INVESTMENT OBJECTIVE

The investment objective is to provide capital appreciation and/or dividend distribution by investing predominantly in a well-diversified portfolio of equity and equity related instruments of dividend yielding companies.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.

ASSET ALLOCATION

Under normal circumstances, the asset allocation of the Scheme will be as follows:

Instruments	Indicative allocations (% of net assets)		Risk Profile
	Minimum	Maximum	High/Medium/ Low
Equity and equity related instruments of Dividend Yielding Companies	65	100	High
Other Equity & Equity related Instruments of Companies other than above	0	35	High
Debt and money market instruments	0	35	Low to Medium
Units issued by REITs & InvITs	0	10	Medium to High

The Scheme may take exposure to:

a) Overseas /Foreign Securities to the extent of 20% of the net assets.

b) Derivative instruments (other than hedge positions) to the extent of 50% of net assets.

c) Securitised debt up to 20% of debt portfolio. The Scheme shall not invest in foreign securitized debt and credit default swaps.

d) Stock lending up to 20% of net assets.

e) The scheme will not invest in structured obligations/credit enhancement.

f) Imperfect hedging using IRFs up to maximum of 20% of the net assets of the scheme.

The scheme may invest in units of domestic mutual fund schemes including ETFs to the extent of 35% of the net assets, subject to the limits prescribed in clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations 1996.

The scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

The scheme may invest in ADR /GDR/ Foreign Securities / Overseas ETFs. Investment in ADR/GDR/Foreign Securities would be as per SEBI Circular No. SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007, SEBI/IMD/CIR No. 122577/08 dated April 8, 2008and SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020, as may be amended from time to time.

The Scheme may invest up to US $20 million in ADR/GDR/Foreign Securities/ Overseas ETFs in the six months post closure of NFO. Post completion of the six months, the relevant provisions of SEBI Circular dated November 5, 2020 shall be applicable.

The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. SEBI Circular no. SEBI/MFD/CIR No. 03/ 158 /03 dated June 10, 2003, no. DNPD/Cir-29/2005 dated September 14, 2005, no. SEBI/IMD/CIR No. 9/108562/07 dated November 16, 2007, no. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010. The cumulative gross exposure through equities, repo transactions in corporate debt securities along with other debt securities, REITs & InvITs and derivatives shall not exceed 100% of the net assets of the Scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.Cash Equivalent shall consist Government Securities,T-Bills & Repo on Government Securities

The maximum exposure to derivatives (other than hedge position) will not exceed 50% of the net assets of the scheme.

The Scheme may participate in repo in corporate debt securities. The gross exposure in repo in corporate debt securities will be restricted 10% of the net asset of the scheme.

The scheme may write call options under covered call strategy.

The Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

The scheme may invest in any other assets/securities as may permitted by SEBI/RBI from time to time subject to SEBI/RBI approvals as may be required.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007 & SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019, SEBI/HO/IMD/DF2/CIR/P/2019/101 dt. September 20, 2019 , as may be amended from time to time.

A mutual fund may invest in the units of REITs and InvITs subject to the following:

(a) No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and

(b) The scheme shall not invest –

   i. more than 10% of its NAV in the units of REIT and InvIT; and

   ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

Due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only, for defensive considerations and the intention being at all times to protect the interests of Unit Holders.

Change in Investment Pattern

The Investment Patterns as outlined above are indicative. Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders' interests. In case of deviation due to passive breaches, the AMC will achieve a normal asset allocation pattern in a maximum period of 30 business days. In case deviation in investment pattern in not rebalanced within the period indicated above then justification in writing for such delay including details of efforts undertaken to rebalance of portfolio shall be placed before the investment committee. The Investment Committee if so desires, can extend the timelines upto sixty (60) business days from the date of mandated completion of rebalancing period.

In case the portfolio of schemes is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.

ii. not to levy exit load, if any, on the investors exiting the scheme..

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Scheme Specific Risk Factors:

Risks associated with the Scheme's strategy

The Scheme will be largely affected by the risks associated with dividend yield stocks. Though the investments would be in companies having a track record of dividend payments, the performance of the Scheme would interalia depend on the ability of these companies to sustain dividends in future.

Dividend yield stocks may be less liquid in terms of trading volumes in the stock markets and hence the impact cost and portfolio liquidity risk is commensurately higher. The securities in the scheme may be predominantly characterized by a stock selection where more emphasis is on stock valuation and less on earnings growth. There could be time periods when securities of this nature may underperform relative to other stocks in the market. This could impact performance.

Investment Risks

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result into profit.

The fund may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However these techniques and instruments if imperfectly used have the risk of the fund incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / plan's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Fund's assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme(s) are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio.

Risk associated with Short Selling

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short-selling is the sale of shares that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the borrowing. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price). However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the stock price increases without limit and shall result into major losses in the portfolio. For example, if dealer/ fund manager short 1000 shares at Rs.650 each hoping to make a profit but the share price increase to Rs.900, portfolio will end up losing Rs.250,000 (1000*250).

Securities Lending by the Mutual Fund

The Scheme may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds) Regulations ,1996, SEBI circular no MFD/CIR/01/047/99 dated February 10, 1999,framework for short selling and borrowing and lending of securities notified by SEBI circular no MRD/DoP/SE/Cir-14/2007 dated December 20, 2007 and SEBI circular no SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009 and SEBI circular no CIR/MRD/ DP/122/2017 dated November 17, 2017. The Scheme shall also follow other relevant regulations /guidelines issued by stock exchange(s) from time to time. The Scheme shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Securities Lending means the lending of securities to SEBI approved intermediaries for a tenure of 1 to 12 months at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 20% of the net assets of the Scheme can be deployed in stock lending. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A scheme has a security of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager's plan. In that case the investors would be benefited only to the extent of the rise in the value of the security, from time to time if any, on the exchange. If the scheme is enabled to lend the said security to a borrower who would be wanting to take advantage ofthe market fluctuations in its price, the borrower would return the security to the lender (fund) at a stipulated time or on demand for a negotiated compensation. The scheme's unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus, the scenario under which the scheme would participate in stock lending would be:

1. There is a holding of security e.g. of XYZ Ltd in the scheme which the fund manager wants to be the core holding of the fund for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs the said security of XYZ Ltd to settle it) who is willing to put up a proper collateral for the same.(In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the scheme and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business107 setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the price of the debt instrument(s) and ultimately Scheme's net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Securitised Debt:

Securitized Debt such as Mortgage Backed Securities ("MBS") or Asset Backed Securities ("ABS") is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. Asset Securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitization involves sale of specific receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company.

The SPV in turn issues financial instruments (promissory notes, participation certificates or other debt instruments) also referred to as "Securitized Debt" to the investors evidencing the beneficial ownership of the investors in the receivables. The financial instruments are rated by an independent credit rating agency.

Risks Associated with Securitised Debt

Risk due to prepayment: In case of securitized debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitized papers. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitized debt instruments, the secondary market for securitized debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments".
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- Where derivatives are used for hedging, such use may involve a basic risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk Associated with overseas investments

To the extent the assets of the schemes are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

The Scheme may also invest in ADRs / GDRs / Other Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India from time to time. To the extent that some part of the assets of the Schemes may be invested in securities denominated in foreign currencies, Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment as applicable.

As the investment may be made in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the portfolio manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.

In respect of the corpus of the Scheme that is invested in overseas mutual fund schemes, investors shall bear the proportionate recurring expenses of such underlying scheme(s), in addition to the recurring expenses of the Scheme. Therefore, the returns attributable to such investments by the Scheme may be impacted or may, at times, be lower than the returns that the investors could obtain by directly investing in the said underlying scheme.

Currency Risk: The scheme may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.

Risks associated with Segregated Portfolio

Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with investment in units of mutual fund:

Investment in Mutual Fund Units involves investment risks, including but not limited to risks such as liquidity risk, volatility risk, default risk including the possible loss of principal.

- Liquidity risk – The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the right to limit redemptions will be in accordance with SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016.
- Volatility risks: There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification across companies and sectors.
- Default risk - Credit risk is risk resulting from uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risk Factors Associated with Investments in REITs and InvITS:

- **Market Risk**: REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk**: REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.

The above are some of the common risks associated with investments in REITs & InvITs. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Corporate Bond Repo will be subject to counter party risk.
- The Scheme will be exposed to credit risk on the underlying collateral– downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.
- Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

Risk of Writing of Call Option Under a Covered Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risks associated with Imperfect Hedging using Interest Rate Futures (IRF)

Liquidity/execution risk – IRF are relatively new instruments traded on the exchanges and don't have as much liquidity as the OTC market in the underlying bond. This could expose the hedge to liquidity (execution and wider bid-offer spread) risk and associated impact cost.

Spread risk – The IRF is based on government securities and treasury bills. Imperfect hedging can be applied on portfolios comprised of corporate bonds as well. Corporate bond yield theoretically comprises of the risk free rate and a credit spread. IRF would hedge out only the risk free rate. Any compression/expansion of credit spread of the underlying portfolio would not be hedged by the IRF.

Yield curve slope risk – The IRF hedge is done on a modified duration basis. This means that the maturity of the underlying instrument and the maturity of the IRF could be different. The hedge ratio is arrived at using the prescribed formula. This hedges the risk arising from a parallel shift in the yield curve. Any change in the slope of the yield curve (flattening/steepening) remains unhedged as residual risk.

Unwinding risk— An unexpected change in market conditions may require unwinding the derivative positions at disadvantageous prices during periods of heightened volatility e.g. if the yields slide lower due to a surprise RBI rate cut, participants with short Interest Rate Futures positions would seek to cut their losses and exit, leading to an increase in the price of the IRF, and negative price impact on the hedged portfolio there from.

Correlation risk – As per the extant regulation, the IRF has to have a 0.90 correlation coefficient with the underlying bond/portfolio, for the past 90 days, to be considered for imperfect hedging. If the correlation deteriorates going forward, the hedge may have to be rebalanced with attendant impact costs.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Credit Evaluation Process for the investments in Debt Securities

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.

Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- External Ratings threshold: Investment is made only if the issuer credit rating is at least 'investment grade' (BBB- or above) for Long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is made in top notch (A1+ or equivalent) rated debt instruments. However, this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.
- Each company is internally appraised based on various parameters including, but not restricted to: o Business Fundamentals: Product/ Service offerings, Market Position, Competitive Landscape, and Product cycle etc.

o Regulatory environment: Support/intervention, developmental stage of industry, level of regulation

o Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend.

o Management Track Record: Management track record, performance of company through economic cycle, promoters' background, other group companies.

o Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macroeconomic environment and the performance of corporate sector, the debt market and other considerations.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents VIZ.MOA/AOA of the TAMPL/ Trustee Company, IMA and the Trust Deed. Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of regulations 18-15A of SEBI (Mutual Funds) Regulations, 1996.

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated completely. However, following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

Nature of Risk	Mitigation Measures
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System. Also, as a backup, manual controls are also implemented.
Poor Portfolio Quality	Predominant investment in dividend yield stocks. Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of investment committee.
Performance Risk	Periodical review of stock wise profit & loss. Review of scheme performance vis. a vis. Benchmark index as well as peer group.
Liquidity Risk	Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)
Concentration Risk	Cap on maximum single sector exposure. Cap on maximum single stock exposure. The Scheme will try and mitigate this risk by investing in sufficiently large number of companies (and across sectors) so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.

Further, with respect to investments in overseas securities, apart from other risks, there is an inherent risk of currency fluctuation which cannot be mitigated. However, the fund will strive to minimize such risk by hedging in the FOREX market as and when permitted.

Risk Control / Mitigation measures for Debt and related Investments:

Nature of Risk	Mitigation Measures
Liquidity Risk	Focus on good quality paper at the time of portfolio construction
Credit Risk	In house dedicated team for credit appraisal Issuer wise exposure limit Rating grade wise exposure limit Periodical portfolio review by the Board of AMC
Interest Rate Risk	Close watch on the market events Active duration management Portfolio exposure spread over various maturities.
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System also as a back up, manual control are implemented.

Further, the Investment Manager endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on their own research as well as third party research. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.

Restrictions with respect to Overseas Investments:

SEBI Vide Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5,2020 & SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03,2021 has revised the aggregate ceiling for the mutual fund industry to invest in following securities Up to US $ 7 billion, and within this limit of US $ 7 billion, individual Mutual Fund can make overseas investments in following securities to a maximum of US $ 1 billion. Following are the securities in which a mutual fund scheme can invest:

SEBI vide circular dt. September 26, 2007 has permitted mutual funds to invest in following types of foreign securities:

- ADRs/GDRs issued by Indian companies or foreign companies, Equity of overseas companies listed on recognized stock exchanges overseas
- Initial and follow on public offering for listing at recognized stock exchange overseas
- Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies
- Money market instruments rated not below investment grade
- Repos in the form of investment, where the counterparty is rated not below investment grade; repos should not however, involve any borrowing of funds by mutual funds
- Government securities where the countries are rated not below investment grade
- Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities
- Short term deposits with banks overseas where the issuer is rated not below investment grade
- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

SEBI Vide Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5,2020 & SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03,2021permitted mutual fund to invest in overseas Exchange Traded Funds (ETFs) cumulatively upto US$ 1 billion with a sub – ceiling of US $ 300 million for individual Mutual Fund.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets may be adversely affected by changes in the value of certain foreign currencies relative to the Indian rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances or any other restriction applicable to it. To manage risk associated with foreign currency and interest rate exposure and for efficient portfolio management, the fund may use derivatives such as cross currency swaps etc. The use of currency derivatives would be in accordance with the prevailing regulations.

Portfolio of overseas / foreign securities shall be managed by a dedicated Fund Manager. While selecting the securities, the Fund Manager may rely on the inputs received from internal research or research conducted by external agencies in various geographies. The fund may also appoint overseas investment advisors / managers to advise / manage portfolio of foreign securities in case of need.

The investment in such Overseas Financial Assets shall not exceed the limit as may be imposed by SEBI/ RBI from time to time.

AMC believes that overseas securities offer new investment and portfolio diversification opportunities into multi-market and multicurrency products. However, such investments also entail additional risks. The Fund may, where necessary, appoint other intermediaries of repute as advisors, sub-managers, or sub custodians for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements, if any, of SEBI.

To manage risk associated with foreign currency and interest rate exposure and for efficient portfolio management, the fund may use derivatives such as cross currency swaps etc. The use of derivatives would be in accordance with the prevailing regulations.

All investment restrictions shall be applicable at the time of making investment.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAMPL shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAMPL, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAMPL may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by the Asset Management Company

Apart from the above, TAMPL (the AMC) may invest in the scheme(s) on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s). Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

As per regulation, the sponsors or asset management company (TAMPL) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

PLANS AND OPTIONS

The Scheme has the following Plans across a common portfolio:

There is no minimum amount requirement, in case of investors opting to switch "all units" from any existing schemes of Tata Mutual Fund to this Scheme.

The minimum application amount and minimum redemption amount wherever specified in the concerned SIDs & KIMs will not be applicable for investment made in schemes of the Fund in compliance with the SEBI Circular SEBI/HO/IMD/IMD-I/DOF5/P/CIR/2021/553 dated April 28, 2021 read along with SEBI/HO/IMD/IMD-IDOF5/P/CIR/2021/624 dated September 20, 2021 (Alignment of interest of Designated Employees of Asset Management Companies (AMCs) with the Unitholders of the Mutual Fund Schemes).

DESPATCH OF REDEMPTION CHEQUE

The redemption or repurchase proceeds of the Scheme will be dispatched to the unit holders within 3 business/working days from the date of acceptance of redemption or repurchase request. In case of failure to despatch redemption proceeds within 3 business/working days, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

In accordance to SEBI circular no. SEBI/HO/IMD/IMD-I DOF2/P/CIR/2022/161 dated November 25, 2022 and AMFI circular no. AMFI/ 35P/ MEMCOR/ 74 / 2022-23 dated January 16, 2023, in exceptional situations mentioned below, the scheme shall be allowed additional timelines for transfer of redemption or repurchase proceeds to the unitholder:

Exceptional Situations	Additional Timelines Allowed
Payment of redemption proceeds through physical instruments (cheque / DD) where electronic fund transfer is not possible (such as old / non-Core Banking account / IFSC non-available records / IMPS failed records for reasons like name mismatch*, technical error / Investor Bank not participating in Electronic Fund transfers or failure of electronic credit for any reason which are at the bank's end. * Name mismatch typically occurs where the bank account is held jointly, but the 1st holder in MF Folio may not be first holder in the bank account or the investor's name in MF folio and his/her bank account may not be exactly identical e.g., MF folio is held by A+B, but the bank account is in the name of B +A; OR the name as per bank a/c & MF folio are recorded a bit differently e.g., (i) Given Name + Middle Name + Surname (ii) Given Name + Surname (iii) Surname + Given Name etc. Note: When payment is made through cheque / DD, the investor's bank account details registered with the RTA shall be printed on the cheque/DD, so that the amount is paid only through the investor's bank account to mitigate the risk of fraudulent encashment.	Additional 2 working days
Redemption in case of funds where payout schedule of underlying instruments/ funds is different e.g., Domestic Fund of Funds, Overseas funds, Overseas FOF scheme, wherein the redemption proceeds can be paid after 1 day of payout schedule	Additional 1 working day after receiving proceeds from underlying instruments/ schemes for electronic payouts. {For physical payouts, i.e., issuance and dispatch of cheque/ DD, additional days as per (i) above would also be allowed, after receiving proceeds from underlying instruments/ schemes}. For example, in case of Domestic FoFs, where funds are received on T+3 days, timeline applicable would be – a) T+4 days for Electronic payment; and b) T+6 days physical payout.
On such days, where it is a bank holiday in some or all the states, but a business day for the stock exchanges.	Additional 1 working day following the bank holiday(s) in the State where the investor has bank account.
Exceptional circumstances such a sudden declaration of a business day as a holiday (as it happened on the day the famous singer Lata Mangeshkar passed away) or as a non-business day due to any unexpected reason / Force Majeure events.	In all such exceptional situations, the timelines prescribed in SEBI circular dated November 25, 2022 shall be counted from the date the situation becomes normal.

INCOME DISTRIBUTION CUM CAPITAL WITHDRAWAL POLICY

Growth Option:

The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving capital growth and reflected in the NAV.

Payout of Income Distribution cum capital withdrawal option

The profits received / earned and so retained and reinvested may be distributed as Income at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided by the AMC and/or Trustee Company. It will be distributed to the unitholders who hold the units on the record date of declaration of the Income.

Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay dividend. Hence dividend amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

Please note that the dividend distribution and its frequency is subject to availability of distributable surplus and at the discretion of the trustees

The Fund does not assure any targeted annual return / income nor any capitalisation ratio. Accumulation of earnings and the consequent determination of NAV, may be suspended temporarily or indefinitely under any of the circumstances as stated in the clause "Suspension of Ongoing Sale, repurchase or Switch out of units".

Compulsory Reinvestment of Income Distribution cum capital withdrawal option

In order to reduce the expenses of the scheme and also for the convenience of the investors, in case of income distribution cum capital withdrawal (IDCW) payout amount is Rs 100/- or less, then the same shall be compulsorily reinvested in the same sub- option at ex-dividend NAV for unitholders of non-electronic mode. Where the option to payout of IDCW is available in electronic mode, the IDCW amount shall be paid to the Unit holders.

Transaction Charges:

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, transaction charge per subscription of Rs.10, 000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following: **1.** There shall be no transaction charges on direct investments.**2**. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.**3.** For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.**4**.The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.**5.** The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.**6.** There shall be no transaction charge on subscription below Rs. 10,000/- **7.** In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments.**8.** There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

SEBI vide Circular dated Sept 13, 2012 has directed mutual funds to capture the unique identity number (EUIN) of the employee/sales person of the distributor interacting with the investor for the sale of mutual funds products in addition to the valid AMFI registration number (ARN) code of the distributor, ARN code of the sub broker . In the interest of the investors it is urged to ensure that the box/space provided for EUIN number, ARN code for distributor and ARN code of the sub broker in the application form to be properly filed up. It is out-most important to provide the EUIN number particularly in advisory transactions, which will assist in tackling the problem of mis-selling even if the employee/relationship manager/sales person on whose advice the transaction was executed leaves the employment of the distributor or his/her sub broker.

Sale in a future in securities	Seller	0.0125%
Sale of unit of an equity oriented fund to the Mutual Fund itself	Seller	0.001%

The Fund is responsible for collecting the STT from every person who sells the Unit to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly, the number of units allotted on purchases, switch-ins, SIP/STP installments and including dividend reinvestment to the unitholders would be reduced to that extent.

As per The Finance Act, 2020: Provisions in relation to segregated portfolios of a mutual fund scheme are as follows –

In section 2 in clause (42A) of the Income Tax Act , the following amendment has been made "(hh) in the case of a capital asset, being a unit or units in a segregated portfolio referred to in sub-section (2AG) of section 49, there shall be included the period for which the original unit or units in the main portfolio were held by the assessee;".

In section 49 of the Income-tax Act, after sub-section (2AF), the following has been inserted, namely:––

(2AG) The cost of acquisition of a unit or units in the segregated portfolio shall be the amount which bears, to the cost of acquisition of a unit or units held by the assessee in the total portfolio, the same proportion as the net asset value of the asset transferred to the segregated portfolio bears to the net asset value of the total portfolio immediately before the segregation of portfolios.

(2AH) The cost of the acquisition of the original units held by the unit holder in the main portfolio shall be deemed to have been reduced by the amount as so arrived at under sub-section (2AG).

Explanation––For the purposes of sub-section (2AG) and sub-section (2AH), the expressions "main portfolio", "segregated portfolio" and "total portfolio" shall have the meanings respectively assigned to them in the circularNo. SEBI/HO/IMD/DF2/CIR/P/2018/160, dated the 28th December, 2018, issued by the Securities and Exchange Board of India under section 11 of the Securities and Exchange Board of India Act, 1992.'Clause(42A) of section 2 defines the expression "short term capital asset" to be a capital asset held by an assessee for not more than thirty-six months immediately preceding the date of its transfer.

If the unit or units in a segregated portfolio are held for 36 months from the original date of acquisition of units in the Main portfolio then the same will constitute 'short term capital assets' and any capital gains arising therefrom shall be considered as 'short term capital gain'. On the contrary, if the unit or units in a segregated portfolio are held for more than 36 months from the original date of acquisition of units in the Main portfolio then the same will constitute 'long term capital assets' and any capital gains arising therefrom shall be considered as 'long term capital gain'.

However, The allotment of units in a segregated portfolio of a mutual fund scheme shall not be considered as 'Transfer' under section 47 of the Income Tax Act, 1961.

These amendments are applicable from AY 2020-21.

Example:

Suppose Mr. X had invested in a scheme of a mutual fund on 01-01-2015 when the NAV was Rs. 10. On May 1, 2019, when NAV of the scheme was Rs. 20, segregation of portfolio was created due to a credit event.

Post creation of the segregated portfolio, the NAV of the main portfolio was Rs. 16 and the segregated portfolio was Rs 4. Hence, the proportion is 80:20 of the total portfolio. The cost of acquisition of the main portfolio and the segregated portfolio should be taken as Rs. 8 and Rs. 2 respectively. Similarly, the period of holding the units of the main portfolio and the segregated portfolio should be reckoned from 1st January 2015.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

If any tax liability arising post redemption on account of change in tax treatment with respect to Withholding Tax/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

UNITHOLDERS' INFORMATION

How to Apply: Please refer to the Scheme Additional Information and Application form for the instructions.

On acceptance of application for financial transaction, a confirmation specifying the number of Units allotted/redeemed will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five business days from the date of transaction.

Tata Mutual Fund shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an e-mail to the investor's registered address/email address not later than five business days from the date of subscription.

Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:

1. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories as per the specified timeline specified by board at the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place.
2. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month on or within fifteenth day of the succeeding month.
3. In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send on or within fifteenth day of the succeeding month in which financial transaction takes place.
4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system.
5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996.
6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.
7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, as per the specified timeline specified by board of succeeding month, unless a specific request is made to receive the same in physical form.
8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period on or within twenty first day of the succeeding month. Further, CAS issued for the half-year(September/ March) shall also provide:

a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each mutual fund scheme. The term "commission" here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.

b. The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

The allotment of units is subject to realisation of the payment instrument. The AMC/ Trustee are entitled, in its sole and absolute discretion, to reject any Application.

Stock invests, Outstation Cheques/DD, Post Dated Cheques, Money Orders and Postal Orders will not be accepted and such applications will not be considered for allotment. All investment cheques should be current dated.

SEBI vide Circular no. CIR/MIRSD/66/2016 dated July 21, 2016 and circular no. CIR/MIRSD/120/2016 dated November 10, 2016 has intimated about the operationalization of Central KYC Records Registry ("CKYCR").

AMFI vide Best Practice Guideline circular no. 135/BP/68/2016-17 dated December 22, 2016 has prescribed guidelines including Central KYC ("CKYC") forms for implementing the CKYC norms. In this regard, any individual customer who has not done KYC under the KYC Registration Agency (KRA) regime shall fill the new CKYC form. If such new customer uses the old KRA KYC form, such customer would either fill the new CKYC or provide additional / missing information in the Supplementary CKYC form.

Option to hold Units in dematerialized (demat) form: Mutual Fund shall provide an option to investors to hold units in demat mode. Hence investors opting for allotment of units in demat form shall mention demat account details in the application form. Demat facility is available for all schemes of Tata Mutual Fund except for subscription by way of way of Systematic Investment Plan and for Plans / Options where dividend distribution frequency is less than one month.

Annual Report:

Annual report or Abridged Summary, in the format prescribed by SEBI, will be hosted on AMC's website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com.

The scheme wise annual report or an abridged summary thereof, in the format prescribed, shall be sent by way of e-mail to the investor's registered e-mail address not later than four months from the date of closure of the relevant accounts year.

Investors who have not registered their email id, will have an option of receiving a physical copy of the Annual Report or Abridged Summary thereof.

Tata Mutual Fund will provide a physical copy of the abridged summary of the Annual Report, without charging any cost, on specific request received from a unitholder. Physical copies of the report will also be available to the unitholders at the registered offices at all times.

Tata Mutual Fund will publish an advertisement every year, in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the scheme wise annual report on the AMC website (www.tatamutualfund.com) and on the website of AMFI (www.amfiindia.com).

- A person who is resident of Canada.
- OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1061 and under Foreign Exchange Management Act,1999.

Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -

i. US taxpayers about certain foreign financial accounts and offshore assets.

ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Private Limited (TAMPL) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters' . In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard (CRS) on automatic exchange of information (AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holders 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.

In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund.

Appointment of MF Central as Official Point of Acceptance

Based on the SEBI circular no SEBI/HO/IMD/IMD- II DOF3/P/CIR/2021/604 dated July 26, 2021, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the QRTA's, Kfin Technologies Private Limited and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / physical services to Mutual fund investors across fund houses subject to applicable T&Cs of the Platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using https://mfcentral.com/ and on the Mobile App.

With a view to comply with all provisions of the aforesaid circular and to increase digital penetration of Mutual funds, Tata Mutual Fund designates MFCentral as its Official point of acceptance (DISC - Designated Investor Service Centre) w.e.f. 23rd September 2021.

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral and Tata Asset Management Pvt Ltd, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.

How to apply:

KYC Procedure: SEBI vide Circular no. CIR/MIRSD/66/2016 dated July 21, 2016 and circular no. CIR/MIRSD/120/2016 dated November 10, 2016 has intimated about the operationalization of Central KYC Records Registry ("CKYCR"). AMFI vide Best Practice Guideline circular no. 135/BP/68/2016-17 dated December 22, 2016 has prescribed guidelines including Central KYC ("CKYC") forms for implementing the CKYC norms.

In this regard, any individual customer who has not done KYC under the KYC Registration Agency (KRA) regime shall fill the new CKYC form.

If such new customer uses the old KRA KYC form, such customer would either fill the new CKYC or provide additional / missing information in the Supplementary CKYC form.

Non-Individual Investors to use the existing KYC forms for KYC process. Application forms complete in all respects, accompanied by or cheque / draft are to be submitted to any of the Authorised Investor Service Centres, as stated in the scheme information document or as may be decided by AMC from time to tme. All cheques and bank drafts accompanying the application form should contain the application form number and the name of the applicant on its reverse. For additional instructions, investors are requested to follow the application form carefully. All cheques/ drafts by the applicants should be made out in favour of "The name of the scheme" and crossed "A/c Payee and Not Negotiable".

Investors subscribing under Direct Plan of a Scheme will have to indicate "Direct Plan" against the scheme name in the application form e.g., "Scheme Name – Direct Plan". Investors should also indicate "Direct" in the ARN column of the application form.

For Existing Investments: Investors wishing to transfer their accumulated unit balance held under Existing Plan (through lumpsum / systematic investments made with or without Distributor code) to Direct Plan will have to switch / redeem their investments (subject to applicable Exit Load, if any) & apply under Direct Plan. Investors who have invested without Distributor code & have opted for Dividend Reinvestment facility under Existing Plan may note that the dividend will continue to be reinvested in the Existing Plan only.

Application form (duly completed), along with a cheque (drawn on Chennai) / DD (payable at Chennai) may also be sent by Mail directly to the Registrar viz. Computer Age Management Services (Private) Limited, Unit: Tata Mutual Fund, No. 178/10, Kodambakkam High Road, Opp. Hotel Palmgrove, Nungambakkam, Chennai 600 034.

If there is no Authorised Investor Service Centres where the investor resides, he/she may purchase a Demand Draft from any other Bank in favour of "The name of the scheme" and crossed "A/c Payee and Not Negotiable" respectively payable at Chennai, after deducting bank charges / commission (not exceeding charges prescribed by State Bank of India) from the amount of investment. If such bank charges / commission are not deducted by the applicant, then the same may not be reimbursed. However, in case of application along with local Cheque or Bank Draft payable at Mumbai, at / from locations where TMF has its designated Authorised Investor Service Centres, Bank Draft charges/ commission may have to be borne by the applicant. In such cases the Trustee Company is entitled, in its sole and absolute discretion, to reject or accept any application.

Option to hold Units in dematerialized (demat) form: W.e.f. 01 January, 2012 option to hold Units in dematerialized (demat) form is available for subscription by way of SIP, also in all schemes of Tata Mutual Fund (except for subscription in Plans / Options where dividend distribution frequency is less than one month). In case of SIP, units will be allotted based on the applicable NAV as per respective SID & will be credited to investors Demat Account on weekly basis on realisation of funds. Investors opting for allotment of units in demat form shall mention demat account details in the application form. For restriction on acceptance of third party payments for subscription of units of schemes, kindly refer application / instruction form.

Subscription by NRIs

In terms of Schedule 5 of Notification no. FEMA 20/2000 dated May 3, 2000, RBI has granted general permission to NRIs to purchase, on a repatriation basis units of domestic mutual funds. Further, the general permission is also granted to NRIs to sell the units to the mutual funds for repurchase or for the payment of maturity proceeds, provided that the units have been purchased in accordance with the conditions set out in the aforesaid notification. For the purpose of this section, the term "mutual funds" is as referred to in Clause (23D) of Section 10 of Income-Tax Act 1961. However, NRI investors, if so desired, also have the option to make their investment on a non-repatriable basis.

Subscription by FPI

Foreign portfolio investor (FPI) means a person who satisfies the eligibility criteria prescribed under regulation 4 and has been registered under Chapter II of SEBI (Foreign Portfolio Investors) Regulations, 2014, provided that any foreign institutional investor or qualified foreign investor who holds a valid certificate of registration shall be deemed to be a foreign portfolio investor till the expiry of the block of three years for which fees have been paid.

No person shall buy, sell or otherwise deal in securities as a foreign portfolio investor unless it has obtained a certificate granted by the designated depository participant on behalf of SEBI.

Under SEBI (Foreign Portfolio Investors) Regulations, 2014 FPI (FII/Sub Account of FII) are allowed to invest in Units of schemes floated by domestic mutual funds, whether listed on a recognized stock exchange or not; subject to compliance of the investment limits and terms and conditions as may be specified by SEBI/RBI.

Mode of Payment on Repatriation basis NRIs

In case of NRIs and persons of Indian origin residing abroad, payment may be made by way of Indian Rupee drafts purchased abroad and payable at Mumbai or by way of cheques drawn on Non-Resident (External) (NRE) Accounts payable at par at Mumbai. Payments can also be made by means of rupee drafts payable at Mumbai and purchased out of funds held in NRE / FCNR Accounts.

In case Indian rupee drafts are purchased abroad or from Foreign Currency Accounts or Non-resident Rupee Accounts an account debit certificate from the Bank issuing the draft confirming the debit shall also be enclosed.

FIIs (which are deemed FPI)

FIIs may pay their subscription amounts either by way of inward remittance through normal banking channels or out of funds held in Foreign Currency Account or Non-resident Rupee Account maintained by the FII with a designated branch of an authorized dealer with the approval of the RBI subject to the terms and conditions set out in the aforesaid notification.

Mode of payment on Non-Repatriation basis

In case of NRIs/Persons of Indian origin seeking to apply for Units on a non-repatriation basis, payments may be made by cheques/demand drafts drawn out of Non-Resident Ordinary (NRO) accounts/ Non-Resident Special Rupee (NRSR) accounts and Non Resident Non-Repatriable (NRNR) accounts payable at the city where the Application Form is accepted.

Refunds, interest & other distribution (if any) and maturity proceeds/ repurchase price and /or income earned (if any) will be payable in Indian Rupees only. The maturity proceeds/repurchase value of units issued on repatriation basis, income earned thereon, net of taxes may be credited to NRE/FCNR account (details of which should be furnished in the space provided for this purpose in the Application Form) of the non-resident investor or remitted to the non-resident investor. Such payments in Indian Rupees will be converted into US dollars or into any other currency, as may be permitted by the RBI, at the rate of exchange prevailing at the time of remittance & will be dispatched through Registered Post at the unitholders risk. The Fund will not be liable for any loss on account of exchange fluctuations, while converting the rupee amount in US dollar or any other currency. Credit of such proceeds to NRE/ FCNR account or remittance thereof may be permitted by authorized dealer only on production of a certificate from the Fund that the investment was made out of inward remittance or from the Funds held in NRE/FCNR account of the investor maintained with an authorized dealer in India. However, there is no objection to credit of such proceeds to NRO/NRSR account of the investor if he so desires.

Subscription by Multilateral Funding Agencies, on full repatriation basis, is subject to approval by the Foreign Investment Promotion Board.

Rejection of applications

Applications not complete in any respect are liable to be rejected. The Trustee Company may reject any application not in accordance with the terms of the Scheme.

Documents to be submitted

In the case of applications under Power of Attorney

If any application or any request for transmission is signed by a person holding a valid Power of Attorney, the original Power of Attorney or a certified copy duly notarised should be submitted with the application or the transmission request, as the case may be, unless the Power of Attorney has already been registered with the Fund / Registrar.

In the case of applications by limited Company or a corporate body or an eligible institution or a registered society or a Trust or a Fund or a FII, etc.

In the case of applications by limited Company or a corporate body or an eligible institution or a registered society or a trust or a fund or a FII, a certified true copy of the Board resolution of the managing body authorising investments in Units including authority granted in favour of the officials signing the application for Units & their specimen signature etc. alongwith a certified copy of the Memorandum & Articles of Association & / or bye-laws & / or trust deed & / or partnership deed & Certificate of Registration should be submitted. The officials should sign the application under the official designation. In the case of a Trust/ Fund, it shall produce a resolution from the Trustee(s) authorising such purchases.

The above mentioned documents or duly certified copy thereof must be lodged separately at the office of the Registrar to the Offer, quoting the serial number of the application. In case of non submission of the above mentioned documents, the Trustee Company is entitled, in its sole and absolute discretion, to reject or accept any application.

Transactions through online facilities / electronic modes: The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA. In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS. CO.PD. No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund. While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth & efficient functioning of the Scheme(s).

TRANSACTION THROUGH STOCK EXCHANGE PLATFORM

Tata Mutual Fund has signed an agreement with BSE & NSE for allowing transactions in the Scheme through stock exchange platform.

The schemes covered in this KIM are admitted on the order routing platform of Bombay Stock Exchange Limited ("BSE") and National Stock Exchange of India Limited ("NSE"). Under this facility investors can submit the application for subscription and redemption of units of the scheme though the Stock Exchange platform. The introduction of this facility is pursuant to guidelines issued by SEBI vide circular SEBI/IMD/CIR No.11/183204/2209 dated November 13, 2009 and the Stock Exchanges viz. BSE & NSE.

The following are the salient features of the new facility introduced for the benefit of investors:

1) This facility i.e., purchases (Lumpsum & SIP)/redemption of units will be available to both existing & new investors. Switching of units will not be permitted through stock exchange platform. 2) The investors will be eligible to purchase /redeem units of the aforesaid schemes. The list of eligible schemes is subject to change from time to time. 3) All trading members of BSE & NSE who are registered with AMFI as Mutual Fund Advisors & who have signed up with Tata Asset Management Pvt Ltd

& also registered with BSE & NSE as Participants ("AMFI certified stock exchange brokers") will be eligible to offer this facility to investors. In order to facilitate transactions in mutual fund units through the stock exchange infrastructure, BSE has introduced BSE StAR MF Platform & NSE has introduced Mutual Fund Service System (MFSS). 4) The units of eligible Schemes are not listed on BSE & NSE & the same cannot be traded on the Stock Exchange like shares. The window for submission of application for purchase/redemption of units on BSE & NSE will be available between 9 a.m. & 3 p.m. or such other timings as may be decided by the Stock Exchanges. 5) The eligible AMFI certified stock exchange brokers will be considered as Official Points of Acceptance (OPA) of Tata Mutual Fund as per SEBI circular No. SEBI/IMD/CIR No/11/78450/06 dated October 11, 2006. 6) Investors have an option to subscribe/redeem units in physical or dematerialized form on BSE StAR & NSE MFSS MF system. In case of redemption request received through MFSS/BSE StAR/DP residual units will continue to remain in the Registrar & Transfer Agents records & the residual units will be redeemed only after investor request to redeem. 7) The facility to purchase through SIP is available in demat form on both BSE StAR & NSE MFSS platform. 8) As clarified by SEBI vide its circular no. CIR/IMD/DF/10/2010 dated August 18, 2010, restriction on transfer of units shall not be applicable to units held in dematerialized mode & thus the units are freely transferable. However, the restrictions on transfer of units of ELSS schemes during the lock in period shall continue to be applicable as per the ELSS guidelines. 9) Investors will be able to purchase/redeem units in eligible schemes in the following manner:

(i.) Purchase of Units:

a. **Physical Form (Available on NSE MFSS & BSE StAR MF)**

· The investor who chooses the physical mode is required to submit all requisite documents along with the purchase application (subject to applicable limits prescribed by BSE / NSE) to the AMFI certified stock exchange brokers. · The AMFI certified stock exchange broker shall verify the application for mandatory details & KYC compliance. · After completion of the verification, the purchase order will be entered in the Stock Exchange system & an order confirmation slip will be issued to investor. · The investor will transfer the funds to the AMFI certified stock exchange brokers. · Allotment details will be provided by the AMFI certified stock exchange brokers to the investor.

b. **Dematerialized Form (Available on NSE MFSS & BSE StAR MF)**
