

SCHEME INFORMATION DOCUMENT (SID)

Issue of units at NAV based resale price
(Face Value of Rs. 10/-)

TATA MID CAP GROWTH FUND

(An open-ended equity scheme predominantly investing in mid cap stocks)

This product is suitable for investors who are seeking*:

- Long Term Capital Appreciation
- Investment predominantly in equity & equity related instruments of growth oriented mid cap companies.

***Investors should consult their financial advisors if in doubt about whether the product is suitable for them**

Investors understand that their principal will be at Very High Risk

The particulars of the Scheme have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations 1996, (herein after referred to as SEBI (MF) Regulations) as amended till date, and filed with SEBI, along with a Due Diligence Certificate from the AMC. The units being offered for public subscription have not been approved or recommended by SEBI nor has SEBI certified the accuracy or adequacy of the Scheme Information Document.

The Scheme Information Document sets forth concisely the information about the scheme that a prospective investor ought to know before investing. Before investing, investors should also ascertain about any further changes to this Scheme Information Document after the date of this Document from the Mutual Fund / Investor Service Centres / Website / Distributors or Brokers.

The investors are advised to refer to the Statement of Additional Information (SAI) for details of TATA Mutual Fund, Tax and Legal issues and general information on www.tatamutualfund.com.

SAI is incorporated by reference (is legally a part of the Scheme Information Document (SID)). For a free copy of the current SAI, please contact your nearest Investor Service Centre or log on to our website.

The Scheme Information Document should be read in conjunction with the SAI and not in isolation.

This Scheme Information Document is dated 13 April, 2021

Scheme Opened on	15.06.1994
Scheme Closed on	25.06.1994
Scheme Re-opened on	31.03.2004

HIGHLIGHTS / SUMMARY OF THE SCHEME

Name of the Scheme	Tata Mid Cap Growth Fund																																
Type of Scheme	An open-ended equity scheme predominantly investing in mid cap stocks.																																
Category of the Scheme	Mid Cap Fund																																
Investment Objective	<p>The investment objective of the scheme is to provide income distribution and / or medium to long term capital gains. Investment would be focussed towards mid cap stocks.</p> <p>However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.</p>																																
Liquidity	The scheme is an open ended scheme. The scheme is open for resale and repurchase of units at NAV based price, with applicable loads, if any on every business day on an ongoing basis.																																
Benchmark	Nifty Midcap 100 TRI																																
Transparency of operation / NAV Disclosure	<p>The NAVs will be calculated and disclosed on every Business Day. The AMC shall prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India- AMFI (www.amfiindia.com) by 11 p.m on every Business Day.</p> <p>Tata Mutual Fund shall disclose portfolio (along with ISIN) in user friendly and downloadable spreadsheet format, as on the last day of the month/half year for all their schemes on its website www.tatamutualfund.com and on the website of AMFI www.amfiindia.com within 10 days from the close of each month/half year.</p> <p>In case of unitholders whose email addresses are registered, Tata Mutual Fund shall send via email both the monthly and half yearly statement of scheme portfolio within 10 days from the close of each month /half year respectively.</p> <p>Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly, due to dividend payout, the NAV of Dividend Option will be different from the NAV of Growth option.</p> <p>In case of investment in overseas securities by the scheme(s) as mentioned in the asset allocation patter of the respective scheme, the NAV of the fund will be based on the prices of overseas securities converted into Indian rupees.</p>																																
Investment Options / Default Option	<p>Regular Plan (For applications routed through Distributors)</p> <ul style="list-style-type: none"> Growth Option Income Distribution cum capital withdrawal option (Dividend Option) <p>Direct Plan (For applications not routed through Distributors)</p> <ul style="list-style-type: none"> Growth Option Income Distribution cum capital withdrawal option (Dividend Option) <p>Default Option</p> <p>If Growth or Income Distribution cum capital withdrawal option(Dividend Option) is not mentioned: Growth</p> <p>Default Sub-Option: Reinvestment of Income Distribution cum capital withdrawal option (Dividend Reinvestment Option)</p> <p>Default Plan:</p> <p>Investors are requested to note the following scenarios for the applicability of "Direct Plan(application not routed through distributor) or Regular Plan(application routed through distributor) " for valid applications received under the scheme:</p> <table border="1"> <thead> <tr> <th>Scenario</th> <th>Broker Code mentioned by the investor</th> <th>Plan mentioned by the investor</th> <th>Default Plan to be captured</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Not mentioned</td> <td>Not mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>2</td> <td>Not mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>3</td> <td>Not mentioned</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>4</td> <td>Mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>5</td> <td>Direct</td> <td>Not Mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>6</td> <td>Direct</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>7</td> <td>Mentioned</td> <td>Regular</td> <td>Regular Plan</td> </tr> </tbody> </table>	Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured	1	Not mentioned	Not mentioned	Direct Plan	2	Not mentioned	Direct	Direct Plan	3	Not mentioned	Regular	Direct Plan	4	Mentioned	Direct	Direct Plan	5	Direct	Not Mentioned	Direct Plan	6	Direct	Regular	Direct Plan	7	Mentioned	Regular	Regular Plan

Minimum subscription amount under each option	<p>Regular Plan (For applications routed through Distributors) & Direct Plan(For applications not routed through Distributors):</p> <p>Minimum Amount for Purchase / switch in:</p> <p>Income Distribution cum capital withdrawal option (Dividend Option): Rs. 5,000/- and in multiples of Re. 1/- thereafter.</p> <p>Growth Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.</p> <p>For additional investment Rs. 1,000/- and in multiples of Re. 1/-.</p> <p>The repurchase / switches request can be made for a minimum of:-Rs. 500/- / 50 units</p> <p>There will be no minimum amount requirement in case of all units switch in to any scheme of Tata Mutual Fund.</p>				
Duration of the scheme	The Scheme, being an open ended in nature, has perpetual duration.				

Other Highlights

- A Mutual Fund - sponsored by Tata Sons Limited (TSL) and Tata Investment Corporation Limited (TICL).
- The Scheme is managed by Tata Asset Management Limited (TAML).
- Earnings of the Fund is exempt from income tax under Section 10(23D) of the Income Tax Act, 1961.
- **Interpretation**

For all purposes of this Scheme Information Document (SID), except as otherwise expressly provided or unless the context otherwise requires:

- The terms defined in this SID includes the plural as well as the singular.
- Pronouns having a masculine or feminine gender shall be deemed to include the other.
- The term "Scheme" refers to the scheme covered under this SID including the options /sub-options thereunder.

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down.
- Mutual Fund investments are subject to market risks, read all scheme related documents carefully.
- Mutual Funds and securities investments are subject to market risks and there can be no assurance and no guarantee that the Scheme will achieve its objective.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme.
- Investment in equity and equity related securities including option contracts involve high degree of risks and investors should not invest in the schemes unless they can afford to take the risk of losing their investment.

TATA MID CAP GROWTH FUND

- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
- Tata Mid Cap Growth Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer carefully and consult their Tax and Investment Advisor before investing in the Scheme.
- Tata Mid Cap Growth Fund is not guaranteed or assured return scheme.

Scheme Specific Risk Factors:

Investment Risks

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilising debt and money market instruments as a defensive investment strategy. The price of securities may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be in a position to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result into profit.

The fund may use techniques and instruments for efficient portfolio management and to attempt to hedge or reduce the risk. However these techniques and instruments if imperfectly used have the risk of the fund incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's / plan's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organised exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase / redemption requests or other short-term obligations because of the percentage of the Fund's assets segregated to cover its obligations.

Liquidity and Settlement Risks

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors, etc. based on certain investment parameters as adopted internally by AMC. While at all times the AMC will endeavour that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme(s) are avoided, the funds invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event or during restructuring of the Scheme's investment portfolio.

Regulatory Risk

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation and other developments in the laws and regulations.

Risk associated with Unlisted Securities

Securities which are not quoted on the stock exchanges are inherently liquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including the put options. The liquidity and valuation of the scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

Securities Lending by the Mutual Fund

The Scheme may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds) Regulations, 1996, SEBI circular no MFD/CIR/01/047/99 dated February 10, 1999, framework for short selling and borrowing and lending of securities notified by SEBI circular no MRD/DoP/SE/Cir-14/2007 dated 20, 2007 and SEBI circular no SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009 and SEBI circular no CIR/MRD/DP/122/2017 dated November 17, 2017. The Scheme shall also follow other relevant regulations / guidelines issued by stock exchange(s) from time to time. The Scheme shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Securities Lending means the lending of securities to SEBI approved intermediaries for a tenure of 1 to 12 months at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 25% of the net assets of the Scheme can be deployed in stock lending. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

Example:

A scheme has a security of a company which it would wish to hold for a long period of time as a core holding in the portfolio as per the fund manager's plan. In that case the investors would be benefited only to the extent of the rise in the value of the security, from time to time if any, on the exchange. If the scheme is enabled to lend the said security to a borrower who would be wanting to take advantage of the market fluctuations in its price, the borrower would return the security to the lender (fund) at a stipulated time or on demand for a negotiated compensation. The scheme's unitholders can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the scheme would participate in stock lending would be:

1. There is a holding of security e.g. of XYZ Ltd in the scheme which the fund manager wants to be the core holding of the fund for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs the said security of XYZ Ltd to settle it) who is willing to put up a proper collateral for the same. (In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period of time or on demand.

Then the security will be lent by the scheme and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

- a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
- b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
- c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Risks associated with Debt / Money Markets

Interest Rate Risk

As with debt instruments, changes in interest rate may affect the price of the debt instrument(s) and ultimately Scheme's net asset value. Generally the prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e. the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Counterparty Risk

This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Derivatives carry the risk of adverse changes in the market price. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Although for exchange traded derivatives, the risk is mitigated as the exchange provides the guaranteed settlement however in OTC trades the possibility of settlement is limited.

Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Risk Associated with overseas investments

- To the extent the assets of the schemes are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- The Schemes may also invest in ADRs / GDRs / Other Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India from time to time. To the extent that some part of the assets of the Schemes may be invested in securities denominated in foreign currencies, Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value

TATA MID CAP GROWTH FUND

of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment as applicable.

- As the investment may be made in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the portfolio manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.
- In respect of the corpus of the Schemes that is invested in overseas mutual fund schemes, investors shall bear the proportionate recurring expenses of such underlying scheme(s), in addition to the recurring expenses of the Scheme. Therefore, the returns attributable to such investments by the Scheme may be impacted or may, at times, be lower than the returns that the investors could obtain by directly investing in the said underlying scheme.
- **Currency Risk:** The schemes may invest in securities denominated in a broad range of currencies and may maintain cash in such currencies. As a consequence, fluctuations in the value of such currencies against the currency denomination of the relevant scheme will have a corresponding impact on the value of the portfolio. Furthermore, investors should be aware that movements in the rate of exchange between the currency of denomination of a fund and their home currency will affect the value of their shareholding when measured in their home currency.

Risks associated with Derivatives

- Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.
- Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments".
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavorable) market price.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- Where derivatives are used for hedging, such use may involve a basis risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also.e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk of Writing of Call Option Under a Cover Call Strategy

Under a delivery settlement a call writer will have to part with the physical holding of security which was originally intended for long term holding.

Risks Associated with Securitised Debt

Risk due to prepayment: In case of securitized debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitized papers. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitized debt instruments, the secondary market for securitized debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

Bankruptcy Risk: If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risk Controls for Securitised Debt

1. Risk profile of securitized debt vis a vis risk appetite of the scheme:

Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. In line with the investment strategy of the Scheme and considering that there would be no intermediate redemption pressures for the Fund Manager, the Scheme may take exposure to rated Securitized Debt with the intent to enhance portfolio yield without compromising on credit quality.

Further as a prudent measure of risk control, Investment in Securitized Debt will not exceed 20% of the net assets of the Scheme.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc

The evaluation parameters of the originators are as under:

- Track record
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Company specific factors

Track record

We ensure that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc. We also look at the credit profile of the Originator for its own debt. We normally invest only if the Originator's credit rating is at least 'AA' (+/- or equivalent) or above by a credit rating agency recognized by SEBI.

Willingness to pay

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank guarantee etc. is obtained, as a risk mitigation measure.

Ability to pay

This assessment is based on a detailed financial risk assessment.

A traditional SWOT analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality.

Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition a detailed review and assessment of rating rationale is done including interactions with the company as well as agency.

Typically we would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if we have concerns on the following issues regarding the originator / underlying issuer:

- High default track record/ frequent alteration of redemption conditions / covenants
- High leverage ratios - both on a standalone basis as well on a fated level/ group level. This is very important in case of single borrower loan sell down
- Higher proportion of re-schedulement of underlying assets of the pool or loan
- Higher proportion of overdue assets of the pool or the underlying loan
- Poor reputation in market
- Insufficient track record of servicing of the pool or the loan

3. Risk mitigation strategies for investments with each kind of originator

Risk Mitigation Strategies

Investments in securitized debt will be done based on the assessment of the originator which is carried out by the Fixed Income team based on the in-house research capabilities as well as the inputs from the independent credit rating agencies.

In order to mitigate the risk at the issuer/originator level, the Fixed Income team will consider various factors which will include:

- size and reach of the originator
- the infrastructure and follow-up mechanism
- quality of information disseminated by the issuer/originator; and
- the Credit enhancement for different type of issuer/originator
- the originator's track record in that line of business

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Majority of securitized debt investments shall be in asset backed pools wherein the underlying assets could be Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment, Mortgages etc.

The Fund Manager will invest in securitized debt which are rated 'AA' (+/- or equivalent) or above by a credit rating agency recognized by SEBI. While the risks mentioned above cannot be eliminated completely, they may be minimized by considering the diversification of the underlying assets as well as credit and liquidity enhancements.

Table 1: illustrates the framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/T ype of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2 wheelers	Micro Finance Pools	Personal Loans	Single Downs	Sell	Others
Approximate Average maturity (in Months)	Up to 120 months	Up to 60 months	Up to 60 months	Up to 60 months	Up to 12 months	Up to 36 months	Case by case basis		Any other class of securitized debt would be evaluated on a case by case basis
Collateral margin (including cash ,guarantees, excess interest spread subordinate tranche)	In excess of 3%	In excess of 5%	In excess of 5%	In excess of 5%	In excess of 10%	In excess of 10%	Case by case basis		
Average Loan to Value Ratio	95% or lower	100% or lower*	95% or lower	95% or lower	Unsecured	unsecured	Case by case basis		
Average seasoning of the Pool	Minimum 3 months	Minimum 6 months	Minimum 6 months	Minimum 6 months	Minimum 1 month	Minimum 2 months	Case by case basis		
Maximum single exposure range	5%	5%	1%	1%	<1%	<1%	Case by case basis		
Average single exposure range %	<5%	<5%	<1%	<1%	<1%	<1%	Case by case basis		

* LTV based on chasis value

Note:The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

In addition to the framework as per the table above, we also take into account following factors, which are analyzed to ensure diversification of risk and measures identified for less diversified investments:

- Size of the loan: The size of each loan is generally analyzed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.
- Average original maturity of the pool: The analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.
- Default rate distribution: The Fixed Income team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.
- Geographical Distribution: The analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.
- Risk Tranching: Typically, we avoid investing in Securitized debt in the form of sub ordinate tranche, without specific risk mitigant strategies / additional cash / security collaterals/ guarantees, etc.
- Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc could be obtained as a risk mitigation measure.
- Liquid facility - these parameters will be evaluated based on the asset class as mentioned in the table above
- Structure of the pool of underlying assets - The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitization structure and changes in market acceptability of asset classes

Investment in the Single Loan Securitization would be done based on the assessment of credit risk associated with the underlying borrower as well as the originator. The Fixed Income team will adhere internal credit process and perform a detailed review of the underlying borrower prior to making investments.

5. Minimum retention period of the debt by originator prior to securitization

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements. In addition, RBI has proposed minimum holding period of between nine and twelve months for assets before they can be securitized. The minimum holding period depends on the tenor of the securitization transaction. The Fund will invest in securitized debt that are compliant with the laws and regulations.

6. Minimum retention percentage by originator of debts to be securitized

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements, including maximum exposure by the originator in the PTCs. In addition, RBI has proposed minimum retention requirement of between five and ten percent of the book value of the loans by the originator. The minimum retention requirement depends on the tenor and structure of the securitization transaction. The Fund will invest in securitized debt that are compliant with the laws and regulations.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

An investment by the scheme in any security is done after detailed analysis by the Fixed Income team and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arms length basis without consideration of any investments (existing/potential) in the schemes made by any party related/involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long term surplus to invest in mutual fund scheme.

Furthermore, there is clear cut segregation of duties and responsibilities with respect to Investment function and Sales function. Investment decisions are being taken independently based on the above mentioned parameters and investment by the originator in the scheme is based on their own evaluation of the scheme vis a vis their investment objectives.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. The investments in securitized debt are done after appropriate research by credit analyst. The ratings are monitored for any movement.

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

- Fixed Income Team - Risk assessment and monitoring of investment in Securitized Debt is done by credit team.
- Ratings are monitored for any movement - Based on the cash-flow report and analyst view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
- Wherever the schemes portfolio is disclosed, the AMC may give a comprehensive disclosure of Securitised debt instruments held in line with SEBI requirement.

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Credit Evaluation Process for the investments in Debt Securities:

In-house credit evaluation team has the necessary capability of conducting independent due diligences of credit risk. From credit evaluation perspective, companies are broadly classified under two sectors - Industrials and Financial Institutions. Industrials include Manufacturing and trading companies, while Financial Institutions include Banks and Non-Banking Financial Companies (NBFCs). The set of parameters for evaluation of credits for these sectors are different.

Broad guidelines for the appraisal of Industrials for short-term and long-term exposure include, but are not restricted to:

- External Ratings threshold: Investment is made only if the issuer credit rating is at least investment grade for long-term debt by a credit rating agency recognized by SEBI. In the short-term, investment is made in top notch (A1+ or equivalent) rated debt instruments. However this is subject to review from time to time and investment committee / Board of AMC approval is required for any exception.
- Each company is internally appraised based on various parameters including, but not restricted to:
 - Business Fundamentals: Product/Service offerings, Market Position, Competitive Landscape, and Product cycle etc.
 - Regulatory environment: Support/intervention, developmental stage of industry, level of regulation

TATA MID CAP GROWTH FUND

- Financial Analysis: Margins, Profitability, Leverage, Working Capital requirement and cycle, Cash-flows etc. This is also seen in light of historic trend
- Management Track Record: Management track record, performance of company through economic cycle, promoters' background, other group companies.
- Macro-Economic Environment: Economic cycle, Credit cycle

In the short-term, the focus is more on the working capital cycle, near-term cash-flows and existing business position, while in the long-term the focus is more on the outlook of the business, capital expenditure program, profitability etc.

The credit evaluation policy is subject to review from time to time. Any material change in the credit evaluation policy will be updated by way of an addendum to the scheme information document.

The asset allocation among the various debt securities will be decided based upon the prevailing market conditions, macroeconomic environment and the performance of corporate sector, the debt market and other considerations.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents VIZ.MOA/AOA of the TAML/Trustee Company, IMA and the Trust Deed. Any change in the asset allocation affecting the investment profile of the scheme shall be effected only in accordance with the provisions of regulations 18-15A of SEBI (Mutual Funds) Regulations, 1996.

Risk Control / Mitigation measures for equity investments and related investments:

Investment in equity has an inherent market risk which cannot be mitigated generally. Following measures have been implemented with an objective to mitigate /control other risks associated with equity investing:

Nature of Risk	Mitigation Measures
Regulatory Risk	<ul style="list-style-type: none"> • Online monitoring of various exposure limits by the Front Office System. Also as a backup, manual controls are also implemented.
Poor Portfolio Quality	<ul style="list-style-type: none"> • Pre-approved universe of stocks based on strong fundamental research. New stock addition only with the prior approval of investment committee.
Performance Risk	<ul style="list-style-type: none"> • Periodical review of stock wise profit & loss. Review of scheme performance vis. a vis. Benchmark index as well as peer group.
Liquidity Risk	<ul style="list-style-type: none"> • Periodical review of the liquidity position of each scrip (Market capitalization, average volume in the market vis. a vis. Portfolio Holding)
Concentration Risk	<ul style="list-style-type: none"> • Cap on maximum single sector exposure. Cap on maximum single stock exposure

Further, with respect to investments in overseas securities, apart from other risks, there is an inherent risk of currency fluctuation which cannot be mitigated. However, the fund will strive to minimize such risk by hedging in the FOREX market as and when permitted.

Risk Control / Mitigation measures for Debt and related Investments:

Nature of Risk	Mitigation Measures
Liquidity Risk	<ul style="list-style-type: none"> • Focus on good quality paper at the time of portfolio construction • Portfolio exposure spread over various maturity buckets to in line with maturity of a scheme.
Credit Risk	<ul style="list-style-type: none"> • In house dedicated team for credit appraisal • Issuer wise exposure limit • Rating grade wise exposure limit • Periodical portfolio review by the Board of AMC
interest Rate Risk	<ul style="list-style-type: none"> • Close watch on the market events • Active duration management • Portfolio exposure spread over various maturities.
Regulatory Risk	Online monitoring of various exposure limits by the Front Office System also as a backup, manual control are implemented.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. However, in case the Scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

Investors are urged to study the terms of the SID carefully before investing in this Scheme, and to retain this SID for future reference. The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIUIND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units.

Tax Consequences

Redemption by the unit holders due to change in the fundamental attribute (if any, in future) of the scheme or due to any other reason may entail tax consequences for which the Trustees, AMC, Fund their Directors / employees shall not be liable.

Disclosure / Disclaimer

To the best of the knowledge and belief of the Directors of the Trustee Company, information contained in this SID is in accordance with the SEBI Regulations and facts and does not omit anything likely to have a material impact on the importance of such information.

Neither this SID nor the Units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions. No persons receiving a copy of this SID or any accompanying application form in any such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly, this SID does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for Units pursuant to this SID to inform themselves of, and to observe, all applicable laws and Regulations of such relevant jurisdiction.

Prospective investors should review / study this SID carefully and in its entirety and should not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial / investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalisation, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (sale, transfer, switch, redemption or conversion into money) of Units within their jurisdiction of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to purchase/gift Units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding Units before making an application for Units.

No person has been authorized to give any information or to make any representations not confirmed in this SID in connection with the New Fund Offer / Subsequent Offer of Units, and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund or the Asset Management Company or the Trustee Company. Statements made in this SID are based on the law and practice currently in force in India and are subject to change therein. Neither the delivery of this SID nor any sale made hereunder shall, under any circumstances, create any impression that the information herein continues to remain true and is correct as of any time subsequent to the date hereof.

Notwithstanding anything contained in the SID the provisions of SEBI (Mutual Funds) Regulations 1996 and guidelines thereunder shall be applicable. The Trustee Company would be required to adopt / follow any regulatory changes by SEBI / RBI etc and /or all circulars / guidelines received from AMFI from time to time if and from the date as applicable. The Trustee Company in such a case would be obliged to modify / alter any provisions / terms of the SID during / after the launch of the scheme by following the prescribed procedures in this regard.

Other Business Activities of AMC:

AMC has obtained registration from SEBI vide Registration No. INP000001058 dated September 14, 2004 to act as a Portfolio Manager under SEBI (Portfolio Managers) Regulations, 1993. AMC has appointed separate Fund Manager(s) for the same and back office is also segregated from Mutual Fund Back Office.

AMC managing schemes of Tata Alternative Investment Fund (Alternative Investment Fund-Category II & Category III). AMC has appointed separate Fund Manager(s) for the same and back office is also segregated from Mutual Fund Back Office.

AMC has obtained no objection from SEBI for providing investment advisory service and investment management services to Offshore Funds. These funds are registered with SEBI as Foreign Portfolio Investors (FPIs). In terms of Regulation 24 (b) (vi) of SEBI (Mutual Funds) Regulations, 1996 there is no need to appoint separate fund manager for managing these offshore funds.

AMC has implemented necessary controls to avoid conflicts of interest in managing above activities.

All other business activities mentioned above will be explicitly forbidden from the acquisition of any asset out of the assets of the mutual fund scheme which involves the assumption of any liability which is unlimited or shall not result in encumbrance of the assets of the mutual fund scheme in any way and also should not affect the net worth requirements of Tata Asset Management Limited for mutual fund operation

II. INFORMATION ABOUT THE SCHEME

This Product is suitable for investors who are seeking*:

• Long Term Capital Appreciation. • Predominant investment in equity & equity related instruments of growth oriented mid cap companies.

*Investors should consult their financial advisors if in doubt about whether the product is suitable for them

Investors understand that their principal will be at Very High Risk

It may be noted that risk-o-meter specified above is based on the scheme characteristics. The same shall be updated in accordance with provisions of SEBI circular dated October 5, 2020 on Product labelling in mutual fund schemes on ongoing basis

A. TYPE OF THE SCHEME

An open-ended equity scheme predominantly investing in mid cap stocks.

B. INVESTMENT OBJECTIVE OF THE SCHEME

The investment objective of the scheme is to provide income distribution and / or medium to long term capital gains. Investment would be focussed towards mid cap stocks.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.

How the fund is different from other existing schemes of Tata Mutual Fund:

Tata Mid Cap Growth Fund aims to generate medium to long term capital growth by investing in equity and equity related instruments of mid cap stocks.

Below mentioned is the comparison of this fund with other existing schemes of Tata Mutual Fund:

Scheme Name	Asset Allocation Pattern	Primary Investment Focus	AUM as on 31 st March '2021 (Rs. Crore)	No. of Folios as on 31 st March '2021
Tata Mid Cap Growth Fund	65% to 100% investment in Equity and equity related instruments and up to 35% in debt and money market instruments.	Primary investment focus on equity and equity related securities of well researched growth oriented mid cap stocks. At present we do not have other similar scheme.	1,129.87	80,353
Tata Large & Mid Cap Fund	Large Cap Equity -35% to 65%, Mid Cap Equity -35% to 65%, Other Equity/Securities-0% to 30%.	Primary focus on investing in equity and equity related instruments of Large- Large Cap Equity -35% to 65%, Mid Cap Equity -35% to 65%, Other Equity/Securities-0% to 30% At present we do not have other similar scheme.	2,158.66	1,98,107
Tata Equity P/E Fund	70% to 100% investment in Equity and Equity related – Companies whose rolling P/E at the time of investment is lower than the rolling P/E of the S&P BSE SENSEX up to 30% in other equities and up to 30% in debt instruments.	Primarily at least 70% of the net assets would be invested in equity shares whose rolling P/E ratio on past four quarter earnings for individual companies is less than rolling P/E of the S&P BSE SENSEX stocks. At present we do not have other similar scheme.	4,548.74	2,56,423
Tata Large Cap Fund	80% to 100% investment in listed equity & equity related instruments of large and other equity related instrument. 0% to 20% investment in Debt and Money Market instruments.	Primarily investment in equity and equity related instruments of large market cap companies. At present we do not have other similar scheme.	892.34	75,929
Tata Flexi Cap Fund	65% to 100% investment in	The scheme will invest across	1,829.20	1,33,364

TATA MID CAP GROWTH FUND

Scheme Name	Asset Allocation Pattern	Primary Investment Focus	AUM as on 31 st March '2021 (Rs. Crore)	No. of Folios as on 31 st March '2021
	Equity and equity related instruments and up to 35% in debt and money market instruments.	large cap, mid cap and small cap stocks. Large Cap, Mid Cap, Small Cap companies as classified by SEBI/AMFI. At present we do not have other similar scheme.		
Tata Small Cap Fund	65%-100% in Equity & Equity related instrument of small cap companies, 0-35% in equity & equity related instrument of other than small cap companies or debt or money market instrument or Units of REITS and InvITs.	The scheme will predominantly invest in equity or equity related instrument of small cap companies. The scheme can also invest some portion in other than small cap companies. At present we do not have other similar scheme.	1,003.93	43,147
Tata India Tax Savings Fund	The scheme invests atleast 80% of the investible funds in equity/equity related instruments and balance amount (0-20%) in debt and money market instruments.	Primarily invest in equity and equity related instruments It is an open ended equity linked saving scheme with a statutory lock in period of three years from the date of allotment. As per the provisions of section 80C of Income Tax Act, 1961, investments made by the Individuals & HUFs in this scheme (along with other prescribed investments) will qualify for a deduction upto Rs. 1.50 Lac from Gross Total Income. At present we do not have other similar scheme.	2,640.57	2,95,527
Tata Focused Equity Fund	65% to 100% investment in Equity and equity related instruments Subject to overall limit of 30 stocks across market capitalisation and up to 35% in debt and money market instrument	The scheme aims to generate long term capital appreciation by predominantly investing in a concentrated portfolio of equity & equity related instruments of maximum 30 stocks across market capitalisation. At present we do not have other similar scheme	1,115.90	63,579

C. ASSET ALLOCATION AND RISK PROFILE

Under normal circumstances, funds of the Scheme, shall (after providing for all ongoing expenses) be invested / the indicative asset allocation shall be as follows considering the objective of the Scheme:

Instruments	Indicative Allocation (% of net assets)		Risk Profile
	Minimum	Maximum	
Equity and equity related instruments of Mid Cap Companies	65%	100%	High
Other Equity / Equity Related Instruments	0%	35%	High
Debt & Money Market Instruments including Cash / Cash Equivalents	0	35%	Low to Medium

Mid Cap companies are those companies which are classified as Mid Cap companies by Securities and Exchange Board of India (SEBI) SEBI or Association of Mutual Funds in India (AMFI).

At present Mid Cap companies are classified as 101st -250th company in terms of full market capitalization.

In case of subsequent updation /change suggested by SEBI/AMFI, fund manager will rebalance the portfolio within the stipulated period (at present 1 month).

The scheme net assets will have a maximum derivative net position of 50% of the net assets of the scheme. The scheme may write call options under covered call strategy

The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. SEBI Circular no. SEBI/MFD/CIR No. 03/ 158 /03 dated June 10, 2003, no. DNP/DF-29/2005 dated September 14, 2005, no. SEBI/IMD/CIR No. 9/108562/07 dated November 16, 2007, no. Cir/IMD/ DF/ 11/ 2010 dated August 18, 2010. Investment in derivatives/futures/options may be done for trading, hedging and portfolio balancing.

The cumulative gross exposure through equities, debt securities, and derivatives shall not exceed 100% of the net assets of the Scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure

The Scheme does not seek to participate in repo/reverse repo in corporate debt securities.

The Scheme does not seek to participate in credit default swaps.

Not more than 25% of the net assets of the scheme shall be deployed in securities lending.

Change in Investment Pattern

Investment strategy and pattern may be deviated from time to time, provided such modification is in accordance with the Scheme(s) objective and Regulations as amended from time to time, the intent being to protect the Net Asset Value of the scheme and unitholders' interests. In case of deviation, the AMC will achieve a normal asset allocation pattern in a maximum period of three months. In case deviation in investment pattern in not rebalanced within the period indicated above then justification for such delay in rebalancing of portfolio shall be placed before the investment committee and the reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Overview of Debt Market:

The major players in the Indian Debt Markets are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risks and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators to increase the liquidity and transparency such as introduction of repo in corporate bonds, Credit Default Swaps, compulsory reporting of secondary market OTC transactions on exchange platforms to name a few. Moreover, the recent successful e introduction of Interest Rate Future in the benchmark 10 year Government Bond will also likely to increase the depth in the debt market.

The market participants in the corporate debt and gilt markets are banks, financial institutions, mutual funds, corporates, insurance companies, FIs, primary dealers and provident funds. The main debt instruments in the market are those issued by Corporates and State/Central Governments. Corporate papers carry credit risk while government securities are believed to carry no credit risk. The main risks with investments in debt securities are interest rate risk, credit risk and liquidity risk. Interest rate risk associated with debt instruments depend on the macroeconomic environment. It includes both market price changes due to change in yields as well as coupon reinvestment rate risk. Corporate papers carry higher liquidity risk as compared to gilts due to the depth of the gilt market.

Money Market:

Money market encompasses a wide range of instruments with maturities ranging from one day to a year, issued by Government, Banks and corporates etc. and traded in markets of varying liquidity. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. However, such risks are lower in case of money market instruments compare to other debt instruments. Further, within the gamut of money market instruments as available in the market, such risks are very low in case of instruments issued by government. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Offer document and can at best be considered indicative:

Expected Yields of Debt Securities (as on 15.03.2021)

Issuer	Instruments	Maturity	Yields (%)
GOI	T-Bill	91 days	3.25
GOI	T-Bill	364 days	3.80
GOI	Short dated	1-3 yrs	5.10
GOI	Long dated	3-5 yrs	5.88
Corporate	AAA	1-3 yrs	5.65
Corporate	AAA	3-5 yrs	6.15
Corporate	AA	1-3 yrs	6.52
Corporate	AA	3-5 yrs	7.15
Corporate	CP	3 months	3.55
Corporate	CP	1 year	4.35
Banks	CD	3 months	3.49
Banks	CD	1 year	4.20
Repo		1-3 days	3.25

D. WHERE WILL THE SCHEME INVEST

The scheme will invest predominantly in equity and equity related securities of well researched growth oriented mid cap companies. The scheme will also invest in money market & debt instruments.

Investment in Equities and Debt Instruments

In line with the investment objectives of the scheme, the scheme will predominantly invest in equity and equity related instruments.

Investment in Equities

Investment in equity and equity related instruments will include securities such as:

- Equity shares of listed and to be listed companies;
- Equity Warrants
- Derivatives (which includes but is not limited to stock and index futures or such other derivatives as are or may be permitted under the Regulations and/or RBI from time to time).
- Preference shares;
- Convertible debentures;
- Preference shares/Convertible Preference Shares.

Investment in Debt Securities

Investment in Debt and Money Market securities will include securities such as:

- Domestic fixed income Instruments like Commercial Paper, Certificate of Deposit, Non-Convertible Debentures, Securitised Debt Treasury Bills, Tri-Party Repo on CCIL platform with Government Securities as Collateral, Repo in Government Securities.
- Zero Interest Bonds, Deep Discount Bonds, Floating Rate Bonds.
- Government Securities.
- Domestic Interest Rate Derivatives like interest rate swaps, forward rate agreement, interest rate futures, options and such other derivative instruments as permitted by SEBI / RBI from time to time.
- Any other like instruments as may be permitted by SEBI/RBI from time to time.

The moneys collected under this Scheme shall be invested only in transferable securities in the money market or in the capital market. As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/group companies of the Sponsors.

The Fund will also not make investment in privately placed securities issued by associate/group companies of the Sponsors. The Fund may invest not more than 25% of the net assets (of all the Schemes of the Fund) in listed securities (equity & debt instruments) of Group companies.

Investment in Securities of Group Companies

As per SEBI (Mutual Funds) Regulations 1996, the scheme shall not make any investments in any un-listed securities of associate/ group companies of the Sponsors. The Scheme will also not make investment in privately placed securities issued by associate / group companies of the Sponsors. The Scheme may invest not more than 25% of the net assets in listed securities of Group companies.

Derivatives and Hedging Products:

Investments in Derivatives shall be in compliance with guidelines of SEBI including SEBI Circular No. Cir/IMD/DF/11/2010 dated August 18, 2010.

The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:

- 1) Call option: An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfil the obligation upon exercise of the option.
- 2) Put option: The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

Interest Rate Swap & Forward Rate Agreements

An interest rate swap is a financial contract between two parties exchanging a stream of interest payments for a notional principal amount on multiple occasions during a specified period.

Typically, one party receives a pre-determined fixed rate of interest while the other party, receives a floating rate, which is linked to a mutually agreed benchmark with provision for mutually agreed periodic resets.

As per SEBI (Mutual Fund) Regulations 1996, the Scheme shall not make any investments in any un-listed securities of associate / group companies of the Sponsors. The scheme will also not make investment in privately placed securities issued by associate / group companies of the Sponsor. The Scheme may invest not more than 25% of the net assets in listed securities of Group companies. The Scheme shall make investment

out of the NFO proceeds only on or after the closure of the NFO period in accordance with the investment objective of the scheme. In the event of non-receipt of the minimum subscription amount, the Trustee Company shall ensure that the entire amount collected as subscription money is refunded to the Unitholders notwithstanding any loss arising out of such investment during the interim period.

The investment policies mentioned in this SID are in conformity with the provisions of various constitutional documents viz. MOA/ AOA of the TAML/Trustee Company, IMA and the Trust Deed. Moneys collected under the Scheme shall be invested only in transferable securities.

E. THE INVESTMENT STRATEGIES

The scheme will invest predominantly in mid cap stocks. The Fund will endeavour to build and manage a diversified equity portfolio. The emphasis would be on investment in well managed, high quality companies with above average growth prospects that can be purchased at a reasonable price. This includes companies that offer high growth potential over the long term. In selecting specific stocks, the Asset Management Company will consider and evaluate amongst various criteria net worth, consistent growth, strong cash flows, sound professional management, track record, industry scenario, growth prospects, liquidity of the securities, etc.

As per SEBI (Mutual Funds) Regulations 1996, the Fund shall not make any investments in any un-listed securities of associate/group companies of the Sponsors. The Fund will also not make investment in privately placed securities issued by associate/group companies of the Sponsors.

The Fund may invest not more than 25% of the net assets (of all the Schemes of the Fund) in listed securities (equity & debt instruments) of Group companies.

Trading in Derivatives by the Scheme

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme(s) may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. In accordance with the guidelines issued by the SEBI, exposure to derivative instruments will be restricted to the limit as specified in the para on asset allocation pattern of the scheme.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

The Scheme may use techniques and instruments such as trading in derivative instruments to hedge the risk of fluctuations in the value of the investment portfolio. A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc. The Scheme may purchase call and put options in securities in which it invests and on securities indices based on securities in which the scheme invests. Through the purchase and sale of futures contracts and purchase of related options on those contracts the Scheme would seek to hedge against a decline in securities owned by the Scheme or an increase in the prices of securities which the Scheme plans to purchase. The Scheme would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Scheme's investment portfolio declines in value and thereby keep the Scheme's net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Scheme would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase.

Writing of call options under covered call strategy

The scheme may write call options under covered call strategy subject to conditions specified by SEBI which includes the following:

- 1) Call option writing under a cover call strategy is allowed for constituent stocks of NIFTY 50 and BSE SENSEX.
- 2) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- 3) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrance.
- 4) In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- 5) The total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- 6) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired

Benefit of Writing of Call Option Under a Cover Call Strategy

- a. Holders with Long term view on the stock can write options and reduce the portfolio costs.
- b. Writing can also act as a good alternative for playing relative outperformance for stocks held in portfolios within same sector.
- c. Stocks held in the portfolio can be effectively hedged in extreme volatility in the market

Illustration

For example, if the scheme buy a stock A at Rs.900, receive a Rs.100 option premium from writing a Rs.1050 strike price call of stock A, then it can maintain the stock position as long as the stock price stays below Rs.1150 at expiry. If the stock price moves above Rs.1150, the scheme may have to give delivery of long position to meet obligation of call writing. The scheme can only profit if stock price remains below Rs.1150 on expiry.

Example: Please note that below mentioned examples are purely for illustration purpose only and actual exposure may vary to a greater extend in line with the regulatory directives.

TATA MID CAP GROWTH FUND

Subject to SEBI (Mutual Fund) Regulations, 1996, The Scheme may invest in Derivative Instruments to the extent permitted under SEBI Circulars DNPD/Cir-29/2005 dated September 14, 2005, CIR/IMD/DF/11/2010 dated August 18, 2010 & SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27, 2017.

The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.

For other option contracts, the total exposure related to option premium paid will not exceed 20% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:

1. Hedging positions are the derivatives positions that reduce possible losses on an existing position in securities and till existing position remains.
2. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall have to be added and treated under the limits mentioned above.
3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Mutual funds are allowed to hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Futures Price} / \text{PAR})}$$

The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price*Lot Size*Number of Contracts
Short Future	Futures Price*Lot Size* Number of Contracts
Option Bought	Option Premium Paid*Lot Size* Number of Contracts.

Position Limits for Mutual Fund and its scheme

Position limit for Index Options and Index Futures contracts	
Index Options Contract*	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index options contracts, whichever is higher.
Index Futures Contract**	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index futures contracts, whichever is higher.

* This limit would be applicable on open positions in all options contracts on a particular underlying index.

** This limit would be applicable on open positions in all futures contracts on a particular underlying index.

Additional position limit for hedging	
In addition to the position limits as mentioned above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:	Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
	Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.
Position limit for Stock Options and Stock Futures contracts	
The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).	
This limit would be applicable on aggregate open positions in all futures and all option contracts on a particular underlying stock.	

Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

- 1% of the free float market capitalization (in terms of number of shares). Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts)
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
 3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Position Limits for Interest Rate Future Contracts:

Scheme Level: The gross open positions across all contracts shall not exceed 3 % of the total open interest or INR 200 crores- whichever is higher.

Mutual Fund: The gross open positions across all contracts shall not exceed 10 % of the total open interest or INR 600 crores- whichever is higher.

Derivative Instruments & Related Examples:

Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract. Currently, futures contracts have a maximum expiration cycle of 3-months. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Example:

Index Future	
Assume, 1-month Nifty Future price on day 1:	10110
Scheme Buys	100 Future Contracts
(1 lot =Nominal Value equivalent to 75 units of the underlying index)	
Scenario 1	
On the date of Settlement, the future price (closing spot price of the index)	10200
Profit for the scheme (10200-10110) *100*75	675000
Scenario 2	
On the date of Settlement, the future price (closing spot price of the index)	10050
Loss for the scheme (10050-10110) *100*75	-450000

Risks associated with Future Contracts: Investments in index futures facethe same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same asin the underlying stocks.The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.Additional risks could be on account of illiquidity and potential mispricing of the futures.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Example:

Call Option	
Say, Scheme buys 1 lot of Nifty Index	75 Units
Spot price	10000
Strike price	10100
Premium	100
Total amount paid as premium (Rs.) (100X75)	Rs.7500
Scenario 1: The Nifty Index goes up(i.e Nifty Spot)	10250
Scheme has reversed the position before expiry of the contract	
Current Premium at the time of reversal	200
Net Gain Rs.(200-100)	100
Total gain on 1 lot of Nifty(75 units) Rs.(75x100)	Rs.7500
Scheme has reversed the position (i.e Nifty Option) at expiry	
Nifty Spot on expiry	10275

TATA MID CAP GROWTH FUND

Premium Paid(Rs.)	100
Exercise price	10100
Receivables on Exercise(10275-10100)	175
Total gain (Rs.)(175 -100)*75	Rs.5625
Scenario 2: The Nifty index moves to the level below 10100	
Scheme does not gain anything but the loss to the scheme (limited to the actual premium paid)	Rs. 7500

Put Option	
Say, Scheme buys 1 lot of Nifty Index	75 Units
Spot Price	10000
Strike Price	9450
Premium	50
Total Amount Paid by the Scheme (75*50)	3750
Scenario 1: Nifty Index goes down	
Scheme has reversed the position before expiry of the contract	
Nifty Spot	9300
Current Premium at the time of reversal	80
Premium Paid (Rs.)	50
Net Gain (Rs.80-50)	30
Total Gain on 1 lot of Nifty (Rs.) (75x30)	Rs.2250
Scheme has reversed the position at expiry	
Nifty Spot	9375
Premium Paid (Rs.)	50
Exercise Price	9450
Gain on Exercise	75
Total Gain Rs.(75-50)*75)	Rs.1875
Scenario 2: If Nifty Index Stays over the Strike price of 9450	
Say Nifty Spot	9500
Net Loss to the Scheme will be premium paid	Rs.3750

Risks associated with Option Contracts: The option contracts give a person the right but not an obligation to buy or sell. The risk is potential mispricing and exposure to options can limit the profits from a genuine investment transaction.

Various Derivatives Strategies:

1. Index / Stock spot - Index / Stock Futures

The pricing of the futures is derived from underlying Index spot or the underlying stock. It is the cost of carry that binds the value of the futures to the underlying portfolio. When the two go out of sync, there are opportunities.

The cost of carry links the futures price to the price of the underlying asset. The price of the futures at any given instance should typically be more than the level of the spot price at that point. Theoretically, the fair value of the futures is equal to the spot price of the underlying plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk. Cash and carry trades at times provide higher than the prevailing interest rates. There is an opportunity to exploit by selling the overpriced futures and buying the underlying portfolio. It may also happen that the Index / Stock Future may be at a discount. In such cases, the Scheme may buy the future and sell the stock after borrowing the same. The Scheme shall enter into a combination of these transactions simultaneously.

If the Scheme has to unwind the positions prior to the expiry on account of redemptions or any other reason, the returns would depend on the spread between the spot and futures price at which the position is unwound. If the price differential between the spot and futures position of the subsequent month maturity is attractive near the expiry date, then the scheme may rollover the futures position and continue with the position in the spot market. The Scheme shall endeavour to deploy its assets through transactions in the above pattern, which may involve Index Futures with Stock Futures or Futures of the same stock with different expiry months.

2. Cash Futures Arbitrage Strategy

The fund would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The fund would first buy the stocks in cash market and then sell in the futures market to lock the spread.

Buying the stock in cash market and selling the futures results in a hedge where the fund portfolio has locked in a spread and is not affected by the price movements in the spot and futures markets. The arbitrage position can be continued till expiry of the futures contracts. The futures contracts are settled based on the last half an hour's weighted average trade of the cash market. There is a convergence between the cash market and the futures market on expiry and this convergence results in the portfolio being able to generate the arbitrage return locked in earlier. However, the position may even be closed earlier in the event of the price differential being realized before expiry or better opportunities being available in other stocks / indexes. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of capital.

Illustration of a Cash Futures Arbitrage Strategy: -

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock's futures of the Company X at Rs 1100.

1. Market goes up and the price on the expiry day is Rs 2000.

At the end of the month (expiry day) the futures expires automatically:

Settlement price of futures = closing spot price = Rs 2000

Gain on stock is $100 \times (2000 - 1000) = \text{Rs } 100,000$

Loss on futures is $100 \times (1100 - 2000) = \text{Rs } -90,000$

Net gain is $100,000 - 90,000 = \text{Rs } 10,000$

2. Market goes down and the price on the expiry day is Rs 500.

At the end of the month (expiry day) the futures expires automatically:

Settlement price of futures = closing spot price = Rs 500

Loss on stock is $100 \times (500 - 1000) = \text{Rs } -50,000$

Gain on futures is $100 \times (1100 - 500) = \text{Rs } 60,000$

Net gain is $60,000 - 50,000 = \text{Rs } 10,000$

Unwinding the position:

Buy 100 shares of Company X at Rs 1000 and sell the same quantity of stock's futures of the Company X at Rs 1100.

The market goes up and at some point of time during the month (before expiry) the stock trades at Rs 1200 and the futures trades at Rs 1190 then

Fund Manager will unwind the position:

Buy back the futures at Rs 1190: loss incurred is $(1100 - 1190) \times 100 = \text{Rs } -9,000$

Sell the stock at Rs 1200: gain realized: $(1200 - 1000) \times 100 = \text{Rs } 20,000$

Net gain is $20,000 - 9,000 = \text{Rs } 11,000$

Rolling over the futures:

The Scheme may continue to stay invested in the stock in the Cash market. Close to expiry, if the stock's price is at Rs 1500 then the stock's futures is close to Rs 1500 as well. Also if the price of the current month stock futures is below the current price of the next month stock futures, the scheme may roll over the futures position to the next expiry:

The price of the stock futures next month contract is at Rs 1510

The price of the stock futures current month contract is at Rs 1500

Then sell the futures next month contract at Rs 1510 and buy back current month futures contract at Rs 1500 = gain of $100 \times (1510 - 1500) = \text{Rs } 9,000$ and the arbitrage position is rolled over.

3. Use of derivative for other Arbitrage Opportunities

a. Dividend Arbitrage

At the time of declaration of dividend, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the dividend amount when the stock becomes ex-dividend.

b. Buy-Back / Open Offer Arbitrage

When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price.

c. Weighted average price of futures on expiry.

The fund manager will aim at liquidating the cash market position in the last half an hour on expiry day at a rate that will be closed to weighted price in the spot market. However, the extreme volatility in last half an hour may effect the price and accordingly affect the return. Accordingly, fund will aim at taking exposure to those stocks where the bid and ask spread is minimum.

d. Reverse cash and carry arbitrage

If permitted by SEBI, the scheme may enter into reverse cash and carry arbitrage. This will involve borrowing stock for a defined period from a recognized counter-party and selling it in the market while simultaneously taking a long position in the stock futures. The above trade will be remunerative in scenarios where the stock/ index futures are trading at a discount to the underlying cash market. Once the discount narrows or converts to a premium, the position is unwound by buying back the stock/index and squaring off the futures transaction. The purchased stock/ index is returned to the lender as per the agreed terms.

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations

Interest Rate Swaps(IRS): An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

Example: Use of IRS

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

Example A: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. $2,00,00,000 \times 0.35\% \times 91 / 365 = 17,452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example B: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. $2,00,00,000 \times 0.35\% \times 91 / 365 = 17,452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Risks associated with Swaps:

Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.

The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):

This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:

Assume that on March 1, 2021, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on March 30, 2021. If the interest rates are likely to remain stable or decline after March 30, 2021, and if the fund

manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on March 30, 2021:

He can receive 1 X 2 FRA on June 30, 2020 at 7.75% (FRA rate for 1-month lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. March 30, 2021 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on March 30, 2021 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (March 30, 2021), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on March 30, 2021.

Risks associated with Forward Rate Contracts:

When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

Interest Rate Future (IRF)

An interest rate future is a contract (future contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used when there is an expectation of interest rate movement in adverse direction.

For example, if fund manager expects rise in interest rate. He may sell interest rate future today. If interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future). However, in case interest rate falls, loss may be incurred on IRF position.

Illustration of Use of IRF (For Hedging)

A – Perfect Hedge

- 1) Assume a portfolio has 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/. The bond is currently trading in market at 105.00.
- 2) The futures on 7.59% GOI 2026, expiring on 27th October 2016 is trading on exchange at 105.10.
- 3) Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of 2 lacs, in this example the fund manager sells 100 crs/2 lakhs = 5000 contracts, to hedge long position.
- 4) At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures

Case 1: At expiry Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged

Closing price of Bonds on day of maturity of futures = 105.05

Settlement price of futures = 105.05

MTM gain on the underlying bond = $(105.05-105.00) * 100 \text{ crs} / 100$ (i.e. face value of bond) = Rs. 5,00,000

The profit on the futures leg is = $5000*2\text{lacs} * (105.10-105.05) / 100$ (i.e. face value of bond) = Rs 5,00,000

Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold

In case, the closing price of bonds on the day of maturity of futures = 105.20,

Settlement price of futures = 105.20

The MTM gain on underlying bond = $(105.20-105.00) * 100 \text{ crs} / 100$ (i.e. face value of bond) = Rs. 20,00,000

Loss on futures leg is = $5000*2 \text{ lacs} * (105.10-105.20) / 100$ (i.e. face value of bond) = - Rs 10,00,000

Total Profit to the fund = Rs 10,00,000

As can be seen above, by selling the future contract instead of the underlying, the fund manager has locked in the Rs. 10, 00,000 profit and at the same time cash holding position will be hedged against the adverse market movements.

For detailed risk associated with use of derivatives, please refer paragraph "Scheme Specific risk factors".

Portfolio Turnover

"Portfolio Turnover" is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Fund's portfolio during the given period of time. As the scheme is an open ended equity scheme, it is expected that there would be a number of subscriptions and repurchase on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, a high turnover would not significantly affect the brokerage and transaction costs. The Fund will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived thereof. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrips/securities held in the portfolio rather than an indication of a change in Fund view on a scrip, etc.

Portfolio Turnover Ratio: 0.50 Times as on 31st March 2021 (for 13 Months).

F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of a scheme

An open-ended equity scheme predominantly investing in mid cap stocks.

(ii) Investment Objective

The investment objective of the scheme is to provide income distribution and / or medium to long term capital gains. Investment would be focussed towards mid cap stocks.

However, there is no assurance or guarantee that the investment objective of the Scheme will be achieved. The scheme does not assure or guarantee any returns.

Investment Pattern and Risk Profile:

The tentative portfolio break-up of Debt, Money Market Instruments, other permitted securities and such other securities as may be permitted by the Board from time to time with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations has been provided in Section C for detailed Asset Allocation and Risk Profile of the scheme.

(iii) Terms of Issue

- **Liquidity:** Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996. While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value. Aggregate fees and expenses chargeable to the Scheme. (Refer section "IV FEES AND EXPENSES" for further details)
- The scheme does not provide any safety net or guarantee nor does it provide any assurance regarding declaration of dividend. There is no guarantee or assurance that the scheme will achieve its' objective.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- (i) A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. SCHEME BENCHMARK**Scheme Benchmark**–Nifty Midcap 100 TRI Index

The medium capitalised segment of the stock market is being increasingly perceived as an attractive investment segment with high growth potential. The primary objective of the Nifty Midcap 100 Index is to capture the movement and be a benchmark of the midcap segment of the market..

Considering the focus of the scheme in mid cap growth oriented stocks, Nifty Midcap 100 index would be an ideal benchmark for the scheme and is most suitable for performance composition. Total Return variant of the index(TRI) will be used for performance comparison.

The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

H. Fund Manager

Name	Age	Qualification	Total Experience (in years)	Other Schemes Under His Management	Experience (Assignments held during last 10 years)
Satish Chandra Mishra (Managing Since 09.03.2021)	38	PGDM, B.Tech	14	Tata Small Cap Fund, Tata Hybrid Equity Fund, Tata Resources & Energy Fund	<p>From July 2017 till date with Tata Asset Management Ltd as Assistant Fund Manager, reporting to Chief Investment Officer-Equity.</p> <p>Earlier he was Research Analyst, tracking Oil & Gas, Metals & Mining and Chemicals. Reporting to Chief Investment Officer Equities.</p> <p>From May 2012 to July 2017 with HDFC Securities Ltd as Assistant Vice President, tracking Oil & Gas and Chemicals. Reporting to Head of Research.</p> <p>From June 2008 to May 2012 with PINC Research as Research Analyst, tracking Oil & Gas, Fertilisers and Engineering sectors. Reporting to Head of Research.</p>
Abhinav Sharma (Assistant Fund Manager) (Managing Since 09.03.2021)	38	B.Tech., PGDM	13	Tata Infrastructure Fund, Tata Flexi Cap Fund	<p>From July 2015 till date with Tata Asset Management Ltd, current as Assistant Fund reporting to Chief Investment Officer-Equity.</p> <p>Earlier he was Research Analyst, tracking construction, capital goods, power utilities, cement and logistics sectors. Reporting to Chief Investment Officer-Equities.</p> <p>From May 2012 to July 2015 with HDFC Securities Ltd as Research Analyst, tracking Capital Goods and Power utilities sectors. Reporting to Head of Research.</p> <p>From August 2008 to May 2012 with JM Financial Asset Management Ltd as Research Analyst, tracking Construction, capital goods, power utilities and cement sectors. Reporting to Head of Research.</p>

I. Restrictions on Investments (as per seventh schedule of SEBI (Mutual Fund) Regulations 1996)

1. The scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.
 2. All investments by the scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
 3. The Mutual Fund under all its scheme(s) shall not own more than ten percent of any company's paid up capital carrying voting rights.
 4. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:
 Provided that such limit shall not be applicable for investments in government securities, treasury bills and collateralized borrowing and lending obligations (Tri Party Repo).
 Provided that such limit shall not be applicable for investments in government securities, treasury bills and Tri Party Repo on government securities or treasury bills
- 4A A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the SEBI from time to time:
 Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI:
 Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the SEBI from time to time".
- Note:
- a) SEBI vide circular dt. 1st October 2019 & 28th April 2020 has issued following guidelines wrt investment in unlisted debt & money market instruments
 - b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

TATA MID CAP GROWTH FUND

- c) SEBI vide Circular dt. 28th April 2020 has allowed the existing unlisted NCDs to be grandfathered till maturity, such NCDs are herein referred to as "identified NCDs"

Accordingly, mutual funds schemes can transact in such identified NCDs and the criteria specified in point (b) above shall not be applicable for such identified NCDs, Subject to compliance with investment due diligence and all other applicable investment restrictions as given below:-

A mutual fund scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of asset Management Company.

- d) Maximum investment in unlisted NCDs will be 10 % of the debt portfolio of the scheme

SEBI vide Circular SEBI/HO/ IMD/ DF2 / CIR/P / 2019/104 dated October 01, 2019 has allowed the existing unlisted NCDs to be grandfathered till maturity, however SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2020/75 dated 28th April 2020 clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed with effect from one month from the date of operationalization of framework for listing of CPs or January 01, 2020, whichever is later

- e) investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following

I. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

II. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.

III. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

- f) Restrictions on Investment in debt instruments having Structured Obligations / Credit Enhancements:

The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:

I. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and

II. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

III. Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

IV. Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

5. The scheme shall not make any investment in;

- a) any unlisted security of an associate or group company of the sponsor; or
- b) any security issued by way of private placement by an associate or group company of the sponsor; or
- c) the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.

6. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

- (a) such transfers are done at the prevailing market price[^] for quoted instruments on spot basis.

Explanation- "spot basis" shall have same meaning as specified by stock exchange for spot transactions.

- (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

[^]Note: SEBI vide circular no SEBI/HO/IMD/DF4/CIR/P/2019/102 dt. September 24, 2019 has prescribed the methodology for determination of price to be considered for inter scheme transfers.

7. The scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

8. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI.

9. The mutual fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.

10. Pending deployment of funds of a Scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to SEBI circular no. SEBI/IMD/CIR No. 1/91171/07 dated April 16, 2007.

a. The term 'short term' for parking of funds shall be treated as a period not exceeding 91 days.

b. Such deposits shall be held in the name of each Scheme.

c. Each Scheme shall not park more than 15% of its net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

d. Each Scheme shall not park more than 10% of its net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.

e. Trustees /AMC will ensure that no funds of a scheme is parked in Short term deposit of a bank which has invested in that scheme and the bank in which a scheme has short term deposit do not invest in that scheme until the scheme has short term deposit with such bank.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

- 11 The scheme shall not make any investment in any fund of funds scheme.

- 12 The scheme will not advance any loan for any purpose.
- 13 The fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase/ redemption of units or payment of interest or dividend to the unitholders.
- 14 The fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAML shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Sectors, Industries, Companies, etc.) may be adopted internally by TAML, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAML may alter these above stated limitations from time to time, and also to the extent the SEBI (Mutual Funds) Regulations, 1996 change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Schemewill be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

Investment by Asset Management Company

Apart from the above, TAML (the AMC) may invest in the scheme(s) on an ongoing basis, such amount, as they deem appropriate. The AMC shall not be entitled to charge any management fees on this investment in the scheme(s). Investments by the AMC will be in accordance with Regulation 25(17) of the SEBI (MF) Regulations, 1996.

As per regulation, the sponsors or asset management company (TAML) shall invest not less than one percent of the assets under management of the scheme or fifty lakh rupees, whichever is less, in the Growth option of the scheme and such investment will remain in the scheme till the scheme is wound up.

J. PERFORMANCE OF THE SCHEME

Performance of Tata Mid Cap GrowthFund as on 31.03.2021

Compounded Annualized returns	Scheme Returns%	Benchmark Returns%(Nifty Midcap 100 TRI)
Returns for last 1 year	81.86	103.91
Returns for last 3 years	13.39	9.09
Returns for last 5 years	15.67	14.34
Returns since inception	11.76	NA

Absolute Returns for the Last 5 Financial Years

Financial Year	Scheme Return (%)	Benchmark Return (%)Nifty Midcap 100 TRI)
2020-2021	81.86	103.91
2019-2020	-23.26	-34.83
2018-2019	3.79	-1.85
2017-2018	11.37	10.25
2016-2017	27.41	36.46

Past Performance may or may not be sustained in future. Returns are given for Regular Plan Dividend Option.

III. UNITS AND OFFER

This section provides details you need to know for investing in the scheme/s.

A. ONGOING OFFER DETAILS

<p>Ongoing Offer Period (This is the date from which the scheme will re-open for subscriptions/redemptions after the closure of the NFO period.)</p>	<p>Being existing open ended schemes, subscription / redemption a facility is provided on all business days. Units of the scheme is offered at NAV based price.</p> <p>The scheme was launched by Indian Bank Mutual Fund under its banner as a closed ended equity scheme. With effect from 22.11.2001 the scheme is managed by TAML. The scheme with effect from 31st March 2004, have become open ended and is offered at NAV based price with applicable loads.</p>											
<p>Ongoing price for subscription (purchase) / switch-in (from other schemes / plans of the Mutual fund) by investors.</p> <p>This is the price you need to pay for Purchase/switch-in.</p>	<p>At the applicable NAV.</p>											
<p>Ongoing price for redemption (sale) / repurchase / switch outs (to other schemes/plans of the Mutual Fund) by investors.</p> <p>This is the price you will receive for redemptions/switch outs.</p> <p><i>Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be:</i></p> <p>Rs. 10* (1-0.02) = Rs. 9.80</p>	<p>At the applicable NAV subject to prevailing exit load, if any.</p> <p>Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.</p> <p>The Trustee Company may however, from time to time review and modify the repurchase load for each choice of investment. The Units if partially repurchased would be subtracted from the Unit balance of that Unitholder on "First In First Out" basis i.e. the Units that were offered / allotted first would be the first to be repurchased. In case amount is withdrawn, the same will be converted into Units at the applicable Repurchase price / NAV related price and the number of Units so arrived at will be subtracted from the Unit balance of that Unitholder on "First In First Out" basis. The repurchase would be permitted to the extent of credit balance in the Unitholder's account.</p> <p>The repurchase cheque will be issued in the name of the first unitholder. Under normal circumstances, the Fund will ensure that the repurchase cheques are despatched within ten business days from the date of processing the repurchase request on repurchase day. In the event of partial repurchase, the Fund shall despatch the revised Account Statement by suitable mode as decided by AMC from time to time for the balance number of Units still being held by the Unitholder along with the repurchase cheque. Credit balances in the account of a Non- Resident Unitholder on maturity or otherwise, (where RBI final approval and any other approval (if any required) has been obtained) may be repurchased by the Fund by such Unitholder in accordance with the procedure described above and also subject to any procedures laid down by RBI and any other agency. Such repurchase proceeds will be paid by means of a Rupee cheque payable to the NRE/ NRO account of the Unitholder or subject to RBI procedures and approvals, such payment in Indian Rupees will be converted into US Dollars or into any other currency, as may be permitted by RBI, at the rate of exchange prevailing at the time of remittance and will be despatched at the applicants' risk, or at the request of the applicants' will be credited to their NRE/ NRO Accounts, details of which are to be furnished in the space provided for this purpose in the Repurchase Form. The Fund will not be liable for any delays or for any loss on account of exchange fluctuations, while converting the rupee amount in US Dollar or any other currency. The Fund (if required) may also make arrangements to obtain RBI approvals on a case-by-case basis on behalf of the Unitholder, subject to the Unitholder providing the Fund with the necessary documents required.</p>											
<p>Cut off timing for redemptions (sale) and switch outs (to other schemes / plans of the mutual fund) by investor.</p> <p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<table border="1"> <thead> <tr> <th data-bbox="456 1482 1032 1535">Application</th> <th data-bbox="1040 1482 1446 1535">Applicable NAV</th> </tr> </thead> <tbody> <tr> <td data-bbox="456 1545 1032 1650">Valid applications received (time-stamped) upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time</td> <td data-bbox="1040 1545 1446 1650">The closing NAV of the same day.</td> </tr> <tr> <td data-bbox="456 1661 1032 1766">Valid applications received (time-stamped) after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme either on the same day before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day</td> <td data-bbox="1040 1661 1446 1766">The Closing NAV of the next Business day</td> </tr> <tr> <td data-bbox="456 1776 1032 1881">Valid applications received (time-stamped) upto 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the scheme after the cut-off time of the Business Day i.e. available for utilization after the cut-off time of the Day.</td> <td data-bbox="1040 1776 1446 1881">The closing NAV of the next Business Day</td> </tr> <tr> <td data-bbox="456 1892 1032 1923">Where the application is time stamped any day before the credit of the funds to the scheme but the funds for the entire</td> <td data-bbox="1040 1892 1446 1923">The closing NAV of such subsequent Business Day on which funds are</td> </tr> </tbody> </table>		Application	Applicable NAV	Valid applications received (time-stamped) upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the scheme before the cut-off time	The closing NAV of the same day. --	---------------------------

Realisation of funds means funds available to the AMC Scheme/Pool Account and not date and time of debit from Investor's account.

In case application is time stamped after cut off timing on any day, the same will be considered as deemed to be received on the next business day.

In case funds are realised after cut-off timing on any day, the same will be considered as deemed to be realised / available for utilisation on the next business day.

For Switch-ins including Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time, and the funds are available for utilization before the cut-off time.
- In case of switch/STP transactions, funds will be made available for utilization in the switch-in-scheme based on the redemption payout cycle of the switch out

Scheme Redemption /Switch Out: In respect of application received upto 3 p.m., closing NAV of the day of receipt of application shall be applicable and in respect of application received after 3 p.m. closing NAV of next business day.

Outstation cheques/demand drafts will not be accepted.

Valid application for “switch out” shall be treated as redemption and for “switch in” shall be treated as purchases and the relevant NAV of “Switch in” and “Switch Out” shall be applicable accordingly.

Where can the applications for redemption and switches be submitted?

Application/ Transaction slip completed in all respect along with Cheque / DD or fund transfer instruction in case of purchase, and transaction slip completed in all respect in case of redemption / Switch can be submitted at the official acceptance points. Refer Application form for further details.

Minimum amount for redemption, purchase and switches

Regular Plan (For applications routed through Distributors) & Direct Plan (For applications not routed through Distributors):

Minimum Amount for Purchase / switch in:

Income Distribution cum capital withdrawal option (Dividend Option):: Rs. 5,000/- and in multiples of Re. 1/- thereafter.

Growth Option: Rs. 5,000/- and in multiples of Re. 1/- thereafter.

For additional investment Rs. 1,000/- and in multiples of Re. 1/-.

There will be no minimum amount requirement in case of all units switch in to any scheme of Tata Mutual Fund.

The repurchase / switches request can be made for a minimum of:- Rs. 500/- / 50 units.

The suspended plans (Direct Plan-Bonus & Regular Plan-Bonus) has been merged with the Direct Plan-Growth or Regular Plan Growth Option of the scheme w.e.f October 27 2017.

Default Plan:

Investors are requested to note the following scenarios for the applicability of “Direct Plan or Regular Plan” for valid applications received under the scheme:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within

30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Unitholders can opt for only one income distribution sub-option (dividend sub-option) under a scheme in a single folio. In case, different sub-options are required, unitholders are required to create a new folio.

Also note that the income distribution sub-option selected in the last inflow transaction will be applicable to all the transactions in the respective scheme sub-option in the folio. A simple example will explain the above statement:

Date	Request by unitholder	Sub Option
01/01/2021	Purchase in Income Distribution (Dividend Option)	Payout of Income Distribution cum capital withdrawal option
02/03/2021	SIP Registered in Income Distribution (Dividend Option)	Reinvestment of Income Distribution cum capital withdrawal option
03/05/2021	Additional Purchase in Income Distribution (Dividend Option)	Payout of Income Distribution cum capital withdrawal option
02/06/2021	SIP Instalment	Reinvestment of Income Distribution cum capital withdrawal option

Hence the Income Distribution (i.e dividend) sub option chosen by unitholders in the last transaction (i.e SIP instalment as on 02/06/2021 sub option reinvestment) will be applicable to all transactions in the related scheme sub option in the folio.

In case of statutory/ legal attachments/ suspensions or litigations/ disputes at the unitholders /investor's end, the dividends will compulsorily be reinvested, and no payout shall be made during the said period, irrespective of the income distribution sub-option selected.

Treatment of Business Received Through Suspended Distributors:

The financial transactions of an investor where his distributor's AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI) shall be processed as follows:

1. All purchase and switch transactions including SIP/STP registered prior to the date of suspension and fresh SIP/STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under 'Direct Plan' and shall be continued under Direct Plan perpetually except in case where TAML receives any written request/ instructions from the unitholder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of suspension of ARN.
2. All Purchase and Switch Transactions including SIP/STP transactions received through the stock exchange platform through a distributor whose ARN is suspended shall be rejected

Maximum amount for redemption and switch outs

- (a) The repurchase would be permitted to the extent of credit balance in the Unit holder's account.
- (b) There may be exceptional circumstances leading to a systemic crisis or events that severely constraint market liquidity or efficient functioning of the market, where the right to redemption may be restricted by TAML. Investors are requested to refer the clause "Restrictions on Redemption and switch of units" in Statement of Additional Information (SAI) of Tata Mutual Fund.

Minimum balance to be maintained and consequences of non-maintenance.

The Fund may mandatorily redeem all the Units of any Unitholder:

- (a) if the value of the account falls below the minimum Account balance of Rs.500/50 units due to normal repurchase/switch and the unitholders fails to invest sufficient funds or to purchase sufficient units to bring the value of the account upto the minimum level within 30 days after a written intimation in this regard is sent by the fund to that unitholder: or
- (b) where the Units are held by a Unitholder in breach of any regulations;
- (c) The repurchase would be permitted to the extent of credit balance in the Unitholders account.

Special Products / facilities

Unitholders will have the facility to withdraw maximum upto 12% of original cost of investment under Systematic Withdrawal Plan (SWP), Systematic Transfer Plan (STP) and Redemption/Switch-out without an exit load on First in First Out Basis.

a) Systematic Investment Plan (SIP)

The investors can benefit by investing specified Rupees amounts at regular intervals. The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be allotted at the applicable NAV along with applicable load (if any).

"SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment."

SIP with Top-up SIP facility:

SIP with Top-up SIP is a facility whereby an investor has an option to increase the amount of the SIP Installment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher

amounts during the tenure of the SIP.

Terms and conditions of top-up SIP are as follows:

- i. The Top-up option must be specified by the investors while enrolling for the SIP facility.
- ii. The minimum SIP Top-up amount is Rs. 500 and in multiples of Rs. 500.
- iii. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.
- iv. Under monthly SIP investors can opt for top up amount at half-yearly and yearly intervals. If the investor does not specify the frequency, the default interval for Top-up will be considered as Yearly.
- v. In case of Quarterly SIP, investors can opt for only Yearly interval top-up frequency.

For complete details regarding the SIP with top-up facility please refer to SIP Auto Debt Form with Top up facility enrollment form.

a) Systematic Withdrawal Plan (SWP)

This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be subtracted from the unit balance of that unitholder. In case the date falls during a book closure period the immediate next Business day will be considered for this purpose.

The Authorised Investor Service Center may terminate SWP on receipt of a notice from the unitholder. It will terminate automatically if all units are liquidated or withdrawn from the account or upon the receipt of notification of death or incapacity of the unitholder.

“SWP facility is available subject to terms and conditions. Please refer to the SWP Enrolment form for terms and conditions before enrolment.”

c) Systematic Transfer Plan (STP)

A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer on a monthly or a quarterly basis from one TMF Scheme to another TMF Scheme on a date prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. Unitholders may change the amount, not below the specified minimum, by giving two weeks prior written notice to the registrars. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholders by the fund. Rules relating to the plan may be changed from time to time by the Investment Manager.

“STP facility is available subject to terms and conditions. Please refer to the STP Enrolment form for terms and conditions before enrolment.”

d) Flexi STP

Flexible Systematic Transfer Plan (“Flex STP”) by Tata Mutual Fund is a facility wherein a Unitholder(s) of designated open-ended Scheme(s) can opt to transfer variable amounts linked to the value of his investments on the date of transfer at pre-determined intervals from designated open-ended (source scheme) to the growth option of another open-ended scheme (target scheme).

Salient Features of Flex STP are as follows:

1. The amount to be transferred under Flex STP from source scheme to target scheme shall be calculated using the below formula:

Flex STP amount = [(fixed amount to be transferred per instalment x number of instalments already executed, including the current instalment) - market value of the investments through Flex STP in the Transferee Scheme on the date of transfer]

2. The first Flex STP instalment will be processed for the fixed instalment amount specified by the investor at the time of enrolment. From the second Flex STP instalment onwards, the transfer amount shall be computed as per formula stated above.

3. Target Schemes for Flex STP, Growth Options of Tata Mid Cap Growth Fund

4. Flex STP would be available for Monthly and Quarterly frequencies.

5. Flex STP is not available from “Daily / Weekly” dividend plans of the source schemes.

6. Flex STP is available only in “Growth” option of the target scheme.

7. Conversion to Normal STP: If there is any other financial transaction (purchase, redemption or switch) processed in the target scheme during the tenure of Flex STP, the Flex STP will be processed as normal STP for the rest of the instalments for a fixed amount.

8. Flex STP will stop/cease on occurrence of any of the following event whichever is earlier.

- a. Flex STP will cease after the specified End Date / Specified number of instalments have been transferred.

- b. In case the amount (as per the formula) to be transferred is not available in the source scheme in the investor's folio, the residual amount will be transferred to the target scheme and Flex STP will be closed.

	<p>9. A single Flex STP enrolment Form can be filled for transfer into one Scheme/Plan/Option only.</p> <p>10. In case the date of transfer falls on a Non-Business Day, then the immediate following Business Day will be considered for the purpose of determining the applicability of NAV.</p> <p>11. The request for flex STP should be submitted at least 10 calendar days before the first STP date.</p> <p>12. All other terms & conditions of Systematic Transfer Plan are also applicable to Flex STP.</p> <p>Flexi STP is a Systematic Withdrawal Plan (SWP) from Source Scheme and Systematic Investment Plan (SIP) in the Target scheme, therefore in the source scheme the exit load for the units will be as per the load structure applicable at the time of the purchase of those units. In the Target scheme the load structure will be as per the prevailing exit Load structure applicable for the SIP for that scheme.</p> <p>Systematic Transfer from one scheme to another scheme attracts capital gain tax depends on the periodicity of holding. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the transactions.</p> <p>The AMC reserves the right to withdraw/change/modify the terms and conditions of Flex STP. The above terms and conditions may be modified at any time without prior notice to the unitholders and such amended terms and conditions will thereupon apply to and be binding on the unitholders.</p> <p>For detail terms & conditions, unitholders are requested to check KIM cum application form of the scheme.</p>
<p>Accounts Statements</p>	<p>On acceptance of application for financial transaction, a confirmation specifying the number of Units allotted/redeemed will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five business days from the date of transaction.</p> <p>Tata Mutual Fund shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an e-mail to the investor's registered address/email address not later than five business days from the date of subscription.</p> <p>Tata Mutual Fund will send the Consolidated Account Statement (CAS) to investors as follows:</p> <ol style="list-style-type: none"> 1. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories as per the specified timeline specified by board at the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place. 2. A single Consolidated Account Statement (CAS) on basis of PAN (PAN of the first holder & pattern of holding, in case of multiple holding) will be dispatched to unitholders having Mutual Fund investments & holding Demat accounts by Depositories as per the specified timeline specified by board at the end of the month in which transaction (the word 'transaction' shall include all financial transactions in demat accounts/Mutual Fund folios of the investor) takes place. 3. In other cases i.e. where unitholders having no Demat account & only MF units holding, Tata Mutual Fund shall continue to send the CAS as is being send on or within fifteenth day of the succeeding month in which financial transaction takes place. 4. In case statements are presently being dispatched by e-mail either by the Fund or the Depository then CAS will be sent through email. However the Unitholders have an option to receive CAS in physical form at the address registered in the Depository system. 5. The dispatch of CAS by Depositories to Unitholders would constitute compliance by Tata Asset Management Ltd / the Fund with the requirements under Regulation 36(4) of SEBI (Mutual Funds) Regulations 1996. 6. Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme. 7. In case if no transaction has taken place in a folio during the period of six months ended September 30 and March 31, the CAS detailing the holdings across all schemes of all mutual funds, shall be emailed on half yearly basis, as per the specified timeline specified by board of succeeding month, unless a specific request is made to receive the same in physical form. 8. Half-yearly CAS shall be issued to all Mutual Fund investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period on or within twenty first day of the succeeding month. Further, CAS issued for the half-year (September/March) shall also provide: <ol style="list-style-type: none"> a. The amount of actual commission paid by Tata AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each mutual fund scheme. The term "commission" here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by Tata AMC/MF to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as applicable tax (wherever applicable, as per existing rates), operating expenses, etc. b. The scheme's average Total Expense Ratio (in percentage terms) along with the break up between

TATA MID CAP GROWTH FUND

	Investment and Advisory fees, Commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.
Dividend	In case dividend is distributed, the dividend warrants shall be dispatched to the unitholders within 15 days of the date of declaration of the dividend. In case of failure to despatch dividend proceeds within 15 days, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Redemption	The redemption proceeds will be dispatched to the unit holders within 10 business days from the date of acceptance of the redemption request at the authorised centre of Tata Mutual Fund. The redemption cheque will be issued in the name of the first unitholder. For units held in Demat form Unitholders should submit their valid redemption request to their Depository Participant (DP). The redemption proceeds will be credited to the bank account of the Unitholder, as per the bank account details recorded with the DP through electronic modes or by forwarding a Cheque / Draft.
Delay in payment of redemption / repurchase	The redemption or repurchase proceeds of the Scheme will be dispatched to the unit holders within 10 business days from the date of acceptance of redemption or repurchase request. In case of failure to despatch redemption proceeds within 10 business days, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
Restrictions, if any, on the right to freely retain or dispose of units being offered.	<ol style="list-style-type: none"> Units are freely transferable. Unitholders desirous of transferring units shall submit the transfer request in the prescribed form or convert his/her holding in unit certificate or demat mode. Any addition / deletion of name from the folio of the unitholder is deemed as transfer of unit. Transfer of unit(s) shall be subject to payment of applicable stamp duty by the unitholder(s) and applicable laws. The above provisions in respect of deletion of names will not be applicable in case of death of unitholder (in respect of joint holdings) as this is treated as transmission of units and not transfer. The units issued in Demat (electronic) form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer would be only in favor of transferees who are capable of holding units. The Fund will not be bound to recognize any other transfer. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be affected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode. <p>As per SEBI circular no CIR/IMD/DF/102010 dated August 18, 2010. All the units of a mutual fund scheme held in Demat form will be freely transferable.</p> <p>Please refer SAI for the procedure of transmission & pledging. Investors are requested to visit the funds website for the list of prescribed documents under any of the procedure or call the investors service centers for any clarification on the above.</p>
Bank Account Details	<p>It shall be mandatory for the Unitholders to mention their bank account numbers in the applications/requests for redemptions. <p>Who can invest</p> <p>This is an indicative list and investors are requested to consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.</p>	<p>Eligibility for Application</p> <p>The following persons (subject, wherever relevant to, purchase of Units being permitted under their respective constitutions and relevant State Regulations) are eligible to apply for the purchase of the Units:</p> <ul style="list-style-type: none"> • Adult individuals, either singly or more than one (not exceeding three) on first holder basis or jointly on an either or survivor/any one basis. • Parents, or other lawful Guardians on behalf of Minors. AMC will follow uniform process 'in respect of investments made in the name of a minor through a guardian' by SEBI vide circular no SEBI/HO/IMD/DF3/CIR/P/2019/166 dated December 24, 2019. • Companies, corporate bodies, public sector undertakings, trusts, wakf boards or endowments, funds, institutions, associations of persons or bodies of individuals and societies (including Co-operative Societies) registered under the Societies Registration Act, 1860 (so long as the purchase of Units is permitted under their respective constitutions). • Mutual Funds (including any Scheme managed by AMC or any Scheme of any other Mutual Fund); (in accordance with Regulation 44(1) read with Clause 4 of Schedule VII, of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Asset Management Company (AMC); (in accordance with Regulation 25(17) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Partnership firms, in the name of the partners. • Hindu Undivided families (HUF) in the sole name of the Karta. • Financial and Investment Institutions/ Banks. • Army/ Navy / Air Force, para military Units and other eligible institutions. • Religious and Charitable Trusts provided these are allowed to invest as per statute and their by-laws. • Non-resident Indians/ persons of Indian origin residing abroad (NRIs) on a full repatriation basis or on non-repatriation basis. • Foreign Portfolio Investor" (Foreign Portfolio Investor (FPI) as defined under Regulation 2(1)(h) of Security Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014). • International Multilateral Agencies approved by the Government of India. <p>Applicants who cannot Invest.</p> <ul style="list-style-type: none"> • A person who falls within the definition of the term "U.S" Person" under the US Securities Act of 1933 and corporations or other entities organised under the laws of the U.S. • A person who is resident of Canada. • OCB (Overseas Corporate Bodies) as defined under Income Tax Act, 1961 and under Foreign Exchange Management Act, 1999. <p>Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:</p> <p>United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.</p> <p>The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -</p> <ol style="list-style-type: none"> i. US taxpayers about certain foreign financial accounts and offshore assets. ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest. <p>FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated</p>

June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company Limited (TAML) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.

In order to ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.

Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to provide information required by the regulatory authority and may undergo changes on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

Common Reporting Standard (CRS)

On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters'. In order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holders 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.

In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.

Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.

Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.

With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with change in information already submitted by them with Mutual Fund.

If a person resident of India at the time of subscription becomes a person resident outside India subsequently, shall have the option to either be paid Redemption value of Units, or continue into the Scheme if he/ she so desires and is otherwise eligible. However, the person who desires to continue in the Scheme shall not be entitled to any interest or any compensation during the period it takes for the Fund to record the change in Address and the Residential Status. Notwithstanding the aforesaid, the Trustee Company reserves the right to close the Unitholder account and to pay the Redemption value of Units, subsequent to his becoming a person resident outside India, should the reasons of expediency, cost, interest of Unitholders and other circumstances make it necessary for the Fund to do so. In such an event, no resident Unitholders who have subsequently become resident outside India shall have a right to claim the growth in capital and/ or income distribution.

This scheme has not been registered in any country outside India. To ensure compliance with any Laws, Acts, Enactments, etc. including by way of Circulars, Press Releases, or Notifications of Government of India, the Fund may require/give verification of identity/any special/additional subscription-related information from /of the Unitholders(which may result in delay in dealing with the applications, Units, benefits, distribution, etc./giving subscription details, etc). Each Unitholder must represent and warrant to the Trustee Company/AMC that, among other things, he is able to acquire Units without violating applicable laws. The Trustee Company will not knowingly offer or sell Units to any person to whom such offer or sale would be unlawful, or might result in the Fund incurring any liability or suffering any other pecuniary disadvantages which the Fund might not otherwise incur or suffer. Units may not be held by any person in breach of the law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations. The Trustee company may, compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions. In view of the individual nature of investment portfolio and its consequences, each Unitholder is advised to consult his/her own professional advisor concerning possible consequences of purchasing, holding, selling, converting or otherwise disposing of the Units under the laws of his/her State/country of incorporation, establishment, citizenship, residence or domicile.

Dividend Policy	<p>Growth Option:</p> <p>The income / profits received / earned would be accumulated by the Fund as capital accretion, aimed at achieving medium to long term and also short term capital growth and reflected in the NAV.</p> <p>Income Distribution cum capital withdrawal Policy (Dividend Policy):</p> <p>The profits received / earned and so retained and reinvested may be distributed as Income at appropriate rates (after providing for all relevant ongoing expenses, etc.) and at appropriate intervals as may be decided by the AMC and/or Trustee Company. It will be distributed to the unitholders who hold the units on the record date of declaration of the Income.</p> <p>Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay dividend. Hence dividend amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.</p> <p>Dividend distribution will be subject to availability of distributable surplus and at the discretion of the trustees from time to time.</p> <p>The Trustee has the discretion to change the periodicity of declaration of dividend /introduce new dividend options from time to time.</p> <p>Mutual Fund does not assure any targeted annual return / income nor any capitalisation ratio. Accumulation of earnings and / or capitalisation of bonus units and the consequent determination of NAV, may be suspended temporarily or indefinitely under any of the circumstances as stated in the clause "Suspension of Ongoing Sale, Repurchase or Switch out of Units".</p> <p>Reinvestment of Income Distribution cum capital withdrawal option (Dividend Reinvestment Option): Unitholders under this Option also have the facility of reinvestment of the income so declared, if so desired. Dividend Distribution Warrants will not be dispatched to such Unitholders. The income declared would be reinvested in the Scheme on the immediately following ex-dividend date.</p> <p>Transfer of Income Distribution cum capital withdrawal plan (i.e .Dividend Sweep Facility)</p> <p>Under this facility investor can opt for reinvestment of dividend into any other scheme of Tata Mutual Fund. This facility is available only for those investors who have opted for dividend reinvestment facility. This facility is not available to those investors who have opted for dividend payout facility. Under this facility, the net dividend amount (i.e. net of statutory levy / taxes if any) will be automatically invested on the ex-dividend date into other scheme of Tata Mutual Fund specified by the investor at the applicable NAV of that scheme & accordingly equivalent units will be allotted in lieu of dividend, subject to the terms of the schemes. The minimum and maximum amount is not applicable for this facility. No entry load or exit load will be levied on the units issued in lieu of dividend. AMC reserves the right to modify or withdraw this facility without prior notice.</p> <p>In case income distribution (dividend payout) option is not mentioned than dividend shall be compulsorily reinvested in the same scheme/option at applicable ex-dividend NAV.</p>
How to Apply	How to Apply Please refer to the Scheme Additional Information and Application form for the instructions.
Option to hold units in dematerialized (Demat) form	<p>Pursuant to SEBI Circular no. CIR/IMD/DF/9/2011 dated May 19, 2011 and further as per AMFI Circular No 35P/MEMCOR/ 35/11-12 dated Dec 23, 2011, Mutual Fund shall provide an option to investors to hold units in Demat mode.</p> <p>As per SEBI Circular no. CIR/IMD/DF/102010 dated August 18, 2010, all the units of a mutual fund scheme held in Demat form will be freely transferable.</p>
Just SMS Facility	<p>JUST SMS Facility enables the unitholders to</p> <ul style="list-style-type: none"> • Subscription of units of the scheme for amounts less than Rs 2 lacs. • Redemption of units in the scheme (any amount/All Units). • Switch out from the scheme (any amount/All Units). <p>This facility is currently available for existing investors (resident individuals only including guardian on behalf of minor) however new investor can avail this facility after opening a folio in the scheme.</p> <p>Process Note:</p> <ol style="list-style-type: none"> 1. Subscription transaction request can be accepted in "Amounts" only and Switch and Redemption transaction requests can be accepted in "Amounts/Units" , however the request for Unit based redemption/switches can be given for "ALL" units and not part thereof. The minimum subscriptions / redemption / Switch amount in the respective scheme/(s) will be applicable for each transaction. The load structure prevailing at the time of the purchase transaction will be applicable. 2. Mobile Number Registration: Unitholder(s) of the Fund will have to register a mobile number registered in India in their folio for availing this Facility. The mobile number provided in the debit mandate shall be updated in the folio for which the Facility is required. Additionally it will be registered in all the folios (if the same is not already available) where the First/Sole unit holder PAN number is same as the First/Sole unit holder PAN in the application, the updation of the mobile number will be only for purpose of database enhancement for all communication purposes. To avail this facility, only one mobile number will be registered with one folio number.

3. Unitholder(s) of the Fund can start transacting, using this Facility only after successful registration of the Debit Mandate with their bankers and receipt of confirmation from the AMC. The process of registering the bank mandate with the banker may take upto 30 days.
4. Unit holder(s) need to provide Original cancelled cheque of the same bank account registered in the registration form with the unit holder's name printed on the face of the cheque. In case an investor is not able to submit the Original cancelled cheque or do not have the name of the investor on the face of the cheque. Then the investor needs to submit:
 - a. Copy of the bank passbook attested by bank / Original bank statement with name address and bank account number of the investor.
 - b. A letter from the bank on its letter head certifying that the investor maintains an account with the bank, along with the information like the bank account number, bank branch, account type, the MICR code of the branch and the IFSC code.
 - c. Get the bankers attestation in the face of the form in the section BANKER'S Attestation (For BANK Use only)
 - d. If these supporting documents are not provided the registration may not be accepted. The Unit holder(s) cheque/ bank account details are subject to third party verification.
5. Transaction Charge: In accordance with SEBI circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, TAML/TMF will deduct Transaction Charges from the purchase/ subscription amount received from the investors investing through a valid ARN Holder i.e. AMFI registered Distributor (provided the Distributor has opted to receive the Transaction Charges). Transaction Charge of Rs. 100 (for investor other than first time mutual fund investor) per purchase / subscription of Rs. 10,000 and above are deductible from the purchase / subscription amount and payable to the Distributor. The balance amount shall be invested.
 The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered. It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.
6. In case the mode of holding of the folio is 'Joint' and the Debit Mandate is duly signed by all the joint holder(s), it will be deemed to be an express instruction to the AMC (Tata Asset Management Ltd) / RTA (Computer Age Management Service Pvt. Ltd), to keep the mode of holding to 'Anyone or Survivor' for availing this Facility only, so that this facility is available to the first named holder only. In case the unit holder is a "minor", the legal /natural guardian shall be eligible to avail of this Facility till the minor attains majority. As such legal/natural guardian may make payments from the minor's respective bank account (or in accordance with the exceptions provided for third party payments) and the same shall be recognized by the AMC as valid payment as per the SEBI Mutual Fund Regulations.
7. The Purchase Facility is currently available to the investors with the bank account with following bank branches:
 - a) All bank branches participating in Reserve Bank of India (RBI) Electronic Clearing System (ECS)/Regional Electronic Clearing System (RECS) facility.
 - b) Core Banking branches of the following Banks: Allahabad Bank, Axis Bank, Bank Of Baroda, Citibank, Corporation Bank, HDFC Bank, Federal Bank, ICICI Bank, IDBI Bank, Karnataka Bank, Punjab National Bank, State Bank of India, Union Bank of India, United Bank of India.

Please note that the list of the banks and branches may be modified/updated/ changed/deleted from time to time in future at the sole discretion of the AMC without assigning any reason or prior notice. You may kindly refer the AMC web site www.tatamutualfund.com for the latest list of locations/banks.
8. Some banks and branches may levy charges for mandate registration and / or transactions to their bank account holders, which will be borne by the account holder only and will not be borne /reimbursed by the AMC or the Fund.
9. Unit holder(s) hereby confirms, acknowledges and undertakes to make payments for subscription of units from their respective bank account(s) in compliance with applicable provisions relating to third party payments detailed in the SID / SAI and that the payment will be through legitimate sources only.
10. The responsibility of the bank account information provided in the Debit Mandate or any other application form for this Facility solely rests with the Unit holder(s) and the AMC / Fund / RTA will not be responsible or liable for any loss, claims, liability that may arise on account of any incorrect and / or erroneous data / information supplied by the Unit holder(s).
11. It will be the sole responsibility of the unit holder(s) bank and its branch to ensure proper registration of the Debit Mandate and confirm registration. If no confirmation of registration or rejection is received from the banker, the AMC/RTA/it's agents will deem the same to be registered and confirm the registration to Unit holder(s) entirely at the risk of Unit holder(s).
12. The Unit holder(s) shall ensure availability of clear funds in their respective bank account, as specified in the Debit Mandate, at the time of requesting a Transaction using the Facility and at the time of bank account being debited

13. The bank account of the customer may be debited towards purchases either on the same day of transaction or within one to seven business days depending on ECS cycle. The AMC / RTA shall attempt to settle the transaction and debit the bank account by requesting the registered bank for release of funds as per direct debit arrangement or standing instruction or RBI ECS (Debit) facility generally within a period of one to seven working days for bank. However, in case of non- receipt of the funds, for whatsoever reasons, the transaction shall stand cancelled/ null and void and the units allotted, if any would be reversed and stands cancelled.
14. The request for transaction is to be considered as accepted, subject to realization of funds towards purchases, and only on receipt of the confirmation from RTA on the registered mobile number or email id of the Unit holder(s) of the Fund.
15. The applicable NAV for the transaction will be dependent upon the time of receipt of the SMS into Computer Age Management Service Pvt. Ltd, Registrar & Transfer Agent of the Fund, ('RTA') server, electronically time-stamped and other factors like scheme, type of transaction, amount, date of realization of funds under SEBI regulations and will be treated on par with similar transactions received through other modes. For the purpose of this Facility, such RTA office centre would be considered as an Official Point of Acceptance of the transaction.
16. Any transaction request on a Non-Business Day will be processed on the next Business Day in accordance with the provisions provided in the Scheme Information Document ('SID') of the respective scheme.
17. If the transaction is delayed or not effected at all for reasons of incomplete or incorrect information/key word or due to non-receipt of the SMS message by the RTA or due to late receipt of SMS due to mobile network congestions or due to any reason whatsoever, the Unit holder(s) will not hold the Fund, AMC and the RTA responsible for the same.
18. In case of non-receipt of confirmation from RTA within a reasonable time (around one hour), Unit holder(s) are advised to immediately call up the call centre on **(022) 6282 7777** (Monday to Saturday 9:00am to 5:30pm) to confirm the status of the transaction request. In case of receipt of multiple confirmations from the RTA against a single transaction request, the same needs to be brought to the immediate attention of RTA and the AMC by calling up the call centre on **(022) 6282 7777** (Monday to Saturday 9:00am to 5:30pm).
19. The Unit holder(s) availing the Facility shall check his / her bank account records carefully and promptly. If the Unit holder(s) believes that there has been an error in any transaction using the Facility, or that an unauthorized transaction has been effected, the Unit holder(s) shall notify the AMC or the RTA immediately by calling up the call centre on **(022) 6282 7777** (Monday to Saturday 9:00am to 5:30pm). For faster dissemination of information, Unitholders are requested to provide their E-mail IDs. Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. Annual report, Account statements & other communication will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided & investor can download, save & print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, & the Fund would arrange to send the same to the investor. It is deemed that the Unitholder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. Mutual Fund / registrar shall not be responsible for e-mail not reaching to the investors and for all consequences thereof.
20. Unitholder(s) of the Fund agrees and acknowledges that any transaction, undertaken using the registered mobile number shall be deemed to be that of the Unitholder(s).
21. Unit holder(s) will also need to inform the AMC/RTA about any change in their bank account number, mobile number or email id through a duly signed written request in the specified format and supporting documents.
22. The Unit holder(s) agree that the Fund/AMC / RTA and their agents shall not be held liable for any unsuccessful registration and or transaction due to any action or inaction of the Unit holder(s) bank including but not limited to reasons mentioned below and agree to indemnify the Fund/AMC/RTA for all liabilities, losses, damages and expenses which they may consequent sustain or incur either directly or indirectly:
 - a) Loss of the Debit Mandate in transit from point of acceptance of the form to RTA head office and further to the Unit holder(s)' bank branch;
 - b) Non acceptance or rejection of Debit Mandate for whatsoever reason by the Unit holder(s)' bank branch, with or without any reason assigned by the Unit holder(s) bank;
 - c) Non registration of the Debit Mandate by the Unit holder(s)' bank and branch;
 - d) Deemed registration due to non confirmation of registration or subsequent rejection by the bank and any subsequent rejection of debit of bank account for funds;
 - e) Non availability of funds in the bank account of the Unit holder(s) at the time of debit Rejection of registration or transaction debit for any reason or without assigning any reason whatsoever.
23. Employee Unique Identification Number (EUID): Further, SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote the

TATA MID CAP GROWTH FUND

	<p>EUIN obtained by him/her from AMFI in the Application Form. EUIN would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled up in the Registration Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. In this case you are required to tick (☐) the declaration to this effect as given in the form.</p> <p>The AMC reserve the right to reject an application if it deems appropriate.</p>
<p>Additional communication channel for transaction alerts and confirmations for financial and/or non-financial transactions and other services</p>	<p>Tata Asset Management Limited (TAML) / Tata Mutual Fund (TMF) is offering a facility to the unitholder/ investors to receive transaction alerts and confirmations for financial and/or non-financial transactions and other services on "WhatsApp" which is enabled on the mobile numbers of unitholders registered in Tata Mutual Fund folios.</p> <p>To receive such information/messages on WhatsApp, the unitholder / investor needs to provide their consent or "Opt In" and agree to receive various messages or other services. Investors can provide this 'opt in' on online mode and through physical modes like application form, through SMS etc.</p> <p>The Terms and conditions for using the facility:</p> <ul style="list-style-type: none"> • The user agrees to subscribe to the WhatsApp service & promotional alerts from TAML/TMF. • The user can unsubscribe to the channel at any time by sending an email to us at service@tataamc.com. • This channel cannot be used for grievance redressal or reporting fraud as of now, TAML/TMF will have no liability if any such incidents are reported on this channel. • It is advisable for customers who have subscribed to this service to delete WhatsApp when changing their device. • Customers shall not submit or transmit any content through this service which: <ul style="list-style-type: none"> o Is Obscene, Vulgar, Pornographic, Political, Religious, etc. o Encourages the commission of a crime or violation of any law Violates any state or Central law in India and/or the jurisdiction in which he resides and/or any applicable law. o Infringes the intellectual or copyrights of a third party. • Under no circumstances shall TAML/TMF, or its agents, affiliated companies, officers, directors, employees, and contractors be liable for any direct, indirect, punitive, incidental, special, or consequential damages that result from the use of, or inability to use, this service or for receipt of any answer provided by the program running at the back-end. • The customer understands that using WhatsApp application may carry extra risks and may not be secured. Further any message and information exchanged is subject to the risk of being read, interrupted, intercepted, or defrauded by third party or otherwise subject to manipulation by third party or involve delay in transmission. • TAML/TMF shall not be responsible or liable to the customer or any third party for the consequences arising out of or in connection with using of this service.
<p>Transactions through online facilities/electronic modes</p>	<p>Investor can transact through online facilities /electronic modes in Tata Mutual Fund Scheme. The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.</p> <p>In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund.</p> <p>While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.</p>
<p>Official Points of Acceptance of Transaction through MF utility</p>	<p>Tata Mutual Fund has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a "Category II - Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various asset management companies, which acts as a transaction aggregator for transacting in multiple scheme of various mutual funds with a single form and a single payment instrument. Accordingly, all the authorized Point of Sales(POS) and website/mobile application of MFUI (available currently and also updated from time to time) shall be eligible to be considered as 'official</p>

	<p>points of acceptance' for all financial and non-financial transactions in the scheme of Tata Mutual Fund either physically or electronically. The list of POS of MFUI is published on the website of MFUI at www.mfuindia.com.</p> <p>Applicability of NAV shall be based on time stamping as evidenced by confirmation slip given by POS of MFUI and also the realization of funds in the Bank account of Tata Mutual Fund (and NOT the time of realization of funds in the Bank account of MFUI) within the applicable cut-off timing. The Uniform Cut -off time as prescribed by SEBI and mentioned in the SID / KIM shall be applicable for applications received through such facilities.</p> <p>Investors are requested to note that MFUI will allot a Common Account Number ("CAN") i.e. a single reference number for all investments in the mutual fund industry for transacting in multiple scheme of various mutual funds through MFUI and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and necessary documents at the POS. The AMC and/or its Registrar and Transfer Agent shall provide necessary details to MFUI as may be needed for providing the required services to investors/distributors through MFUI. Investors are requested to visit the website of MFUI i.e. www.mfuindia.com to download the relevant forms.</p> <p>For any queries or clarifications related to MFUI, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and public holidays) or send an email to clientservices@mfuindia.com.</p>
Cash Investments	<p>Cash Investments in the Scheme Pursuant to SEBI circular dated September 13, 2012 and SEBI circular dated May 22, 2014, it is permitted to accept cash transactions to the extent of Rs. 50,000/- subject to compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines. Provided that the limit shall be applicable per investor for investments done in a financial year across all scheme of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However any form of repayment either by way of redemption, dividend, etc. with respect to such cash investment shall be paid only through banking channel.</p> <p>Tata Asset Management Limited is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.</p>

B. PERIODIC DISCLOSURES

<p>Net Asset Value</p> <p>This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.</p>	<p>NAV Information</p> <p>The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m on every Business Day.</p> <p>Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.</p> <p>Illustration of Calculation of Sale & Repurchase Price:</p> <p>Assumed NAV Rs. 11.00 per unit</p> <p>Entry Load: NIL</p> <p>Exit Load 1%</p> <p>Sale Price = NAV + (Entry Load(%) * NAV)</p> <p>Sale Price = 11 + (0% * 11)</p> <p>Sale Price = 11 + 0</p> <p>Sale Price = Rs. 11/-</p> <p>Repurchase Price</p> <p>Repurchase Price = NAV – (exit load (%) * NAV)</p> <p>Repurchase Price = 11 – (1%*11)</p> <p>Repurchase Price = 11 – 0.11</p> <p>Repurchase Price = Rs.10.89</p> <p>In the event NAV cannot be calculated and / or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and / or a breakdown in communications, the Board of Trustees may temporarily suspend determination and / or publication of the NAV of the Units.</p> <p>Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund</p>
---	---

	will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value..

Taxation

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

The Finance Act, 2020 abolished income distribution tax and instead introduced taxing of income from mutual fund units in the hands of the unit holders.

Type of Investor	Withholding tax rate
Resident	10%*
NRI	20%**

* Tax not deductible if dividend income in respect of units of a mutual fund is below Rs. 5,000 in a financial year.

** The base tax is to be further increased by surcharge at the rate of:

- 37% on base tax where total income exceeds Rs. 5 crore;
- 25% where total income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

Further, "Health and Education Cess" is to be levied at 4% on aggregate of base tax and surcharge.

Capital Gains Taxation

	Resident Investors/NRI's \$	Domestic Company @
	Rate of Tax	
Tax on Capital Gains (Payable by the Investors)		
Capital Gains:		
Long Term	10%*	10%*
Short Term	15%	15%

*As per Finance Act ,2018, levy of income tax at the rate of 10%(without indexation benefit) on long term capital gains exceeding Rs.1 lakh provided transfer of such units is subject to Securities Transaction Tax (STT).

\$Surcharge to be levied at:

- 37% on base tax where specified income exceeds Rs. 5 crore;
- 25% where specified income exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge at 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10 percent to be levied on base tax for the companies opting for lower rate of tax of 22%/15%. Further, "Health and Education Cess" to be levied at the rate of 4% on aggregate of base tax and surcharge.

In case of NRI investors, short term /long term capital gain tax (along with applicable surcharge and Health and Education Cess will be deducted at the time of redemption of units as per Income Tax Act.

Securities Transaction Tax

Securities Transaction Tax ("STT") is applicable on transactions of purchase or sale of units of an equity oriented fund entered into on a recognized stock exchange or on sale of units of equity oriented fund to the Fund. The STT rates as applicable are given in the following table:

Taxable securities transaction	Payable by	Rate (as a % of value of the transaction)
Purchase/ Sale of an equity share in a company where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such share is settled by the actual delivery or transfer of such share	Purchaser/ Seller	0.1%
Purchase of a unit of an equity oriented fund, where a) the transaction of such purchase is entered into in a recognized stock exchange; and b) the contract for the purchase of such unit is settled by the actual delivery or transfer of such unit	Purchaser	NIL
Sale of a unit of an equity oriented fund, where a) the transaction of such sale is entered into in a recognized stock exchange; and b) the contract for the sale of such unit is settled by the actual delivery or transfer of such unit	Seller	0.001%
Sale of an equity share in a company or a unit of an equity oriented funds on non-delivery basis	Seller	0.025%
Sale of option in securities	Seller	0.05%
Sale of an option securities, where option is exercised	Purchaser	0.125%
Sale in a future in securities	Seller	0.01%
Sale of unit of an equity oriented fund to the Mutual Fund itself	Seller	0.001%

TATA MID CAP GROWTH FUND

The Fund is responsible for collecting the STT from every person who sells the Unit to it at the rate mentioned above. The STT collected by the Fund during any month will have to be deposited with the Central Government by the seventh day of the month immediately following the said month.

The information stated above is based on Tata Mutual Fund understanding of the tax laws and only for the purpose of providing general information to the unit holders of the schemes. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the restructuring.

If any tax liability arising post redemption on account of change in tax treatment with respect to Dividend Distribution Tax/Capital Gain Tax, by the tax authorities, shall be solely borne by the investors and not by the AMC or Trustee Company.

For further details on taxation please refer the clause on taxation in SAI.

C. COMPUTATION OF NAV

Net Asset Value ("NAV") of the Units shall be determined daily as of the close of each Business Day on which the Bombay Stock Exchange (BSE) is open.

NAV shall be calculated in accordance with the following formula:

$$\text{NAV} = \frac{\text{Market Value of Scheme's Investments} + \text{Accrued Income} + \text{Receivables} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}$$

The computation of Net Asset Value, valuation of Assets*, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off upto four decimals.

Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly due to dividend payout, the NAV of Dividend Option will be different from the NAV of Growth option.

The valuation of investments shall be based on the principles of fair valuation specified in the Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued by SEBI /AMFI from time to time.* Please refer Para V. of SAI on 'Investment valuation norms for securities & other assets for details.

Each option of the scheme will have a separate NAV.

Foreign Exchange conversion

On the valuation day, all assets and liabilities in foreign currency will be valued in Indian Rupees at the RBI reference rate as at the close of banking hours on that day in India. The Trustees reserve the right to change the source for determining the exchange rate at a future date after recording the reason for such change.

Foreign Securities

The foreign securities including Overseas Mutual Fund units shall be valued at the price files available from the stock exchange / mutual fund NAV on a daily basis.

IV. FEES AND EXPENSES

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

This scheme was launched by Indian Bank Mutual Fund as a close-ended scheme and was taken over by Tata Mutual Fund in 2001. In 2004 this scheme was converted into an open-ended scheme and there are no outstanding unamortized expenses.

B. ANNUAL SCHEME RECURRING EXPENSES

A. Fees & Expenses:

The maximum recurring expenses of the Scheme is estimated below:

Ref	Expenses Head	% of Daily Net Assets #
	Investment Management and Advisory Fees	Upto 2.25%
	Trustee fee	
	Audit fees	
	Custodian fees	
	Other Expenses	
	RTA Fees	
	Marketing & Selling expense incl. agent commission	
	Cost related to investor communications	

TATA MID CAP GROWTH FUND

	Cost of fund transfer from location to location	
	Cost of providing account statements and dividend redemption cheques and warrants	
	Costs of statutory Advertisements	
	Cost towards investor education & awareness (at least 2 bps)	
	Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.	
	Goods & Services tax on expenses other than investment and advisory fees	
	Goods & Services tax on brokerage and transaction cost	
(a)	Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25%*
(b)	Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
(c)	Additional expenses for gross new inflows from specified cities under regulation 52(6A)(b)	Upto 0.30%^

* Excluding Goods & Services Tax on investment and advisory fees

Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

In case of a scheme invest invests a minimum of sixty-five percent of its net assets in equity and equity related instruments, the scheme will be considered as equity oriented scheme for the purpose of total expense ratio.

The maximum recurring expenses for the scheme shall be subject to following limits**

- a) on the first Rs.500 crores of the daily net assets: 2.25%
- b) on the next Rs.250 crores of the daily net assets: 2.00%
- c) on the next Rs.1250 crores of the daily net assets :1.75%
- d) on the next Rs.3000 crores of the daily net assets : 1.60%
- e) on the next Rs.5000 crores of the daily net assets : 1.50%
- f) On the next Rs. 40000 crores of the daily net assets: total expense ratio reduction of 0.05% for every increase of Rs.5000 crores of daily net assets or part thereof.
- g) on the balance of the assets : : 1.05%

***in addition to the above the scheme may charge additional limit of 0.05%(subject to applicability of exit load) specified in sub regulation (6A)(c) of Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 excluding tax on investment management & advisory fees and expenses not exceeding of 0.30 per cent of daily net assets as stated in regulation 6A(b) of SEBI (Mutual Funds) Regulation, 1996.*

^ Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are at least:

- (i) 30 per cent of gross new inflows in the scheme, or;
- (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Additional TER can be charged based on inflows only from retail investors (i.e other than corporates and institutions) from B 30 cities as defined in the SEBI circular SEBI/HO/IMD/DF2/CIR/P/2019/42 March 25, 2019. Inflows of amount upto Rs.200000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

Notes:

- 1) Brokerage & transaction costs (including tax) which are incurred for the purpose of execution of trade may be capitalised to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. GST on brokerage and transaction cost paid for execution of trades shall be within the limit prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- 2) AMC shall annually set apart atleast 2 basis point on daily net assets for investor's education and awareness initiatives.

TATA MID CAP GROWTH FUND

- 3) The fund shall update the current expense ratios on the website(www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact web link for TER is <https://www.tatamutualfund.com/expense-ratio>
- 4) In case the scheme invests in foreign mutual funds, the fees and expenses charged by the Mutual Fund(s) in foreign countries along with the management fee and recurring expenses charged to the domestic mutual fund(s) shall not exceed the total limits on expenses as prescribed under Regulation 52. Where the scheme is investing only a part of the net assets in the foreign mutual fund(s), the same principle shall be applicable for that part of investment.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. As per SEBI circular SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009 there shall be no entry load for all Mutual Fund schemes. Applicable Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of tax, if any, shall be credited to the scheme.

The Load Structure of the Scheme is given hereunder:

Type of Load	Load chargeable (as %age of NAV)
Entry Load	N.A
Exit Load (for Normal & SIP/STP Transactions)	1) On or before expiry of 365 days from the date of allotment: If the withdrawal amount or switched out amount is not more than 12% of the original cost of investment-NIL 2) On or before expiry of 365 days from the date of allotment: If the withdrawal amount or switched out amount is more than 12% of the original cost of investment-1% 3) Redemption after expiry of 365 days from the date of allotment-NIL

Bonus units shall not be subject to exit load. Service Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.

The AMC reserves the right to change/modify exit load, depending upon the circumstances prevailing at any given time. However any change in the load structure will be applicable on prospective investment only. At the time of changing the load structure, the AMC will adopt the following measures:

- The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that same can be attached to all Scheme Information Documents and Key information memoranda already in stock.
- The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure arrangement may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributor/ brokers' office.
- The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changed in one English daily newspaper having nationwide circulation as well as in a newspaper publishes in the language of region where the Head office of Mutual Fund is situated.

D. TRANSACTION CHARGES

Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, transaction charge per subscription of Rs.10, 000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following:

1. There shall be no transaction charges on direct investments.
2. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10, 000/- and above.
3. For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10, 000/- and above.
4. The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.
5. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.
6. There shall be no transaction charge on subscription below Rs. 10,000/-.
7. In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments.
8. There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concern distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

V. RIGHTS OF UNITHOLDERS

Please refer to SAI for details.

VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY

This section shall contain the details of penalties, pending litigation, and action taken by SEBI and other regulatory and Govt. Agencies.

1. All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated. Further, only top 10 monetary penalties during the last three years shall be disclosed. - NIL
