I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme(s) may go up or down
- Mutual Funds and securities investments are subject to market risks and there can be no assurance and no guarantee that the Scheme(s) will achieve its objective.
- Mutual fund investments are subject to market risks, read all scheme related documents carefully.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme(s).
- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
The name of the Scheme do not in any manner indicate either the quality of the Scheme, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer carefully and consult their tax and Investment Advisor before they invest in the Scheme(s).

Tata Treasury Advantage Fund is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors:

Liquidity and Settlement Risks:
The liquidity of the Scheme investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by TAML. While at all times the Asset Management Company will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme is avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme’s investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme’s ability to dispose of particular securities, when necessary, to meet the Scheme’s liquidity needs or in response to a specific economic event or during restructuring of the Scheme’s investment portfolio. Furthermore, from time to time, the Asset Management Company, the Custodian, the Registrar, any Associate, any Distributor, Dealer, any Company, Corporate Bodies, Trusts, any Retirement and Employee Benefit Funds or any Associate or otherwise, any scheme / mutual fund managed by the Asset Management Company or by any other Asset Management Company may invest in the Scheme. While at all times the Trustee Company and the Asset Management Company will endeavour that excessive holding of Units in the Scheme among a few Unitholders is avoided, however, the funds invested by these aforesaid persons may acquire a substantial portion of the Scheme’s outstanding Units and collectively may constitute a majority unitholder in the Scheme. Redemption of Units held by such persons may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemptions and this may impact the ability of other Unitholders to redeem their respective Units.

Investment Risks:
The value of, and income from, an investment in the Scheme can decrease as well as increase, depending on a variety of factors which may affect the values and income generated by the Scheme’s portfolio of securities. The returns of the Scheme’s investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Scheme’s investment objective will be attained or that the Scheme be in a position to maintain the model percentage of investment pattern particularly under exceptional circumstances.

Different types of securities in which the scheme would invest in, as mention in this SII, carry different levels and types of risk. Accordingly, the scheme’s risk may increase or decrease depending upon its investment pattern. e.g corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

The scheme may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk of such fluctuations. However these techniques and instruments if imperfectly used have the risk of the scheme incurring losses due to mismatches particularly in a volatile market. The Fund’s ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund’s / Scheme’s securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Scheme’s assets segregated to cover its obligations.

Securitised Debt:
Securitized Debt such as Mortgage Backed Securities ("MBS") or Asset Backed Securities ("ABS") is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. Asset Securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitization involves sale of specific receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company. The SPV in turn issues financial instruments (promissory notes, participation certificates or other debt instruments) also referred to as “Securitized Debt” to the investors evidencing the beneficial ownership of the investors in the receivables. The financial instruments are rated by an independent credit rating agency.

Risks Associated with Securitised Debt
Risk due to prepayment: In case of securitized debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitized papers. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitized debt instruments, the secondary market for securitized debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.
Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risk Control in Securitised Debt:

1. Risk profile of securitized debt vis a vis risk appetite of the scheme:

Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. In line with the investment strategy of the Scheme and considering that there would be no intermediate redemption pressures for the Fund Manager, the Scheme may take exposure to rated Securitized Debt with the intent to enhance portfolio yield without compromising on credit quality.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc.

The evaluation parameters of the originators are as under:

- Track record
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
  - Outlook for the economy (domestic and global)
  - Outlook for the industry
  - Company specific factors

Track record

We ensure that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc. We also look at the credit profile of the Originator for its own debt. We normally invest only if the Originator’s credit rating is at least ‘AA’ (+/- or equivalent) or above by a credit rating agency recognized by SEBI.

Willingness to pay

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank guarantee etc. is obtained, as a risk mitigation measure.

Ability to pay

This assessment is based on a detailed financial risk assessment. A traditional SWOT analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer’s financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality.

Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition a detailed review and assessment of rating rationale is done including interactions with the company as well as agency.

Typically we would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if we have concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios - both on a standalone basis as well on a fated level/ group level. This is very important in case of single borrower loan sell down
- Higher proportion of re-schedulement of underlying assets of the pool or loan
- Higher proportion of overdue assets of the pool or the underlying loan
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan

3. Risk mitigation strategies for investments with each kind of originator

Risk Mitigation Strategies

Investments in securitized debt will be done based on the assessment of the originator which is carried out by the Fixed Income team based on the in-house research capabilities as well as the inputs from the independent credit rating agencies.

In order to mitigate the risk at the issuer/originator level, the Fixed Income team will consider various factors which will include:
• size and reach of the originator
• the infrastructure and follow-up mechanism
• quality of information disseminated by the issuer/originator; and
• the Credit enhancement for different type of issuer/originator
• the originator’s track record in that line of business

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Majority of securitized debt investments shall be in asset backed pools wherein the underlying assets could be Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment, Mortgages etc.

The Fund Manager will invest in securitized debt which are rated ‘AA’ (+/- or equivalent) or above by a credit rating agency recognized by SEBI. While the risks mentioned above cannot be eliminated completely, they may be minimized by considering the diversification of the underlying assets as well as credit and liquidity enhancements.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

In addition to the framework as per the table above, we also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

• Size of the loan: The size of each loan is generally analyzed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.

• Average original maturity of the pool: The analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.

• Default rate distribution: The Fixed Income team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.

• Geographical Distribution: The analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.

• Risk Trenching: Typically, we avoid investing in Securitized debt in the form of subordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.

• Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc. could be obtained as a risk mitigation measure.

• Liquid facility - these parameters will be evaluated based on the asset class as mentioned in the table above

• Structure of the pool of underlying assets - The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitization structure and changes in market acceptability of asset classes.
Investment in the Single Loan Securitization would be done based on the assessment of credit risk associated with the underlying borrower as well as the originator. The Fixed Income team will adhere internal credit process and perform a detailed review of the underlying borrower prior to making investments.

5. Minimum retention period of the debt by originator prior to securitization

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements. In addition, RBI has proposed minimum holding period of between nine and twelve months for assets before they can be securitized. The minimum holding period depends on the tenor of the securitization transaction. The Fund will invest in securitized debt that are compliant with the laws and regulations.

6. Minimum retention percentage by originator of debts to be securitized

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements, including maximum exposure by the originator in the PTCs. In addition, RBI has proposed minimum retention requirement of between five and ten percent of the book value of the loans by the originator. The minimum retention requirement depends on the tenor and structure of the securitization transaction. The Fund will invest in securitized debt that are compliant with the laws and regulations.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

An investment by the scheme in any security is done after detailed analysis by the Fixed Income team and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arm’s length basis without consideration of any investments (existing/potential) in the schemes made by any party related/involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

Furthermore, there is clear cut segregation of duties and responsibilities with respect to Investment function and Sales function. Investment decisions are being taken independently based on the above mentioned parameters and investment by the originator in the scheme is based on their own evaluation of the scheme vis a vi their investment objectives.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement.

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

- Fixed Income Team - Risk assessment and monitoring of investment in Securitized Debt is done by Credit Team.
- Ratings are monitored for any movement - Based on the cash-flow report and analyst view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
- Wherever the schemes portfolio is disclosed, the AMC may give a comprehensive disclosure of Securitised debt instruments held in line with SEBI requirement.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

Securities Lending by the Mutual Fund

Securities Lending means the lending of securities to SEBI approved intermediaries for a tenure of 1 to 12 months at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 20% of the net assets of the respective scheme can generally be deployed in securities lending and not more than 5% of the respective scheme can be deployed in securities lending to any single counterparty. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A fund has a Non-Convertible Debenture (NCD) of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager’s plan. In that case the investors would be benefited only to the extent of the rise in the value of the NCD, from time to time if any, on the exchange. If the fund is enabled to lend the said security to a borrower who would be wanting to take advantage of the market

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.
fluctuations in its price, the borrower would return the security to the lender (scheme) at a stipulated time or on demand for a negotiated compensation. The fund’s unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of Securities lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the fund would participate in Securities lending would be:

1. There is a holding of security e.g. 5000 units of NCD’s of XYZ Ltd in the fund which the fund manager wants to be the core holding of the scheme for approximately 6 to 12 months.

2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs XYZ Ltd NCD to settle it) who is willing to put up a proper collateral for the same.(In all cases higher than the price of the script).

3. The borrower is represented by a proper recognized intermediary.

4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the fund and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, securities lending would be done by the scheme only in the following circumstances:

a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.

b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.

c) If considering the above, and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honor its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there is also be temporary illiquidity of the securities that are lent out and the scheme will not be able to sell such lent out securities until they are returned.

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the Scheme’s net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Counterparty Risk

This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Derivatives carry the risk of adverse changes in the market price. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Although for exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement however in OTC trades the possibility of settlement is limited.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the ‘Income Tax Act 1961’ or
any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

**Investor Protection**

Excessive trading into and out of the scheme may affect its performance by disrupting portfolio management strategies and by increasing expenses. The Fund and the distributors may refuse to accept applications for Purchase, especially where transactions are deemed disruptive, particularly from market timers or investors who, in their option, have a pattern of short term or excessive trading or whose trading has been or may be disruptive for the Scheme.

If in the opinion of the AMC, a Unitholder is indulging in short term or excessive trading as above, it shall, under powers delegated by the Trustee, have absolute discretion to reject any application, prevent further transaction by the unitholder.

**Risk associated with Transaction in Units through Stock Exchange**

In respect of transactions in Units of the Scheme through NSE and/or BSE or any other recognized stock exchange, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

**Risks associated with Derivatives**

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments’.

**Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

**Risk associated with investing in Repo in Corporate Bond Securities**

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Corporate Bond Repo will be subject to counter party risk.

- The Scheme will be exposed to credit risk on the underlying collateral– downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.

- Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

**Risks associated with segregated portfolio**

Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.

Security comprises of segregated portfolio may not realise any value.

Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

**Credit Evaluation Process for the investments in Debt Securities**

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.
Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- **External Ratings threshold:** Investment is made only if the issuer credit rating is at least ‘investment grade’ (BBB- or above) for Long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is made in top notch (A1+ or equivalent) rated debt instruments. However this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.

- Each company is internally appraised based on various parameters including, but not restricted to:
  - Business Fundamentals: Product/Service offerings, Market Position, Competitive Landscape, and Product cycle etc.
  - Regulatory environment: Support/intervention, developmental stage of industry, level of regulation
  - Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend
  - Management Track Record: Management track record, performance of company through economic cycle, promoters’ background, other group companies.
  - Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macroeconomic environment and the performance of corporate sector, the debt market and other considerations.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents VIZ.MOA/AOA of the TAML/Trustee Company, IMA and the Trust Deed. Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of regulations 18-15A of SEBI (Mutual Funds) Regulations, 1996.

**B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days’ notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. However, in case the Scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard

**C. SPECIAL CONSIDERATIONS**

Investors are urged to study the terms of the SID carefully before investing in this Scheme, and to retain this SID for future reference. The Mutual Fund may disclose details of the investor’s account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be
necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units.

Tax Consequences
Redemption by the unitholders due to change in the fundamental attribute (if any, in future) of the scheme or due to any other reason may entail tax consequences for which the Trustees, AMC, Fund their Directors / employees shall not be liable.

The Scheme does not seek to participate in credit default swaps.

The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Not more than 20% of the net assets of the scheme can be deployed in stock lending. The scheme would limit its exposure, with regards to securities lending, for a single intermediary, to the extent of 5% of the total net assets of the scheme at the time of lending.

The exposure to derivatives will not exceed 50% of the net assets of the scheme.

The cumulative gross exposure through debt and derivative positions should not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only for defensive considerations and such deviation shall be subjected to 30 days rebalancing period.
Note On Macaulay Duration

In 1938, economist Frederick Macaulay suggested duration as a way of determining the price volatility of bonds. Duration is defined as the average time it takes to receive all the cash flows of a bond, weighted by the present value of each of the cash flows. Essentially, it is the payment-weighted point in time at which an investor can expect to recoup his or her original investment.

Illustration of Macaulay Duration Calculation:

Suppose there is a 5-year bond of 10% coupon paid annually with a maturity face value of Rs. 1,000/- issued at par value of Rs. 1,000/-. Accordingly:
Annual Coupon payment = Rs. 100/-; No. of years = 5 years; Maturity value = Rs. 1,000/-

Calculation of Macaulay Duration:

<table>
<thead>
<tr>
<th>Period</th>
<th>Cash flow (Rs.)</th>
<th>Present Value of Cash Flow (B discounted @10%)</th>
<th>Period multiplied by Cash flow (A x C)</th>
<th>Weighted Average Duration (D / Total sum of C)</th>
</tr>
</thead>

<tr>

<td>4,169.87</td>
<td></td>
<td>4.17</td>
</tr>
</tbody>
</table>

As per above calculation Macaulay Duration is 4.17 years which implies that at 4.17 years the sum of cash flows received will be equal to cash outflow at the time of purchasing the bond which in this case is Rs. 1,000/-.

Change in Investment Pattern

Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders’ interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of 30 days.

In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing.

Overview of Debt Market:
The major players in the Indian Debt Markets are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risks and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators to increase the liquidity and transparency such as introduction of repo in corporate bonds, Credit Default Swaps, compulsory reporting of secondary market OTC transactions on exchange platforms to name a few. Moreover, the recent successful introduction of Interest Rate Future in the benchmark 10 year Government Bond will also likely to increase the depth in the debt market.

The market participants in the corporate debt and gilt markets are banks, financial institutions, mutual funds, corporates, insurance companies, FIIs, primary dealers and provident funds. The main debt instruments in the market are those issued by Corporates and State/Central Governments. Corporate papers carry credit risk while government securities are believed to carry no credit risk. The main risks with investments in debt securities are interest rate risk, credit risk and liquidity risk. Interest rate risk associated with debt instruments depend on the macroeconomic environment. It includes both market price changes due to change in yields as well as coupon reinvestment rate risk. Corporate papers carry higher liquidity risk as compared to gilts due to the depth of the gilt market.

Money Market:
Money market encompasses a wide range of instruments with maturities ranging from one day to a year, issued by Government, Banks and corporates etc and traded in markets of varying liquidity. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. However, such risks are lower in case of money market instruments compare to other debt instruments. Further, within the gamut of money market instruments as available in the market, such risks are very low in case of instruments issued by government. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Offer document and can at best be considered indicative:

D. WHERE WILL THE SCHEME INVEST

The scheme will invest in following instruments:

- Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc. (including but not limited to fixed or floating coupon bearing and zero coupon securities).
- Fixed / Floating rate money market instruments permitted by SEBI and in alternative, investments for the call money market as may be provided by RBI to meet the liquidity requirements.
- Non-convertible portion of Convertible Debentures (Khokas), Non-Convertible Debentures
- Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables.
- Securitised Debt
- Repo in Corporate Debt Securities
- Derivative instruments like interest rate swaps, forward rate agreement, interest rate futures and such other derivative instruments as permitted by SEBI / RBI from time to time.
- Pending deployment of funds as per investment objective of the scheme, the funds may be parked in short term deposit of the schedule commercial banks, subject to SEBI circular no. SEBI/IMD/Cir.No. 1/91171/07 dated April 16, 2007 and other relevant circular issued by SEBI from time to time.
- Any other domestic fixed income securities or like instruments as may be permitted by SEBI/RBI from time to time.

The scheme may participate in repo in corporate debt securities subject to guidelines specified by RBI and SEBI which includes the following:

- Gross exposure to corporate bond repo transaction should be not more than 10% of the net asset of the scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities along with debt and derivatives shall not exceed 100% of the net assets of the Scheme.
- The Scheme will participate in repo transactions only in AA and above rated corporate debt securities.
- The Scheme may borrow through repo transactions (for redemption/dividend payout) only if the tenor of the transaction does not exceed a period of six months and aggregate borrowing is not more than 20% of net assets of the Scheme.
- Credit exposure will be on the counterparty and not on the collateral securities in case of corporate bond repo. Issuer and counterparty limits will be based on approved credit universe.

The scheme will ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities.

As mandated by SEBI vide circular CIR / IMD / DF / 19 / 2011 dated November 11, 2011, AMC and Trustee company of Tata Mutual Fund have specified norms for Category of counterparty, credit rating of counterparty, tenor of collateral and applicable haircuts for participation in repo in corporate bonds.

The Scheme will purchase securities in public offerings and rights issues, as well as those traded in the secondary market(s). On occasions, if deemed appropriate, the Scheme will invest in securities sold directly by the Issuer, or acquired in a negotiated transaction. The securities of the unlisted companies if purchased by the Scheme would have a clearly defined exit route either by way of Listing/transfer to any entity other than the issuer (if securities are acquired directly from the issuer). The moneys collected under this Scheme shall be invested only in securities in the money or debt market.
E. THE INVESTMENT STRATEGIES

The investment strategy of the scheme is to realize investment objective.

The Scheme will invest in various money market and fixed income securities with objective of providing liquidity and generating reasonable returns with lower interest rate risk. The security will be identified based on various parameters such as issuer’s credit rating history, financial track record of the issuer, corporate governance track record of the issuer, liquidity of the security, maturity of the security, interest rate scenario etc.

Trading in Derivatives

The scheme may enter into derivative transactions in accordance with the guidelines issued by the SEBI. The net derivative exposure shall not exceed the limit specified in the section C – “Asset Allocation and Risk Profile”

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The scheme may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements/ Interest Rate Futures, Interest Rate Options or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations.

All Limits/ Exposure / Norms specified in the Scheme Information Document (SID) are applicable at the time of Investments.

Debt Derivatives

The cumulative gross exposure through debt and derivative positions should not exceed 100% of the net assets of the scheme.

For other option contracts, the total exposure related to option premium paid will not exceed 20% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:

1. Hedging positions are the derivatives positions that reduce possible losses on an existing position in securities and till existing position remains.
2. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall have to be added and treated under the limits mentioned above.
3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Derivative Instruments & Related Examples:

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations

Interest Rate Swaps(IRS): An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.
In practice, however, the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x 91 / 365 = 17,452. The TMF receives: Fixed rate at 10.25% for 91 days.

6. The Scheme pays: compounded call rates for 91 days is 9.90%

5. At the end of 91 days;

4. Fixed Rate: 9.90%

3. Tenor: 91 Days

2. Benchmark: NSE MIBOR

1. Say Notional Amount: Rs. 2 crores

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

Example A: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example B: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however, the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x 91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example: Use of IRS

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

Risks associated with Swaps:

Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.

The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):

This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:

Assume that on June 1, 2019, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on June 30, 2019. If the interest rates are likely to remain stable or decline after June 30, 2019, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on June 30, 2019:

He can receive 1 X 2 FRA on June 30, 2019 at 7.75% (FRA rate for 1-month lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. June 30, 2019 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on June 30, 2019 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (June 30, 2019), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on June 30, 2019.
Risks associated with Forward Rate Contracts:
When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

Interest Rate Future (IRF)
An interest rate future is a contract (future contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used when there is an expectation of interest rate movement in adverse direction.

For example, if fund manager expects rise in interest rate. He may sell interest rate future today. If interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future). However, in case interest rate falls, loss may be incurred on IRF position.

Illustration of Use of IRF (For Hedging)

A – Perfect Hedge
1) Assume a portfolio has 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/. The bond is currently trading in market at 105.00.
2) The futures on 7.59% GOI 2026, expiring on 27th October 2016 is trading on exchange at 105.10.
3) Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of 2 lacs, in this example the fund manager sells 100 crs/2 lakhs = 5000 contracts, to hedge long position.
4) At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures
Case 1: At expiry Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged
Closing price of Bonds on day of maturity of futures = 105.05
Settlement price of futures = 105.05
MTM gain on the underlying bond = (105.05-105.00) * 100 crs / 100 (i.e. face value of bond) = Rs. 5,00,000
The profit on the futures leg is = 5000*2lacs *(105.10-105.05)/ 100 (i.e. face value of bond) = Rs 5,00,000
Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold
In case, the closing price of bonds on the day of maturity of futures = 105.20,
Settlement price of futures = 105.20
The MTM gain on underlying bond = (105.20-105.00) * 100 crs /100 (i.e. face value of bond) = Rs. 20,00,000
Loss on futures leg is = 5000*2 lacs * (105.10-105.20)/100 (i.e. face value of bond) = - Rs 10,00,000
Total Profit to the fund = Rs 10,00,000

As can be seen above, by selling the future contract instead of the underlying, the fund manager has locked in the Rs. 10,00,000 profit and at the same time cash holding position will be hedged against the adverse market movements.

Portfolio Turnover

“Portfolio Turnover” is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Scheme’s portfolio during the given period. The scheme is an open ended scheme. It is expected that there would be a number of subscriptions and repurchase on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely annual turnover in the portfolio. However, a high turnover would not significantly affect the brokerage and transaction costs.

The Fund will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived thereof. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrate opportunities that exist for scrips / securities held in the portfolio rather than an indication of a change in Fund view on a scrip, etc.

Portfolio Turnover Ratio: 2.08 Times as on 30th April 2020 (for 13 Months).

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents viz. MOA/ AOA of the TAML/Trustee Company, IMA and the Trust Deed. Moneys collected under these Schemes shall be invested only in transferable securities.

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (Mutual Funds) Regulations, 1996:

(i) Type of a scheme
An open ended debt scheme.
(ii) Investment Objective
The investment objective of the scheme is to generate regular income and capital appreciation by investing in a portfolio of debt and money market instruments with relatively lower interest rate risk.
However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The Scheme does not assure or guarantee any returns.

Investment Pattern and Risk Profile:
Refer Section C for detailed Asset Allocation & Risk Profile.

(iii) Terms of Issue
• Liquidity: Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, the repurchase price shall not be lower than 93% of the NAV, the sale price will not be higher than 107% of the NAV and further that the difference between the sale and repurchase price shall not exceed 7% calculated on the sale price.
• Aggregate fees and expenses charged to the scheme – Please refer section "IV FEES AND EXPENSES" for details.
• The scheme does not provide any safety net or guarantee nor does it provide any assurance regarding declaration of dividend. There is no guarantee or assurance that the scheme will achieve its objective

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) there under or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) there under and affect the interests of Unitholders is carried out unless:
(i) A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
(ii) The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. SCHEME BENCHMARK
CRISIL Low Duration Debt Index
CRISIL Low Duration Debt Index seeks to track the performance of a low duration debt portfolio comprising of short term AAA/AA rated bonds and 6 month and 1 year CPs and CDs. The composition of the aforesaid benchmark is such that, they are most suited for comparing performance of the respective plans. It’s a Total Return Index seeking to capture coupon and price returns of the underlying portfolio. Total Return variant of the index(TRI) will be used for performance comparison.
The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the scheme is available.

1. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in government securities, treasury bills and collateralized borrowing and lending obligations.

Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board:

1A. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by SEBI from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by SEBI:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by SEBI from time to time.

Note:

a) SEBI vide circular dt. 1st October 2019 has issued following guidelines wrt investment in unlisted debt & money market instruments

b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

c) The timelines and investment limits for investment in unlisted NCDs:

<table>

<th>31/12/2020</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum investment in unlisted NCDs as % of the debt portfolio of the scheme</td>
<td>15% of debt portfolio</td>
<td>10% of debt portfolio</td>
</tr>
</tbody>
</table>

SEBI vide Circular SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 has allowed the existing unlisted NCDs to be grandfathered till maturity, however SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2020/75 dated 28th April 2020 clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs.

d) All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed with effect from one month from the date of operationalization of framework for listing of CPs or January 01, 2020, whichever is later

e) investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following

i. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

ii. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.

iii. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

f) The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:

i. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and

ii. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

III. For the purpose of this provision, ‘Group’ shall have the same meaning as defined in paragraph B(3)(b) of SEBI Circular no SEBI/HO/IMD/DF2/CIR/P/2016/35 dated February 15, 2016.

IV. Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

V. Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

2. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

(a) such transfers are done at the prevailing market price* for quoted instruments on spot basis.

Explanation- “spot basis” shall have same meaning as specified by stock exchange for spot transactions.

(b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

*Note: SEBI vide circular no SEBI/HO/IMD/DF4/CIR/P/2019/102 dt. September 24, 2019 has prescribed the methodology for determination of
price to be considered for inter scheme transfers.

3. A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

4. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board."

5. Every mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.

7. No mutual fund scheme shall make any investment in:
   a) any unlisted security of an associate or group company of the sponsor; or
   b) any security issued by way of private placement by an associate or group company of the sponsor; or
   c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets of the schemes.

8. No scheme of a mutual fund shall make any investment in any fund of fund scheme.

9. The total exposure of the Scheme in a particular sector (excluding investments in Bank CDs, Tri-Party Repo, G-Secs, T-Bills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions & Public Sector Banks) shall not exceed 20% of the net assets of the scheme.

Provided that an additional exposure to financial services sector not exceeding 10% (revised) of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs):

Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

However, the overall exposure in HFCs shall not exceed the sector exposure limit of 20% of the net assets of the scheme.

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB).

Notes

- If security/issuer is rated by two or more credit rating agencies, the investment Committee will decide the credit rating agency who’s rating to be considered for monitoring the sector exposure limit.

- In case of investment in short term securities like money market instruments or debentures/bonds upto 1 year maturity, long term rating of the issuer will be considered for monitoring the sector exposure limit.

10. Total Exposure of debt schemes of the fund in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Trustees.

Additional Provision: The investments in debt and money market instruments of group companies of both the sponsor and the AMC shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Trustees.

(group means a group as defined under regulation 2(mm) of SEBI(Mutual Funds) Regulations,1996 and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates).

11. The Scheme shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or dividend to the unitholders. The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

12. Participation in Repo in Corporate Debt Securities is subject to the following restriction:

- Gross exposure to corporate bond repo transaction should be not more than 10 % of the net asset of the scheme.

- The cumulative gross exposure through repo transactions in corporate debt securities along with debts and derivatives shall not exceed 100% of the net assets of the Scheme.

- The Scheme will participate in repo transactions only in AA and above rated corporate debt securities.

- The Scheme may borrow through repo transactions (for redemption/dividend payout) only if the tenor of the transaction does not exceed a period of six months and aggregate borrowing is not more than 20% of net assets of the Scheme

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for
amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

**Investment by the Asset Management Company**

According to the Clause 4 of Schedule 7 read with Regulation 44(1), of the SEBI (MF) Regulations, 1996, the scheme may invest in another scheme/plan/fund under the management of TAML or any other mutual fund without charging any fees. The aggregate inter-scheme investments made by all schemes/plans/funds under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund. The objective of the Scheme in investing in Schemes of TMF or any other Mutual Fund will be primarily to gain better yields in the short term as compared to other short term instruments in the money market.

The sponsor or asset management company shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the growth option of the scheme and such investment shall not be redeemed unless the scheme is wound up.

**J. PERFORMANCE OF THE SCHEME**

<td>There is a change in the fundamental attribute of the scheme &amp; w.e.f 17th March’2017, the scheme was renamed as Tata Ultra Short Term Fund. Further in response to SEBI circular on Categorisation and Rationalisation of Schemes dated October 6, 2017, effective from 3rd May’2018, the scheme is known as Tata Treasury Advantage Fund. Originally the scheme, Tata Floater Fund was launched on 23rd August, 2005. w.e.f 30th September, 2005 the scheme was open for ongoing sales. “Periodic Dividend Option” was introduced w.e.f.16 June 2011. Being an existing open ended scheme, subscription / redemption a facility is available on all business days. The Scheme currently has one segregated Portfolio (Tata Treasury Advantage Fund -Segregated Portfolio 1) in which subscription &amp; redemption facility not available however the unit of segregated portfolio is listed on the recognised Stock Exchange.</td>

The Scheme currently has one segregated Portfolio (Tata Treasury Advantage Fund -Segregated Portfolio 1) in which subscription & redemption facility not available. |

| Ongoing price for redemption (sale) / repurchase /switch outs (to other schemes/plans of the Mutual Fund) by investors. | At the applicable NAV for Main portfolio only subject to prevailing exit load, if any. The Fund shall ensure that the redemption price is not lower than 93% of the NAV and the Purchase price is not higher than 107% of the NAV, provided that the difference between the redemption price and purchase price of the units shall not exceed the permissible limit of 7% of the purchase price, as provided under the Regulations. The Scheme currently has one segregated Portfolio (Tata Treasury Advantage Fund -Segregated Portfolio 1) redemption facility in the portfolio is not available however the unit of segregated portfolio is listed on the recognised Stock Exchange. Investors redeeming their units will get redemption proceeds based on the NAV of the main portfolio and will continue to hold the units of the segregated portfolio. |

Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80

*compulsory reinvestment

Segregated portfolio – All plans and options will be available(subscription & redemption facility is not available however the unit of segregated portfolio is listed on the recognised Stock Exchange).

Notes:
1. Minimum additional investment amount for existing investors is Rs.1000/-& in multiples of Re.1/-.
2. Default Plan:

Investors are requested to note the following scenarios for the applicability of “Direct Plan or Regular Plan” for valid applications received under the scheme:
In cases of wrong/invalid/incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

3. In case dividend payout option is not mentioned than dividend shall be compulsorily reinvested in the same scheme/option at applicable ex-dividend NAV.
4. Redemption request can be made in amounts with a minimum of Rs.1000 or 1 unit.
5. Face Value per unit of all Plans/ Options of the scheme is: Rs.1000/- per unit.

Unitholders can opt for only one dividend sub-option under a scheme in a single folio. In case, different dividend sub-options are required, unitholders are required to create a new folio.

Also note that the dividend sub-option selected in the last inflow transaction will be applicable to all the transactions in the respective scheme sub-option in the folio. A simple example will explain the above statement:

<table>
<thead>
<tr>
<th>Date</th>
<th>Request by unitholder</th>
<th>Sub Option</th>
</tr>
</thead>
<tbody>
<tr>
<td>01/01/2019</td>
<td>Purchase in Dividend Option</td>
<td>Payout</td>
</tr>
<tr>
<td>02/03/2019</td>
<td>SIP Registered in Dividend Option</td>
<td>Reinvestment</td>
</tr>
<tr>
<td>03/05/2019</td>
<td>Additional Purchase in Dividend Option</td>
<td>Payout</td>
</tr>
<tr>
<td>02/06/2019</td>
<td>SIP Instalment</td>
<td>Reinvestment</td>
</tr>
</tbody>
</table>

Hence the dividend sub option chosen by unitholders in the last transaction (i.e SIP instalment as on 02/06/2019 sub option reinvestment) will be applicable to all transactions in the related scheme sub option in the folio.

In case of statutory/legal attachments/suspensions or litigations/disputes at the unitholder/investor’s end, the dividends will compulsorily be reinvested, and no payout shall be made during the said period, irrespective of the dividend sub-option selected.

Currently there is no minimum amount requirement in case unitholder is opting for an all units switch.

Cut off timing for subscriptions/redemptions and switches

This is the time before which your application (complete in all respects) should reach the official points of acceptance.

</tr>
</tbody>
</table>

* Multiple applications (purchase including switch-in) submitted by investor on same day for the same scheme, shall be aggregated at investor level (i.e. First holder/Sole Holder) for determination of Rs. 2 Lacs.

In case of switch transactions, funds will be made available for utilization in the switch-in scheme based on redemption payout cycle of the switch out scheme.

Subscription/Purchase/Switch-in for Segregated Portfolio is not allowed.

Repurchase/Redemptions including Switch-outs or Reverse Sweep:

a. Where the valid applications is received upto 3.00 pm at the Official Point of Acceptance, same day closing NAV shall be applicable; and
b. Where the valid application is received after 3.00 pm at the Official Point of Acceptance, the closing NAV of the next business day shall be applicable.

As per the existing procedure, the applications will be time stamped in accordance with the SEBI Guidelines. The Trustee/AMC may alter the limits and other conditions in line with the Regulations.
Switch Transactions:
Valid application for “switch out” shall be treated as redemption and for “switch in” shall be treated as purchases and the relevant NAV of “Switch in” and “Switch Out” shall be applicable accordingly.

Above cut off timings shall also be applicable to investments made through —Sweep—mode.

Outstation cheques/demand drafts will not be accepted.

Repurchase / Redemptions including Switch-outs or Reverse Sweep for Segregated Portfolio is not allowed. However the unit of segregated portfolio will be listed on the recognised Stock Exchange.

Temporary Provisions
Unitholders/Prospective Investors shall note that, after taking into account of the impact of the revised trading hours for various markets as per the RBI Press Release dated April 03, 2020, and subsequently on April 16, 2020, on April 30, 2020 the cut-off timing for both subscription and redemption in all open ended schemes of mutual fund has been reduced for a temporary period till further notice.

In case of subscription/Switch in Transactions: 01:00 p.m.
In case of Redemption/Switch Out Transactions: 01:00 p.m.

All other provisions of SEBI (Mutual Funds), Regulations 1996 and circulars issued thereunder regarding applicability of NAV in respect of subscription and redemption remain unchanged.

Transactions through online facilities / electronic modes:
The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities / electronic modes, the movement of funds from the investors’ bank account to the Scheme’s bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors’ bank account into the Scheme’s Bank account in case of online transaction is governed by Reserve Bank of India(RBI)/vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme’s bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund.

While the movement of Funds out of the investors’ Bank account may have happened on T day, however post reconciliation and as per statutory norms the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.

The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme(s).

Where can the applications for redemption and switches be submitted?
Application/ Transaction slip completed in all respect (for main portfolio) along with Cheque / DD or fund transfer instruction in case of purchase, and transaction slip completed in all respect in case of redemption / Switch can be submitted at the official acceptance points. Refer Application form for further details.

Maximum amount for redemption and switch-outs
(a) The repurchase would be permitted to the extent of credit balance in the Unit holder’s account.
(b) There may be exceptional circumstances leading to a systemic crisis or events that severely constrain market liquidity or efficient functioning of the market, where the right to redemption may be restricted by TAML. Investors are requested to refer the clause “Restrictions on Redemption and switch of units” in Statement of Additional Information (SAI) of Tata Mutual Fund.

Minimum balance to be maintained and consequences of non-maintenance.
The Fund may mandatorily redeem all the Units of any Unitholder (except for Segregated Portfolio):
(a) if the value of the account falls below the minimum Account balance of 1 unit in the normal repurchase/switch and the unitholders fails to invest sufficient funds or to purchase sufficient units to bring the value of the account upto the minimum level within 30 days after a written intimation in this regard is sent by the fund to that unitholder
(b) Where the Units are held by a Unitholder in breach of any regulations.
(c) The repurchase would be permitted to the extent of credit balance in the Unit holder’s account.

Special Products / Facilities available
a) Systematic Investment Plan (SIP)
The investors can benefit by investing specified Rupees amounts at regular intervals. The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the scheme at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be allotted at the applicable NAV along with applicable load.

“SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment.”
b) Systematic Withdrawal Plan (SWP)

This facility available to the unitholders of the scheme enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Scheme units at the Repurchase price and such units will be subtracted from the unit balance of that unitholder. In case the date falls during a book closure period the immediate next Business day will be considered for this purpose.

The Authorised Investor Service Centre may terminate SWP on receipt of a notice from the unitholder. It will terminate automatically if all units are liquidated or withdrawn from the account or upon the receipt of notification of death or incapacity of the unitholder.

“SWP facility is available subject to terms and conditions. Please refer to the SWP Enrolment form for terms and conditions before enrolment.”

c) Systematic Transfer Plan (STP)

A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer on a monthly or a quarterly basis from one TMF Scheme to another TMF Scheme on a date prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. Unitholders may change the amount, not below the specified minimum, by giving two weeks prior written notice to the registrars. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholder by the fund. Rules relating to the plan may be changed from time to time by the Investment Manager.

“STP facility is available subject to terms and conditions. Please refer to the STP Enrolment form for terms and conditions before enrolment.”

SIP and STP is not available to suspended plans of the schemes.

The above facilities are not available for Segregated Portfolio of the scheme.

Accounts Statements

On acceptance of application for financial transaction, a confirmation specifying the number of Units allotted/redeemed will be sent by way of e-mail and/or SMS to the applicant’s registered e-mail address and/or mobile number within five business days from the date of transaction.

Tata Mutual Fund shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an e-mail to the investor’s registered address/email address not later than five business days from the date of subscription.

A statement of holding indicating units held by the investor in segregated portfolio and main portfolio shall be communicated within five working days of creation of segregated portfolio.

In compliance with SEBI Circulars Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:

1. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories within ten days from the end of the month in which transaction (the word ‘transaction’ shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place.

2. The CAS will not be received by the investors for the folio(s) not updated with PAN details. The Unit holders are therefore requested to ensure that the folio(s) are updated with their PAN. Such investors will get monthly account statement from Tata Mutual Fund in respect of transactions carried out in the schemes of Tata Mutual Fund during the month.

3. In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being sent presently within ten days from the end of the month in which financial transaction takes place.

4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system.

5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996.

6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme.

7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, on or before the tenth day of succeeding month, unless a specific request is made to receive the same in physical form.

8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. Further, CAS issued for the half-year(September/March) shall also provide:

   a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor’s total investments in each mutual fund scheme. The

Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:

United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.

The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -

i. US taxpayers about certain foreign financial accounts and offshore assets.

ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest.

FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company Limited (TAML) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the “FATCA information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a ‘Standard for Automatic Exchange of Financial Account Information in Tax matters’. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3, 2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the ‘source’ jurisdiction to collect and report information to their tax authorities about account holders ‘resident’ in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the ‘resident’ countries.

In view of India’s commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the “FATCA/CRS information” section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

Applicants who cannot Invest.

• A person who falls within the definition of the term “U.S” Person” under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S.

• A person who is resident of Canada.
OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999.

The Fund reserves the right to include / exclude new / existing categories of investors to invest in the scheme from time to time, subject to SEBI Regulations and other than prevailing statutory regulations, if any.

If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/ she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.

This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from /of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantages which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.

Dividend Policy

Growth Option:
The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving medium to long term and also short term capital growth as reflected in the NAV.

Dividend Option:
The profits received / earned and so retained and reinvested may be distributed as dividend to the unitholders who hold the units on the record date of declaration of the dividend at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as mentioned in this scheme information document or as may be decided by the AMC and/or Trustee Company. The Trustee Company reserves the right to change the frequency for income distribution at its discretion. Guided by the philosophy of value-oriented returns, the intent being to protect the Net Asset Value of the Scheme and Unitholders’ interests.

Growth / Dividend Options available in both the plans (i.e. Regular Plan & Direct) are as under:

*compulsory reinvestment

Important

Dividend distribution will be subject to availability of distributable surplus and at the discretion of the trustees from time to time.

The Trustee has the discretion to change the periodicity of declaration of dividend /introduce new dividend options from time to time.

The investors of dividend options may opt for dividend payout, dividend reinvestment or dividend sweep facilities. In case dividend payout option is not mentioned than dividend shall be compulsorily reinvested in the same scheme/option at applicable ex-dividend NAV.

Dividend Reinvestment Option:
Unitholders under this Option also have the facility of reinvestment of the income so declared, if so desired. Dividend Distribution Warrants will not be dispatched to such Unitholders. The income declared would be reinvested in the Scheme on the immediately following ex-dividend date.

In case of daily dividend option of TFF, the dividend shall be compulsorily reinvested in the same plan/option at the applicable ex-dividend NAV.

Dividend Sweep Facility
Under this facility investor can opt for reinvestment of dividend into any other scheme of Tata Mutual Fund. This facility is available only for those investors who have opted for dividend reinvestment facility. This facility is not
available to those investors who have opted for dividend payout facility. Under this facility, the net dividend amount (i.e., net of statutory levy/taxes if any) will be automatically invested on the ex-dividend date into other scheme of TATA Mutual Fund specified by the investor at the applicable NAV of that scheme & accordingly equivalent units will be allotted in lieu of dividend, subject to the terms of the schemes. The minimum and maximum amount is not applicable for this facility. No entry load or exit load will be levied on the units issued in lieu of dividend. AMC reserves the right to modify or withdraw this facility without prior notice.

In case dividend payout option is not mentioned then dividend shall be compulsorily reinvested in the same scheme/option at applicable ex-dividend NAV.

**Compulsory Dividend Reinvestment:**

In order to reduce the expenses of the scheme and also for the convenience of the investors the dividend shall be compulsorily reinvested within the scheme at the applicable ex-dividend NAV if dividend amount is less as per the amount given in table given below (or any other amount as may be specified by the AMC from time to time) in the same option of the respective plans of the scheme at the ex-dividend rate. This is applicable to the all dividend options of the scheme. In case of dividend reinvestment, the units will be allotted at applicable ex-dividend NAV in lieu of dividend. The dividend shall be reinvested within the scheme at the applicable ex-dividend NAV if it is less than Rs. 500/-.

The Fund reserves a right to modify the periodicity and manner of payout of such dividend as they deem fit without giving any prior notice to Unitholders.

| Facility for purchasing of units of the scheme through order routing platform on BSE and NSE | A. The Scheme is admitted on the order routing platform of Bombay Stock Exchange Limited (“BSE”) and National Stock Exchange Of India Limited (“NSE”). Under this facility investors can submit the application for subscription and redemption of units of the scheme through the Stock Exchange platform. The introduction of this facility is pursuant to guidelines issued by SEBI vide circular SEBI/IMD/CIR No. 11/183204/2009 dated November 13, 2009 and the Stock Exchanges viz. BSE & NSE.

**B. The Units under Plan/options of the Scheme is available for Subscription & Redemption on order routing platform of Bombay Stock Exchange Limited (“BSE”) and National Stock Exchange of India Limited (“NSE”).**

**Just SMS Facility**

JUST SMS Facility enables the unitholders to
- Subscription of units of the scheme for amounts less than Rs 2 lacs.
- Redemption of units in the scheme (any amount/All Units).
- Switch out from the scheme (any amount/All Units).

This facility is currently available for existing investors (resident individuals only including guardian on behalf of minor) however new investor can avail this facility after opening a folio in the scheme/(s).

The said limits can be changed at the sole discretion of Tata Asset Management Ltd.

**Process Note:**

1. Subscription transaction request can be accepted in “Amounts” only and Switch and Redemption transaction requests can be accepted in “Amounts/Units” however the request for Unit based redemption switches can be given for “ALL” units and not part thereof. The minimum subscriptions / redemption / Switch amount in the respective scheme(s) will be applicable for each transaction. The load structure prevailing at the time of the purchase transaction will be applicable.

2. Mobile Number Registration: Unitholder(s) of the Fund will have to register a mobile number registered in India in their folio for availing this Facility. The mobile number provided in the debit mandate shall be updated in the folio for which the Facility is required. Additionally it will be registered in all the folios (if the same is not already available) where the First/Sole unit holder PAN number is same as the First/Sole unit holder PAN in the application, the updation of the mobile number will be only for purpose of database enhancement for all communication purposes. To avail this facility, only one mobile number will be registered with one folio number.

3. Unitholder(s) of the Fund can start transacting, using this Facility only after successful registration of the Debit Mandate with their bankers and receipt of confirmation from the AMC. The process of registering the bank mandate with the banker may take up to 30 days.

4. Unit holder(s) need to provide Original cancelled cheque of the same bank account registered in the registration form with the unit holder’s name printed on the face of the cheque. In case an investor is not able to submit the Original cancelled cheque or do not have the name of the investor on the face of the cheque. Then the investor needs to submit:
   - Copy of the bank passbook attested by bank / Original bank statement with name address and bank account number of the investor.
   - A letter from the bank on its letter head certifying that the investor maintains an account with the bank, along with the information like the bank account number, bank branch, account type, the MICR code of the branch and the IFSC code.
   - Get the bankers attestation in the face of the form in the section BANKER’S Attestation (For BANK Use only)
   - If these supporting documents are not provided the registration may not be accepted. The Unit holder(s) cheque/ bank account details are subject to third party verification.
5. Transaction Charge: In accordance with SEBI circular No. Cir/IMD/DF/13/2011 dated August 22, 2011, TAML/TMF will deduct Transaction Charges from the purchase/subscription amount received from the investors investing through a valid ARN Holder i.e. AMFI registered Distributor (provided the Distributor has opted to receive the Transaction Charges). Transaction Charge of Rs. 100 (for investor other than first time mutual fund investor) per purchase/subscription of Rs. 10,000 and above are deductible from the purchase/subscription amount and payable to the Distributor. The balance amount shall be invested. The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen ‘Opt Out’ of charging the transaction charge, no transaction charge would be deducted from transactions registered. It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

6. In case the mode of holding of the folio is ‘Joint’ and the Debit Mandate is duly signed by all the joint holder(s), it will be deemed to be an express instruction to the AMC (Tata Asset Management Ltd) / RTA (Computer Age Management Service Pvt. Ltd), to keep the mode of holding to ‘Anyone or Survivor’ for availing this Facility only, so that this facility is available to the first named holder only. In case the unit holder is a “minor”, the legal/natural guardian shall be eligible to avail of this Facility till the minor attains majority. As such legal/natural guardian may make payments from the minor’s respective bank account (or in accordance with the exceptions provided for third party payments) and the same shall be recognized by the AMC as valid payment as per the SEBI Mutual Fund Regulations.

7. The Purchase Facility is currently available to the investors with the bank account with following bank branches:
   a) All bank branches participating in Reserve Bank of India (RBI) Electronic Clearing System (ECS)/Regional Electronic Clearing System (RECS) facility.
   b) Core Banking branches of the following Banks: Allahabad Bank, Axis Bank, Bank Of Baroda, Citibank, Corporation Bank, HDFC Bank, Federal Bank, ICICI Bank, IDBI Bank, Karnataka Bank, Punjab National Bank, State Bank of India, Union Bank of India, United Bank of India.

Please note that the list of the banks and branches may be modified/updated/changed/deleted from time to time in future at the sole discretion of the AMC without assigning any reason or prior notice. You may kindly refer the AMC web site www.tatamutualfund.com for the latest list of locations/banks.

8. Some banks and branches may levy charges for mandate registration and / or transactions to their bank account holders, which will be borne by the account holder only and will not be borne/reimbursed by the AMC or the Fund.

9. Unit holder(s) hereby confirms, acknowledges and undertakes to make payments for subscription of units from their respective bank account(s) in compliance with applicable provisions relating to third party payments detailed in the SID / SAI and that the payment will be through legitimate sources only.

10. The responsibility of the bank account information provided in the Debit Mandate or any other application form for this Facility solely rests with the Unit holder(s) and the AMC / Fund / RTA will not be responsible or liable for any loss, claims, liability that may arise on account of any incorrect and / or erroneous data / information supplied by the Unit holder(s).

11. It will be the sole responsibility of the unit holder(s) bank and its branch to ensure proper registration of the Debit Mandate and confirm registration. If no confirmation of registration or rejection is received from the banker, the AMC/RTA/its agents will deem the same to be registered and confirm the registration to Unit holder(s) entirely at the risk of Unit holder(s).

12. The Unit holder(s) shall ensure availability of clear funds in their respective bank account, as specified in the Debit Mandate, at the time of requesting a Transaction using the Facility and at the time of bank account being debited.

13. The bank account of the customer may be debited towards purchases either on the same day of transaction or within one to seven business days depending on ECS cycle. The AMC / RTA shall attempt to settle the transaction and debit the bank account by requesting the registered bank for release of funds as per direct debit arrangement or standing instruction or RBI ECS (Debit) facility generally within a period of one to seven working days for bank. However, in case of non-receipt of the funds, for whatsoever reasons, the transaction shall stand cancelled/ null and void and the units allotted, if any would be reversed and stands cancelled.

14. The request for transaction is to be considered as accepted, subject to realization of funds towards purchases, and only on receipt of the confirmation from RTA on the registered mobile number or email id of the Unit holder(s) of the Fund.

15. The applicable NAV for the transaction will be dependent upon the receipt of the SMS into Computer Age Management Service Pvt. Ltd, Registrar & Transfer Agent of the Fund, (‘RTA’) server, electronically time-stamped and other factors like scheme, type of transaction, amount, date of realization of funds under SEBI regulations and will be treated on par with similar transactions received through other modes. For the purpose of this Facility, such RTA office centre would be considered as an Official Point of Acceptance of the transaction.

16. Any transaction request on a Non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the Scheme Information Document (‘SID’) of the respective
17. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to any reason whatsoever, the Unit holder(s) will not hold the Fund, AMC and the RTA responsible for the same.

18. In case of non-receipt of confirmation from RTA within a reasonable time (around one hour), Unit holder(s) are advised to immediately call up the call centre on toll free no. 022-62827777 to confirm the status of the transaction request. In case of receipt of multiple confirmations from the RTA against a single transaction request, the same needs to be brought to the immediate attention of RTA and the AMC by calling up the call centre on toll free no. 022-62827777.

19. The Unit holder(s) availing the Facility shall check his/ her bank account records carefully and promptly. If the Unit holder(s) believes that there has been an error in any transaction using the Facility, or that an unauthorized transaction has been effected, the Unit holder(s) shall notify the AMC or the RTA immediately by calling up the call centre on toll free no. 022-62827777. For faster dissemination of information, Unitholders are requested to provide their E-mail IDs. Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. Annual report, Account statements & other communication will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided & investor can download, save & print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, & the Fund would arrange to send the same to the investor. It is deemed that the Unitholder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. Mutual Fund / registrar shall not be responsible for e-mail not reaching to the investors and for all consequences thereof.

20. Unitholder(s) of the Fund agrees and acknowledges that any transaction, undertaken using the registered mobile number shall be deemed to be that of the Unitholder(s).

21. Unit holder(s) will also need to inform the AMC/RTA about any change in their bank account number, mobile number or email id through a duly signed written request in the specified format and supporting documents.

22. The Unit holder(s) agree that the Fund/AMC / RTA and their agents shall not be held liable for any unsuccessful registration and or transaction due to any action or inaction of the Unit holder(s) bank including but not limited to reasons mentioned below and agree to indemnify the Fund/AMC/RTA for all liabilities, losses, damages and expenses which they may consequent sustain or incur either directly or indirectly:
   a) Loss of the Debit Mandate in transit from point of acceptance of the form to RTA head office and further to the Unit holder(s)’ bank branch;
   b) Non acceptance or rejection of Debit Mandate for whatsoever reason by the Unit holder(s)’ bank branch, with or without any reason assigned by the Unit holder(s) bank;
   c) Non registration of the Debit Mandate by the Unit holder(s)’ bank and branch;
   d) Deemed registration due to non-confirmation of registration or subsequent rejection by the bank and any subsequent rejection of debit of bank account for funds;
   e) Non availability of funds in the bank account of the Unit holder(s) at the time of debit Rejection of registration or transaction debit for any reason or without assigning any reason whatsoever.

23. Employee Unique Identification Number (EUIN): Further, SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. EUIN would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled up in the Registration Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. In this case you are required to tick (☐) the declaration to this effect as given in the form.

The AMC reserve the right to reject an application if it deems appropriate.

Option to hold units in dematerialized (demat) option

Pursuant to SEBI Circular no. CIR/IMD/DF/9/2011 dated May 19, 2011 and further as per AMFI Circular No 35P/MEM-COR/35/11-12 dated Dec 23, 2011, Mutual Fund shall provide an option to investors to hold units in Demat mode. Hence investors opting for allotment of units in Demat form shall mention Demat account details in the application form. Demat facility is available for all schemes of Tata Mutual Fund except for subscription in Plans / Options where dividend distribution frequency is less than a month.

Subscription by way of systematic Investment Plan Option is available for SIP transactions and units will be allotted based on the applicable NAV as per respective Scheme Information Document and will be credited to Investor Demat Account on weekly basis on realization of Funds.

As per SEBI Circular no. CIR/IMD/DF/102010 dated August 18, 2010, all the units of a mutual fund scheme held in Demat form will be freely transferable.
TATA TREASURY ADVANTAGE FUND

Official Points of Acceptance of Transaction through MF utility

Tata Mutual Fund has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a ‘Category II - Registrar to an Issue’ under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various asset management companies, which acts as a transaction aggregator for transacting in multiple scheme of various mutual funds with a single form and a single payment instrument. Accordingly, all the authorized Point of Sales(POS) and website/mobile application of MFUI (available currently and also updated from time to time) shall be eligible to be considered as ‘official points of acceptance’ for all financial and non-financial transactions in the scheme of Tata Mutual Fund either physically or electronically. The list of POS of MFUI is published on the website of MFUI at www.mfuiindia.com.

Applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Tata Mutual Fund (and NOT the time of realization of funds in the Bank account of MFUI) within the applicable cut-off timing. The Uniform Cut-off time as prescribed by SEBI and mentioned in the SID / KfM shall be applicable for applications received through such facilities.

Investors are requested to note that MFUI will allot a Common Account Number ("CAN") i.e. a single reference number for all investments in the mutual fund industry for transacting in multiple scheme of various mutual funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and necessary documents at the POS. The AMC and/or its Registrar and Transfer Agent shall provide necessary details to MFUI as may be needed for providing the required services to investors/distributors through MFU.

Investors are requested to visit the website of MFUI i.e. www.mfuiindia.com to download the relevant forms.

For any queries or clarifications related to MFU, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and public holidays) or send an email to clientservices@mfuiindia.com.

Cash Investments

Cash Investments in the Scheme Pursuant to SEBI circular dated September 13, 2012 and SEBI circular dated May 22, 2014, it is permitted to accept cash transactions to the extent of Rs. 50,000/- subject to compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines. Provided that the limit shall be applicable per investor for investments done in a financial year across all scheme of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However any form of repayment either by way of redemption, dividend, etc. with respect to such cash investment shall be paid only through banking channel.

Tata Asset Management Limited is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.

B. PERIODIC DISCLOSURES

Net Asset Value

This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.

NAV Information

The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m on every Business Day.

Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.

</tr>
<tr>
<td>c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme will be suspended for</td>
</tr>
</tbody>
</table>
2) Once Trustee approval is received by the AMC:
   a) Segregated portfolio will be effective from the day of credit event
   b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
   c) An e-mail or SMS will be sent to all unit holders of the concerned scheme.
   d) The NAV of both segregated and main portfolios will be disclosed from the day of the credit event.
   e) All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
   f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
   g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
   h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.

4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

### Processing of Subscription and Redemption Proceeds

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as under:

i. Upon trustees’ approval to create a segregated portfolio -
   - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
   - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.

ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

### Disclosure

AMC shall make necessary disclosures as mandated by SEBI, in statement of account, monthly / half yearly portfolio statements, Key Information Memorandum (KIM), SID, Scheme Advertisements, Scheme Performance data, AMC Website and at other places as may be specified.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.

### Monitoring by Trustees

Trustees will monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports filed with SEBI.

In order to avoid misuse of segregated portfolio, Trustees will put in place a mechanism to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs) etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of Tata Asset Management Ltd., including claw back of such amount to the segregated portfolio of the scheme.

### TER for the Segregated Portfolio

1) AMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.

2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. In addition to the TER mentioned above, the legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio as mentioned below.

3) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
4) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Explanations:
1) The term ‘segregated portfolio’ means a portfolio, comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme.
2) The term ‘main portfolio’ means the scheme portfolio excluding the segregated portfolio.
3) The term ‘total portfolio’ means the scheme portfolio including the securities affected by the credit event.

* Tax not deductible if dividend income in respect of units of a mutual fund is below Rs. 5,000 in a financial year. However, TDS rates has been reduced to 7.5% for the period between May 14, 2020 to March 31, 2020.

** The base tax is to be further increased by surcharge at the rate of:

- 37% on base tax where total income exceeds Rs. 5 crore;
- 25% where total income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

Further, “Health and Education Cess” is to be levied at 4% on aggregate of base tax and surcharge.

$Surcharge to be levied at:

- 37% on base tax where specified income exceeds Rs. 5 crore;
- 25% where specified income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge at 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10 percent to be levied on base tax for the companies opting for lower rate of tax of 22%/15%. Further, “Health and Education Cess” to be levied at the rate of 4% on aggregate of base tax and surcharge.

** Without indexation.
^ Assuming the investor falls into highest tax bracket.
^^ If total turnover or gross receipts in the financial year 2018-19 does not exceed Rs. 400 crores.
^^ This lower rate is optional and subject to fulfillment of certain conditions as provided in section 115BAA.
^^ This lower rate is optional for companies engaged in manufacturing business (set-up & registered on or after 1 October 2019) subject to fulfillment of certain conditions as provided in section 115BAB.

Further, the domestic companies are subject to minimum alternate tax (except for those who opt for lower rate of tax of 22%/15%) not specified in above tax rates.
Short term/long term capital gain tax (along with applicable Surcharge and Health and Education Cess) will be deducted at the time of redemption of units in case of NRI investors.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

If any tax liability arising post-redemption on account of change in tax treatment with respect to Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

C. COMPUTATION OF NAV

Net Asset Value ("NAV") of the Units shall be determined daily as of the close of each Business Day.

NAV shall be calculated in accordance with the following formula:

\[
\text{NAV} = \frac{\text{Market Value of Scheme's Investments + Accrued Income + Receivables + Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}
\]

The computation of Net Asset Value, valuation of Assets*, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off upto four decimals.

The valuation of investments of Main Portfolio & Segregated Portfolio shall be based on the principles of fair valuation specified in the Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued by SEBI /AMFI from time to time.* Please refer Para V. of SAI on 'Investment valuation norms for securities & other assets' for details.

Each option of the Direct Plan will have a separate NAV.

IV. FEES AND EXPENSES
