Mutual fund (MF) inflows in the equity funds rose to ₹41,155.91 crore in December 2024 from ₹35,943 crore in November 2024. However, mutual fund industry's asset under management (AUM) dropped in December 2024 to ₹66.93 lakh crore from ₹68.08 lakh crore in November 2024 on account of equity market correction and quarter end withdrawal from debt MF by Indian corporates, monthly data released by Association of Mutual Funds in India (Amfi) showed.

Meanwhile, monthly systematic investment plan (SIP) flows touched a new high of ₹26,459.49 crore in December 2024 as against ₹25,319.66 crore in November 2024.

"Despite volatile market conditions, equity-oriented schemes continued to see strong inflows, reflecting investors' confidence and commitment to stay invested for the long term. The SIP contribution reaching new high in December 2024 reflecting investors' steadfast commitment to their financial goals," said Venkat
