

# TATA FOCUSED EQUITY FUND

(An Open Ended Equity Scheme investing in maximum 30 stocks across market caps (i.e. Multi Cap))

DECEMBER'21

## What are Focused Funds?

A focused mutual fund focuses on a limited number of stocks in a limited number of sectors, rather than holding a broad or diversified mix of positions.

Tata Focused Equity Fund is an open ended equity scheme investing in a maximum of 30 stocks across market capitalization.

Current Positioning\*- Markets cannot be predicted, so bet on good businesses.

- Fund continues to follow market cap agnostic approach to investing.
- Fund is overweight on large banks. They are well positioned to handle potential increase in NPAs on account of their healthy Capital position, high operating profits, existing provisions to cover potential slippages and strong liability franchise.
- Fund is well diversified with exposure to sectors like Banking, Oil & Gas, Information Technology, Consumer Goods, Cement, Metals, Pharma, Construction and Telecom
- The Fund maintains an overweight for sectors such as Oil & Gas, Construction and Telecom
- The Fund maintains an underweight for sectors such as Consumer Good & Cement
- Further, Fund continues to look for opportunities to invest in businesses with long runway for growth, leadership position and strong balance sheet to withstand current environment.
