and pending litigations, etc. investors should, before investment, refer to the Scheme Information Document (SID) and Statement of Additional Information (SAI) available free of cost at any of the Investor Service Centre's or distributors or from the website www.tatamutualfund.com**

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

Name of the Mutual Fund
Tata Mutual Fund

Name of the AMC
Tata Asset Management Pvt. Ltd.
CIN: U65990-MH-1994-PTC-077090

Offer for Units at
NAV Based Prices upon reopening

1903, B Wing, Parinee Crescenzo, G Block, BKC, Bandra East, Mumbai – 400 051

Call: (022) 6282 7777 (Monday to Saturday 9:00 am to 5:30 pm) **Fax:** (022) 22613782

E-mail: service@tataamc.com **Website:** www.tatamutualfund.com

INVESTMENT OBJECTIVE

To generate long-term capital appreciation by investing with focus on riding business cycles through allocation between sectors and stocks at different stages of business cycles.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.

ASSET ALLOCATION

Under normal circumstances, the asset allocation of the Scheme will be as follows

Instruments	Indicative allocations (% of net assets)		Risk Profile
	Minimum	Maximum	High/Medium/ Low
Equity and equity related instruments selected on the basis of business cycle	80	100	High
Other Equity & Equity related Instruments	0	20	Medium to High
Debt and Money market instruments & Gold ETF	0	20	Low to Medium
Units issued by REITs & InvITs.	0	10	Medium to High

As per clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations 1996, the scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

Within the limit mentioned in the above paragraph i.e. in clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations 1996, investment by the scheme in another scheme under the same asset management company or any other mutual fund without charging any fees, will be restricted to 20% of the net assets of the scheme.

The Scheme may take exposure to:

Overseas /Foreign Securities to the extent of 20% of the net assets.

Derivative instruments (excluding hedge position) to the extent of 50% of net assets.

Securitized debt up to 20% of debt portfolio. The Scheme shall not invest in foreign securitized debt and credit default swaps.

Stock lending up to 20% of net assets. Not more than 5% of the net assets of the scheme will be deployed with any single intermediary.

The scheme will not invest in structured obligations/credit enhancement.

Imperfect hedging using IRFs up to maximum of 20% of the net assets of the scheme.

The scheme will not invest in debt instruments with special features viz. subordination to equity like Additional Tier 1 and Tier 2 Bonds issued under Basel III framework.

The scheme may invest in ADR /GDR/ Foreign Securities / Overseas ETFs. Investment in ADR/GDR/Foreign Securities would be as per SEBI Circular No. SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007, SEBI/IMD/CIR No. 122577/08 dated April 8, 2008, SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 and SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 June 3, 2021 as may be amended from time to time.

An investment headroom of 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits specified by SEBI in circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05,2020 as may be amended from time to time. Investments in ADR/GDR and foreign securities would be in accordance with the SEBI Circular dated September 26, 2007

The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. SEBI Circular no. SEBI/MFD/CIR No. 03/ 158 /03 dated June 10, 2003, no. DNP/DF/Cir-29/2005 dated September 14, 2005, no. SEBI/IMD/CIR No. 9/108562/07 dated November 16, 2007, no. Cir/IMD/DF/11/ 2010 dated August 18, 2010. The cumulative gross exposure through equities, repo transactions in corporate debt securities along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme. An investment headroom of 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits specified by SEBI in circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05,2020 as may be amended from time to time. Investments in ADR/GDR and foreign securities would be in accordance with the SEBI Circular dated September 26, 2007

The maximum exposure to derivatives (excluding hedge position) will not exceed 50% of the net assets of the scheme.

The Scheme may participate in repo in corporate debt securities. The gross exposure in repo in corporate debt securities will be restricted 10% of the net asset of the scheme.

The scheme may write call options under covered call strategy.

The Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

The scheme may invest in any other assets/securities as may permitted by SEBI/RBI from time to time subject to SEBI/RBI approvals as may be required.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007, SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019 and SEBI/HO/IMD/DF2/CIR/P/2019/101 dt. September 20, 2019, as may be amended from time to time.

A mutual fund may invest in the units of REITs and InvITs subject to the following:

No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and

The scheme shall not invest –

- more than 10% of its NAV in the units of REIT and InvIT; and
- more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

Due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only, for defensive considerations and the intention being at all times to protect the interests of Unit Holders.

Change in Investment Pattern

The Investment Patterns as outlined above are indicative. Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders' interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of 30 days. In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Scheme Specific Risk Factors:

Risks associated with investing in equity/equity related instruments

- Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolios would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.
- Investments in equity and equity related securities involve a degree of risks and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.
- The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment

Risks associated with the Scheme's strategy

The Scheme will invest atleast 80% of it's net assets in equity / equity related instruments of companies selected on the basis of business cycle. The scheme is thematic in nature, hence will be affected by the risks associated with the theme/sector.

Investing in thematic schemes is based on the premise that the scheme will seek to invest in companies belonging to a specific sector / theme. This will limit the capability of the scheme to invest in other sectors/theme. The

Scheme would invest in equity and equity related securities of companies engaged in the particular sector / theme and hence concentration risk is expected to be high. Also, as with all equity investing, there is a risk that companies in that specific sector / theme will not achieve its expected earnings results, or that an unexpected change in the market or within the company will occur, both of which may adversely affect investment results.

Owing to high concentration risk for thematic / sectorial scheme, risk of capital loss is highest. There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes coupled with structural rigidity of the scheme can lead to permanent loss of capital.

Investment Risks

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result into profit.

The fund may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However these techniques and instruments if imperfectly used have the risk of the fund incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / plan's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Fund's assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme(s) are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio.

Risk associated with Short Selling

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short-selling is the sale of shares that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the borrowing. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price). However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the stock price increases without limit and shall result into major losses in the portfolio. For example, if dealer/fund manager short 1000 shares at Rs.650 each hoping to make a profit but the share price increase to Rs.900, portfolio will end up losing Rs.250,000 (1000*250).

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments.

This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the price of the debt instrument(s) and ultimately Scheme's net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Securitized Debt:

Securitized Debt such as Mortgage Backed Securities ("MBS") or Asset Backed Securities ("ABS") is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. Asset Securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitization involves sale of specific receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company.

The SPV in turn issues financial instruments (promissory notes, participation certificates or other debt instruments) also referred to as "Securitized Debt" to the investors evidencing the beneficial ownership of the investors in the receivables. The financial instruments are rated by an independent credit rating agency.

Risks Associated with Securitized Debt

Risk due to prepayment: In case of securitized debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitized papers. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitized debt instruments, the secondary market for securitized debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Derivatives

Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund

Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments".
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- Where derivatives are used for hedging, such use may involve a basic risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk Associated with overseas investments

To the extent the assets of the schemes are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

The Scheme may also invest in ADRs / GDRs / Other Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India from time to time. To the extent that some part of the assets of the Schemes may be invested in securities denominated in foreign currencies, Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment as applicable.

As the investment may be made in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the portfolio manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.

In respect of the corpus of the Scheme that is invested in overseas mutual fund schemes, investors shall bear the proportionate recurring expenses of such underlying scheme(s), in addition to the recurring expenses of the

Scheme. Therefore, the returns attributable to such investments by the Scheme may be impacted or may, at times, be lower than the returns that the investors could obtain by directly investing in the said underlying scheme.

Currency Risk: The scheme may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.

Risks associated with Segregated Portfolio

Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risk Factors Associated with Investments in REITs and InvITs:

- Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.

The above are some of the common risks associated with investments in REITs & InvITs. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks -

- Corporate Bond Repo will be subject to counter party risk.
- The Scheme will be exposed to credit risk on the underlying collateral-downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.

- Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

Risk of Writing of Call Option Under a Covered Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risks associated with Imperfect Hedging using Interest Rate Futures (IRF)

Liquidity/execution risk – IRF are relatively new instruments traded on the exchanges and don't have as much liquidity as the OTC market in the underlying bond. This could expose the hedge to liquidity (execution and wider bid-offer spread) risk and associated impact cost.

Spread risk – The IRF is based on government securities and treasury bills. Imperfect hedging can be applied on portfolios comprised of corporate bonds as well. Corporate bond yield theoretically comprises of the risk free rate and a credit spread. IRF would hedge out only the risk free rate. Any compression/expansion of credit spread of the underlying portfolio would not be hedged by the IRF.

Yield curve slope risk – The IRF hedge is done on a modified duration basis. This means that the maturity of the underlying instrument and the maturity of the IRF could be different. The hedge ratio is arrived at using the prescribed formula. This hedges the risk arising from a parallel shift in the yield curve. Any change in the slope of the yield curve (flattening/steepening) remains unhedged as residual risk.

Unwinding risk— An unexpected change in market conditions may require unwinding the derivative positions at disadvantageous prices during periods of heightened volatility e.g. if the yields slide lower due to a surprise RBI rate cut, participants with short Interest Rate Futures positions would seek to cut their losses and exit, leading to an increase in the price of the IRF, and negative price impact on the hedged portfolio there from.

Correlation risk – As per the extant regulation, the IRF has to have a 0.90 correlation coefficient with the underlying bond/portfolio, for the past 90 days, to be considered for imperfect hedging. If the correlation deteriorates going forward, the hedge may have to be rebalanced with attendant impact costs.

Risks associated with investment in units of mutual fund:

Investment in Mutual Fund Units involves investment risks, including but not limited to risks such as liquidity risk, volatility risk, default risk including the possible loss of principal.

- Liquidity risk – The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the right to limit redemptions will be in accordance with SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016.
- Volatility risks: There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification across companies and sectors.
- Default risk - Credit risk is risk resulting from uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Credit Evaluation Process for the investments in Debt Securities

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.

Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- External Ratings threshold: Investment is made only if the issuer credit rating is at least 'investment grade' (BBB- or above) for Long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is

made in top notch (A1+ or equivalent) rated debt instruments. However, this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.

- Each company is internally appraised based on various parameters including, but not restricted to: o Business Fundamentals: Product/Service offerings, Market Position, Competitive Landscape, and Product cycle etc.
- o Regulatory environment: Support/intervention, developmental stage of industry, level of regulation
- o Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend.
- o Management Track Record: Management track record, performance of company through economic cycle, promoters' background, other group companies.
- o Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macroeconomic environment and the performance of corporate sector, the debt market and other considerations.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents VIZ.MOA/AOA of the TAMPL/Trustee Company, IMA and the Trust Deed. Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of regulations 18-15A of SEBI (Mutual Funds) Regulations, 1996.

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated completely. However, following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

Nature of Risk	Mitigation Measures
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System. Also as a backup, manual controls are also implemented.
Poor Portfolio Quality	Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of investment committee.
Performance Risk	Periodical review of stock wise profit & loss. Review of scheme performance vis. a vis. Benchmark index as well as peer group.
Liquidity Risk	Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)
Concentration Risk	Cap on maximum single sector exposure. Cap on maximum single stock exposure. The Scheme will try and mitigate this risk by investing in sufficiently large number of companies (and across sectors) so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.

Further, with respect to investments in overseas securities, apart from other risks, there is an inherent risk of currency fluctuation which cannot be mitigated. However, the fund will strive to minimize such risk by hedging in the FOREX market as and when permitted.

Risk Control / Mitigation measures for Debt and related Investments:

Nature of Risk	Mitigation Measures
Liquidity Risk	Focus on good quality paper at the time of portfolio construction
Credit Risk	In house dedicated team for credit appraisal Issuer wise exposure limit Rating grade wise exposure limit Periodical portfolio review by the Board of AMC
Interest Rate Risk	Close watch on the market events Active duration management Portfolio exposure spread over various maturities.
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System also as a back up, manual control are implemented.

Further, the Investment Manager endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on their own research as well as third party research. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.

WHERE WILL THE SCHEME INVEST

In line with the investment allocation pattern of the scheme, the scheme will predominantly invest in:

- i) Equity and equity related instruments of domestic companies and/ or equity derivatives such as options and futures.
- ii) ADR/GDR/Foreign securities/Overseas ETFs as permitted by Reserve Bank of India and Securities and Exchange Board of India.
- iii) Debt and money market instruments including units of mutual fund.
- iv) Units of REITs & InvITs.

Investment in Equities:

Investment in equity and equity related instrument will include securities such as:

- Equity shares of listed and to be listed companies;
- Equity / Equity related instruments of companies listed outside India
- Derivatives (which includes but is not limited to stock and index futures or such other derivatives as are or may be permitted under the Regulations and/or RBI from time to time).
- Preference shares;
- Convertible debentures;
- Preference shares/Convertible Preference Shares.

Investment in Debt Securities:

Investment in Debt and Money Market securities will include securities such as:

- Domestic fixed income Instruments like Commercial Paper, Certificate of Deposit, Non-Convertible Debentures, Treasury Bills, triparty repo on government securities or treasury bills.
- Zero Interest Bonds, Deep Discount Bonds, Floating Rate Bonds.
- Government Securities.
- Repo in corporate debt securities
- Domestic Interest Rate Derivatives like interest rate swaps, forward rate agreement, interest rate futures, options and such other derivative instruments as permitted by SEBI / RBI from time to time.
- Cash & Cash equivalent includes, Repo, Tri-party repo, and all money market instruments with residual maturity of less than 91 days.

Any other like instruments as may be permitted by SEBI/RBI from time to time.

Investment in Hybrid Securities

- Investment in Real Estate Investment Trust (REITs) & Infrastructure Investment Trust (InvITs)

"REIT" or "Real Estate Investment Trust" shall have the meaning assigned in clause (zm) of sub-regulation 1 of regulation 2 of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014. REITs are companies that own and lease out commercial or residential real estate. The rental incomes from the properties are shared among REIT investors, who are allotted units. These units are tradeable on exchanges.

"InvIT" or "Infrastructure Investment Trust" shall have the meaning assigned in clause (za) of sub-regulation (1) of regulation 2 of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014. InvITs are similar to REITs, except these own infrastructure assets not real estate.

Repo in Corporate Debt Securities

The scheme may participate in repo in corporate debt securities subject to guidelines specified by RBI and SEBI which includes the following:

- Gross exposure to corporate bond repo transaction should be not more than 10% of the net asset of the scheme.
- The cumulative gross exposure through equities, repo transactions in corporate debt securities along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme.
- Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- The Scheme will participate in repo transactions only in AA and above rated corporate debt securities.
- The Scheme may borrow through repo transactions (for redemption/dividend payout) only if the tenor of the transaction does not exceed a period of six months and aggregate borrowing is not more than 20% of net assets of the Scheme.

- Credit exposure will be on the counterparty and not on the collateral securities in case of corporate bond repo. Issuer and counterparty limits will be based on approved credit universe.

The scheme will ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, as well as SEBI circular with respect to repo transactions in corporate debt securities.

As mandated by SEBI vide circular CIR / IMD / DF / 19 / 2011 dated November 11, 2011, AMC and Trustee company of Tata Mutual Fund have specified norms for Category of counterparty, credit rating of counterparty, tenor of collateral and applicable haircuts for participation in repo in corporate bonds.

As per clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations 1996, the scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund

The above lists are illustrative and not the exhaustive and may include other money market securities as may be available / introduced in the market.

The securities mentioned above could be listed, to be listed, privately placed, secured, unsecured, rated and of maturity which is less than or equal to maturity of a scheme. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. Please refer to the Clause "Liquidity & Settlement Risks" under Specific Risk Factors to understand the liquidity risk associated with securities.

Investment in Securities of Group Companies

As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/ group companies of the Sponsors. The Fund will also not make investment in privately placed securities issued by associate / group companies of the Sponsors. The Fund may invest not more than 25% of the net assets in listed securities of Group companies.

THE INVESTMENT STRATEGIES

The Scheme will be a diversified equity fund which will invest predominantly in equity and equity related securities with focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles in the economy.

Business cycles in an economy are typically characterized by the fluctuations in economic activity measured by real GDP growth and other macroeconomic variables. A business cycle is basically defined in terms of periods of expansion and contraction. During expansion, an economy experiences an increase in economic activity as evidenced by real GDP growth, industrial production, etc whereas during contraction, the pace of economic activity slows down. The business cycle is a critical determinant of equity sector performance over the intermediate term and the relative performance of equity market sectors typically tends to rotate as the overall economy shifts from one stage of the business cycle to the next, with different sectors assuming performance leadership in different economic phases.

The Scheme would aim to deploy the business cycle approach to investing by identifying such economic trends and investing in the sectors and stocks that are likely to outperform at any given stage of business cycle in the economy. The fund manager will consider economic parameters (like Current Account Deficit, fiscal deficit, interest rates, inflation), investment indicators (like investment in capex, new projects cleared, etc.), business and consumer sentiment (purchasing manager index, business confidence index, sales of various consumer discretionary products, etc.) to decide on the expansion or contraction phase. For example, during period of expansion, the Scheme would aim to predominantly invest in stocks of companies in the cyclical sectors as they tend to outperform the broader market during expansionary phase. Similarly, during period of contraction the Scheme would look to invest in defensive sectors stocks or sectors that are less sensitive to changes in overall economic activity.

The fund managers would combine a clear macro view with bottom-up stock selection approach for managing this Scheme. The fund manager will favour companies that offer the best value relative to their respective long-term growth prospects, returns on capital and management quality. When assessing a company, the fund managers will focus on understanding how each of these factors will change over time.

During times of global recession or crisis, the Scheme may also look at investing in Gold ETFs as it can provide some insulation against the downside risk in equity portfolio given the negative correlation between the two asset classes.

Investments in Foreign Securities shall be subject to the investment restrictions specified by SEBI/RBI from time to time. The fund managers will consider all relevant risk before making any investment in Foreign Securities.

Further, the portfolio of the Scheme will be constructed in accordance with the investment restrictions specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

The Scheme may invest in equity derivatives instruments to the extent permitted under and in accordance with the applicable Regulations, including for the purposes of hedging, portfolio balancing and optimizing returns. Hedging does not mean maximization of returns but only attempts to reduce systemic or market risk that may be inherent in the investment.

Trading in Derivatives

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. In accordance with the guidelines issued by the SEBI, exposure to derivative instruments will be restricted to the limit as specified along with the asset allocation pattern of the scheme.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc. The Scheme may purchase call and put options in securities in which it invests and on securities indices based on securities in which the scheme invests. Through the purchase and sale of futures contracts and purchase of related options on those contracts the Fund would seek to hedge against a decline in securities owned by the Fund or an increase in the prices of securities which the Fund plans to purchase. The Fund would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Fund's investment portfolio declines in value and thereby keep the Fund's net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Fund would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase..

Restrictions on Investments (as per seventh schedule of SEBI {Mutual Fund} Regulations 1996)

1. The scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
2. All investments by the scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
3. The Mutual Fund under all its scheme(s) shall not own more than ten percent of any company's paid up capital carrying voting rights.
4. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in government securities, treasury bills and Tri Party Repo on Government Securities or treasury bills.

Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board.

- 4A A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the SEBI from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the SEBI from time to time.

Note:

- a) SEBI vide circular dt. 1st October 2019 & 28th April 2020 has issued following guidelines wrt investment in unlisted debt & money market instruments.
- b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Investment restrictions as given below:-

A mutual fund scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of asset Management Company.

- c) Maximum investment in unlisted NCDs will be 10 % of the debt portfolio of the scheme

- d) investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- I. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

- II. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.

- III. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

- f) Restrictions on Investment in debt instruments having Structured Obligations / Credit Enhancements:

The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:

- I. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and

- II. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

- III. Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

- IV. Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

5. The scheme shall not make any investment in;

- a) any unlisted security of an associate or group company of the sponsor; or

- b) any security issued by way of private placement by an associate or group company of the sponsor; or

- c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.

6. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

- (a) such transfers are done at the prevailing market price[^] for quoted instruments on spot basis.

Explanation- "spot basis" shall have same meaning as specified by stock exchange for spot transactions.

- (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

[^]Note: SEBI vide circular no SEBI/HO/IMD/DF4/CIR/P/2019/102 dt. September 24, 2019 has prescribed the methodology for determination of price to be considered for inter scheme transfers. Inter scheme transfers (ISTs) will be done in accordance with additional safeguard prescribed in terms of SEBI Circular No SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 8 th'2020.

If any security gets downgraded following ISTs, within a period of four months, Fund Manager of buying scheme has to provide detailed justification /rationale to the trustees for buying such security.

7. The scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

8. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI.

9. The mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.
10. Pending deployment of funds of a Scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of scheduled commercial banks, subject to SEBI circular no. SEBI/IMD/CIR No. 1/91171/07 dated April 16, 2007 & SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019.
 - a. The term 'short term' for parking of funds shall be treated as a period not exceeding 91 days.
 - b. Such deposits shall be held in the name of each Scheme.
 - c. Each Scheme shall not park more than 15% of its net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - d. Each Scheme shall not park more than 10% of its net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
 - e. Trustees /AMC will ensure that no funds of a scheme is parked in Short term deposit of a bank which has invested in that scheme and the bank in which a scheme has short term deposit do not invest in that scheme until the scheme has short term deposit with such bank.
The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.
11. The scheme shall not make any investment in any fund of funds scheme.
12. The scheme will not advance any loan for any purpose.
13. The fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or dividend to the unitholders.
14. The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.
15. The Scheme may invest in the units of REITs and InvITs subject to the following:
 - (a) No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
 - (b) The scheme shall not invest -
 - i. more than 10% of its NAV in the units of REIT and InvIT; and
 - ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
16. Participation in Repo in Corporate Debt Securities is subject to the following restriction:
 - Gross exposure to corporate bond repo transaction should be not more than 10% of the net asset of the scheme.
 - The Scheme will participate in repo transactions only in AA and above rated corporate debt securities.
 - The Scheme may borrow through repo transactions (for redemption/dividend payout) only if the tenor of the transaction does not exceed a period of six months and aggregate borrowing is not more than 20% of net assets of the Scheme.

Restrictions with respect to Overseas Investments:

SEBI Vide Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5,2020 & SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03,2021 has revised the aggregate ceiling for the mutual fund industry to invest in following securities Up to US \$ 7 billion, and within this limit of US \$ 7 billion, individual Mutual Fund can make overseas investments in following securities to a maximum of US \$ 1 billion. Following are the securities in which a mutual fund scheme can invest:

SEBI vide circular dt. September 26, 2007 has permitted mutual funds to invest in following types of foreign securities:

- ADRs/GDRs issued by Indian companies or foreign companies, Equity of overseas companies listed on recognized stock exchanges overseas
- Initial and follow on public offering for listing at recognized stock exchange overseas
- Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
- Money market instruments rated not below investment grade
- Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds

- Government securities where the countries are rated not below investment grade
- Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
- Short term deposits with banks overseas where the issuer is rated not below investment grade
- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

SEBI Vide Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5,2020 & SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03,2021 permitted mutual fund to invest in overseas Exchange Traded Funds (ETFs) cumulatively upto US\$ 1 billion with a sub - ceiling of US \$ 300 million for individual Mutual Fund.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets may be adversely affected by changes in the value of certain foreign currencies relative to the Indian rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances or any other restriction applicable to it. To manage risk associated with foreign currency and interest rate exposure and for efficient portfolio management, the fund may use derivatives such as cross currency swaps etc. The use of currency derivatives would be in accordance with the prevailing regulations.

Portfolio of overseas / foreign securities shall be managed by a dedicated Fund Manager. While selecting the securities, the Fund Manager may rely on the inputs received from internal research or research conducted by external agencies in various geographies. The fund may also appoint overseas investment advisors / managers to advise / manage portfolio of foreign securities in case of need.

The investment in such Overseas Financial Assets shall not exceed the limit as may be imposed by SEBI/ RBI from time to time.

AMC believes that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multicurrency products. However, such investments also entail additional risks. The Fund may, where necessary, appoint other intermediaries of repute as advisors, sub-managers, or sub custodians for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements, if any, of SEBI.

To manage risk associated with foreign currency and interest rate exposure and for efficient portfolio management, the fund may use derivatives such as cross currency swaps etc. The use of derivatives would be in accordance with the prevailing regulations.

All investment restrictions shall be applicable at the time of making investment.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAMPL shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAMPL, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAMPL may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by the Asset Management Company

TAMPL (the AMC) may invest in the scheme(s)/plan(s)/fund(s), either in the initial issue or on an ongoing basis (from the secondary market), such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s) / plan(s) / fund(s). Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

As per regulation, the sponsors or asset management company (TAMPL) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

PLANS AND OPTIONS

The Scheme has the following Plans across a common portfolio:

Regular Plan: This Plan is for investors who wish to route their investment through any distributor.

Direct Plan: This Plan is only for investors who purchase /subscribe units in a scheme directly with the Fund and is not available for investors who route their investments through a Distributor.

Regular Plan (For applications routed through Distributors):

The Scheme has following options:

- Growth Option
- Payout of Income Distribution Cum Capital Withdrawal Option (IDCW-Payout)
- Reinvestment of Income Distribution cum capital withdrawal Option (IDCW-Reinvestment)

Direct Plan (For applications not routed through Distributors)

The Scheme has following options:

- Growth Option
- Payout of Income Distribution Cum Capital Withdrawal Option (IDCW-Payout)
- Reinvestment of Income Distribution cum capital withdrawal Option (IDCW-Reinvestment)

Compulsory Reinvestment of Income Distribution:

In order to reduce the expenses of the scheme and also for the convenience of the investors, the dividend/income distribution shall be compulsorily reinvested (for investors of non-electronic mode) within the scheme at the applicable ex-dividend NAV if income distribution amount Rs.100 or less in the same option of the respective plans of the scheme at the ex- dividend rate.

Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay dividend. Hence dividend amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

Investors subscribing under Direct Plan of a Scheme will have to indicate "Direct Plan" against the scheme name in the application form e.g. "Tata Business Cycle Fund".

Default Option: Investor should appropriately tick the 'option' (Growth or Payout of Income Distribution cum capital withdrawal option, Reinvestment of Income Distribution cum capital withdrawal option in the application form while investing in the Scheme. If no option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the Direct Plan- Growth Option. If no income distribution sub-option is mentioned / indicated in the application form by the investor then the units will, by default, be allotted under the Reinvestment of Income Distribution cum capital withdrawal option.

Default Plan: Investors are requested to note the following scenarios for the applicability of "Direct Plan (application not routed through distributor) or Regular Plan (application routed through distributor)" for valid applications received under the scheme:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct Plan	Direct Plan
3	Not mentioned	Regular Plan	Direct Plan
4	Mentioned	Direct Plan	Direct Plan
5	Direct Plan	Not Mentioned	Direct Plan
6	Direct Plan	Regular Plan	Direct Plan
7	Mentioned	Regular Plan	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load..

APPLICABLE NAV (after the scheme opens for repurchase)

At the Applicable NAV after the scheme opens for repurchase. The Scheme will reopen for subscriptions /redemptions, within 5 business days from the date of allotment.

Applicable NAV for Initial Subscription / Switch-in:

Particulars	Applicable NAV
Valid applications received (time-stamped) upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time.	The closing NAV of the same day.
Valid applications received (time-stamped) after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme either on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day.	The closing NAV of the next Business Day.
Valid applications received (time-stamped) upto 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme after the cut-off time on the same day i.e. available for utilization after the cut-off time of the Day.	The closing NAV of the next Business Day.
Where the application is time stamped any day before the credit of the funds to the scheme but the funds for the entire amount are credited to the bank account of the scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on that Business Day.	The closing NAV of such subsequent Business Day on which funds are available for utilisation.

In case application is time stamped after cut off timing on any day, the same will be considered as deemed to be received on the next business day.

In case funds are realised after cut-off timing on any day, the same will be considered as deemed to be realised /available for utilisation on the next business day.

For Switch-ins including Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time, and the funds are available for utilization before the cut-off time.
- In case of switch/STP transactions, funds will be made available for utilization in the switch-in-scheme based on the redemption payout cycle of the switch out scheme.

For investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), Dividend Transfer Plan (DTP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of dividend etc.

Redemption /Switch Out: In respect of application received upto 3 p.m., closing NAV of the day of receipt of application shall be applicable and in respect of application received after 3 p.m. closing NAV of next business day.

Outstation cheques/demand drafts will not be accepted.

Valid application for "switch out" shall be treated as redemption and for "switch in" shall be treated as purchases and the relevant NAV of "Switch in" and "Switch Out" shall be applicable accordingly.

MINIMUM APPLICATION AMOUNT / NUMBER OF UNITS UNDER EACH PLAN

Minimum initial investment in the scheme / plan / option: Rs. 5,000/- and in multiples of Re. 1/- thereafter. For additional investment Rs. 1,000/- and in multiples of Re. 1/-. The additional purchase investment can be made in Growth or IDCW option if initial investments exist under the requested option either in Direct or in Regular plan of the scheme.

Minimum Redemption amount will be Rs.500 or 50 units or folio available balance (Whichever is lower)

There is no minimum amount requirement, in case of investors opting to switch "all units" from any existing schemes of Tata Mutual Fund to this Scheme.

DESPATCH OF REDEMPTION CHEQUE

The redemption proceeds will be dispatched to the unit holders within 10 business days of the date of acceptance of the redemption request at the authorised centre of the Tata Mutual Fund.

BENCHMARK INDEX

Nifty 500 TRI

INCOME DISTRIBUTION CUM CAPITAL WITHDRAWAL POLICY

Growth Option:

The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving capital growth and reflected in the NAV.

Income Distribution Option:

The profits received / earned and so retained and reinvested may be distributed as Income at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided by the AMC and/or Trustee Company. It will be distributed to the unitholders who hold the units on the record date of declaration of the Income.

Please note that the income distribution and its frequency is subject to availability of distributable surplus and at the discretion of the trustees

The Fund reserves a right to modify the periodicity and manner of payout of such distribution as they deem fit without giving any further notice to unitholders.

The Fund does not assure any targeted annual return / income nor any capitalisation ratio. Accumulation of earnings and / or capitalisation of bonus units and the consequent determination of NAV, may be suspended temporarily or indefinitely under any of the circumstances as stated in the clause "Suspension of Ongoing Sale, repurchase or Switch out of units".

Reinvestment of Income Distribution cum capital withdrawal Option: Unitholders under this option also have the facility of reinvestment of the income so declared, if so desired. The income declared would be reinvested in the scheme on the immediately following ex-dividend date.

Compulsory Reinvestment of Income Distribution cum capital withdrawal option

In order to reduce the expenses of the scheme and also for the convenience of the investors, in case of income distribution cum capital withdrawal (IDCW) payout amount is Rs 100/- or less, then the same shall be compulsorily reinvested in the same sub-option at ex-dividend NAV for unitholders of non-electronic mode. Where the option to payout of IDCW is available in electronic mode, the IDCW amount shall be paid to the Unit holders.

EXPENSES OF THE SCHEME

(i) Load Structure

Entry Load: NA

Exit Load : Redemption/Switch-out/SWP/STP on or before expiry of 365 days from the date of allotment: If the withdrawal amount or switched out amount is not more than 12% of the original cost of investment-NIL

Redemption/Switch-out/SWP/STP on or before expiry of 365 days from the date of allotment: If the withdrawal amount or switched out amount is more than 12% of the original cost of investment-1%

Redemption/Switch-out/SWP/STP after expiry of 365 days from the date of allotment-NIL

Bonus units and units issued on reinvestment of dividends shall not be subject to exit load.

For applicability of load structure and NAV, switch-in will be considered as subscription and switch-out will be considered as redemption.

The AMC reserves the right to change/modify exit load, depending upon the circumstances prevailing at any given time. However any change in the load structure will be applicable on prospective investment only. At the time of changing the load structure, the AMC will adopt the following measures:

- The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that same can be attached to all Scheme Information Documents and Key information memoranda already in stock.
- The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure arrangement may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributor/ brokers' office.
- The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changed in one English daily newspaper having nationwide circulation as well as in a newspaper publishes in the language of region where the Head office of Mutual Fund is situated.

(ii) Annual Recurring expenses

Actual Expenses (% to Daily Net Assets for the FY 2021-22)

Regular Plan: 0.55%

Direct Plan: 2.30%

The fund shall update the current expense ratios on the website(www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact web link for TER is <https://www.tatamutualfund.com/expense-ratio>.

4) Illustration of impact of expense ratio on scheme return:

Particulars	Regular Plan	Direct Plan
Amount Invested (Rs)	10,000	10,000
Gross Returns-assumed	15%	15%
Closing NAV before expenses (Rs.)	10,500	10,500
Expenses (Rs)		
• Expenses Other than Distribution expenses	175	175
• Distribution Expenses	75	NIL
Total NAV after charging expenses (Rs)	11,250	11325
Net returns to investor	12.50%	13.25%

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme.

Fees & Expenses:

The maximum recurring expenses of the Scheme is estimated below:

Ref	Expenses Head	% of Daily Net Assets #
	Investment Management and Advisory Fees	Upto 2.25%
	Trustee fee	
	Audit fees	
	Custodian fees	
	Other Expenses	
	RTA Fees	
	Marketing & Selling expense incl. agent commission	
	Cost related to investor communications	
	Cost of fund transfer from location to location	
	Cost of providing account statements and Income Distribution Cum Capital Withdrawal redemption cheques and warrants	
	Costs of statutory Advertisements	
	Cost towards investor education & awareness (at least 2 bps)	
	Brokerage & transaction cost over & above 12 bps & 5 bps for cash & derivative market trades resp.	
	Goods & Services tax on expenses other than investment and advisory fees	
	Goods & Services tax on brokerage and transaction cost	
(a)	Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25%*
(b)	Additional expenses under regulation 52 (6A) (c)**	Upto 0.05%
(c)	Additional expenses for gross new inflows from specified cities under regulation 52 (6A) (b)	Upto 0.30% [^]

* Excluding Goods & Services Tax on investment and advisory fees

Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of SEBI Circular dated October 22, 2018 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund

In case of a scheme invest invests a minimum of sixty-five percent of its net assets in equity and equity related instruments, the scheme will be considered as equity oriented scheme for the purpose of total expense ratio.

The maximum recurring expenses for the scheme shall be subject to following limits**

- on the first Rs.500 crores of the daily net assets: 2.25%
- on the next Rs.250 crores of the daily net assets: 2.00%
- on the next Rs.1250 crores of the daily net assets :1.75%
- on the next Rs.3000 crores of the daily net assets : 1.60%
- on the next Rs.5000 crores of the daily net assets : 1.50%
- On the next Rs. 40000 crores of the daily net assets: total expense ratio reduction of 0.05% for every increase of Rs.5000 crores of daily net assets or part thereof.
- on the balance of the assets : 1.05%

**in addition to the above the scheme may charge additional limit of 0.05% (The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable) specified in sub regulation (6A) (c) of Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 excluding tax on investment management & advisory fees and expenses not exceeding of 0.30 per cent of daily net assets as stated in regulation 6A(b) of SEBI (Mutual Funds) Regulation, 1996.

[^] Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are atleast:

- 30 per cent of gross new inflows in the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Additional TER can be charged based on inflows only from retail investors (i.e other than corporates and institutions) from B 30 cities as defined in the SEBI circular SEBI/HO/IMD/DF2/CIR/P/2019/42 March 25, 2019. Inflows of amount upto Rs.200000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

Notes:

- Brokerage & transaction costs (including tax) which are incurred for the purpose of execution of trade may be capitalised to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. GST on brokerage and transaction cost paid for execution of trades shall be within the limit prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- AMC shall annually set apart atleast 2 basis point on daily net assets for investor's education and awareness initiatives.
- The fund shall update the current expense ratios on the website(www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact web link for TER is <https://www.tatamutualfund.com/expense-ratio>

Transaction Charges:

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, transaction charge per subscription of Rs.10, 000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following: 1. There shall be no transaction charges on direct investments.2. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.3. For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.4.The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.5. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.6. There shall be no transaction charge on subscription below Rs. 10,000/- 7. In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments.8. There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

SEBI vide Circular dated Sept 13, 2012 has directed mutual funds to capture the unique identity number (EUIIN) of the employee/sales person of the distributor interacting with the investor for the sale of mutual funds products in addition to the valid AMFI registration number (ARN) code of the distributor, ARN code of the sub broker. In the interest of the investors it is urged to ensure that the box/space provided for EUIIN number, ARN code for distributor and ARN code of the sub broker in the application form to be properly filled up. It is out-most important to provide the EUIIN number particularly in advisory transactions, which will assist in tackling the problem of mis-selling even if the employee/relationship manager/sales person on whose advice the transaction was executed leaves the employment of the distributor or his/her sub broker.

How the fund is different from other existing schemes of Tata Mutual Fund:

Scheme Name	Asset Allocation Pattern	Primary Investment Focus	AUM (Rs. Crore) as on 31.03.2022	No. of Folios as on 31.03.2022

TAX TREATMENT FOR INVESTOR OF INVESTMENTS IN MUTUAL FUNDS

Taxation

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

The Finance Act, 2020 abolished income distribution tax and instead introduced taxing of income from mutual fund units in the hands of the unit holders.

Type of Investor	Withholding tax rate
Resident***	10%*
NRI	20%**

* Tax not deductible if dividend income in respect of units of a mutual fund is below Rs. 5,000 in a financial year.

** The base tax is to be further increased by surcharge at the rate of:

- 37% on base tax where total income exceeds Rs. 5 crore;
- 25% where total income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

Further, "Health and Education Cess" is to be levied at 4% on aggregate of base tax and surcharge.

*** As per section 139AA of the Income tax Act, 1961 ('the Act') read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to PAN - Aadhaar not being linked on or before 31 March 2023, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of the Act. For linking PAN with Aadhaar after 31 March 2022, fees Rs. 500 till 30 June 2022 and Rs. 1,000 till 31 March 2023 has been prescribed.

Capital Gains Taxation

	Resident Investors/ NRI's \$	Domestic Company @
Rate of Tax		
Tax on Capital Gains (Payable by the Investors)		
Capital Gains:		
Long Term	10%*	10%*
Short Term	15%	15%

*As per Finance Act ,2018, levy of income tax at the rate of 10%(without indexation benefit) on long term capital gains exceeding Rs.1 lakh provided transfer of such units is subject to Securities Transaction Tax (STT).

\$\$Surcharge to be levied at:

- 37% on base tax where specified income exceeds Rs. 5 crore;
- 25% where specified income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge at 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10 percent to be levied on base tax for the companies opting for lower rate of tax of 22%/15%. Further, "Health and Education Cess" to be levied at the rate of 4% on aggregate of base tax and surcharge.

In case total income includes income by way of dividend on shares and short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15%.

In case of NRI investors, short term /long term capital gain tax (along with applicable surcharge and Health and Education Cess will be deducted at the time of redemption of units as per Income Tax Act.

The Central Board of Direct Taxes (CBDT) has declared that the Aadhaar card and PAN can now be linked with a penalty until March 31, 2023. PAN can be linked with Aadhaar starting April 1, 2022, according to the CBDT, with a punishment ranging from Rs 500 to Rs 1000

Securities Transaction Tax

Securities Transaction Tax ("STT") is applicable on transactions of purchase or sale of units of an equity oriented fund entered into on a recognized stock exchange or on sale of units of equity oriented fund to the Fund. The STT rates as applicable are given in the following table:

Taxable securities transaction	Payable by	Rate (as a % of value of the transaction)
Purchase/ Sale of an equity share in a company where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such share is settled by the actual delivery or transfer of such share	Purchaser/ Seller	0.1%
Purchase of a unit of an equity oriented fund, where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such unit is settled by the actual delivery or transfer of such unit	Purchaser	NIL
Sale of a unit of an equity oriented fund, where a) the transaction of such sale is entered into in a recognized stock exchange; and b) the contract for the sale of such unit is settled by the actual delivery or transfer of such unit	Seller	0.001%
Sale of an equity share in a company or a unit of an equity oriented funds on non-delivery basis	Seller	0.025%
Sale of option in securities	Seller	0.05%
Sale of an option securities, where option is exercised	Purchaser	0.125%
Sale in a future in securities	Seller	0.01%
Sale of unit of an equity oriented fund to the Mutual Fund itself	Seller	0.001%

The Fund is responsible for collecting the STT from every person who sells the Unit to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly, the number of units allotted on purchases, switch-ins, SIP/STP installments and including dividend reinvestment to the unitholders would be reduced to that extent.

As per The Finance Act, 2020: Provisions in relation to segregated portfolios of a mutual fund scheme are as follows -

In section 2 in clause (42A) of the Income Tax Act, the following amendment has been made "(hh) in the case of a capital asset, being a unit or units in a segregated portfolio referred to in sub-section (2AG) of section 49, there shall be included the period for which the original unit or units in the main portfolio were held by the assessee;"

In section 49 of the Income-tax Act, after sub-section (2AF), the following has been inserted, namely:--

(2AG) The cost of acquisition of a unit or units in the segregated portfolio shall be the amount which bears, to the cost of acquisition of a unit or units held by the assessee in the total portfolio, the same proportion as the net asset value of the asset transferred to the segregated portfolio bears to the net asset value of the total portfolio immediately before the segregation of portfolios.

(2AH) The cost of the acquisition of the original units held by the unit holder in the main portfolio shall be deemed to have been reduced by the amount as so arrived at under sub-section (2AG).

Explanation--For the purposes of sub-section (2AG) and sub-section (2AH), the expressions "main portfolio", "segregated portfolio" and "total portfolio" shall have the meanings respectively assigned to them in the circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160, dated the 28th December, 2018, issued by the Securities and Exchange Board of India under section 11 of the Securities and Exchange Board of India Act, 1992. Clause(42A) of section 2 defines the expression "short term capital asset" to be a capital asset held by

an assessee for not more than thirty-six months immediately preceding the date of its transfer.

If the unit or units in a segregated portfolio are held for 36 months from the original date of acquisition of units in the Main portfolio then the same will constitute 'short term capital assets' and any capital gains arising therefrom shall be considered as 'short term capital gain'. On the contrary, if the unit or units in a segregated portfolio are held for more than 36 months from the original date of acquisition of units in the Main portfolio then the same will constitute 'long term capital assets' and any capital gains arising therefrom shall be considered as 'long term capital gain'.

However, The allotment of units in a segregated portfolio of a mutual fund scheme shall not be considered as 'Transfer' under section 47 of the Income Tax Act, 1961.

Example:

Suppose Mr. X had invested in a scheme of a mutual fund on 01-01-2015 when the NAV was Rs. 10. On May 1, 2019, when NAV of the scheme was Rs. 20, segregation of portfolio was created due to a credit event.

Post creation of the segregated portfolio, the NAV of the main portfolio was Rs. 16 and the segregated portfolio was Rs 4. Hence, the proportion is 80:20 of the total portfolio. The cost of acquisition of the main portfolio and the segregated portfolio should be taken as Rs. 8 and Rs. 2 respectively. Similarly, the period of holding the units of the main portfolio and the segregated portfolio should be reckoned from 1st January 2015.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

If any tax liability arising post redemption on account of change in tax treatment with respect to Withholding Tax/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

PUBLICATION OF DAILY NET ASSET VALUE (NAV)

The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) & of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m. on every Business Day.

Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit Entry Load: NIL

Exit Load 1%

Sale Price = NAV + (Entry Load (%) * NAV) Sale Price = 11 + (0% * 11)

Sale Price = 11 + 0 Sale Price = Rs. 11/- Repurchase Price

Repurchase Price = NAV - (exit load (%) * NAV) Repurchase Price = 11 - (1%*11)

Repurchase Price = 11 - 0.11 Repurchase Price = Rs.10.89

In the event NAV cannot be calculated and / or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and / or a breakdown in communications, the Trustees may temporarily suspend determination and / or publication of the NAV of the Units.

While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.

UNITHOLDERS' INFORMATION

How to Apply: Please refer to the Scheme Additional Information and Application form for the instructions.

Additional mode of payment through Applications Supported Blocked Amount (ASBA)

In line with SEBI circular No. SEBI/IMD/CIR No 18/ 198647/2010 dated March 15,2010 and Cir/IMD/DF/6/2010 dated July 28,2010 all the new scheme (NFOs) launched by TMF on or after October 01,2010 shall offer ASBA facility to the investors subscribing to New Fund Offer (NFOs) of Tata Mutual Fund Schemes. This facility shall co -exist with the current process, wherein cheques/demand drafts are used as a mode of payment.

Units will be allotted within five working/business days from the date of closure of the NFO.

Allotment of Units

Subject to the Scheme receiving the minimum subscription, full allotment will be made to all valid applications received during the New Fund Offer (NFO) period. Allotment of Units on Application shall be made in the following manner:

At the discretion of the investors, the units under the Scheme shall either be allotted in dematerialized form (if investor has Demat account and he has provided the details of depository account in the application form) or by way of issuing the physical account statement.

The investors who wish to hold units in Demat mode need to furnish the details of their depository account in the Application Form. The Units allotted in electronic form will be credited to the investor's Beneficiary Account with a Depository Participant (DP) of CDSL or NSDL as per the details furnished by the investor in the Application Form within five business days from the close of the New Fund Offer.

Those investors who have not provided Demat account details shall be issued account statement specifying the number of units allotted. A statement of accounts specifying the number of units allotted to the applicant or issue units in the dematerialized form as soon as possible but not later than five working days from the date of closure of the initial subscription list or from the date of receipt of the application.

Please note that where the investor has furnished the details of their depository accounts in the Application Form, it will be assumed that the investor has opted for allotment in electronic form and the allotment will be made **only in electronic form as default**.

Kindly refer clause "Account Statements" in section "**B: ONGOING OFFER DETAILS**" for provisions relating to dispatch of Account Statement. Please note that the Account statement is not transferable. In case unit holder wish to dematerialize the units, he/she shall comply with the procedures prescribed by the AMC / Depository from time to time.

The process of allotment of Units will be completed within 5 (five) working/ business days from the date of closure of the New Fund Offer Period.

The units are freely transferable in demat or non demat mode. Transfer of units shall be subject to payment of applicable stamp duty by the unitholders and as per applicable laws.

Unitholders desirous of transferring units shall submit the transfer request in the prescribed form and with other documents as may be mandated by AMC.

Segregated Portfolio

In case of credit event at issuer level and to deal with liquidity risk, the scheme may create segregated portfolio of debt and money market instruments in compliance with the SEBI circular SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28,2018.

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

- 1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - a) Downgrade of a debt or money market instrument to 'below investment grade', or
 - b) Subsequent downgrades of the said instruments from 'below investment grade', or
 - c) Similar such downgrades of a loan rating
- 2) Creation of segregated portfolio is optional and is at the discretion of the AMC.
- 3) In case of unrated debt and money market instruments by the scheme of an issuer that does not have any outstanding rated debt or money market instruments, segregated portfolio may be created only in case of actual default of either the interest or principal amount. In case of default of unrated debt or money market instruments of an issuer, TAMPL(AMC) will inform AMFI immediately about the actual default by the issuer. Pursuant to dissemination of information by AMFI about actual default, AMC may segregate the portfolio of debt and money market instruments.

Process for Creation of Segregated Portfolio

- 1) On the date of credit event, TAMPL(AMC) shall decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it should:
 - a) seek approval of trustees prior to creation of the segregated portfolio.
 - b) immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the

investors. The mutual fund should also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release shall be prominently disclosed on the website of the AMC.

- c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
- 2) Once trustee approval is received by the AMC:
 - a) Segregated portfolio will be effective from the day of credit event
 - b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - c) An e-mail or SMS should be sent to all unit holders of the concerned scheme.
 - d) The NAV of both segregated and main portfolios shall be disclosed from the day of the credit event.
 - e) All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it should be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
 - g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
 - h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
- 3) If the trustees do not approve the proposal to segregate portfolio, AMC should issue a press release immediately informing investors of the same.
- 4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio

TER for the Segregated Portfolio

- 1) AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- 2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. In addition to the TER mentioned above, the legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio as mentioned below.

- 1) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- 2) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Explanations:

- 1) The term 'segregated portfolio' shall mean a portfolio, comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme.
- 2) The term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio.
- 3) The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.

Monitoring by Trustees:

In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:

- The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
- Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
- An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio shall be placed in every Trustee meeting till the investments are fully recovered/written-off.
- Trustees will monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports filed with SEBI.

In order to avoid mis-use of segregated portfolio, Trustees shall ensure to have a mechanism in place to negatively impact the performance of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio. The new mechanism shall mirror the existing mechanism for performance incentives of the AMC, including the claw back of such amount to the segregated portfolio of the Scheme.

Disclosures:

- A Statement of Holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio

and main portfolio as on the day of credit event shall be communicated within 5 working days of creation of the segregated portfolio.

- AMC will make necessary disclosures as mandated by SEBI, in statement of account, monthly / half yearly portfolio statements, Key Information Memorandum (KIM), SID, Scheme Advertisements, Scheme Performance data, AMC Website and at other places as may be specified.
- The NAV of the segregated portfolio shall be declared on daily basis.
- The information regarding number of segregated portfolio created in the scheme will appear predominantly under the name of the scheme at all relevant places such as SID, KIM cum application form, advertisement, AMC & AMFI website.
- The scheme performance required to be disclosed in case of segregated portfolio will include the impact of creation of segregated portfolio. The scheme performance will clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and said NAV and any recovery will also be disclosed as footnote to the scheme performance.
- The above disclosures (No 4 & 5) will be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
- Investors will be duly informed about the recovery proceedings and TAMPL may provide status update at the time of recovery and also at the time of writing -off of the segregated securities.

The allotment of units is subject to realization of the payment instrument. The AMC/ Trustee are entitled, in its sole and absolute discretion, to reject any Application. Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:

Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:

- A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories as per the specified timeline specified by board at the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place.
- The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month on or within fifteenth day of the succeeding month.
- In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send on or within fifteenth day of the succeeding month in which financial transaction takes place.
- In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system.
- The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Pvt Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996.
- Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.
- In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, as per the specified timeline specified by board of succeeding month, unless a specific request is made to receive the same in physical form.
- Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period on or within twenty first day of the succeeding month. Further, CAS issued for the half-year (September/ March) shall also provide:
 - The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each mutual fund scheme. The term "commission" here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
 - The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the period for each

scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

The allotment of units is subject to realisation of the payment instrument. The AMC/ Trustee are entitled, in its sole and absolute discretion, to reject any Application.

Stockinvests, Outstation Cheques/DD, Post Dated Cheques, Money Orders and Postal Orders will not be accepted and such applications will not be considered for allotment. All investment cheques should be current dated.

MICR, RTGS & Transfer cheques will be accepted till the end of business hours upto 30 July, 2021. Allotment is subject to realization of funds. In case funds are not realized before the allotment date then such applications will be rejected.

SEBI vide Circular no. CIR/MIRSD/66/2016 dated July 21, 2016 and circular no. CIR/MIRSD/120/2016 dated November 10, 2016 has intimated about the operationalization of Central KYC Records Registry ("CKYCR").

AMFI vide Best Practice Guideline circular no. 135/BP/68/2016-17 dated December 22, 2016 has prescribed guidelines including Central KYC ("CKYC") forms for implementing the CKYC norms. In this regard, any individual customer who has not done KYC under the KYC Registration Agency (KRA) regime shall fill the new CKYC form. If such new customer uses the old KRA KYC form, such customer would either fill the new CKYC or provide additional / missing information in the Supplementary CKYC form.

Option to hold Units in dematerialized (demat) form: Mutual Fund shall provide an option to investors to hold units in demat mode. Hence investors opting for allotment of units in demat form shall mention demat account details in the application form. Demat facility is available for all schemes of Tata Mutual Fund except for subscription by way of way of Systematic Investment Plan and for Plans / Options where income distribution frequency is less than one month.

Annual Report:

Annual report or Abridged Summary, in the format prescribed by SEBI, will be hosted on AMC's website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com.

The scheme wise annual report or an abridged summary thereof, in the format prescribed, shall be sent by way of e-mail to the investor's registered e-mail address not later than four months from the date of closure of the relevant accounts year.

Investors who have not registered their email id, will have an option of receiving a physical copy of the Annual Report or Abridged Summary thereof.

Tata Mutual Fund will provide a physical copy of the abridged summary of the Annual Report, without charging any cost, on specific request received from a unitholder. Physical copies of the report will also be available to the unitholders at the registered offices at all times.

Tata Mutual Fund will publish an advertisement every year, in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the AMC website (www.tatamutualfund.com) and on the website of AMFI (www.amfiindia.com).

Eligibility for Application

The following persons (subject, wherever relevant to, purchase of Units being permitted under their respective constitutions and relevant State Regulations) are eligible to apply for the purchase of the Units:

- Adult individuals, either singly or more than one (not exceeding three) on first holder basis or jointly on an either or survivor/any one basis.
- Parents, or other lawful Guardians on behalf of Minors. AMC will follow uniform process 'in respect of investments made in the name of a minor through a guardian' by SEBI vide circular no SEBI/HO/IMD/DF3/ CIR/P/2019/166 dated December 24, 2019.
- Companies, corporate bodies, public sector undertakings, trusts, wakf boards or endowments, funds, institutions, associations of persons or bodies of individuals and societies (including Co-operative Societies) registered under the Societies Registration Act, 1860 (so long as the purchase of Units is permitted under their respective constitutions).
- Mutual Funds (including any Scheme managed by AMC or any Scheme of any other Mutual Fund); (in accordance with Regulation 44(1) read with Clause 4 of Schedule VII, of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996).
- Asset Management Company (AMC); (in accordance with Regulation 24(3) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996).
- Partnership firms, in the name of the partners.
- Hindu Undivided families (HUF) in the sole name of the Karta.
- Financial and Investment Institutions/ Banks.
- Army/ Navy / Air Force, para military Units and other eligible institutions.
- Religious and Charitable Trusts provided these are allowed to invest as per statute and their bylaws.
- Non-resident Indians/ persons of Indian origin residing abroad (NRIs) on a full repatriation basis.

- Foreign Portfolio Investor (Foreign Portfolio Investor (FPI) as defined under Regulation 2(1)(h) of Security Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014.

- International Multilateral Agencies approved by the Government of India.

Applicants who cannot Invest:

- A person who falls within the definition of the term "U.S." Person" under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S.
- A person who is resident of Canada.
- OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999.

Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -

- i. US taxpayers about certain foreign financial accounts and offshore assets.
- ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Private Limited (TAMPL) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters'. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard (CRS) on automatic exchange of information (AEOI). On June 3, 2015 India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holders 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.

In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund.
